Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes, litter removal, street cleaning

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Get rid of contractors and use the skilled staff you already have

#4770

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Auckland is wasting money on speed bumps that serve no real-world purpose other than causing traffic issues and incurring huge installation costs and increased long term maintenance costs

2a. Is there anything you would spend more on?

Enforcing the use of bike helmets and cycle lanes for cyclists

2b. Is there anything you would spend less on?

Speed bumps and cycle lanes that not all cyclists use

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Sports facilities are essential to building a sense of community and increasing awareness of fitness if managed correctly

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#4770

This is a short sighted and will result in lost assets for future generations

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Outsourcing to a third party never reduces long term costs

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

it is a regular source of income

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Transferring them reduces the effectiveness of the port

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#4770

Tell us why:

Transferring them reduces the effectiveness of the port

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#4770

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

You have a lot of experienced staff, use them and stop using over priced contractors to provide advice, Possibly use contractors to review feedback from staff.

Focus on the real issues and stop wasting money on vanity projects that only service a very limited number of rate payers

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

#4770

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

#4770

Help build a sense of pride in our communities

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Just fix the roads.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less funding of PC activities to tick boxes

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I can't see any investment in improving the roading network we have. I agree with network optimisation and stopping raised crossings and cycleways.

2a. Is there anything you would spend more on?

Yes, simple improvement to the roads we have to make them safer.

2b. Is there anything you would spend less on?

Cycleways

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

It clearly doesn't work as it is so something needs to change.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I think its a good solution and a positive example of strong future thinking.

#4780

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Its a good solution that frees up cash to deliver on long term strategic plans.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

We don't have the road or rail networks available to bring that volume of goods in to Auckland. If we did, my answer would be to proceed with the proposal.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#4780

It depends what the 'something else' would be. Councils view of what public benefit is, is not necessarily correct.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

stop borrowing money, & big projects until debts payed off.

interest is killing ratepayers.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

wasted money on speed bumps.

demolished housing for bus lanes, instead of better bus timetables.

workers at bus lane projects, standing round, doing nothing except talk.

2a. Is there anything you would spend more on?

not till council learns to live & work within income like ratepayers have to!!

2b. Is there anything you would spend less on?

council staff salaries, out of control.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

throwing money away, if it cannot support itself.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#4806

Tell us why:

another way of wasting money.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

lease the operation & use to pay off debt.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

pay off debt, & cut back on interest payments, leaving more income free for services.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#4806

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4827

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

we need to get cars off the road and having a more efficient and reliable transportation system (bus and train) will help do this.

We need to keep cycle lanes but an education piece is required to teach cyclists to use them.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management, Other

Tell us why:

It is the communities which build a great city and they should be involved and have responsibility so I think a shared and collaborative approach is called for.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

I understand the importance of having a fund but selling key assets is not the way to raise the funds.

#4827

You could sell one or 2 of the council owned golf courses which rate payers contribute to at hundreds of dollars per year

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

The port is a strategic part of Auckland city, dividends are paid yearly and help with council spend. Creating a port that is efficient and well managed will mean more income each year for the city

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#4827

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Hold all staff accountable for not delivering basic core services

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4828

Stop undertaking projects that have no overwhelming public support or are basic core services

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Whilst you say you will improve transportation for the majority of the people of Auckland including businesses; you continue to fail in every area, and the public pays not only in increased charges but also has a high level of frustration at services you do provide until you hold hold all staff accountable and spend monies more wisely - how can you seek to can our support.

2a. Is there anything you would spend more on?

making bus lanes available for 2 person cars, enforcing clearways before the time they operate as well

2b. Is there anything you would spend less on?

Cycle lanes, level crossings, reduced speed limits, no parking areas,

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#4828

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Leave the Port as is, and let it deliver to the businesses of Auckland and the public, and be part of the AKL community, a third party operator has no obligation to focus on the Auckland Community needs.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#4828

Tell us why:

Council has already shown it has no ability's to build, inspiring facilities that provides public amenities, and greater Auckland which is the biggest consumer market of NZ needs a functioning, efficient port not constrained by woke, financially illiterate person's, who live in fairy land.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in</p>	<p>Support</p>

#4828

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
---	---------------

#4828

Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	I don't know
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

#4828

Average and not focused on core services

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

update playgrounds add a bike track for the eastern suburbs (the bays) our rates are already through the roof, yet we get the least!!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4845

reduce the amount of highly paid councilors who do nothing, its the office costs that are the problem!!

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

your public transport is an embarrassment

2a. Is there anything you would spend more on?

the suburbs who pay the most rates!

2b. Is there anything you would spend less on?

the suburbs who don't pay their rates, why do they get all these amazing public facilities, yet they trash them and don't care for them!!!

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#4845

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Caring for the environment- putting in more rubbish and recycle bins.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No more non core council activities- in particular festivals and movie showings - focus on the must haves.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The multitude of horrendously expensive raised pedestrian crossings and over the top cycle ways (e.g Taniwha St Glen Innes) have cost ratepayers far too much. We need decent public transport to be the main focus.

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

Raised Pedestrian crossings and cycle ways that never get used

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Keep costs down and greater shared use

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#4867

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

It is a valuable resource - keep hold but have more discussion around moving port and opening up public space.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Makes sense

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Keep as open space for public use

5b. What option do you prefer for Bledisloe Terminal?

#4867

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

A high level of theme of 'transport' is difficult. For example I want you to invest more in public transport / bikes / pedestrians. And less on cars. But I can't indicate this here.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4896

A high level of theme of 'transport' is difficult. For example I want you to invest more in public transport / bikes / pedestrians. And less on cars. But I can't indicate this here.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Spend more on public transport. Spend less on car-themed solutions. I don't agree with reducing money for bike / pedestrian options - you are too car centric in your approach. One of the problems is we keep building rolls royce solutions to bike / pedestrian problems, which makes them unpopular.

2a. Is there anything you would spend more on?

Spend more on public transport. Spend more on bike / pedestrian solutions.

2b. Is there anything you would spend less on?

Spend less on car-themed solutions

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#4896

Don't sell our assets. Its a revenue stream for Aucklanders. Find alternative solutions.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I don't like looking for short-term cash injections for the present, and then saddling the future with the consequences.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Don't sell off / lease Auckland's assets.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Strongly support this - its ridiculous having such prime real estate being used as a giant carpark for the port. Let Aucklanders / tourists enjoy this space.

#4896

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Strongly support this - its ridiculous having such prime real estate being used as a giant carpark for the port. Let Aucklanders / tourists enjoy this space.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6a. What do you think of these proposals?

#4910

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	Support
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	I don't know
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce recycling charges for schools.</p>	I don't know
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#4910

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important

#4910

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#4938

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Making roads safer for cyclists

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4953

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Make more room for cycling. The more people on bikes the better. And separating bikes from the stressed out crazy Auckland drivers is a good thing

2a. Is there anything you would spend more on?

Safer cycling

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#4953

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important

#4953

Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	Not Important

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Do not support

Tell us why

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bike paths and lanes

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Roads

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Safe cycling is critical to the city's future

2a. Is there anything you would spend more on?

cycleways

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

never even been there

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

the airport is a central asset to the city

#4980

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Keep the port land

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Could really enhance the city

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#4980

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#4986

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in</p>	<p>Support</p>

#4986

<p>harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Do not support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Do not support</p>

#4986

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important

#4986

Fund and support local events to showcase our spaces and benefit local residents and businesses.	Very Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop Wasting money on Cycle ways, Bus Lanes and Speed Bumps

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Buses and Trains are unreliable, cost more to use than using a car and take much longer to go places. My 19 year old student daughter got caught in the dark in Auckland Central many times because buses are unreliable and don't turn up.

2a. Is there anything you would spend more on?

Maintaining and improving drainage in central Auckland.

2b. Is there anything you would spend less on?

Reducing road width or eliminating roads to create bus stops as per Apirana Ave in Glenn Innes

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

The stadium is not a necessity during a Cost of Living crisis and not worth me paying an extra 18% (\$1500) more in rates over the next 3 years

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

I don't believe in Climate change.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Gives a revenue or income to Auckland Council using its existing assets. Which doesn't cost the Taxpayer

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Council Services are important during a Cost of Living crisis. A new Harbour crossing with Tolls has to be a high priority before the existing Harbour Bridge wears out or becomes unsafe.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I don't want to see Council funds being spent on parks or 'nice to haves'.

#4997

Let's spend the funds on the basics like Infrastructure and a new Harbour crossing!

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. <p>Re-introduce recycling charges for schools.</p>	<p>Support</p>

#4997

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I do not support a rate increase more than 2% per year especially in a cost of Living Crisis. I want to see Auckland Council partially funding a new Harbour crossing before it funds the Arts or Nice Parks etc.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki, Ōrākei

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

#4997

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	Not Important

Tell us why

#4997

Spending funds on the Community is a nice to have and whilst that sounds lovely, its not as important as upgrading our Roads, Drainage, water and infrastructure..

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Do not support

Tell us why

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Accelerate the low emission bus and ferry roll out to reduce emissions

Introduce a superblock style grid in central Auckland to reduce traffic and to improve the urban environment for people.

#5000

I would also be prepared to pay more to fund parking & speeding enforcement

I would be prepared to pay more to protect low performing bus services which provide essential links to communities.

Subsidising the weekly cap for PT HOP cards to less than \$50 per week

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce regular rubbish collections to fortnightly (as per recycling collection)

Spend less on subsidising parking

Spend less on subsidising Super Gold Cards for 65+ in the afternoon peak

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I do not support cutting bus services even if they are poor performing. I also think the council should be accelerating the roll out of electric buses and ferries.

I do however support most of the proposal - including the \$50 weekly cap (I think this should be \$30). I strongly support charging for Park & Rides and using the money to invest in better cycling, walking and PT services.

2a. Is there anything you would spend more on?

I would spend more on electrification of PT

I would spend much more on bus priority and be prepared to reduce road space for general traffic

I would build more cycleways to connect what we already have much better

2b. Is there anything you would spend less on?

I would spend less on subsidising PT for over 65s

#5000

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#5000

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

more waterside space for people

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

more waterside space for people

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important

#5000

Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Better walking and cycling links. Reducing traffic flows and stopping up certain streets to create better environments for kids and vulnerable users. Widen the cycleway on Tamaki Drive

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Not Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Not Important
Phased delivery of improvements for Heard Park.	Not Important

#5000

Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Not Important
Seek opportunities to promote and celebrate heritage places in Waitemata including making digital content and place-based stories more accessible.	Fairly Important

Tell us why

7c. What do you think of the Waitemata proposed priorities for the 10-year budget 2024-2034?

Create more spaces for people and introduce way more measures to restrict traffic into and through the city centre. Better cycleways within the city centre. Consolidated bus facilities on Wellesley St, Customs St, Symonds and Albert St only. Remove buses from streets such as Fort, Commerce St which are not suitable.

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport, more funding for libraries, more cycling facilities.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5002

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Don't stop pedestrian and cycling initiatives.

2a. Is there anything you would spend more on?

Pedestrian, cycling facilities, enforcing poor parking.

2b. Is there anything you would spend less on?

Roading

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	I don't know
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	I don't know
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Very Important

Tell us why

It's very important to make walking and cycling safer in our community to encourage short trips to be made without needing a car.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Keep emptying rubbish bins weekly.

Keep improving parks and transport options

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5005

2. What do you think of the transport proposal?

I don't know

Tell us why:

Didn't read it.

More heavy passenger trains and lines

2a. Is there anything you would spend more on?

More heavy passenger train lines

2b. Is there anything you would spend less on?

Cycle lanes

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Raise money to pay down debt

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

We need to secure the financial future of the city. The way the city was ruined during covid should be avoided in future circumstances

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Concentrate on developing Kings Wharf. That hasn't been developed yet. Leave the other wharfs for now

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#5005

We don't need it yet

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#5005

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important

#5005

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5052

Make libraries, museums and art galleries user pays. Fewer bike lanes. no more road bumps except near schools.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Because Council is trying to do too much too soon. Council has already wasted too much on careless expenditure in the city.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Fewer cycle lanes, speed bumps.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Its good enough as is.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#5052

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Urban cycleways to promote mode-shift and decarbonisation of ferries and trains.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

nil, but as always, more efficiency would be appreciated

#5064

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I believe transport should be the one of, if not the biggest priority for the council. Not car-centric projects but more public transit funding / projects should be undertaken rather than cut down.

2a. Is there anything you would spend more on?

More on public transit infrastructure including cycleways.

2b. Is there anything you would spend less on?

Less on new roads and congestion charges.

I believe the suburbia speed reduction roll out has already addressed the main areas of concern and subsequent speeding is unlikely to obtain much more gain.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Overall fair but think more focus should be placed on wastewater projects as well as completion of previously consulted cycleways (esp section 4 of Glen Innes to Tamaki Drive Shared Path as well as the Gowing Dr connection).

#5064

8. Do you have any other comments?

As always, closer monitoring and scrutiny of infrastructure projects would be appreciated. Do not wish for repeat of the 3 x surfacing of the waterfront cycleway as well as the prolonged traffic interruptions associated with the projects.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix Aucklands Footpaths

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop Spraying!

STOP building raised pedestrian crossings and cycleways

Stop allowing in fill housing with disgusting buildings that cannot cope with the existing infrastructure

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Auckland is sick to death of the cycleways and raised pedestrian crossing that just cost us and the whole country time!

2a. Is there anything you would spend more on?

Removing raised pedestrian crossings

2b. Is there anything you would spend less on?

Consultants!

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Albany is already filled with housing..... why not a park?

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#5145

Simple we need the money - as long as it is spent wisely.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#5145

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes, develop a world class test cricket ground at The Auckland Domain, my recent posting on LinkedIn and Facebook (which attracted significant support) as follows:

Test cricket, and more, at the Auckland Domain

#5146

There is a lot of talk at the moment about the future of Auckland's sports stadiums including building a rectangular-shaped (winter sports) stadium somewhere in the CBD and developing a test cricket venue in Auckland which won't be rectangular - oval or circle shape instead and with sufficiently long boundaries (75 metres plus).

While Victoria Park has been mentioned it is simply not big enough while its magnificent trees shouldn't be cut down, nor heavily pruned, to make way for a cricket ground. Playing test cricket at Colin Maiden Park (CMP) in Glen Innes is not ideal, being close to the CBD is far more appealing and more easily accessible when considering the wider Auckland region and its population.

The answer to me is an oval-shaped ground at the Auckland Domain, straight out from the existing (historic) grandstand where there is approx 170 x 220m in space running approx. east to west without cutting much into the existing slope (hill) and its mature trees. Build a new grandstand at the eastern or western end, grass banks, lights, capacity of up to 20,000.

Play all Black Caps and White Ferns fixtures that get allocated to Auckland there, not CMP. Move Auckland Cricket Association (ACA) to CMP and build a world class HP cricket centre and facilities there including grass outdoor nets, indoor nets, gymnasium, admin offices, sizeable uni-sex changing rooms, umpires and scorers' facilities etc. Play more national tournaments across the 3 ovals that currently exist. Play most ACA fixtures (Aces, Hearts, youth and provincial A games) at CMP although some at The Domain when possible utilising the larger ground capacity eg. national T20 and 50-over finals.

Synergise with other sports that are also based at CMP (eg. netball, tennis, rugby, swimming) so that we stop duplicating our efforts in administering various sports, an effective shared services model should be developed across common functions such as finance, ICT, procurement, supply chain and general admin.

Developing The Domain into an international cricket venue, red ball and white ball, would provide Auckland City with a major asset. More fixtures held in Auckland means more money spent in the local economy. Greater chance of hosting and co-hosting World Cups. The last test match played in Auckland was in 2016 so it's been 8 years now with no test cricket, not good enough. Yes private funds will be required to develop the ground, perhaps Auckland Council could lease it to a private consortium, similar to Forsyth Barr Stadium in Dunedin.

That leaves Eden Park. ACA needs to move out as there isn't enough room out the back on the no. 2 field for a world class HP cricket centre and facilities. Balls are still being hit onto Sandringham Rd, despite the large net in place above the fence, I am amazed a motorist or pedestrian hasn't been badly hit after all these years (over a

#5146

century). Too much risk, too small, ACA can do better. Besides the Eden Park Trust Board wants the land for other purposes.

With NZC reluctant to allocate tests to Eden Park, would it remain its preferred Auckland venue for white ball cricket (T20's and ODI's)? If so where would that leave The Domain which needs all the fixtures it can get. Aren't the Black Caps and White Ferns better off playing on full-sized fields and not Eden Park with its very short 55 metre straight boundaries? While The Domain would have 75 metre boundaries for test matches the boundary rope would get brought in closer to the pitch with both white ball formats, as done with most grounds globally.

We will all have a beautiful cricket ground in a setting not dissimilar to Hagely Oval in Christchurch, only 1.6km walk from the middle of Queen St (Auckland Town Hall), close to 2 train stations (Newmarket and Parnell), close to 2 large tertiary institutions and 3 large secondary schools (boosting spectator numbers when not studying), and a facility that all Aucklanders should be proud of that could be shared with a suitable winter sports code.

So I say to Auckland Council and NZ Cricket go with the Domain, pending discussions with Ngati Whatua, and to ACA move out to Colin Maiden Park. Sell the no. 2 ground at Eden Park, utilise these funds for the relocations, gain private funding in helping to develop and maintain The Domain (to ICC standards which are high), return test cricket to Auckland!

Win/win all round but let's get moving...

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yes, less \$ wasting on poorly designed and unnecessary road crossings, less \$ spent on futile projects such as the Auckland Harbour Bridge pedestrian and cycle crossing, less money wasted on unnecessary consultants.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations,	

#5152

such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#5177

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#5177

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Support</p>

#5177

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The council do such a bad job of manning the money they receive I would rather pay less and “receive less” although I fail to see how services could get worse.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Ridiculous road “upgrades” that disadvantage drivers. It’s clear the council hates cars but provides no alternative such as decent public transport and makes it worse for drivers with too many cycle ways, raised speed bumps and reduced speed limits.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Yes to stopping unnecessary road “upgrades” and better public transport but I don’t support the public funding this as you never manage our money properly.

2a. Is there anything you would spend more on?

Decent public transport.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council’s shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#5216

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Stop focussing on things we don't care about!

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Once again who in Auckland is asking for you to focus on these things. The admin and money wasted is irresponsible

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#5216

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would be willing to pay more for the update of Sports facilities and the expansion of sport in Auckland

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5229

Less building of awful roads like in Glen Innes that don't need to be redone and way less cycle ways. Also change the regulation on car parks so the cars don't full up the streets.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Just make sure that there are no more bike lanes that disrupt everyone using the roads.

2a. Is there anything you would spend more on?

Not really. Maybe if they had a proper plan for trains that would run efficiently.

2b. Is there anything you would spend less on?

Bike lanes, electric buses, electric ferries, expensive things.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

As long as things don't go over-budget and it is redeveloped effectively by real people that understand the needs of the community then I am all in.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#5229

Tell us why:

The airport is a good asset to have and could continue to be one just let it pick up after Covid.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Change the waterfront into a stadium and let Tauranga have the ports.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Not really

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

What could they be used for other than part of the port and is this more effective than keeping it the same?

5b. What option do you prefer for Bledisloe Terminal?

#5229

Other

Tell us why:

Stadium that brings in tourists and can be used to better off the city.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#5230

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5236

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Would pay more for more cycling and pedestrian options

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#5236

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More basics - the stuff Councils were set up for. Since then the place has experienced scope creep into areas you aren;t specialists in.

Reducing headcount - the Council is the lazy career option. Having worked there (and now working in private industry) I've seen how easy it is to work there. The fight they put up to stop headcount reduction was treasonous to ratepayers.

#5239

I also want you to be more like most businesses in NZ - efficient, smart, clever, small, nimble. At the moment its a bloated mess.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less climate stuff, less unnecessary social stuff, less painful cycleway stuff. Get rid of the new electric cars and get cars that keep their value.

Fire the tea ladies and excess catering to Council staff. Eliminate Friday arvo drinks.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Do all you want, but the wet dream that we're all going to be cycling to work is pure fantasy. Auckland is not London (with its subway system). You need to get real. Eventually, people will see that Auckland is not that nice and do the smart thing and go to better places in New Zealand.

2a. Is there anything you would spend more on?

Redundancies for Council staff. Fire more people at Auckland Transport. Reduce the huge PR and advertising departments. I want a Council that is fit, tight, and efficient.

2b. Is there anything you would spend less on?

Expensive advertising campaigns.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Auckland is crowded enough as it is. We need more open spaces. Redeveloping the area will just be another bland infill housing mess. Also, there'd have to be another

#5239

stadium built - ***** that. IT'd be another huge cost blowout that ratepayers will have to pay for.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Sell it all. The people want it. But the hardcore Champagne Socialist Councillors don't (especially the married Councillor who is having the sordid affair with the person in ACC Finance LOL - sooooo busted LOL).

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Unlike the airport, the wharf has lots more capability to take in more ships - which means more profit. Auckland Airport can't take any more flights. The Ports is a cash cow. Keep it.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Auckland Council has proved itself to be poor managers of Funds. No one of any quality works there - the salary is rubbish and it's too political.

#5239

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

None. Stop squirming. Keep it.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

You have better options to get cash in. This is just a bullsh*t hit job based upon a Mayor's pet project. FFS - we had Goff with his pet projects, we don;t need any more. Actually, speaking of pet projects, I wonder how Len Bowne's old 'pet project' is g

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

It's a cash cow. Auckland needs cash cows.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>

Tell us why

Work harder. I work very hard for my money, but I don;t see the COuncil working hard. Be efficient. Work leaner. Like all of us do. Stop using ME as a bottomless purse. I've had enough.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Spend minimal. Keep my rates down. Work harder, and stop treating me and my hard-earned cash with disrespect.

8. Do you have any other comments?

Work harder. Do the basics. Stop treating me like a bottomless purse. I've had enough. The old days are over.

I demand a balanced budget - like the old days LOL.

Auckland COuncil has repeatedly proved itself to be incapable of keeping to a budget and has grown fat and lazy on endless debt and low interest rates. But those days are over. I've had enough. WORK HARDER!!!!!!

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More walking infrastructure and mini parks added those already there.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5326

Shut down roads to private vehicle traffic. First in Central city then all arterial roads then near city suburbs. Replace with public transport of various kinds, bike and walking.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Need public transport and active modes also need more raised pedestrian crossings and separated bike ways except in areas where private vehicle have been banned.

2a. Is there anything you would spend more on?

Ferry services to all waterfront suburbs.

2b. Is there anything you would spend less on?

Parking. Remove parking lots and ban parking on all streets.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Need a multipurpose facility

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Don't trust the plan.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Keeps control in the hands of Auckland taxpayers.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Buy back Airport shares.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Makes Auckland a better city.

#5326

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Makes Auckland a better city.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support

#5326

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden,Manurewa

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I don’t really know

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I don’t know

#5344

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Sounds good

2a. Is there anything you would spend more on?

The assurance of public transport

2b. Is there anything you would spend less on?

Car parks

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Nobody needs this stadium, completely useless and it's a way of money to maintain it.
Spend the money on more important matters.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#5344

Don't steal shares from the airport. Demolish the stadium and use that money.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Waste of space and money.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Change the name

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#5344

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. #5344

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Very Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important

#5344

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Not Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Sweet

Especially the one about the meadowbank centre

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no, I don’t see a need to decrease anything or increase anything.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

no, I don’t see a need to decrease anything or increase anything.

#5354

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Some of the proposals are reasonable; such as the offering mobile phone charging system, I only like this one out of the proposals because I could probably see that it is the most realistic and there is a better guarantee of that happening without necessarily affecting anything else. What I mean by this is that the other proposals such as the "\$50" rule seems quite vague to me, and can prove to be complicated when implemented

2a. Is there anything you would spend more on?

no

2b. Is there anything you would spend less on?

no

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Since it's already been invested in, so at least use it more.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

I do not have an opinion on this matter

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

I do not have an opinion on this issue

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Invest in something new that is more reliable and shows more potential for future growth

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

no

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

I do not have an opinion on this matter

5b. What option do you prefer for Bledisloe Terminal?

#5354

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

It is important to actually make something of importance and use for the public

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	I don't know
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in	I don't know

#5354

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I think all of the ones above covered all the aspects I was considering.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Not sure

#5374

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I believe that a lot of the proposals are already in place overseas, and I believe that New Zealand could ensue these proposals in favour of the public.

2a. Is there anything you would spend more on?

The expansion of busways for people to be able to

2b. Is there anything you would spend less on?

Not sure

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

I believe that this would be better for society as a whole, as 33 million is a lot of money that's only going towards maintenance.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#5374

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

I don't know

#5374

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	I don't know
<p>Re-introduce recycling charges for schools.</p>	Do not support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	I don't know
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know

#5374

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Road infrastructure, specifically regarding road care

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5376

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I like the public transport aspect, thinks there needs to be more in more transport options and a promotion of public transport to reduce traffic

2a. Is there anything you would spend more on?

Creation of new public transport lines, and more services along major existing lines

2b. Is there anything you would spend less on?

Cycleways - the use of most does not reflect the cost of building them

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Greater net benefit outcome for locals

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Sell some shares, but a small amount. AC shareholding being sold as needed is not a sustainable idea long term (you don't have infinite shares) and should be more of a last resort

#5376

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Financial benefits are great

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

More tangible immediate benefits

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

N/A

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

Don't have an opinion on this one :(

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#5376

Tell us why:

Again still no opinion

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

#5376

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important

#5376

Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Very Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

I like them

#5376

8. Do you have any other comments?

Instead of doing regular budget consultation forms, perhaps streamline the process by having local youth groups give their input and represent youth in their wards - less cost + beauracracy for Auckland Council and the same result

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I still believe that pedestrian safety and opportunities should still be prioritised.
However, more buses would be good.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Because the stadium hosts big events like the sir Graeme Douglas meet which attracts international visitors. And the indoor stadium is used for big national games. There are still public things like the gym.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#5409

Tell us here:

It could be cool to have more public spaces like the cloud.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Increases social interactions and economic activity in the area. Also could be a great tourist attraction

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

nuke st kents

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

i think we should keep the pedestrian crossings

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

because the stadium is very underused right now

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

more moolah for auckland

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#5431

Tell us here:

make more money

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

because it would better the city of auckland

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

nah

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

the port of auckland is really big for the new Zealand economy. I believe keeping it the same is better for the economy

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

same reason as above

#5431

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#5431

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

nah

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Very Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important

#5431

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Very Important

Tell us why

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5444

There are many areas that the council is spending money on which is great but the major downside is the city is becoming too expensive for many of the middle income families who we rely on for our economic growth. Its time to get back to basics provide the essential services but remember every extra cent the council takes in rates will be passed on in higher inflation and housing costs leading to less people wanting to call Auckland home.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

All cities must have functional transport systems to get people around the city. Its amazing though that we spending 13.4bn and transport is still a shambles and can't pay its way.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

It would appear that raised pedestrian crossings are a complete waste of money and its hard to understand as a rate payer that this arrogant waste of rate payers money was allowed to happen as it shows a level of disrespect for rate payers and their hard earned money. It makes you wonder what black hole are we pouring the 13.4bn down. Cycleways seem to benefit a small minority of rate payers, where is the cost benefit analysis? don't keep playing the climate change card to justify such wasteful spending

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct,Change the operational management

Tell us why:

There must be reasonable options for this stadium so that it isn't such a burden on rate payers?

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Let me say firstly I am not a fan of Auckland council owning these types of assets at all, it is an illusion to think it will have long term benefits for the city when we are carrying so much debt.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

See previous answer.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Same as above

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#5444

The reason we have faced and are facing such massive rate increases is because of too much borrowing by council. All borrowings should be for funding future infrastructure to spread the cost or paid for by using targeted rates. It is not fair to expect rate payers to be pick up the tab for wasteful spending.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#5444

<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

Albert-Eden, Ōrākei

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of	Fairly Important

#5476

what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

Tell us why

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important

#5476

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I would benefit more from the investment into public transport rather than development of cycle ways

2a. Is there anything you would spend more on?

Train Infrastructure

2b. Is there anything you would spend less on?

Raised Pedestrian Crossings

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

I think the stadium is placed on valuable land that could be use to increase the residents there.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#5477

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

It's a small piece of land that could not be used very efficiently outside of its current use

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#5477

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#5477

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

Diversifying sounds sensible, however it will need to be planned very carefully and it is hard to know if council can be trusted to carry this out in the best way.

I also think this plan needs to be publicised more with more detail for the public to consider. and more options for feedback.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#5481

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Seems a moderate yet sensible approach

2a. Is there anything you would spend more on?

Eliminating speed bumps

2b. Is there anything you would spend less on?

Slowing traffic

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

More community access

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Diversify

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

More cash to provide services

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

More services for great auckland

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Maximise our gorgeous harbour for public

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Provide that beauty for community use

#5511

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#5511

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important

#5511

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Urgent to eliminate noxious plants in roadsides and bush as they are spreading and polluting

1:Privit

2: climbing wild passionfruit type weed

#5511

3: wild ginger

8. Do you have any other comments?

Plan seems sensible

I've already seen increase in fixing potholes thankyou

Very concerned about noxious plants taking hold in our natural and public areas

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cycle ways and less raised crossings. Less cycle lanes.

#5516

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Raised crossings, bus stops hat stop teaffic.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#5516

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport as in more busses and trains.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5527

Close down panuku houses regeneration programs. They are a total waste of money and harm our existing local businesses.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Because it's the right thing to do.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Raised crossings . And bike lanes on roads.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Because we can't afford to do anything else right now

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Because this money should be going directly towards paying off our huge debt.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

The port has no been a big profit maker. Relying on them to do so is not a great idea. Retaining the land is and moving a large chunk of port services to northland is key. That also helps hugely with city/port traffic.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Because it again needs to service our debt.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Because it is the gateway to our city and the centre of or waterfront .

5b. What option do you prefer for Bledisloe Terminal?

#5527

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Again. Waterfront access and public use.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The Council should only support events where NZ residents re involved.It should not use community services to help overseas business people particularly concerts make money and export it overseas.

#5542

It should focus on events that generate money from overseas. events like pop stars etc should NOT be supported. Events like Women's world cup football, crickets tests etc that make monet for nZ should be supported.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cultural events. This includes Christmas, Chinese New Year , Dawarli , etc etc. The communities can do what they want. councils just waste money often just to get a particular way to get support for elections.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

There needs to be a better plan that comes into force before it is too small to be useful

2a. Is there anything you would spend more on?

No We should reduce spending

2b. Is there anything you would spend less on?

Yes the fake cultural matters , money that goes overseas , public relations, surveys, overseas trips , invitations to overseas political visitors ,

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

You can not build this for again for near the cost.

There is 30% plus of Auckland in that region.

It should be used for inter provincial sport and concerts. There is no need to go over the bridge for all matters.

#5542

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

The funds will be placed in the hands of " so called professionals " who will invest as they see fit and once the mistakes are made the funds will disappear. Having Auckland assets they create value for Aucklanders.

The stupidity is simply that we can not manage assets.

That is *****. Sell 60% and take the capital and put serious Boards and managers in place.

Allow opportunities to gain more capital for the assets on an economic basis .

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

The sale to an international business will simply end up in endless legal fights and massive costs. The port operator has too much power. They hold the people of NZ to ransom . We should not sell a critical assets like this.

The decisions we make can have massive impact on Auckland. They make decisions such as pricing to the benefit of their company which may hurt NZ.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

#5542

Tell us here:

To have a listed company which has a divided target .It get profits after a 6% yield .
Council has a minimum cash flow each year.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

There is simply not enough comment on efficiency and productivity .

The leadership of the council is poor and members are simply looking at glamour projects.

The concept of service to the community has simply gone and egos and self interest is in its place..

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The transfer will only mean that the council spends a lot of money on a small part on Aucklands sea shore.

It will increase focus on a very small part of Auckland and reduce use and focus for other area s The focus on a small concentration will be expensiv

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

There is huge opportunities to build facilities in other parts of Auckland .The focus on Downtown in naïve ,expensive and illogical .we have a large city spread the development around.Stop the focus on a small area.

#5542

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#5542

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

People are happy when sensible spending occurs.They hate wasteful spending. Cones, Raised Pedestrian crossings, ***** PR etc etc can be diverted. We need cost reductions. There is no proposal to reduce stupid expenditure.AC will not have support and credibility until they are better investors not wasteful spenders.

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

The focus is on superficial matters not the health of our city.

Get the senior managers to front up on news channels and to answer questions like is it right to have a larger person doing 30k's down hill in the middle of our city.Is it right to allow a city that does no make it economic for tradesmen to park and to service offices , plumbing , painting , kitchens toilets etc.

Stop the dreams and make spending sensible not dreams.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Automation of admin jobs. The people who work in the council make things harder.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5581

Less managers. Your workers are nice but their level of service is obviously compromised by the incompetence of your managers.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

It works for me. Maybe do more roadworks at night like they do in Australia.

2a. Is there anything you would spend more on?

Speed cameras for people who drive through red lights.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Sell it. Lived in Auckland for 18 years and I've never been there.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We should not create the Auckland Future investment fund.

#5581

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Because once you lease the port you will never get it back. Our major inbound port for NZ will be in the hands of foreign operation and they will have us by the short and curries.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Future Fund isn't guaranteed returns. At least if it goes into services they go to us.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

They are old ruins so why would the port want to keep them. But if Auckland's really want more access to the waterfront then go for it.

5b. What option do you prefer for Bledisloe Terminal?

#5581

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #5581

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important

#5581

Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Actually do and deliver what you say you will do and do it quicker. I have liver here for 18 years and many of the things that were proposed when I first arrived have not been delivered and the city has gone backwards in many respects.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5631

Less waste, why spend money on a new website when the council is not able to meet other costs, why have so many expensive council buildings like the one AT occupy when there are less expensive options.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The cycleways that have been put in place are under utilised and many cyclists still travel in car lanes even when they are not very proficient cyclists. The raised pedestrian crossings cause more traffic delays and damage to vehicles than they save in terms of safety. Some drivers see the raised pedestrian platforms as a challenge to travel over at higher speed. Better lighting around pedestrian crossing and less obstruction to views would in my view have similar effects on safety.

2a. Is there anything you would spend more on?

Just get public transport working, it is an embarrassment. Having traveled widely Auckland has some of the worst public transport in the world and the most expensive.

2b. Is there anything you would spend less on?

Raised pedestrian crossings, again having traveled widely they are something I have not encountered in other large efficient cities.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It is too far away from the city, has a poor layout and is totally underutilised.

#5631

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Investment and asset management is a specialised skill and one which I have not seen the Auckland Council do well at.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Auckland Council has not done a good job of managing the POAL. This is a massive asset that is poorly run and is not delivering the best results for ratepayers.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

see previous comment

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

#5631

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#5631

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki, Ōrākei

#5631

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	Very Important

#5631

Business Associations proposed BID expansion.

Tell us why

Vibrant local communities enable people to enjoy life in their locality and they are less likely to need to travel. The focus shouldn't just be on manū whenua and rangatahi as there are many groups who want to contribute to such things as water quality bu

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

They are average, not what I would call blue sky, doing something that is a real stretch.

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Support

Tell us why

The more businesses included the better the outcome for the wider area

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library

Fairly Important

#5631

Progress the Meadowbank Community Centre development.	Fairly Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Have more safe bike lane will overall reduce traffic and help with environment.

2a. Is there anything you would spend more on?

Add more speed cameras. Lots of cars are spewing. Issue fines. It will help with the safety and being council income too.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#5641

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

#5644

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

#5644

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5672

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Increase public transport network

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#5672

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important

#5672

Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5680

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The current government is road greedy.. Cycleways and public transport benefit everyone, even the road users! So I don't understand why they would want to cut or stop these initiatives if they are even remotely serious about improving Auckland traffic

2a. Is there anything you would spend more on?

Cycleways, bus lanes, light freaking rail

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

The airport is a key investment

4b. Which option do you prefer for the future of Port of Auckland?

#5680

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Why can't we run our own port better?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Some of both

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I really like the idea of a future fund for Auckland, it's the kind of thing that should have been established decades ago, but the next best time to start is now!

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

More public space in the cbd sounds lovely

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#5680

Tell us why:

More trucks in the city is a bad idea. Rail I could get behind though..

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

making town centers safer for walking and cycling. more recreational cycling facilities. i.e trails, and pump tracks where people can increase their skills in a safe environment. more protected cycleways and better connections between existing ones.

#5691

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

subsidising developers. allowing development without good walking and cycling.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

needs more investment in cycling infrastructure and maintenance, these projects have some of the best cost-benefit ratios. The UN recommends 20% of the transport budget should be going to these.

whenever road renewal is done it should also be enhanced for cycling and walking.

council should be advocating for a lane of the harbour bridge for walking and cycling.

2a. Is there anything you would spend more on?

cycleways, so people can make journeys by bike safely. safer speed limits. 30k/hr should be the default for residential areas. low traffic neighbourhoods to make riding safer. kids should be able to ride to school safely.

2b. Is there anything you would spend less on?

don't waste money on a bike ferry that is inconvenient and will not be well used. we need a 24/7 solution that doesn't waste time and cost money to use. spend less on road widening and instead reallocate the space to cycling or public transport networks.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

#5691

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cycle ways

Less speed bumps

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Fixing roads without slowing traffic down

2a. Is there anything you would spend more on?

Building more roads

2b. Is there anything you would spend less on?

Less on speed humps

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It is fine as it is

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

The return on investment is rubbish take the money and pay off debt

4b. Which option do you prefer for the future of Port of Auckland?

#5708

Other

Tell us here:

Sell the port and reduce debt

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Pay off debt

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, council should focus on providing basic services only. Everything else can be user pays.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5721

Less discretionary spending, overseas trips etc.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Investing in public transport and network optimization makes sense.

2a. Is there anything you would spend more on?

Optimizing public transport routing to be faster than equivalent trip via private transport. This is the key to unlocking use of public transport, ie more direct routes for busses vs cars etc. Also please find more ways to accommodate all transport modes. Currently there are no ways to access the North Shore with a moped/scooter limited to 50kph without an extremely long detour via Riverhead. It is a cost effective form of transport for many and should have an access way eg. via the cycleway on SH18.

2b. Is there anything you would spend less on?

Cycle lanes, speed bumps etc. Also please reduce T3 lanes. T2 lanes makes sense from household use - going to work, dropping off children etc. T3 has too few use cases, and often leaves empty lanes during peak congestion. Stop removing carparks until public transport becomes more viable.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

There are more pressing investments for Auckland such as infrastructure regeneration. Regenerating recreational use land such as the North Harbour Stadium does not represent a good priority or value.

#5721

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Auckland Council should establish funds to help finance its future investments. Long term investments can generate returns to offset against future rates increases, creating a sustainable funding vessel for the council.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Ports of Auckland is key infrastructure for the inward freight of imports into this island nation. Key to effective infrastructure is consistency. Maintaining ownership of the port reduces volatility in this space which can have wide going ramifications for cost of living in an import dependent nation.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

If the profits are already used to offset council expenses then this should be maintained. If these profits and dividends are moved to the future fund, what will cover the current operating shortfall? Rates increases are not the way.

4d. Do you have any feedback on any other part of the proposal?

#5721

Tell us here:

Keep the port where it is, operating in its current manner. Until Auckland Council is in a better funded position, both cashflow and balance sheet they should not mess with existing critical infrastructure. Too much risk.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

As noted above in the port operations section, keep the port the same. It is critical infrastructure and council is not in a good finance condition to mess with a current cash cow on the books. Any alternative use for this land is likely to reduce revenue

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As noted above in the port operations section, keep the port the same. It is critical infrastructure and council is not in a good finance condition to mess with a current cash cow on the books. Any alternative use for this land is likely to reduce revenue to council whilst requiring a large capital investment. The council is not in a position to take these risks currently.

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#5721

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

#5721

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Not Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important

#5725

Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We are so unconnected from nature it is crazy. We need to get people outside enjoying nature. I would love more cycle ways as it isn't safe to cycle to work.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less golf courses.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

We need to make it safer to walk and cycle. It is not safe. Drivers are not looking out for bikes.

2a. Is there anything you would spend more on?

Cycle ways. How are we going to reduce our emissions if we are not giving people the option to Cycle.

2b. Is there anything you would spend less on?

Golf courses

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop wasting our taxpayer's money to build those non-sense road facilities such as raised pedestrian crosses and pay extra to remove some of the completed raised pedestrian crosses.

This is also applied to Watercare.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

(1) We need better public transportation but it would be different from the current proposal from AT.

(2) Aucklanders have been paying this regional fuel tax since 1/July/2018. And that money could have been used better. AT needs to reconsider their behaviour before they ask Aucklanders to pay more.

2a. Is there anything you would spend more on?

No.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#5797

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#5797

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Do not support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Do not support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

For building resilience, we need to prioritise micro mobility allowing people to get around safely without having to use private motor vehicles.

I would pay more on my rates to pay for better cycling infrastructure.

#5821

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I would like the council to limit sprawl unless it is within 15 minutes walk of a train station or transport hub.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

More roads is not the solution to traffic problems. Look at Paris, London, Barcelona, Madrid, Utrecht, Vienna, Seville and countless other cities that are closing streets to private cars.

2a. Is there anything you would spend more on?

Safe cycling routes to schools.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't live near or visit the stadium and so not qualified to say what would be best. The worst option would be building more shops and parking spaces.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#5821

Tell us why:

In ten years time, nobody but millionaires will be able to afford to fly here.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

We seem to write incredibly poor contracts with these types of things. Locking us into 35 years of being unable to do anything, and possibly leaving us with a completely run-down lemon at the end.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I don't trust future councils not to spend the lot.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

We need to move Auckland away from being a commercial port.

#5821

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Tell us why

#5821

The most important thing is to implement safe cycling routes to schools.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Overall okay

8. Do you have any other comments?

It is crazy for ratepayers to foot the bill for so much that should be the responsibility of central government.

Rates increases have the largest impact on people with fixed incomes such as pensioners. There should be funding options including accumulating increases as a debt to be repaid on sale or inheritance of the property.

How about financing by issuing council bonds or levies on takeaway business for rubbish collection.

Long-term Plan 2024-2034

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Make a deal with ports of Auckland to clear waterfront of cars and other clutter.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Speed bumps and raised crossings which cause danger. Cull Auckland Transport staffing. Also stop the proliferation of road cones. I'm

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

The current measures are making our roads more dangerous so please stop the so called traffic calming.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Stop all spending on raised crossings and speed bumps.

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

A stunning regional cricket ground and therefore space for many events.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Sell the airport shares and lease out the port.

#5858

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

They may be neater for a start.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Use the money to improve the waterfront don't just use it for frivolities.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Opening for public enjoyment in a simple fashion would give the city breathing space for roller skating, walking but please no more ugly apartments and no cycleways keep the bikes on the road. Regular food and other markets as we are losing the fish mark

5b. What option do you prefer for Bledisloe Terminal?

#5858

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Cruise ship facility. Food and other markets

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in	Support

#5858

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support further investment into a surface light rail rapid transit network starting with a route from the City Centre to Mt Roskill, and then further expansion to Onehunga, Māngere and other transport corridors such as the North-Western and Northern corridor. Any busway development along the North-Western corridor should be future-

#5864

proofed for surface light rail upgrades. Consistent work over the last decade, reflected in Auckland Transport's Auckland Rapid Transit Pathway 2023 report, has shown that to effectively address Auckland's congestion issues we cannot rely solely on a bus network. The busiest bus corridors in our city are already reaching capacity, and the long-term plan should reflect that reality.

Additionally, I support Auckland controlling its own transport priorities. An "Auckland Deal" provides the means for central government to support Auckland Council's priorities, rather than the other way around. A surface light rail network would provide opportunities for growth, development, and productivity in the city. I believe this should be included in the "Auckland Deal" with central government. I urge Auckland Council and the Mayor to make the development of a surface light rail network, starting with the City Centre to Mt Roskill line, a priority in such a deal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network. Any work on a busway in the North-Western corridor should be future proofed for surface light rail and there should be commitment to surface light rail along the City Centre to Mangere corridor, starting with a City Centre to Mt Roskill line. I worry without this we will not be able to address Auckland's congestion issues as projected growth in these corridors would require higher capacity transport modes such as surface light rail.

2a. Is there anything you would spend more on?

I want to see Auckland Council spending more to develop a surface light rail network, with a City Centre to Mt Roskill line constructed as a priority. There has been significant design work done by Auckland Transport and Waka Kotahi on surface light rail pre-2019. Adopting these plans will allow any work to be fast tracked with only minor updates and improvements needed. From this stage I would support expansion of surface light rail, such as what is proposed in Auckland Transport's Auckland Rapid

#5864

Transit Pathway 2023 report. The line should be expanded to Onehunga and Mangere, and eventually to other transport corridors such as the North-Western or Northern corridors, upgrading any busway infrastructure. Staging the development of the network in this way ensures it remains affordable for Aucklanders and is practical to build.

Congestion is a major issue in our city that costs Aucklanders time and money. It restricts our growth and potential. Consistent work done over the last decade has shown that we cannot only rely on our bus network in our busiest corridors in order to address our cities transport issues. Surface light rail provides a higher capacity solution that is affordable, deliverable, environmentally friendly, and will connect communities in Auckland. It provides a plethora of economic benefits that will create jobs and help businesses while improving our streetscapes to make our city a better place to live.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

City and Local Development

I support a surface light rail network as it provides the opportunity to regenerate urban centres and enables development through a higher capacity transport system.

Environment and Regulation

#5864

I support a surface light rail network as it reduces transport emissions and pollution in Auckland, creating a cleaner city for all.

Economic and Cultural Development

I support a surface light rail network as it facilitates economic growth through an efficient and accessible transport system. This enables more people to reach businesses and commercial areas to support and grow Auckland's economy.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Outdoor fitness areas

Cycle trails for recreation

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less park lawn mowing... change grasses planted

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Give residents in areas involved free passes

Also more pedestrian trails to train stations etc avoiding roads

2a. Is there anything you would spend more on?

Get airport train/shuttle up as fast as possible

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

It's a dinosaur but population on shore is increasing so diversified use should be able to be found

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#5868

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Stick to core council responsibility... running ports is not one

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Reduce future rates

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Ak growing

Need full capacity and avoids road transport

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#5868

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Cycle Lanes.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#5886

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

#5886

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better maintenance of our parks, beaches, and walks - keeping them clean and tidy and taking away rubbish, repairing damaged tracks and access, managing vegetation, providing surf lifesaving, et cetera. These are the most used recreational assets of the city (by the most people, most often, for the longest time, by all ages), accessible and free to all, and not a place to cut corners. And of course, open green spaces are the

#5901

lungs of the city, and places to decompress, increasingly essential as we increase housing density.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Maybe a third of the population is doing very well financially on six figure incomes and wants icing on the cake, the middle third is getting by but finds everything expensive and getting more expensive all the time, and the final third is absolutely struggling to pay for a roof over their heads and put food on their table. For the sake of the last two groups, Auckland Council should focus on its core tasks, and stop costly virtue-signalling activities that can deliver very little but do upset a lot of people. It should not be trying to solve problems which are neither of its making nor within its power to fix, and steer clear of grandiose schemes we cannot afford (such as a new stadium, artificial central city beaches, tunnelled light rail and harbour crossing, and cycle paths almost no-one uses).

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

There is a lot of money already locked into projects (like the CRL) which need to get finished and start delivering the promised benefits, even though we wouldn't have started the projects if we knew the final cost up front. Some could use a few design changes, like CRL Southern Line trains passing right by Mt Eden Station, but not stopping to pick up/drop off passengers (shades of the awkward Newmarket Station), and removing the absurd Burswood deviation from the Eastern Busway. Council shouldn't start any major new projects until we have figured out to pay for, operate, and maintain what we already have and are already well into building.

2a. Is there anything you would spend more on?

Doing the things that will build incrementally on what we already have and are building. That would include extensions of the heavy rail network as proposed before the multiple light rail debacles, double tracking and removing level crossings and other impediments to increasing the heavy rail capacity. Electrifying the whole bus fleet as soon as possible, with benefits to noise, air pollution, and efficient fleet management.

#5901

More clearways/bus ways on arterial roads, and making them joined up so merging at the pinch points doesn't slow buses and other traffic down as much.

2b. Is there anything you would spend less on?

Stop building things like cycleways that almost no-one uses (keep and extend the good, well-thought out, and well-used ones), like blanket “traffic calming measures” that treat everyone at the lowest common denominator level (30kph speed limits, hundreds of speed bumps on major roads, closing “rat runs” which pushes more traffic onto major roads). Instead, make drivers responsible for their behaviour, require them to share the road with due care for cyclists and pedestrians.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

We must stop messing around with our stadiums, second guessing their roles, and imagining how they could be better if only we spent millions more on them. Eden Park is fine as it is, just increase its utilisation by relaxing the rules around its use. Mt Smart is fine, and serves the South Auckland community well, so keep it as it is. Both have heavy rail to their door. North Harbour Stadium was a mistake from the start, for its location and for being not small enough for local games/not big enough for major events. But we have it, we should maintain it at the basic level, and live with it as it is. Knocking it down or upgrading it are not things to be done in these difficult financial times. One day, city and population growth on the North Shore will require a major facility, and there'll be rail from Britomart to Albany, and that will be the time to redevelop North Harbour Stadium.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#5901

Despite good intentions and legal protections, a generic Auckland Future Fund will inevitably become a slush fund used by future Councils to pay for things it can't actually afford. It will be much easier to sell units in a generic investment fund with less scrutiny than to sell substantial direct interests in AIAL and POAL operations. The fund itself will not be large enough to make a real difference to Auckland, and its investments will not earn fast enough to allow both extra spending and growing the fund. A single event, like another Anniversary weekend 2023 storm and its Category 3 buyouts, could wipe out the whole Fund (like it did the last time we sold AIAL shares). Lastly, moving substantial assets and future POAL cashflows into to a standalone trust will reduce Council's asset base and revenues and reduce its ability to borrow.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

An international port operator is going to run POAL operations for its benefit, including its wider port network around the world, and not for the people and businesses of Auckland or New Zealand. Whatever money is raised from the sale of a 35 year lease, plus the financing and operating costs plus profit margin and taxes will all be borne by port users, and thus by the people and businesses of Auckland and New Zealand. The amount paid upfront will be less than the sum of annual lease payments adjusted for inflation over 35 years. Council also seems to be asking the operator to vacate half of the port area in the first 15 years of the lease, and shift activity to other New Zealand ports, which is likely to reduce the amount an operator would be willing to pay. Similarly, the possibility of rising sea levels will make port operations more difficult and costly. The operator will know much more about all of this than Council, will play hardball, and will come out on the right side of the deal. We will all pay through higher costs and less control.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

#5901

Tell us here:

A Council owned and operated POAL should provide an efficient and effective port to service the needs of Auckland and New Zealand. POAL is also an important steward of our downtown waterfront, and shouldn't be seen as a cash cow to be drained to support routine Council spending at greater long-term cost to our community. It should operate in a prudent manner, and allocate the after-tax earnings it needs to build, maintain, and protect its facilities, and improve its operations. After that, dividends should go into Council funds and be allocated from there to saving (AFF) or debt reduction or spending. These choices are not binary, and the money is not always there.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Using the Fund to support self-insurance is wrong in all respects. With fixed assets of about \$75 billion, a major event (storm, earthquake, tsunami, volcanic eruption) would not only wipe out the Fund, it would wipe out the Council entirely. The previous government through the Category 3 buyouts has also convinced Council effectively to insure every property in Auckland against the worst effects of future storms (and potentially other events), with catastrophic cost implications. The savings in annual insurance premiums through self-insurance can in no way make up for taking on such major risks. Self-insurance should be restricted to minor risks which are typically going to result in predictable regular claims for large organisations, with strictly limited worst-case costs which they can manage efficiently for themselves for less than the premiums they would otherwise have paid.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

It makes no sense for the public or Council to make calls on the future of specific wharves at this time. Instead, there should be a master plan for developing additional and more resilient port facilities in Auckland and elsewhere in New Zealand, to han

5b. What option do you prefer for Bledisloe Terminal?

#5901

Other

Tell us why:

It makes no sense for the public or Council to make calls on the future of specific wharves at this time. Instead, there should be a master plan for developing additional and more resilient port facilities in Auckland and elsewhere in New Zealand, to handle the project cargo and passenger volumes the city and country require. This will determine which current wharves are required for which time periods, and whether and when they can be removed from POAL control to other uses. However, describing the port area as “land” is misleading and unhelpful. Everything north of Fort Street is “reclaimed” land (sea which has been filled in over the years, and still has water-level problems), and everything under the wharves is sea. With the possibility of rising sea levels, these areas could be compromised and some could become unusable within a few decades. New facilities at the current sea level, be they housing, artificial beaches or a sunken waterfront stadium, may only have a limited useful life, and not result in the social and economic nirvana being imagined.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to	Support

#5901

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No other feedback.

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

#5901

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important

#5901

Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

The seismic strengthening of Remuera Library should only be completed if it already well-advanced. Seismic strengthening has become an act of faith more than science or engineering. Doing it to 100% of current standard requires absurd amounts of money.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

The Orakei Local Board should stick to its core activities, by keeping doing many small projects and its advocacy work. It should not fund large new projects (like a multi-sport facility at Orakei Domain), because that would benefit only a few and starve the rest of the Orakei Local Board area of funds.

8. Do you have any other comments?

No other comments.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Not a thing - you need to waste less!!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5915

Immediately stop all AT's mindless cycle lane, judder bar, bus lane and kerb& channel so called safety improvement projects.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

You just need to stop all this subsidised public transport project nonsense and just simply optimise everything we have already watch you waste money on to date. Get rid of half the useless AT staff and learn to run projects cost effectively before you waste any more money on your overly expensive low returning wasteful projects.

2a. Is there anything you would spend more on?

Absolutely not.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

No money needs to be spent from the ratepayers purse. If private enterprise needs the stadium enhanced to use it for their benefit then they can pay.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#5915

Tell us why:

Auckland Council can't even properly administer its existing assets. There is no way they can be trusted to administer an even greater share of ratepayers funds than they already have at their disposal.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Auckland Council group to keep underlying ownership of the port land and wharves but enter into a lease for the port operations for a period of about 35 years, and use the money to pay down debt - do not use it for the proposed "Auckland Future Fund". As usual you all seem to think the proposed Auckland Future Fund is a fait accompli - think again.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Pay down debt.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Do not carry on this nonsense about a Future Fund - as with any economic 101 you don't create funds when you already have massive debt - best use of any money is always paying down existing debt. Where on earth do your economic strategies come from - invest bankers hoping to profit from inept Council decisions I'm sure.

5a. What option do you prefer for Captain Cook and Marsden wharves?

#5915

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Council does need to waste money on redevelopment of these areas for public use in this time of critical financial pressure on ratepayers - shame on you for even contemplating it. You clearly don't see the pressure you have already put your ratepayers un

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Council does need to waste money on redevelopment of these areas for public use in this time of critical financial pressure on ratepayers - shame on you for even contemplating it. You clearly don't see the pressure you have already put your ratepayers under.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport investment, specifically into light rail and enhancing the CBD stations.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5924

The mayor and senior council staff should take a pay cut, as public servants their role should be one in which the priority is serving their city and doing right by their constituents - not taking home an impressive paycheck.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Cancelling pedestrianisation and bike line initiatives is short sighted. One only has to look as far as efforts made across urban Asia and Europe to see the benefits of a pedestrian and bike friendly urban space.

2a. Is there anything you would spend more on?

Public transport.

2b. Is there anything you would spend less on?

Pay for council members and the mayor.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I do not frequent the north shore, so I don't know enough about the area or the project to comment on what could be a benefit.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#5924

Tell us why:

Auckland city council is more than a business, it is a body of management and service on behalf of the people of Auckland and the central government. Selling assets to free up money isn't a viable long term strategy, when the loss of shares could see vital assets such as Auckland airport fall entirely into privatised hands.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Council ownership must be maintained, but the ports relevance and place in a 21st century Auckland is of increasingly questionable value.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#5924

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

An industrial cargo port has no real place in Auckland central going forward, it isn't the 19th century anymore - Auckland is more than an economic and industry centre now.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	I don't know

#5924

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

#5924

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

#5924

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Public transport, walkways, and bikeways need to be a priority. As well as initiatives and effort to involve people in local democracy.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transportation reduces inequality and environmental impact, improves quality of life and accessibility of housing. Resolving the disconnect between kiwi rail and Auckland transport should be the main priority.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5946

Reduce council salaries. If rate increases of this magnitude are proposed then council staff have not been doing their jobs nor being responsible with tax payer money. Pay cuts should be part of cost saving measures.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#5946

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Make better use of existing facility as largest on North Shore but keep Stadium

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I don't agree with selling assets but do agree that better management and over site should benefit performance and amount of income generated by these assets.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#5993

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The immediate need is now until Infrastructure is improved

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Restoration of wetlands and streams

Replacement of storm water and sewerage pipes before they collapse

A wholesale attack on caulerpa seaweed to remove it, not just contain it

#5996

Undergrounding of power lines and planting more shade trees on berms

Control and removal/fines for dogs let loose in parks and on beaches

Council support for a National Cat Act, as proposed by Predator-Free NZ

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Orange cones -- there are far too many. In Sydney they do much bigger projects and only use three or four cones -- and there's no one standing holding a stop sign.

Raised pedestrian crossings (unless they can be built much more economically)

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

1. I support all of the above proposal. Some additional suggestions: make it easier for visitors or infrequent users of public transport to pay using credit card taps, as is done on Sydney's buses, trains and ferries. I've noticed visitors and tourists never have a hop card, and why should they? They would be happy to use their credit card, and it would make it much easier for bus drivers too. The charge could be a little higher than the normal Hopcard fare, but not prohibitively so.

2. Agree with stopping additional cycle ways. Cycle ways work in flat cities such as Amsterdam and Copenhagen, but they are a nonsense in a hilly city like Auckland. They do not bring more custom to local shops -- instead lean guys in lycra whizz past the shops with only an occasional short stop for coffee -- no food, they are all on a diet!

2a. Is there anything you would spend more on?

Outdoor escalators up Auckland's hilly main streets -- which is just about all of them! Escalators make more sense than big, unwieldy, infrequent buses, or traffic-clogging cars. Why not try out this idea in Wellesley St, upper Queen Street, Shortland Street, College Hill, or any of our inner-city streets.?These work in Barcelona, Hong Kong and Medellín (Colombia). Why not try them in Auckland?

#5996

2b. Is there anything you would spend less on?

Consultants. It is scandalous how much money has been spent on consultants, especially for projects that didn't even go ahead, like the bike bridge to Birkenhead.

Public relations people. There are far too many of them and they are almost certainly paid too much.

Orange traffic cones. Alternatively, the Council/ Auckland Future Fund could invest in shares in the company that makes the cones. Then at least we would get something back from their almost comical over-use in our city.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't live on the North Shore or use the stadium so I am not well enough informed to comment on the stadium.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Providing the Fund is well managed, this is a good idea. It would hopefully give the Council scope to plan ahead and protect major investments.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#5996

Tell us here:

Under a leasing programme, the Council would retain ownership of the land, which is very important. The land is very valuable, so ensuring it is leased rather than sold or otherwise alienated is essential for Auckland's future. It also allows the port company to remain in place while vital decisions are made as to its future location. I would not like the port to be sold to an overseas company or country, or indeed a NZ company if it can be retained as an asset by Auckland Council. Having said that, it would have to be leased/run in a more businesslike way than it is at the moment.

Just in case a waterfront stadium is still being considered, I would be strongly against that. We do not need a huge lump of concrete, "blind" to the beautiful harbour adjoining it, and unused most of the time.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

The profits and dividends would increase the Auckland Future Fund without being subject to sudden fluctuations in any one year that could cause damaging shortfalls were they to be destined for short-term council projects.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Captain Cook and Marsden wharves are very little used by the Port company now, so it would make sense for them to be used for public benefit. Along with Queens

#5996

Wharf/The Cloud, these wharves have enormous potential but are losing money. They could surely

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Give Ports of Auckland a chance to pick itself up and demonstrate why it is essential to Auckland as a port city -- and was founded as such. As the main city of a country many thousands of kilometres from the rest of the world, Auckland has no alternative for international trade connection. And any attempt to substitute trains to and from Northland or Tauranga would be a disaster for already narrow and winding roads. Coastal shipping to take goods on to their final destination could be one option. But in the meantime, let's have some intelligent discussion about what would be best for Auckland.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Water	As proposed
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Less wasteful spending, traffic calming features are a waste of space and time.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6017

Look at overseas models for ideas, no need for a big delegation to travel around the world to do this either just use Google or MS Team and seek advice.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

You say you will make PT better and faster, in reality you spent a bucket load of money and took the eastern line out of service for nearly 12months and the result is a line and service that is worst than before you started. And you expect the people of Auckland to support you?? Please explain why?

2a. Is there anything you would spend more on?

Happy to spend if it actually makes a difference. You dont need to look at many projects to see that you have a serious credibility issue to address.

2b. Is there anything you would spend less on?

Anything that makes no or little common sense. Engage a competent contractor or consortium to deliver your projects, Don't try to keep NZ companies with no track record in delivering major projects involved. In Australia and most overseas countries major projects are delivered at a fraction of the cost of current NZ projects. You need to ask WHY? or HOW?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

What is the best option for this venue? A concert venue? a soccer stadium? Cricket or some other sport?

#6017

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Only if the funds are to be used in this way.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

IS keeping the port here the best option?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#6017

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support

#6017

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

#6017

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	I don't know
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	I don't know
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	I don't know
Maintain efforts to monitor and improve water quality in our local waterways.	I don't know
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More cycle lanes. Close the port.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Do not lease the port. Re-purpose all three wharves to the West. Work up a plan to redevelop the rest and move port operations to less valuable land.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#6031

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Do not self insure.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No. Council should extend cutbacks.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6071

Yes. Cut all non essential services and make public transport users pay more by reducing ratepayer subsidies to them

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Costs need to be slashed. Public transport needs to be far more user pays focused. Cut new cycleways etc / they are “nice to have” not essential

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Yes. Cycleways, traffic calming, and public transport

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council’s shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#6071

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The only point of the asset is to subsidise operational activity. If not that, then sell the asset.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Sell them

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

Sell them

#6071

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increasing the reliability of public transportation.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Funding for cultural and art events.

#6078

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport is vital to keep our roads emptier however it isn't used due to its unreliability

2a. Is there anything you would spend more on?

Fixing the quality of our roads

2b. Is there anything you would spend less on?

Cycle lanes

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

We need to sort out our public transport, water infrastructure and roads before starting any expensive projects

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#6078

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#6078

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#6078

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei, Rodney

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important

#6078

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Not Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

#6078

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

#6078

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Point Wells

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bringing the airport back into majority public ownership, to ensure that it is serving the community better with services, and not roting travelers through parking and service charges that just get paid out as dividends to pension funds and not reinvested into the airport.

#6080

If the government ever allowed, congestion charging in inner city Auckland should be implemented to create revenue to improve public transport.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

There are countless studies and plans that exist now that have not been acted on in Auckland. Put up the rates, and just get on with putting some of these plans into action to improve public transport

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Auckland just needs to get on with improving public transport links - for too long the city has lost productivity because of delay after delay after delay to invest in better public transport

2a. Is there anything you would spend more on?

Above ground light rail. As a spread out hilly city with variable weather conditions, getting a critical mass of people walking or cycling for their commutes will always be difficult. But a widespread light rail network would not only encourage more public transport use, it could become a feature of the city

2b. Is there anything you would spend less on?

Cycleways should be encouraged where possible, but should not be prioritised over mass transport options.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't know the Albany area well enough to know what to do with this asset

#6080

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

A future fund is a sound idea, but the Airport is a strategic asset for the city that the Council and Crown should seek to have majority control over, not less control.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Other Ports in NZ have had success with mixed ownership models, which could be the best way forward. While some of the port land should be sold to develop a public asset, handing over the rest of the port to private operators through a lease is a poor outcome for NZ Inc and NZ exporters.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

In lieu of the lease, port profits (and airport dividends) could be directed to the future fund to diversify the Council's asset base and lessen its exposure to assets based in Auckland.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#6080

Have a ***** good think before selling off strategic assets

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Opening up more of Auckland's waterfront will liven up the city. And over the next few years as it happens, the Council and Crown should be investing in rail and port infrastructure in the golden triangle to help with the decreased capacity at the Ports o

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

As above

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	<p>Support</p>

#6080

from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#6107

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Unnecessary bureaucracy

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Looking for lower cost options are good. However I do not agree with stopping cycleways. We should continue to develop safe cycleways across Auckland.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

#6107

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#6107

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #6107

Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

- With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.
- Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

#6107

Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays, Ōrākei

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important

#6107

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

Very Important

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

“It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance.”

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Very Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important

#6107

Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Very Important

Tell us why

Continuing to invest in maintaining and enhancing the Orakei basin.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Don't mess with rubbish bins and rubbish collections. Keeping our city clean so we can enjoy the urban areas and the wonderful natural habitat.

Invest in our open spaces.

Invest in facilities that provide the heart of our communities and are so important for our children. Mairangi Bay Surf Club is a great example and one that should be a no brainer for Council to fund.

Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycleways are important. It's dangerous to cycle on the road in places and cycle ways would encourage more people to cycle safely.

2a. Is there anything you would spend more on?

Create more dynamic lanes

2b. Is there anything you would spend less on?

T2 and t3 lanes.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#6119

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Reduce the cost of taking ferry's for public transport

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#6119

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#6119

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Spend more money on cycleways and footpaths. Less money to be spent on roads. Encourage development in existing suburbs. Dont sprawl the city further. A spread out low density city is one of the reasons why rates need to increase. Use the existing assets better and renew existing asects.

#6161

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less money on roads. Prioritize cycleways, walkways and public transport. Less money on non core spendings such as cultural events.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

You need to spend significantly more on cycleways, footpaths and public transport. Less should be spent on roads.

2a. Is there anything you would spend more on?

cycleways. Build more. Make it so we can safely move around auckland with a fully connected walkway and cycleway system. These are fantastic assets for our children, getting to work, recreation, shopping and more. Put in more cycle lock racks around the city. Please just simple D shaped loops - we do not need anything more fancy (such as the double decker ones in the CBD - these are less secure, due to thin metal and more difficult to use if you have an ebike.

2b. Is there anything you would spend less on?

Spend less on adding new roads for cars. This just creates more maintenance. People should look to use other forms of transport, as they do in most leading cities around the world.

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Sell the stadium. We have enough stadiums in Auckland. Eden park should be used more. There should be more concerts at eden park. North harbour stadium is in a

#6161

very poor location, away from most the population of Auckland. It just encourages driving and parking. Its also in no way economically viable.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

The sale and analysis Auckland council did on AIA shares was very poor. You need to consider your cost of capital against the value of the shares and dividends. Not just the dividends. I have no faith in Auckland councils ability to appoint an appropriate professional manager at arms length, decisions have been captured by self interested parties. The proposal to lease the port of Auckland operations is equally mad. This will only result in increased prices, weaker working conditions for employees and make it more difficult for the council to consider a port optimization strategy as they will be beholden to a operating lease. This is not a great ESG outcome - a third party operator will seek to maximise profits at the expense of the ports employees, its customers and the environment.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

The proposal to lease the port of Auckland operations is mad. This will only result in increased prices, weaker working conditions for employees and make it more difficult for the council to consider a port optimization strategy as they will be beholden to a operating lease. This is not a great ESG outcome - a third party operator will seek to maximize profits at the expense of the ports employees, its customers and the environment.

#6161

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The future fund is a poor idea that will make it easier for the council to access assets that have been built up over generations to fund operating expenses. A more prudent approach is to increase rates and user fees to fully cover the funding needs. Auckland council has been beholden to older land owners for generations and has been under rating for its actual needs due to this. Seeking to create a future fund and sell assets is just another example of this. We will be selling assets to the benefit of these baby boomers, who have already had artificially low rates for decades.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Increase rates and user pays to an appropriate level to fund needs. Do not sell assets, do not create a future fund - this simply makes it easier for Auckland council to continue to sell its assets. Eventually you will have nothing left to sell. Dont be swayed by baby boomers who have undue influence and are extremely self interested. Consider future generations. They need dense housing, cycleways, walkways, public transport etc. This must be paid for by rates or user pays today.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#6161

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	I don't know
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	I don't know

#6161

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Get rid of parking on mission bay beach. Convert to a green space. Spend more on cycleways and shared paths. Put in more areas you can lock a bike. The community can get to missionbay with a car. Consider the future generations and children.

#6161

8. Do you have any other comments?

Spend more on cycleways and walkways. Spend less on roads for cars. Get rid of car parks and prioritize people and active transport. Increase revenue now to cover costs. Do not resort to selling assets or create a future fund to cover costs. Do not let baby boomers dictate the future, you need to consider the children and young.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	Do more
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I'm appalled that the plan is silent on increasing investment to reduce emissions both in Council and across Auckland. We are in a climate crisis. We cannot 'adapt' our way out of this. We need to do our share to contribute to NZs and the global reduction of

#6171

harmful greenhouse gases and halt global warming. It will cost us a lot more in the long run if we don't invest now.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Build less roads - increase the incentives to move to sustainable and zero-emissions options such as electric, walking, cycling, scooting, e-public transport.

Don't spend a cent on tarding up the port/waterfront area - this is vanity project from the Mayor - most Aucklanders won't benefit from this. Save our money, time and energy and put this into more equitable and valuable projects.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I think we should continue to introduce cycleways as a key emissions-reduction tactic

2a. Is there anything you would spend more on?

Faster conversion to fully electric bus fleet; increased public transport services; projects that encourage people out of their petrol vehicles and into zero-emissions options or public transport;

2b. Is there anything you would spend less on?

Building new roads. Raising all pedestrian crossings - only do this where a real safety concern exists;

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

#6171

Maximise the investment to date. Don't throw the baby out with the bathwater. Make this a facility that more Aucklanders can benefit from - draw people from across the region.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Makes sense to make smarter investments

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

We should require the Ports to generate a return on investment equal or better than the fund and then utilise this to fund Council services and other work.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#6171

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

This is a Mayoral vanity project - he's just looking to put his name on something. Most Aucklanders will not benefit from this. There are other, much more important - higher priority things to be spending our time, energy and money on/.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

If the Port need this area to be profitable and operate successfully then they should have the use of it.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Help sports clubs especially tennis clubs who have to pay for the grounds they use at \$20,000 per court as against other sports who have their fields supplied and groomed for them.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cycle lanes, fancy gardens and in particular less speed bumps. there are about seven in one small suburban street Mulgan street in Blockhouse Bay.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Stop Go signs onto motorways often cause more congestion if left on for too long.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#6213

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

A bit of both the first two options.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#6213

the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

#6213

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Whau

Whau Local Board Priorities

7b. What do you think of our proposed priorities for Whau in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

We will work with our partners to build community capacity, from climate/emergency preparedness and community resilience to increased participation and community capability.	Very Important
We will encourage and support volunteerism and community participation, especially through environmental and ecological initiatives around the Manukau Harbour and foreshore, the Whau River and its tributaries, and our urban ngahere.	Very Important

#6213

We will continue to undertake governance-level engagement and collaboration with mana whenua and the other west Auckland local boards.	Fairly Important
We will work with the local BIDs where possible, to support local economy and to realise shared goals around climate action, community connection and belonging.	Fairly Important
We will consider accessibility and inclusion across our services, engagement, and other initiatives.	Fairly Important

Tell us why

What are BIDS

7c. What do you think of the Whau proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6219

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Selling airport shares for short-term benefit is, to put it simply, the dumbest idea I've ever heard.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#6219

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#6282

Support most of the proposal

Tell us why:

to reduce infrastructure issues and traffic more needs to be done on cycleways and other public transport options

2a. Is there anything you would spend more on?

cycleways safety

2b. Is there anything you would spend less on?

reducing temporary traffic management

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

not ever used the facility so can't comment on the impact

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#6282

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Not sure what you would use them for or what the public benefit is as nothing suggested

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As above, pointless changing something now when there is no real proposal for the change use. and adding truck traffic to the roads in the area isn't going to make it a go to destination for anyone.

6a. What do you think of these proposals?

#6282

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Biking infrastructure.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6302

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Biking infrastructure, especially for children.

2b. Is there anything you would spend less on?

Anything that makes cars more attractive

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#6302

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
--	---------

#6302

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>I don't know</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>I don't know</p>

#6302

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	I don't know

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Maintenance of parks

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6312

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

We need better public transport in Auckland. It will impact almost every aspect of everyone's lives.

2a. Is there anything you would spend more on?

Pedestrianising areas to be more suitable for people and less suitable for cars

2b. Is there anything you would spend less on?

Building new roads.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We need to keep the shares for future generations. We should just borrow more money to cover costs at the moment.

#6312

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

We need so much investment now that we should use the money.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#6312

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Nothing

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Nothing

#6333

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Because you are finally stopping this headlong rush to get people onto bikes when a large proportion of the population simply cannot use this transportation option. I am sick of seeing hugely under-utilized cycle lanes put in at the expense of normal roading which is creating a good percentage of the road congestion that you now wish to make a congestion charge on.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Cycle lanes

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

This seems the most realistic option for the local community whilst retaining the asset

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#6333

The Auckland Future Fund if managed by a professional team of Fund Managers offers the best option for sustainable fund growth into the future. Selection of the Fund Management will be a critical success factor that will need really careful scrutiny and decision making.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

There are a number of highly successful Port Operations Companies around the world who should be able to run Ports of Auckland at the highest efficiency levels thereby improving both NZ import and export supply chains immeasurably whilst allowing a large chunk of cash to go to the AKL Future Fund. Council ownership of the underlying land etc however will be essential to make this work.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

If Council retains Port ownership then profits should be split between Council and the AKL Future Fund.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

#6333

Tell us why:

I really do not know the best option here.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

As above

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Fix transport, public transport.
- Urban renewal and beautification
- Improve swimming pools
- Upgrade footpaths

#6341

-Regulate supermarkets

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Traffic is terrible - Auckland is going to come to a standstill if we don't invest in public transport

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Do not corporatise public resources

#6341

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Move the port out of central Auckland

#6341

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce recycling charges for schools.</p>	Do not support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

#6347

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei, Waitākere Ranges

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important

#6347

Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Not Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Very Important

#6347

Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Very Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Not Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Very Important
Initiatives to support youth/rangatahi.	Very Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Very Important

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stormwater infrastructure, better public transport, more parking

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

reduce bicycle lanes, reduce number of e-scooters available, reduce consultation with organizations not directly involved with Auckland's development,

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Better, safer roads, better public transport.

2b. Is there anything you would spend less on?

Cycle lanes, e-scooters.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Develop the area as community space.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Auckland has too much debt, this needs to be reduced. Long term port lease is sensible until we have appropriate infrastructure to move port to Whangarei.

#6376

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#6376

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	
Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations,	

#6393

such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I dont want to deal with the bus coming late/early any more

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

#6397

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#6397

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important

#6443

Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I oppose the proposal to lease the operation of the port for 35 years for the following reasons:

Disregards Expert Advice: The proposal ignores expert advice on the port's unsustainable location, as evidenced by the conclusions of the last three port studies.

#6444

Hidden costs: Locking the port into its current location until at least 2060 will impose billions of dollars of road and rail costs on future generations as freight flows increasingly strain our already congested transport network.

Long-term Impact: Prolonging the status quo until at least 2060 will prevent Auckland from realising the significant social, economic, and environmental potential we could achieve by transforming the industrial port zone into a thriving urban environment, as we've done with Viaduct Harbour and Wynyard Quarter.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport doesn't need to be faster it just needs to be more reliable

2a. Is there anything you would spend more on?

promote use of public transport, i.e. more cost efficient for passengers

2b. Is there anything you would spend less on?

same level of public transports / don't increase public transport numbers/vehicles
improve efficiency

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Should lead to greater economic growth over a short period of time while creating a sustainable framework for the future of the stadium.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Auckland council doesn't really need to hold any sway over AIAL and holding a nest of egg of shares in a single company is incredibly volatile

4b. Which option do you prefer for the future of Port of Auckland?

#6466

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Likely makes more sense, especially if through leasing operations of the port a more efficient method of maintaining ports are established. Would like to maintain control of part of port / lease for shorter time.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

If we are selling the AIAL shares it makes sense to double down and invest fully into the funds.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

It makes sense to maintain control over at least half of the ports in case it is needed for something. Something goes wrong with the lease.

#6466

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	

#6466

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	

#6466

Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Youth based initiatives

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6473

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

because public transport is incredibly important for allowing people to travel to and from work/school

2a. Is there anything you would spend more on?

Electric trains and higher frequency services

2b. Is there anything you would spend less on?

cycleways

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#6473

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
---	--

#6473

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	

#6473

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	

#6473

Continue local initiatives to enhance neighbourhood connections and increase safety.	
Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Review the number of managers that each department/service has.

Reduce the number of councillors.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I don't support any more money being spent on cycleways and I don't support development of a 'time-of-use' scheme to help manage traffic congestion.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Cycle ways. The majority of cyclists don't use them and they interfere with normal traffic flow. Just look at the mess with the roads in Mission Bay!

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Sell the stadium

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#6488

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I think Auckland Council should come back to core purpose. Over the years there has been creep in scope around wellbeing and social programmes (TSI) when there are other organisations that are more experts in this area.

#6500

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

This infatuation with raised crossings and calming traffic controls is ridiculous and creates gridlock throughout the city. It doesn't speed up public transport.

You will not convince the public and you erode public confidence in public transport when all the rail issues are prevalent., there are issues going to large scale events and concerts and buses are trapped in traffic and not on schedules because of all these raised pedestrian crossings etc.... Auckland transport per se needs a rethink not just for today but for the next 50 years.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Something has to change for the betterment of Auckland and for future proofing. If Kiwisaver and investment funds are being promoted to individuals as a means to

#6500

protect your future, retirement etc.. so too is the concept of a Futures Fund sound advice for Auckland. Obviously how that is structured is important but it would allow Council to come back to core purpose and stay the course. Reward/Risk and cost of doing nothing should be carefully analysed. The lack of progress and the state Auckland is in now is due to lack of action and lack of vision. Tinkering every 3 years is not the answer. Auckland and New Zealand is hampered by our constant tickering (and bickering) and lack of bipartisan policies that survive many electoral cycles. If this doesn't happen we will be forever fixing problems, and in constant reaction mode. I'm a born and bred and proud Aucklander watching our City getting stuck in a malaise of bureaucracy and snail paced progress. Add lack of funding and it's not pretty.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#6500

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#6500

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

I am also involved in playing sport and using our parks and open spaces. I have supported the Central proposal for Parks and Community as this should provide a better outcome for the sport and recreation sector.

I am aware of the proposals around the Sport and Recreation Facilities Investment Fund and strongly support the proposal for \$35 million of additional funding being added to the Fund. I am in support of this additional funding being non-contestable and being applied to priority sport facility developments in Auckland including, but not limited to, indoor sports facilities.

I also advocate for the retention of the Sport and Recreation Facilities Operating Grant and ask consideration for an increase to the Grant.

I strongly support a review of costs and contractual structure for maintenance on parks and open spaces, specifically for sports fields.

I advocate for community use of schools and that consideration given to the co-development of schools with Auckland Council to include publicly accessible sport and recreation facilities.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council's Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would be more than happy to pay a modest charge for driving within the CBD - as long as the money earned wasn't put into more stupid "traffic calming" (aka "traffic discouraging").

#6501

"Parks and Community" above is too vague. I see no reason why I should be expected to pay for things like people's entertainment (e.g. "Movies in Parks"), but support the use of rates for things like provision of parkland (while minimising the spend on individual parks to simple maintenance without efforts towards "improvements" or "events").

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop spending money on entertainment, "conservation" and stupid attempts to reduce the attractiveness of Auckland to motorists while making similarly stupid (and often dangerous) attempts to make it more attractive to cyclists etc.

Taniwha Rd in GI is a good example - a fortune spent on narrowing the road and installing cycle tracks (the latter only rarely seeing actual cyclists). The road is now so narrow that motorists routinely end up overtaking slow or stationary (e.g. buses) traffic with serious risk of head-on collision.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

It looks good as stated, but too vague regarding details.

2a. Is there anything you would spend more on?

No.

2b. Is there anything you would spend less on?

Practically anything where the decision is made by Auckland Transport, who have lost all credibility in recent years. AT management should be offered a bonus of between 1-5% of whatever they underspend in a given year - with the following year's budget reduced accordingly.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

It shouldn't be running at a loss.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

High rises in cost of living mean that people cannot just be expected to pay more and more in rates each year. All council projects which cannot be clearly shown to be urgent should be frozen for the year.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Because I have little faith in either council or related organisations (e.g. AT) to make sensible decisions about the future.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#6501

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

It is not urgent - reducing ratepayers' living costs is.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

It is not urgent - reducing ratepayers' living costs is.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

Ecological systems should be left to sort themselves out. Human intervention has rarely been successful. Those who want to be involved in freezing NZ in a time bubble are welcome to pay voluntarily the cost of their attempts.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Nothing which is not actually urgent should be followed-through. The critical problem for ratepayers is the dramatic increase in the cost of living.

8. Do you have any other comments?

Why not do the same with rates as with tax? A certain percentage up to houses+land of a certain value (e.g.\$4M, then a higher rate increasing to something like double the base rate for luxury accommodation (valued at, say, over \$20M, \$30M or more? And why should churches not pay rates?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Remove and pickup the cones blocking our streets.

No more raised crossings.

Concentrate on the core services to our communities.

Forget cycle ways.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

#6502

Retain ownership of the land and wharves but lease it out for a shorter period while the port activities are relocated. It makes no sense to have our commercial port on such prime land.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, there is so much money wasted that the wastage would cover things we NEED

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop building cycleways, running empty 2 decker buses during the day, focussing

#6527

on carbon emissions, designating T3 lanes that run empty instead of making them T2 , stop collecting food scraps,etc etc In fact just stick to basic services like mowing parks, collecting rubbish everywhere, providing water, keeping our drains clear and sensible public transport etc. Get rid of all those re cones and also

over-paid people on the council! Treat Aucklanders as one people and stop wasting money on Maori signs that 99% of people can't read.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycleways waste money. Very few people ride on them

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Red cones and converting buses to electric

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Better utilisation making it pay for itself

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

#6527

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I wouldn't want the Council to have any say on any Future Investment Fund

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Makes economic sense

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#6527

Tell us why:

6a. What do you think of these proposals?

Tell us why

All very nice ideas, but stick to the basic core jobs of a council

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

#6527

Not much Stick to core responsibilities

8. Do you have any other comments?

There is WAY too much focus on reducing carbon emissions which people who follow the science know that all this money and effort will do nothing to stop climate change. Focus instead on transition and adaption to any changes that might be occuring. Also it would be good if you had English words when you talk about "respect & care" if you want us to understand you.

The survey is very long and your summary glosses over the things that most people would object to eg under the water section you have a tunnel under the harbour and cone restoration on a hill in Mangere. I read it at the beginning and can't find the reference now- but you know what I am talking about- definately nothing to do with WATER

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stormwater infrastructure - please improve it.

Emptying catchpits regularly.

Reinstating the rubbish bins around the city to collect the dog ***** and rubbish.

Weekly rubbish bin collection - its your main job and always has been.

#6532

Fixing potholes

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cycle lanes and traffic calming measures.

Events

Swimming pools should be User Pays - no more free kids.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Stop cycle lanes and traffic calming measures.

I don't support capped weekly passes as we can't afford them.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

I don't support electric busses and ferries. Its still too soon in the life cycle and we will be guinea pigs, plus they are expensive. We need to sweat the assets we currently have.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't live on the North Shore and so I don't have an opinion.

#6532

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I think your expected rate of return on 7.5% is heroic but the port is a cluster and it is hard to imagine it being done worse.

AIAL is an investment that costs more than it returns.

All of the above on the basis that the funds are locked in and some nut-job councilor can't access the money and fritter it away.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

It isn't working very well at present so hard to see it being done worse.

Ask POT to do it.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The council is skint and looking for coins down the back of the couch, so every cent counts.

4d. Do you have any feedback on any other part of the proposal?

#6532

Tell us here:

I do not support moving the port away from Auckland as some business has to pay for the dredging and other work around the port. I do not support the costs of the harbour being dumped on the ratepayer.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

We don't have the funds to develop it at this stage and if Council own it they will want money to subsidize Events.

I don't want a stadium on the waterfront. It is too expensive to run even if a Developer builds it.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

We can't afford for Council to take responsibility for more assets.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

#6532

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

#6532

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I think that all swimming pool Users should pay to use the pools. Letting children in for free just opens the pools up for abuse as the children are High Maintenance and take it for granted and mess up the change rooms etc. If they don't want to pay they can swim at the beach.

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important

#6532

Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

Most of this is not core council services. If we can't afford 300 rubbish bins around auckland and a weekly pickup of rubbish we can't afford any of the "Nice to Haves" listed above.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Potholes, Catchpits cleared regularly and maintenance of existing assets.

Spare cash can go into stormwater management.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More focus on key activities to maintain the storm water system so flooding does not occur and maintaining our parks and the environment to eliminate pests and invasive species.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Scrap Movies in Parks

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Making it easier to pay for public transport should mean that visitors are more likely to use and pay for it. Once the City Rail Link is in operation hopefully patronage will increase and maybe become self sustaining financially.

2a. Is there anything you would spend more on?

More electric buses and ferries and all council vehicles are electric.

2b. Is there anything you would spend less on?

No petrol vehicles

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

I think it's up to the people of the North Shore to decide.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#6539

I think Auckland should maintain an interest in the airport and the port for future generations.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Auckland Council should maintain control

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

The Future Fund sounds like more bureaucracy to me.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

\$110 million could be used elsewhere

5b. What option do you prefer for Bledisloe Terminal?

#6539

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

We don't need my container trucks on our roads.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Urban Regeneration / intensification of existing urban land. Stop sprawling and focus on development within the existing urban boundaries by investing in infrastructure transport and regeneration projects.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6540

Some unnecessary events / Bureaucracy which is too expensive and doesn't anything.
Free/subsidised entry into events for example

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Some cycleways unnecessary / makes roads more unsafe. We need much better public transport.

2a. Is there anything you would spend more on?

public transport i.e. surface light rail, rails, bus / tram

2b. Is there anything you would spend less on?

Cycleways, raised pedestrian crossings

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It better to redevelop the precinct to future proof it, while maintaining the cost of alternative proposals i.e. not too expensive

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#6540

Need more money (by selling shareholdings) and important to future proof against climate change. 11% shares is also not enough to have any control over AIAL.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Aim to Move port away from Auckland CBD ASAP!

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Invest that in Auckland Future fund is a great idea for the city and people

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

The council should work towards moving the whole of port of auckland away from auckland cbd in tandem with central government.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#6540

The whole port area needs to be moved from current location so this would be a good first step in that direction.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Public space for the city needs to be created in current port area because it is a eyesore and out of place in a modern city.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Greater protection and restoration of our natural environment, compared with the central proposal
- More investment in residential speed

#6546

management and road safety programmes to

reduce deaths and serious injuries

- Developing urban cycleways and walking

connections to support greater mode shift

and reduce reliance on cars

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Do not support the stopping of the raised pedestrian crossings and cycleways initiatives as these have such positive effect on improving road safety for pedestrians, cyclists, and even other drivers.

2a. Is there anything you would spend more on?

Safe cycle infrastructure, especially connecting weak spots in the cycle network (e.g. Tamaki Drive connection to Parnell)

2b. Is there anything you would spend less on?

Reallocate road space rather than widening roads.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

#6546

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase measures to allow for more diversity in Auckland council representation and local boards to avoid conservative opinions on decisions

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6561

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

All of this plan sounds very beneficial for the community however reducing investments in cycleways will increase pollution and cutting fuel rates will mean that there will be less funding for Auckland Council

2a. Is there anything you would spend more on?

More cycleways and quicker ways to get around.

2b. Is there anything you would spend less on?

Less on traffic lights and unnecessary raised junctions such as the lights at Orakei train station and hill from Countdown Meadowbank

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

is no affect to me and i think we have a sufficient amount of stadiums

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#6561

Obliterating the councils shares in auckland airport will not be a smart decision as it will dramatically decrease regulation of it.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

I think this will help us as it will increase revenue without selling assets

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Do not sell AIAL shares

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

whichever suits

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#6561

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

#6561

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	

#6561

Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	
Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improving the reliability and punctuality of transport services, particularly buses and trains. Also perhaps make more buses and trains electric (instead of running on fuel) to decrease CO2 emissions and thus benefit the environment.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend less on large prospective infrastructure projects which are a waste of funds, such as the cycle pathing on the harbour bridge.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

making public transport faster and more reliable would greatly benefit public transport users - since buses and trains are rarely on time.

2a. Is there anything you would spend more on?

Spend more on ensuring buses and trains are on time and follow designated schedules and times.

2b. Is there anything you would spend less on?

Definitely spend less on cycleways and speed bumps around Auckland

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#6594

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

receiving dividends could perhaps decrease tax payers rates

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Not sure as to what the future fund is entirely for but i do know that extra expenditure on various council services would positively impact a greater number of people within Auckland

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Poverty is an increasing issue in auckland. More infrastructure and/or residential properties would combat this.

5b. What option do you prefer for Bledisloe Terminal?

#6594

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

#6594

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Resuming and extending the NETR is a great proposal

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
---	--

#6594

Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	
Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

Tell us why

I support most priorities except the reintroduce of recycling charges for schools proposal as i am unsure of what that would entail.

#6594

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

no

Long-term Plan 2024-2034

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important

#6621

Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The Arts. Let's not forget to celebrate , fill us with joy!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6622

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

Raised pedestrian crossings.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

#6622

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Help offset rates increases?

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

I don't know

#6622

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Funding events

#6629

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycleways are important

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

No

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

The council should retain its shares in the airport. Establishing a fund is risky and risks the council being put in a worse financial position in the long run.

4b. Which option do you prefer for the future of Port of Auckland?

#6629

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Under no circumstances should the port land be leased to a third party. Port assets are critical infrastructure assets that should be retained in council ownership. Transferring a leasehold interest is not in the best interests of the city.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#6629

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More policing in the CBD.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less celebrating of "Diversity".

Keep government-subsidized low income housing (KO) well away from the downtown CBD and the affluent established suburbs.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

It makes sense.

2a. Is there anything you would spend more on?

Speed cameras.

2b. Is there anything you would spend less on?

Bus lanes.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

It makes sense.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#6638

Tell us why:

It makes sense.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

It makes sense.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

It makes sense.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

It makes sense.

#6638

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

It makes sense.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Services like wastewater/sewerage to keep our harbor/beaches clean

Power poles put underground

Increase library online audio/visual books for remote and handicap audiences

#6642

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

We don't need super yacht races and other such huge events as much as a safe clean city

We don't need another event centre - we must make do with what we have

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

the introduction of \$50 week cap on public transport - could that be reduced for school children

2a. Is there anything you would spend more on?

Better mentoring from countries like Switzerland who have a world class transport system. I suspect some cost cutting in the rail transport has resulted in lack of confidence by the public

2b. Is there anything you would spend less on?

Less cycle ways that share the road

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Sell part of the land to someone like Mike Todd Oxham - to Redevelop a bit like Alexandra Park has with quality apartments overlooking the playgrounds and shops on the ground floor, professional offices on level 2 and the other 5 floors nice apartments.

#6642

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

Unqualified to ,make comment

#6642

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	I don't know

#6642

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
---	------------------

#6642

Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Very Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

#6642

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better access to the Waitemata harbour for boaties on a budget.

Reinstate The Landing as a haulout yard at Okahu Bay so that boat owners can make sure that their hulls are clean and thereby reduce spreading aquatic pests.

#6647

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No more raised crossings

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I don't support any further raised crossings. They are an expensive way to slow traffic. Also they add to our carbon emissions as traffic accelerates away from the crossing using more fuel.

2a. Is there anything you would spend more on?

A flashing light system at pedestrian crossings. The lights are triggered by pedestrians as they approach the crossing. Far more cost effective than raised crossings.

2b. Is there anything you would spend less on?

As above, raised crossings

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I am not a user of this stadium and no little about its operation or popularity.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#6647

Tell us why:

The Council has little to no say over the operation of the airport. The funds would be better spent on developing the infrastructure that the council has control over.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

If the financial benefit far outweighs the status quo

4c. If the council continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Having a fund available to invest in future infrastructure and assist in time of need, eg. natural disaster seems prudent

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

#6647

Unless there is some large scale development eg a new waterfront stadium, then Auckland already has public waterfront spaces that are adequate. The port should be able to maximize its profitability. Any increase of truck traffic should be avoided.

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

Again same reasoning as above

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Keep bins to weekly.

More bus lanes and faster more reliable public transport.

#6663

Close the gaps on safe cycling facilities, not gold plated but safe. Ngapipi to tamaki dve, panmure Bridge to the coastal cycleway.

Get planning and designing so there are projects ready to go when funds become available.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce the maunga authority budget by 75%. There is no need to be spending millions on tree felling of perfectly healthy trees.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Simeon Brown needs to find that rft shortfall. He can't cut funding then direct all of what's left to help his electorate only. Send him a message, cancel Eastern Busway 2 and make him find the money to do it.

2a. Is there anything you would spend more on?

Getting buses moving. Linking the bus lanes so buses aren't stuck in traffic.

2b. Is there anything you would spend less on?

Raised tables where they arent justified. Meadowbank st John's Road for example.

3. Which options do you support for the North Harbour Stadium?

Change the operational management,Other

Tell us why:

Sell the stadium to a private company. Keep the outer fields for the community.

#6663

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki, Ōrākei

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki	Fairly Important

#6699

Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	Fairly Important

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

#6699

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important

#6699

Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.

Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6720

Development of new cycleways. These are expensive and are only used by a small percentage of commuters. Cyclists are often not using them e.g. along Tamaki drive.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Disagree with time of use charges when many have no choice of times. Disagree with removal of bus services it just makes travel more difficult around Auckland. Disagree with premium fares on ferries which are already expensive. Don't think expanded enforcement is the best use of funds. Disagree with additional cycleways. No charges for park and ride otherwise you are defeating their purpose.

2a. Is there anything you would spend more on?

No we just need to maintain what we have while in a difficult funding period.

2b. Is there anything you would spend less on?

Cycleways.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Greater use may provide additional funding to help with redevelopment over time. Now is not the right time to undertake redevelopment when the council needs to reduce costs.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#6720

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

It is not clear to me how this fund will be controlled and how much say ratepayers have in its use.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

This is an asset worth keeping ownership when it is in the heart of Auckland.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

#6720

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>

#6720

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Public Transport! It is hardly used.

#6843

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Roads are being messed with constantly. Cycle lanes in at the expense of cars and often make it very dangerous for both car and bike users. too much road work going on all the time. Do it once, do it right.

Look in the capacity on the public transport vs use and only improve public transport that is actually in over 50% usage. We see empty buses driving around all day. Focus on peak only if necessary or rail only to get buses off the roads.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

cones ! and the people manning/supervising them who spend a lot of time on smoko

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Too much money tied up in one project.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#6843

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Whoever takes the lease will be an expert and better placed to operate. leaves council free to focus elsewhere.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Roads are over burdened already - no more trucks on the road. More residential and commercial development at the waterfront is not needed. There are so many empty buildings all over the city that could be used - renew these. The "City" isn't the only impo

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#6843

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#6843

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important

#6843

Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

Why not include the key priorities mentioned?? All very important and in fact more important than some of the ones above.

- develop and enhance facilities at The Landing
- upgrade Thomas Bloodworth Park to provide for additional sports capacity

#6843

- work wi

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Lots of advocating on things outside decision making power.... will it work/help?????

8. Do you have any other comments?

Orakei is very lucky to have Desley. We trust her and appreciate her hard work.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Auckland has become an un-affordable city to live in and it's getting worse. Constant rates rises on top of most other cost going up is real issue. Even with a good wage it's difficult to make ends meet. Yes I know that's not really the question but I feel a high level of frustration with the amount that rates have gone up in the last 10 years.

#6852

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Road works and un-necessary changes to road layouts.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I like so many people and sick to death with Auckland Transport and it's constant road works that do little more than inhibit traffic flow.

2a. Is there anything you would spend more on?

Traffic flow. High density housing has lead to routine traffic jams on many of Auckland's roads.

2b. Is there anything you would spend less on?

Road narrowing (Glenn Innes and Victoria Street CBD for example).

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

There is a lot of un-used space around the stadium. It's nice to have open areas but they really aren't used by the community.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#6852

Tell us why:

I understand that it's a fire sale to get rid of the airport shares but we really can't afford further rates rises so anything that keeps that do a minimum is welcome.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Keeping the land and leasing the port seems like a good compromise. Income up front but the asset is maintained.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#6852

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Fairly Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Very Important
Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Fairly Important
Seek opportunities to promote and celebrate heritage places in Waitematā	Fairly Important

#6852

including making digital content and place-based stories more accessible.

Tell us why

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Auckland has become an un-affordable city to live in with every increasing rates and rising prices in nearly every category. Housing intensification has lead to traffic jams have become common in many areas and AT continues to frustrate with it's constant road works and road changes which restrict traffic flow. Yes I know it's a bit of a rant. One positive thing, despite his occasional stumbles I've been happy with the Mayor and feel that he is looking after the best interests of the city and working hard to make Auckland a better place.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Services focused on Migrants.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Hiring high executives incurring in selection and recruitment costs.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Emphasis in Public Transport. We are behind cities like Melbourne, Montreal, New York, Madrid, etc.

2a. Is there anything you would spend more on?

Finish the light rail. Do not commit the mistake of stopping something has progressed that much.

2b. Is there anything you would spend less on?

Dynamic lanes.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

A stadium is not necessary, considering the current circumstances.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#6891

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#6891

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Revert back to the Auckland Unitary Plan.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less speed bumps. Get rid of the green food scraps bin collection.

#6898

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Cycleways overseas are built on one side of the road for both directions. Yet in Auckland, AT has decided to build them on each side of the road. It's nuts. Where they have built on one side of the road eg: Tamaki Drive through Mission Bay, they have narrowed the road so much that it's dangerous for both cyclists and cars trying to park and get out of their cars, which shows poor design. At the top of St Heliers Bay Rd/Kohimarama Rd there is a new traffic island that is causing massive traffic jams. If they had made the traffic island slightly narrower, it would've allowed traffic to flow while preventing traffic crossing lanes when entering/exiting the new Gull service station being built.

Speed humps slow traffic and are terrible for emergency services on main roads, with very little impact on public safety. Speed humps create more vehicle emissions which the world are trying to reduce. Get rid of some of these.

AT as well as city council planners need to go and look at the sites before suggesting road "improvements" to the waste of spending.

2a. Is there anything you would spend more on?

Dynamic lanes

2b. Is there anything you would spend less on?

Speed humps and cycle lanes without better planning

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

#6898

The Stadium was run successfully under the North Harbour Stadium Trust. Maybe management should be transferred back to them rather than letting council run it into the ground.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Why sell an asset which generates income for the Council? Thus reducing rates Aucklanders pay.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#6898

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

We have enough other waterfront areas to enjoy and the port is critical to service New Zealand. The Port of Tauranga is already struggling to keep up with demand.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to</p>	<p>I don't know</p>

#6898

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

#6898

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Very Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important

#6898

Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cutting the berms

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Hiring consultants

#6911

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Sensible suggestions. However AT needs to be dismantled and a new system owned and operated by the council implemented

2a. Is there anything you would spend more on?

Business and economic events.

2b. Is there anything you would spend less on?

Cultural events

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It is likely to be the most fiscally responsible way forward

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Diversity of investment seems a better way forward

#6911

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Makes better economic sense

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Auckland council needs better funding. By having this, rates should be increased minimally

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Economic sense

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#6911

Tell us why:

As much as it would be nice to see the wharf used for another reason, the economy must come first

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

In some streets could rubbish bins be collected from one side of the street. This could save on the collection trucks going up and down that street.

This is not possible on all streets for safety reasons but doable in others

#6936

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Rain in all this traffic ***** speed bumps ,bus only lanes etc

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Public transport will grow on demand. No more roads etc You will never build enough.
Curtail trucking during busy day time traffic peaks.

Trucks coming or going to the port need to be carrying a container in and out.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Yes road cones and safety trucks, why do you need two trucks at each area for safety.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

We have too many stadiums in Auckland.Do not spend any more money on Eden Park it is a dog when viewing sport. Support the consortium looking to build down town .
Allow them to manage and collect revenue from it for a period of time then gift it back to the city.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

#6936

Tell us why:

Set up a management group to invest and manage the fund. Do not let council members get their hands into it. Another source of funding they willingly source for their own agendas.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Always keep the land , you can't make anymore and the port may shift but you keep the land

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Keep it away from councillors

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

#6936

You don't have the money to do anything worth while so leave it as a revenue making source as it is

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

We don't have money to do this

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Less bike lanes (that don't get used), more car lanes, and stop building roads and bridges for buses only that hardly get used!!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6992

Less speed bumps and designated bus & cycle

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Dont think less Ferries is viable. Trains and buses are great if they run and not out for 8 months for line work to then have the trains be cancelled and go slow

2a. Is there anything you would spend more on?

More parking around train stations. Family members struggle finding parks near Glen Innes at peak times so end up driving instead of taking public transport.

2b. Is there anything you would spend less on?

Increasing width of footpaths/cycle lanes taking up car lanes. What a mess Mission Bay and Glen Innes are now causing major traffic jams

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Dont go there

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#6992

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Would be good to open up part of these areas for public use

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#6992

Tell us why:

To open the waterfront more but do think the Port should remain with maybe storage of new cars etc going elsewhere

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Other

This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Other
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know

#6992

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	

#6992

Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#7033

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	Support

#7033

harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Build faster roads.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7037

trim red tape and regulations

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We need better and more roads

2a. Is there anything you would spend more on?

less cycle lanes and traffic management

2b. Is there anything you would spend less on?

projects costs to much time and money.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

re-development will certainly disrupt the facilities available with no guarantee the new development will be of any better use

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#7037

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I believe port land is very central to anything that Auckland does as a city and its control should be with the council -- till the ports are shifted somewhere else.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I believe Auckland needs better services now.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Auckland port occupies too much of good water frontage of the city center.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#7037

Tell us why:

It is one of the best water frontage and residents and visitors should have re-creational access to it.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No.

Money is tight for everyone and council spending should reduced so as not to burden ratepayers or taxpayers. This is our money council plans to spend.

#7056

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Like all households spending should be reduced. Staff levels should be reduced.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Working from home is the new normal for many. Council should promote more working from home.

Moves to reduce vehicle traffic by improving public transportation should be focused on the more flexible bus networks and speeding up roads. (not slowing them down as is the current focus)

2a. Is there anything you would spend more on?

Improving the public bus network.

2b. Is there anything you would spend less on?

Trains services.

I expect that we will be assessing the central rail loop as a “ white elephant” after it’s completion.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Minimising cost burdens on ratepayers

#7056

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

For now we need a pay as you go concept to spending..

Emergency funds could be created by the sale of underutilised council land and buildings. I can think of prime land in Mission Bay that does not receive footprints except for council contractors mowing the grass.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#7056

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

At a time in the future maybe the council when the councils books are healthy could look at “ investing” in this site.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As above

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Council budget planning must put aside the thought that they always know better ways to spend money than the rate payers themselves.

Which group of ratepayers can say with certainty that their future income growth will match the councils proposed growth. When there is inflation or other impacts hitting the economy it must not just be tax and ratepayers carrying the burden by cutting back it must be governments both local and central!.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Bike Ways, Raised pedestrian crossings slowing down traffic.

#7063

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Makes sense.Keep traffic moving.

2a. Is there anything you would spend more on?

Qualified Traffic engineers performance juged on traffic flowing.

2b. Is there anything you would spend less on?

"Traffic calming"

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct,Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Like having savings in the bank for a "rainy day"

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#7063

Tell us here:

Auckland council has clearly proven it does not have the KSA for this operation.
(Knowledge, Skills and Abilities.)

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

It's an investment, returns should be used for specific beneficial projects, not to pay for rubbish collection.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Should start moving the Port elsewhere in any case.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#7063

Move the whole port out of Downtown.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#7063

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Very Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important

#7063

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Very Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

OK

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Relieve traffic congestion especially inner city, motorways etc.,

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No more cycle lanes as we never see anyone using them - many still use the footpaths !

#7077

Also these cycle lanes are using up road space and traffic especially the large buses are having trouble staying in their allotted road space.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Unnecessary proposals, just any waste of our rates.

2a. Is there anything you would spend more on?

More roading is needed urgently.

2b. Is there anything you would spend less on?

Cycle lanes, road works eg orange cones are everywhere!!

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Not really interested in this project.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Its an economic preference.

#7077

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Because its worked ok so far, so keep doing it.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Because Auckland needs as much financial gain as possible.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

The public should benefit, we pay enough rates.

5b. What option do you prefer for Bledisloe Terminal?

#7077

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Again I am keen that the public benefit.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #7077

Most of them are a waste of tax payers money.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Not great

8. Do you have any other comments?

No

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Develop affordable and quality high density housing to keep up with the demand of our growing population in Auckland. This must be addressed soon, or else there will be more homelessness or people in unsafe dwellings.

#7086

Improve public transport systems so that there is more of an incentive to take public transport than to drive private cars. This would also be imperative to meet the needs of the increasing population.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Having an affordable and reliable public transport is paramount and should be Auckland Council's priority. If more people use public transport, there would be less cars on the road, which would making cycling more appealing as it would be a lot safer.

The CRL is also an important project which will improve our public transport and reduce congestion on the roads.

Fast, reliable public transport just as important as housing because the ease of getting to work affects our overall quality of life.

2a. Is there anything you would spend more on?

Developing an affordable and reliable public transport system

2b. Is there anything you would spend less on?

It is a nice idea in theory to have more urban cycleways- but there also needs to be more effort in making cycling safe and accessible for everyone ie. could introduce discount for purchasing bicycles, free cycling courses for adults, bike parking spots etc.

If cycling to work is too difficult, most people would prefer just to use public transport anyway, so I don't think we should spend too much money on making cycleways.

#7086

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

If the stadium is not being utilised well and costing so much money to run, then it makes sense to re-assess the asset or operational management to put it to better use for the community.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I support finding an alternative and sustainable way to increase the council's revenue.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

#7086

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycleways

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Not happy with reduced pedestrian and cycleway proposals and spending, despite what central government might say

2a. Is there anything you would spend more on?

As above

2b. Is there anything you would spend less on?

No new roading, just maintenance of current roading

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Facility already in place, North Shore needs such a facility

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Future fund is a solid idea, I just have some reservations about selling off Airport shares as this enterprise is likely to continue to make a good investment as domestic and international travel expands : how would this stack up against the possible returns that the future fund might attract?

#7125

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I prefer the POA to remain in public ownership, particularly now as it is showing better financial outputs under the new management regime

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

I like the long term concept thinking of the Future investment plan

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I like the opportunity to open up more of the waterfront to the general public that this plan offers. We have a wonderful waterfront and not enough of it is accessible to the public

#7125

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

It isn't about doing less or doing more as proposed, rather I would like to see Auckland Council return rates to a fair contribution for core services and stop charging on a property wealth basis. Council seems to be all things to all people funding everything

#7138

as if it was Government. It is time Government funded large infrastructure projects from taxes. This is a fairer and more transparent distribution of cost.

I believe Council should stop the rates subsidy. This reflects that rates are a blunt tool that doesn't work; putting a higher burden on perceived "wealthy" property owners.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Generally speaking I support the ideas put forward here; I think changes the Mayor has made in a short period of time are excellent. However, raised pedestrian crossing support safer streets. That along with cycleways makes streets more liveable (more people out and about, more friendly environments) so I don't support the reduction of spending on these initiatives.

I would like to see a greater push by schools to have their students walking to get to school. There is far too much congestion in local areas created by parents driving children to their local school.

2a. Is there anything you would spend more on?

Cycleways.

Oversight and scrutiny of invoices/charges to Council by contractors to drive more transparency and reduces costs.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

#7138

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

I have confidence in this initiative because it has been proposed by the current Mayor. I have concerns about the future of such a fund under different leadership. The fund would need to be enshrined in some way like the Govt Super Fund.

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

#7138

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#7138

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

Other

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important

#7138

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

I'm very concerned about the way the Orakei Board operates. While its intention maybe to support the entire board area, I'm not sure this is seen in its outcomes.

I understand the Board is going to primarily work with the Auckland Area Community Network

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

#7138

No I don't agree with the proposals in the 10 year plan. I think the Orakei Board needs to reset and re-evaluate what it should do for the whole board area. I don't support any plan for a targeted rate.

8. Do you have any other comments?

The new funding model: population (80%), deprivation (15%), land (5%). Rates are based on land value, therefore households paying higher rates don't necessarily benefit from those. This becomes a problem when you have some intensification. St Heliers as an example. The number of houses on one particular street in this suburb has doubled over the last 20 years and there is more intensification approved for 58 dwellings. Residents pay above average rates. Streets look neglected, with worn roads, broken curbing, patchwork footpaths, dead or missing trees and poor shape or size of those remaining. Intensification in existing areas has a serious impact on neighbours. Council is not diligent in using development retention monies to repair public areas damaged and no general funding is allocated to address issues despite this general deterioration in surroundings. As a result of what I've witnessed over the last 20 years I have concerns about the way funds are allocated and spent. I believe there is a general unfairness which negatively impacts residents on streets, where higher rates are paid, and intensification occurs due to the perceived desirability of an area.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Clean up all the rubbish on the side of the roads including getting rid of weeds and invasive trees and weeds on the side of roads.

#7165

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

All these cycle lanes. Not everyone can cycle plus these areas can't be cleaned properly so a lot of the cyclists still use the roads.

Stop the raised pedestrian crossings plus reduce the number of pedestrian crossings especially on roundabouts and at road junctions

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Auckland Transport seem to do what they want and spend massive amounts of money when a more realistic budget/spend could have achieved the same result.

2a. Is there anything you would spend more on?

The basics.

2b. Is there anything you would spend less on?

The nice to haves.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

The Community Know's best. But their Mandate should be you manage it including making it pay for itself,

#7165

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Why set up yet another Department!

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

I don't believe that currently the Ports of Auckland have been managed well.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#7165

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Spend more of the Transport allocation in building more roads, and less on "safety Improvements" - no more speedhumps and unnecessary traffic lights

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less funding of the arts and minority festivals

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Build more main arterial and connecting roads to ease congestion and stop previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

2a. Is there anything you would spend more on?

Removing speed humps along main arterial roads

2b. Is there anything you would spend less on?

Building more kerbside gardens which only cut down parking spaces

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Sell it outright and invest the money in the Akl Future Investment Fund

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

We need to free up cash

#7168

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Leasing option brings in more cash return over time

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

We need the cash for other things

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Turn them into green spaces and retail spaces with bars and restaurants. The view and location is wasted on wharf activities.

5b. What option do you prefer for Bledisloe Terminal?

#7168

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Light rail to the airport

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7188

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Don't stop pedestrian and cycleway initiatives. Do more of those. Remove on-street parking on all arterial roads 24/7. Light rail to the airport. Congestion charging and road tolls. Charge for on-street parking in busy areas

2a. Is there anything you would spend more on?

See above

2b. Is there anything you would spend less on?

Roads. Spend on active and public transport initiatives

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Why Create another entity/bureaucracy with all its costs and diversions/distractions. Yes, sell the AIA shares, by getting council candidates to state their position and getting a mandate from voters based on that at the next election. Use proceeds from sale Of AIA shares and other sources to pay down debt and create head-room under the current structure for planned and unforeseen expenditures

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#7193

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Do not support

#7193

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#7193

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important

#7193

Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

nope

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

cut free concerts and Council run events. communities and sponsors will pay

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

we want less projects; and more that are finished on time with less delays

2a. Is there anything you would spend more on?

traffic lights that operate only at peak times. road repairs

2b. Is there anything you would spend less on?

zero more raised intersections or pedestrian crossings.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

if it can't stand on its own financially, it needs to be leased to someone who can

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

the airport doesnt need local government equity funding

4b. Which option do you prefer for the future of Port of Auckland?

#7232

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

the port should stand on its own feet

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Quay street has been a mess for years and years. Council reconfiguring wharves will take as long and be used in weekends at most. Transport and water are more important use of funds

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#7232

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

more spending on arts and culture

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

less spending on sports

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

enabling more community use would be good but overall i feel we over invest in sports as a country

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

a 35 year lease does not allow flexibility and ability to respond to climate, economic or other changes

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

a split between council services and the Auckland Future fund

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

the notion of increasing truck and rail does not appeal

6a. What do you think of these proposals?

#7261

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important

#7261

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	I don't know
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7271

Less raised pedestrian crossings, in fact almost everything AT is doing to "improve" roads (whilst actually making them worse) would happily stop in my preferred outcome.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I fully support stopping some previously-planned initiatives (raised crossings and cycleways). I partially support plans for network optimisation. I do not believe money is being well-spent on public transport and do not support further investment here (for example, the blow out on expenditure of the CRL is reprehensible given the severely limited impact the final product will have on transport, but the devastating impact it has had on businesses and residents who will ultimately endure close to a decade of noise and severe disruption. Furthermore the ongoing cost burden is completely out of context. Multiple superior opportunities for considerably lower costs were available and not selected (e.g. paving rail lines and making them accessible to buses would have been completed years ago and had the potential to dramatically improve transport)).

2a. Is there anything you would spend more on?

No. I believe the council should be less involved than it is. Most improvements are vanity projects that are poorly managed, hugely disruptive, and create gargantuan cost burdens that ratepayers are forced to pay for (for example the CRL, 2-laning of Quay Street (why? we need a means of transport to cross the city from west-east or vice versa). I note that rates consistently increase at a rate greater than inflation. Left unchecked eventually the council's budget will eclipse that of the entire domestic economy.

2b. Is there anything you would spend less on?

Absolutely. "Cost-management" and delivering value to ratepayers does not feel like a priority to the Council. I'd suggest your overheads and staff-effectiveness are poor. Supporting information is provided later in this submission.

#7271

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Surplus funds should be returned to shareholders (i.e. ratepayers), not made available for the future whims and discretion of future councillors - who will perpetually be tempted by the opportunity to use funds for political gain or vanity projects to booster their own ego or personal profile (but may not be well considered or thought through - e.g. the CRL). Regardless of what rules and restrictions may be implemented, industrious people will always find a way to circumvent these rules.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

See comments above. In addition, the Port has demonstrated strong improvement in performance under the new leadership regime. Any sale now would almost certainly undervalue the expected profits that the port is capable of generating through the nearterm. It would represent yet another example of the wealth of the NZ public being transferred to more savvy offshore operators.

#7271

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Returns on capital should be returned to the shareholders, in this case ratepayers. Without the discipline of generating and returning capital to its owners, the temptation will remain to misappropriate profits in pursuit of wasteful projects or personal agendas.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I would hope the assets are genuinely used for public benefit.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

A thriving port is a critical piece of infrastructure for any growing city. It is idealistic to think that Auckland could continue to be successful when its core ability to transfer goods is being shrunk. Auckland's geography is internationally unique - its twin harbours have been the backbone of its success. This success cannot be continued if the port is shrunk.

#7271

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>I don't know</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#7271

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	I don't know

#7271

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	I don't know
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

The council's core focus should be on local roads, rubbish collection, potable water, wastewater, and stormwater, and the provision of other public facilities. Essentially, a service should meet a test of being a 'public good'. Many of the projects note

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

#7271

8. Do you have any other comments?

Between 2012 and 2019 I note the following:

1. Auckland's population has increased from ~1.4m to ~1.6m (Stats NZ census data for 2013 and 2018)
2. The Auckland Council Group employee numbers have exploded from 8040 (2012 Annual Report, pg 143 of Vol 3) to 12,538 (2019 Annual Report, pg 103 of Vol 3). This represents a near 30% reduction in staff effectiveness in the intervening period adjusting for population change.
3. It would appear inefficiency has its rich rewards, with the number of employees earnings >\$100k increasing from 1,165 in 2012 to 2,831 in 2019 (up by 143%). Furthermore, those earning greater than \$300k have increased from 31 across the Group in 2012 to 60 today (up nearly 100%).

It would be nice to see reversion in cost increases, as it is hard to identify genuine improvement in services received over this period.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

People need to get out of cars and onto public transport.. that is a big priority so the money needs to be spent. Finish the Botany bus lane and start a Northwestern bus lane. Persuade the government not to build a harbour tunnel .

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It would be preferable to consider redeveloping it, rather demolishing it. What a waste it would be and all the construction waste going to landfill as well.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#7302

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

If Council had lots of money it would be great to fund services. But after the devastating floods last year, it is apparent that a future fund needs to be instituted to be used for urgent and unexpected things.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I think it would be great for rail to be used to bring shipments in.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#7302

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	Support
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve project planning coordination with service providers to reduce multiple work instances on the same site by differing service proves, to the extent of constraining some maintenance , or bring forward others by regulation site working permissions granted to all service operators. Every party does not have a right to excavate roads,

#7308

footpaths and re route traffic at their will. The disruption created costs more than their service value so Council should regulate their timing

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Integration of scheduling information for all transport modes with effective tools, like an enhanced AT app

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

If it is costing that much then a managerial failure is implicit

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

#7308

Consider more radical financial thinking and not be inhibited by the traditions approaches. This cannot be achieved by the current financial innovation capabilities

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Shift the port to the hauraki Gulf and provide deep water port plus underground rail connection to the Auckland network. No road link, all freight moves on rail

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

It is too rigid thinking to now prescribe the beneficiaries of such a plan but the benefits must accrue to the underwriters, the city

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Revert all non used port land to the city

5b. What option do you prefer for Bledisloe Terminal?

#7308

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Operations at Bledsoe are too hazardous to have at a city centre. Ensure new port facilities are sufficient for essential ops and require private enterprise activities to establish assets at safe locations. Auckland does not need to host them

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important

#7314

Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Very Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

need to support cycleways

strategies to encourage more people to use public transport as this is one of the biggest contributors to reducing carbon emissions

this might mean carparks near bus stops

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

don't live in the area, not sure what its benefits are or the negatives of reducing those benefits

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

proposals would have to guarantee a better long term gain than the existing airport shares do.

#7343

Are there other non-financial benefits to having airport shares that we would lose? a say in airport operations for instance?

Get rid of most of the Port. But dont build a stadium

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Retain ownership of land and wharves but get rid of port or substantially reduceDont know

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Dont know enough about Auckland Future Fund.

Can profits go to both extra funding of council services and future fund?

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

Needs more info and public discussion of pros and cons.

need to have better use of rail not trucks into Auckland

#7343

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

As above

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	

#7343

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

#7343

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Very Important

Tell us why

#7343

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Meadowbank community centre work already paid for so I dont understand why in this plan.

Using words such as "continue" and "support" dont give a lot of detail

8. Do you have any other comments?

The mayors personal preference for engineering and infrastructure projects should not dominate. The Council also has responsibility for the arts and community development such as greater support for the Art Gallery and Citizens Advice Bureau.

All work should take climate change into serious account, particularly reducing car usage.

Big vision is needed for a long term Auckland, not just constant tinkering around the edges.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport investment in rail

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7347

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

As long as the returns of the diversified fund is higher than those of the airport

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#7347

We need to move the port of our Auckland so leasing it out makes no sense as you lose all flexibility to move it

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7349

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I support better public transport. Regarding dynamic lanes, I feel like this will just allow road capacity to grow slightly and then become congested again, so it won't really solve anything. I'm disappointed that cycle ways and pedestrian crossings are being deprioritised - people deserve a range of quality transport options.

2a. Is there anything you would spend more on?

Cycleways and pedestrian crossings

2b. Is there anything you would spend less on?

Any road improvements which are just designed to improve things for cars. Also, any road projects which are designed in a vacuum as solely a road, without tacking on pedestrian/cycle improvements at the same time.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Don't live up north

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#7349

The reasons for the airport share sell down when explained last year made sense.
Agree with the broader reasons above as well

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

Tough choice

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#7349

Tell us why:

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Spend the money wisely! While I recognize and support the need to spend more to catch up after decades of neglect, every dollar needs a purpose. I worry that more money will be deployed without a benefit.

#7352

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less of stuff that seems virtuous but has no practical value. For example, all the raised pedestrian crossings that impede traffic flow and rarely see a pedestrian. Our a chuckle lane over the bridge. An expensive but frivolous idea.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Free transport for students.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#7352

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

I'm not sure that port Owensville is necessary. If prefer to see private ownership with a set of caveats around what the port must do and can't do.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

50:50 split between funding council services and investing in the fund.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

This is a complex plan. I found it challenging to read and think about, but I read almost all of it, except for information on boards other than my own. Providing options to spend more (or less) is radical and brave, especially in the current economic and

#7352

political climate and I fear that most people will not not read the plan and many who begin to read it will opt for spending less, thus condemning Auckland to becoming a 3rd world city.

I should say that I am in my 70s and will not see many of the benefits but I'm still opting to take the hard road and spend more. I should also confess that I can afford to spend a little more (not a lot) and might feel differently if I was struggling financially.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

#7360

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#7360

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#7408

Don't support any of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#7408

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less roads building, less massive car-centric developments. The fact that you lump everything into "Transport" shows that the council has no intention of trying to become

#7462

a better city that faces climate change head on. Also, less brand advertising for council and CCOs seriously, one of the worst things about taking the bus, is being in a dark grubby tube because of advertising about how electric busses are the future, this serves no purpose.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Cycleways, public transport

2b. Is there anything you would spend less on?

Roading and car emphasising infrastructure

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#7462

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I would prefer that profitability was not a strong priority over creating a port that meets climate goals, and the needs of the people.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Ōrākei

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Very Important

#7497

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

Tell us why

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Very Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important

#7497

Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Investment funds to bring financial resilience to environmental and cultural projects.

More cycle paths and public transport improvements

#7513

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Investment in road infrastructure

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I do not support stopping investment in cycleways - we should aim to reduce the use of cars, and not make it more difficult for people to cycle.

2a. Is there anything you would spend more on?

Green infrastructure - roof gardens and other green places within the urban space

2b. Is there anything you would spend less on?

Roads and petrol stations appearing everywhere

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It will give financial resilience to Council

#7513

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#7513

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#7513

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7528

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Stopping pre-planned initiatives like cycle ways and pedestrian access seems counter productive to supporting public transport, environment and health in our communities.

2a. Is there anything you would spend more on?

Safe cycle ways will directly affect the amount of people willing to commit to reducing drive-time and concerns for young people riding bikes.

2b. Is there anything you would spend less on?

Contractors who are slower than paint drying in the rain. The culture around working for council is that the budget is endless and the time to complete project (but keep getting top dollar) is reflective of this culture.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#7528

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Prime location for a world class event stadium...

if more shipping is done through RAIL (not truck) then other aspects of the proposal will need to be upheld.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#7528

revise after this long term plan of 10 years. Re-assess pros and cons and lease opportunities.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu, Maungakiekie-Tāmaki, Ōrākei

Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
--	----------------

#7528

Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	Very Important

Tell us why

Community is key in this area. Community led anything with get stonier buy in and long term support.

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
--	----------------

#7528

Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	Very Important

Tell us why

Youth led initiatives are great, but get the Boomers involved and accountable.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses

#7528

ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Very Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important

#7528

Fund and support local events to showcase our spaces and benefit local residents and businesses.	Very Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Good for the environment

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It would be good for further community involvement

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

The airport would likely be more efficiently managed

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Port would have better operation

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

It would benefit the wider Auckland community

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

It would help improve logistics within the community

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

The area needs redevelopment

6a. What do you think of these proposals?

harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

#7572

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important

#7572

Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

I do not support any targeted rates in our area. We are already paying a substantially higher council rates with fewer amenities compared to other local areas. Residents do not trash the few facilities provided here.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Sell the facility at Tagalad Reserve, not all residents need access to a neighbourhood facility in Mission Bay.

8. Do you have any other comments?

Continue to provide the basic services i.e. weekly rubbish collection, keep our streets clean, safe neighbourhood, maintain our roads and public transport.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Roading

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cultural events

#7575

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#7575

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#7575

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I think you'd need to know who was going to lease it to make a better-informed decision. The new leadership is more focused on getting back to basics and keeping people safe.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

#7603

Tell us here:

Especially when they get back to a decent annual dividend.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Not sure if operational lease will be good for the workers.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Better placed to make a nice "precinct" alongside Queens & Princes.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Would make a great Cruise Terminal!

Old Shed 10 is a bit of an embarrassment and looks transient.

It is an important industry for Auckland, with cruise ships bringing in millions of dollars of spend.

6a. What do you think of these proposals?

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like for the council to stick to doing council basics well to enable council to operate within budget and demonstrate fiscal responsibility i.e. water, environment, storm water.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7636

I would like council to stop trying to be all things to all people which generally results in long term wasted rate payer funding i.e. events, gold plated cycle ways (I have cycled all my life and own 4 bikes), expensive CBD street upgrades & speed bumps sprayed everywhere (many international cities much larger than Auckland don't have anywhere near the number of speed bumps on their streets) and over the top traffic management practices.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The new transport proposals seem to be based on common sense which is great and is pragmatic step in the right direction. Hopefully if these changes come to pass there will be genuine savings but also some positive improvements.

2a. Is there anything you would spend more on?

Possibly improved infrastructure in the future when council books are in order i.e. more commuter ferries, additional heavy rail (Onehunga to Airport/Airport Puhuinui)

2b. Is there anything you would spend less on?

Nice to have policies that in reality do not add value or support the real, long term issues that the city faces i.e. excessive cycle lanes, expensive traffic management processes, expensive bus ways.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Auckland has too many substandard stadiums many of which are not fit for purpose, operate at a loss and have have limited transport connections.

#7636

Auckland should have one major stadium of international standard in the downtown CBD area.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

In principle I agree with this policy but the realised funds could also be used to reduce debt and improve infrastructure.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Leasing the port operation will deliver improved efficiencies and profitability.

This is unlikely to happen if council maintains indirect management control over the port operation.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The Auckland future fund is a good idea in the longer term. In the short term the realised funds are probably needed more for the reduction of debt and the upgrading of infrastructure.

#7636

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Self-insurance is a good idea if the future fund was to go ahead.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Use the two wharves for as long as they are required. They should then be transferred back to council when no longer needed for high quality development purposes i.e. waterfront stadium or theme park.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Use the wharf for as long as it is required. It should then be transferred back to council when no longer needed for high quality development purposes i.e. waterfront stadium or theme park.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

#7636

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce recycling charges for schools.</p>	Support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

#7636

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Regarding the differential strategy. Businesses have the ability to include rates expenses as a business expense which reduces the financial impact. Domestic rate payers do not have the same ability to offset rates and other household expenses as a business expenses.

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important

#7636

Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

I would like the local community board to focus on several important environmental issues (which should be funded via rates) and avoid the nice to do objectives which should be funded directly by the users/stakeholders.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Keep focused on maintaining the environment and the available budget. The other proposed improvement options are generally good and will add value, but should the funding be via rate payers only when many others will benefit from the proposed improvements.

8. Do you have any other comments?

N/A

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increased funding for transport so that there are more buses. Improve reliability and regularity.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7664

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Increased investment and increase in the current levels of transport would be beneficial.

2a. Is there anything you would spend more on?

Making public transport faster and more reliable.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management,Other

Tell us why:

Since there is low utilization and attendance, less investment in the stadium would not impact the community. The funding should be directed to other matters.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

More returns to be used to fund council operations is something I support.

4b. Which option do you prefer for the future of Port of Auckland?

#7664

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#7664

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #7664

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	

#7664

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

Tell us why

More support and funding for events and services in the area would be good. I support the shift to a Feirer funding model.

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Sensible.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

With Auckland's rapidly growing North Shore, green space is essential. Also, there will be much greater use with better management. Thinking ahead, it will be a valuable asset for Auckland.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

AIAL shares are valuable and once sold, cannot be bought again. The Auckland Future Fund is a good idea, but maybe put a little of the rate increases into the fund and some return from the Port of Auckland which is improving under new management.

4b. Which option do you prefer for the future of Port of Auckland?

#7669

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

It will be beneficial in the long term to retain control of the Port of Auckland. Apparently, some port in Australia, that has a long-term lease, has the users complaining about rent increases. It also limits what you could do with some of the land. For example, moving the cars out of Auckland.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Use the profits and dividends to BOTH continue to use it to fund council services and invest in the proposed Auckland Future Fund.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

To improve and open up the Port area for public use.

As the Council has recently sold the Downtown carpark, a big carpark would also be beneficial.

#7669

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

The same as I noted for the Captain Cook and Marsden wharves. I understand the necessity of retaining port area for transportation of food to ensure its freshness. But manufactured goods and cars could go elsewhere.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

#7669

Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, cost of living has gone up a lot and it is fine the way it is. No need to burden people with rate increase and provide unnecessary upgrades.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

If the council wants to focus on mitigating risks of flooding etc, it should charge people who live in flood prone areas to pay more instead of trying to put the burden on everyone else.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

As said, cost of living is sky high, if people want to use public transport, let them use. If you want general public to use public transport instead of private, just make public transport more reliable (bus/train service is a joke as it is unreliable)

2a. Is there anything you would spend more on?

None

2b. Is there anything you would spend less on?

Cycleways etc.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Better use of land. With so many problems Aucklanders are facing, do we really need 2 stadiums in the city? (Other being Eden Park)

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#7740

Tell us why:

Good idea. With AIAL shares being high, its a good time to sell them and use that money as it was invested keeping in mind that the money would be utilized in time of need (which is now)

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

All I can say is that it is not a good time to increase rates as people are struggling. So, the council needs to do what it can with its assets to not burden people with increased rates when they have money/assets that they can make use of.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

If council really needs the money for important projects, then the money needs to come from the returns of their investments.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Nope. Keep Future fund on hold for now and focus on the problems Aucklanders are having today.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#7740

Tell us why:

Not really necessary. There are enough entertainment options for people around Viaduct. There is really no need to reduce Port operations when it can be used for generating money for the Council.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As I said before, use it so Auckland port can generate money from it and give to Council for investing/using.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>

#7740

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

None

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

#7740

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important

#7740

Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

Most of the initiatives are fairly localized. Focus on the climate change ones first (the waterways improvements, safety in all neighbourhoods and working on our environments).

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Its a good budget but needs more local consultation with the public.

8. Do you have any other comments?

Nope.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

more traffic cameras for those who abuse the carpool lanes

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7861

I would like the council to do less community programs. they are a nice to have, really cant afford them.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

fares for public transport need to be cheaper. It is too expensive, especially if you want traffic congestion to decrease

2a. Is there anything you would spend more on?

no

2b. Is there anything you would spend less on?

public transport fares

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Prefer to get an independent enquiry about what to do about it

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I think its a good idea generally. But need more information

#7861

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

The option selected is a better idea

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

best idea there

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#7892

Support most of the proposal

Tell us why:

Roading restrictions in infrastructure is choking productivity.

No more reduced restrictions on speed from 50-30etc

No more ridiculous raised pedestrian crossings

Maint work to be carried out at night time not in peak times during the day

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Monitoring and charging for minimum speeding and focus on real crime!

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Shut it down it doesn't really get used.

Sell the land off for residential development and use the proceeds to improve the bridge crossing or transport improvement initiatives.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Does the council really get involved in it now?

#7892

Engage someone that can get best returns

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Its not being run efficiently now is it!

Sell it off with underlying land and infrastructure control to a real International Logistics management company that can provide efficiencies in freight handling

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

More transparent - we need to know where the spending is going and is it sensible channeled expenditure. To date Council spending in excessive people and outsourced services is / has been ridiculous

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

#7892

Frankly the port is now in the wrong place and a bigger thought process as to where it could be relocated. Retain the Luxury liner access for tourism spend but move the freight port elsewhere

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

Who knows as given the transport infrastructural challenges whatever the alternative is for public benefit - who's going to use it.

The city as a whole is no longer a 'wanted' place to go really.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know

#7892

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

no

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei, Waiheke

#7892

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	I don't know
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important

#7892

Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Eilerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Waiheke Local Board Priorities

7b. What do you think of our proposed priorities for Waiheke in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Delivering core council operational services, such as mowing, track and facility maintenance, and the library.	Very Important
Programmes which protect, restore, and enhance the island's natural environment, and initiatives that provide opportunities for community connectedness, capability and resilience.	Fairly Important
Working with our community and businesses to progress actions within the Waiheke Island Climate Action Plan.	Fairly Important
Progressing recommended actions within the Waiheke Local Parks Management Plan	Not Important

#7892

and the Rangihoua Reserve and Onetangi Sports Park Reserve Management Plan.	
Working with mana whenua and mataawaka to identify and respond to their needs and aspirations.	Not Important
Capital projects including the Tawaipareira Reserve playground.	Not Important

Tell us why

The island is beautiful and needs preservation for sure.

People who live there and visit there respect it and care for it.

Council spend needs to reflect in the core needs such as

- better roading, perhaps some footpaths wouldn't go a miss
- better road s

7c. What do you think of the Waiheke proposed priorities for the 10-year budget 2024-2034?

In the main agree but channel the funds in the right places that will make residents and visitors alike have equal benefits as mainland Auckland.

8. Do you have any other comments?

Only one - we have a leader now that talks some sense.

Lets ensure he has similar sensible minds and rain-makers alike... just common sense and aligned decsions.

Otherwise this City will drop down further into the doldrums!

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More cycleways.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7930

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Focus should be on increasing the revenue from car parking to fund transport improvements. A lot of land is taken up by free street parking or parking rates that are too low to incentivise alternative modes of transport.

Remove free street parking from all town centres. Create parking benefit areas that can use the revenue from on-street parking to fund pedestrian and cycleway facilities.

Look at introducing higher rates on large off-street carpark owners, malls, and shopping centres to fund public transport, and cycleways.

2a. Is there anything you would spend more on?

Cycleways. Especially the connection from Gowing Drive to Glen Innes to Tamaki drive shared path is up for delay again.

2b. Is there anything you would spend less on?

Any project that widens roads, remove car parking first.

Any project that prioritises private motor vehicles over active modes of transport, and public transport.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Opportunity for local community sports to use facilities surrounding the stadium.

#7930

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#7930

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Very Important

Tell us why

#7930

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Great - Fully support Gowing Drive connection to shared path

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Get the city centre sorted - it is an embarrassing disgrace. Aotea Sq looks apocalyptic, grey and grubby. The beautiful Town Hall is now practically invisible behind fences, etc. Queen Street remains a virtual no go area despite no cars - who would want to go there? Bemused and dazed tourists wandering around looking for something, anything that tells them they are in a vibrant city centre.

#7955

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less money on cycleways - many are underused for example, the cycleway past Purewa and Meadowbank Station have almost know one using it and the path is so wide you could drive a tank along it - waste!

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Get AT under control - they speed humps and raised pedestrians crossings are a hazard not a help - travelling with a baby in a carseat over these bumps is nerve wracking. Stop the work on cycleways and improve footpaths - everyone can walk - not everyone can cycle.

2a. Is there anything you would spend more on?

Footpaths - hazards abound for walkers and young mums with prams. Get rid of raised ped crossings and speed bumps

2b. Is there anything you would spend less on?

Cycleways

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Building is ugly, selling the precinct land would generate revenue. Change of management needed to ensure the stadium is part of the council promotional activity - feels like a white elephant in the middle of nowhere.

#7955

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Not in favour of a CCO to manage the fund if the performance of AT as a CCO is anything to go by! But in general, a good way for council to have access to a revenue stream that will ensure easier to plan for the future

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Would allow better planning with a known revenue stream and future returns via the Akld Future Fund

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#7955

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Its a wasteland at the bottom of the city. Could be an inviting multi purpose public space

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

No clear idea what could be done with the space and do not want to see more freight moved by road and the totally inadequate rail service

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

more separated cycle ways like the one beside the western motorway.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7956

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

support cycleways, not raised pedestrian crossings.

2a. Is there anything you would spend more on?

bus ways

2b. Is there anything you would spend less on?

Light rail.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

We have too many stadiums for the size of our city.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei, Waiheke

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important

#7956

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Good. Ideally get on with the develop and enhance facilities at The Landing

Waiheke Local Board Priorities

7b. What do you think of our proposed priorities for Waiheke in 2024/2025?

#7956

I support most priorities

More specifically, what do you think of each priority we've listed above?

Delivering core council operational services, such as mowing, track and facility maintenance, and the library.	Fairly Important
Programmes which protect, restore, and enhance the island's natural environment, and initiatives that provide opportunities for community connectedness, capability and resilience.	Very Important
Working with our community and businesses to progress actions within the Waiheke Island Climate Action Plan.	Not Important
Progressing recommended actions within the Waiheke Local Parks Management Plan and the Rangihoua Reserve and Onetangi Sports Park Reserve Management Plan.	Fairly Important
Working with mana whenua and mataawaka to identify and respond to their needs and aspirations.	Fairly Important
Capital projects including the Tawaipareira Reserve playground.	Not Important

Tell us why

7c. What do you think of the Waiheke proposed priorities for the 10-year budget 2024-2034?

good

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend much less if anything on the maintenance of council owned golf courses and racecourses.

#7977

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I strongly support improvement and investment in public transport, particularly rail. I also support network optimisation. I oppose the cancellation of the previously planned initiatives.

2a. Is there anything you would spend more on?

Investment in public transport, particularly rail

2b. Is there anything you would spend less on?

Maintenance, improvement and expansion of the road network

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Auckland has too many stadiums for each to be used sufficiently. Redeveloping the North Harbour site will improve the use and profitability of other stadiums, allow the area to be put to a more socially beneficial use and generate financial savings and gains for the council which should be used to finance a future fund instead of the Auckland Airport shares.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

#7977

Tell us why:

I strongly support the idea of a future fund as it seems increasingly necessary to fund the investments we will need to make in the next 10 years. However, I strongly oppose the plan to sell the council's airport shares. These shares can and have been used in the past to appoint members to the board of the airport to give Aucklanders a say in the management of this vital asset. I do not wish to see Aucklanders' remaining democratic influence upon the airport pawned off for a one-time hit of cash. I strongly suggest the council consider financing a future fund by selling off the racecourses and golf courses it owns and selling or redeveloping underused stadiums.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

I would prefer a shorter lease of about 10 years to trial the leasing model.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

I would prefer a partial investment of the profits and dividends into the future fund but that most would continue to be used to fund council services. This would allow services to continue to be funded with some extra revenue earning measures or savings while still growing the future fund.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#7977

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.	I don't know

#7977

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

#7977

Tell us why

The preservation of the invaluable natural areas as well as the improvement of connectivity in our community should be top priorities.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

I would urge the board to consult with experts to evaluate the priorities.

8. Do you have any other comments?

I strongly emphasise that the council should use its stake in Auckland Airport to appoint members to the airport board rather than shortsightedly pawn off the shares for a one-time cash hit. Instead I would strongly point to selling or redeveloping council owned golf courses, racecourses and stadia to finance the future fund.

newsroom.

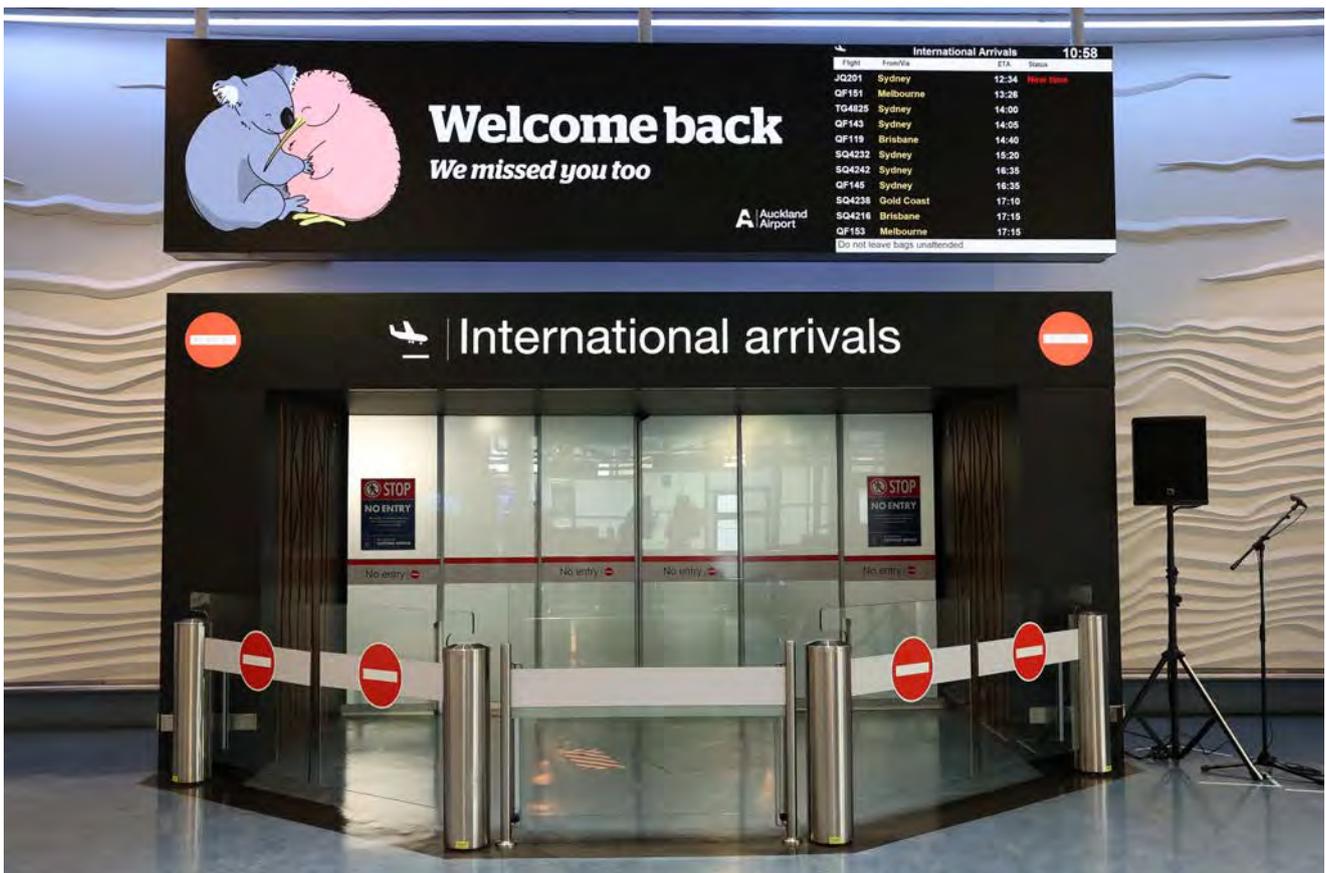

COMMENT

Don't sell Auckland airport shares – there is an alternative

Auckland local government luminary Sir Barry Curtis says Wayne Brown and Auckland Council are taking short-term and unnecessary action in pushing to sell the city's shares in Auckland Airport

by Sir Barry Curtis
12/03/2023

'We missed you.' Auckland Airport preparing to once again become Auckland's gateway after the pandemic. Photo: Getty Images

Opinion: Auckland faces the prospect of its strategic and intergenerational shareholding in the

Auckland International Airport being sold. This must never happen.

Having successfully fought the respective takeover proposals of Dubai Aerospace Enterprise and the Canadian Pension Plan Investment Board in the period leading up to the council amalgamation in 2010, I appeal to the citizens of Auckland to resist the current Auckland Council Mayor's proposal to sell our shares.

It makes no sense, and the Auckland public will be the loser. The current council shareholding in the airport is strategic.

READ MORE:

* [Auckland Airport issuing discounted shares to raise finances](#)

* [The rise and rise of Auckland Airport](#)

The Auckland Council inherited the shares from only two of the amalgamating councils, Manukau and Auckland. The other five territorial councils had long sold their interests. The combined value inherited by Auckland Council was 22 percent of the Airport ownership. The amalgamated council also inherited two Directors on the Board of the Airport company, one nominated by Manukau, another separately nominated by Auckland City Council.

Unfortunately, in 2015, the Auckland Council chose not to follow this practice of nominating a board member, a matter I find totally mystifying. Before Easter in 2020, the Auckland International Airport company board utilised fast track Covid-19 rules to raise \$1.2 billion in capital, specifically excluding all major shareholders including the Auckland Council. This resulted in the Auckland Council's shareholding being reduced to 18.5 percent.

Considerable value was lost because, unlike the Manukau City Council, it failed to protect ratepayer interests.

I campaigned strongly against the takeover proposals of the Emirates and the Canadians when I was Mayor of Manukau.

Entry ports to our city, both air and sea, are vital infrastructure to the Auckland and national economies and indeed, our security interests. They must not be forsaken. Only local public ownership, in part or whole, can safely secure the long-term interests of our city.

To protect Manukau's interests the council purchased additional shares to lift its shareholding above 10 percent. This provided us with a 'blocking share' to protect our ownership. We participated in capital raising to protect our value and stop the diluting of our significant shareholding.

We successfully lobbied Central Government to change the rules around foreign ownership.

We received regular, ongoing and substantial dividends which assisted to achieve lower rates. # 7977

The value of Airport company shares continues to grow. At the time of the Canadian Pension Fund's first bid in 2007 the shares were listed at \$2.80 per share. The offer was for \$3.65 a share. Dubai Aerospace bid was slightly more. Since amalgamation, the combined value of Manukau and Auckland's shares have more than tripled, a gain of \$1.2 billion to Aucklanders. The current value is over \$8 a share.

The Auckland Council has received well over half a billion dollars in dividends and a share buy-back from 2010. While no dividends have been received during the Covid pandemic, AIAL has indicated a resumption shortly.

The value of the Auckland Airport company, with its very large commercial and retail interests, will continue to grow. The Auckland Airport was built with public monies. It was owned and developed by the former Auckland Regional Authority until corporatised by central government in 1988. The Company was established with local government in Auckland owning 51 percent, but unfortunately, all but Manukau and Auckland sold their ownership interests.

I can only surmise at the huge loss of value and income by these other councils. The current Mayor of Auckland believes that being the largest shareholder is not strategic. This is simply not true.

The combined leadership of the two pre-amalgamation councils proved that a significant shareholding of around 20 percent does offer the opportunity to nominate directors onto the board to influence the direction of the company.

Good leadership involves long term vision, strategy and communication. Successful civic leadership requires that those leaders work in the best interests of the diverse communities they represent.

In this case the Auckland Council must protect the city's interest in New Zealand's main gateway to the world. It must not use short-term thinking and sell our shares in the Airport company. It must be more aggressive in strategically managing our shareholding.

Selling the shares will only give a very short term 'band aid' to council finances without addressing the root causes. If the Auckland Council cannot do these things, Auckland must take another look at governance in the region. The non-adopted recommendations of the 2010 Royal Commission into Auckland should be a start. We would at least have a more competitive and contestable environment on critical issues such as income and cost management as well as the strategic airport shareholding.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

(a) Astute commercial management; this is staffing Council organizations with people who spend money as if it was their own.

(b) Published cost data, while rumours abounded of the 30k, ..., 300k speed bumps these measures will get called out earlier if actual data is available.

#8011

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

(a) Need to hold contractors to account (quality, cost). Paying for poor outcomes is too common.

(b) Speed bumps and similar that seemingly gold plated / paved. Seems there is no common sense test of what is a reasonable cost / outcome. The Speed-bump question could do with presentation of expected and resulting road safety savings.

(c) Cones - while careful on arguing against H&S suggest this industry needs cost / benefit analysis. Observations of Auckland and NZ practices seem excessive compared to other cities. First hand experience is that it can cost almost as much for cones / street mgmt as doing the works, which must be reflected in (absence of) national productivity.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Higher density will add demands for improved public transport services and vehicle movement.

Use of existing assets. Stop spending on measures that add limited- / no- value.

2a. Is there anything you would spend more on?

Basic road maintenance. Lack of maintenance now will be costly in time.

2b. Is there anything you would spend less on?

As proposal, stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

Updating footpaths that where ok and the same road needs maintenance.

3. Which options do you support for the North Harbour Stadium?

I don't know

#8011

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Only interested if selling assets if the money is used to buy/develop new assets. If the money is used on operating expenses then it perpetuates living beyond Council's means.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Only interested if selling assets if the money is used to buy/develop new assets. If the money is used on operating expenses then it perpetuates living beyond Council's means

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Build fund for future use.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#8011

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Leave as commercial income.

Transfer to public space will cost to transform and maintain.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Keeps the Port as viable commercial area. The viaduct is the public space.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I don't mind paying more rates but I want better value for money from Council and less bureaucracy. I want the best minds on planning and design and the toughest minds holding people accountable for delivering the requisite quality within budget and on time.

#8024

Three main factors affect a bureaucracy's ability to deliver: 1. Setting budgets (dollars and human resources inputs) for all in-house and other projects under their control. 2. Setting and keeping to deadlines for all in-house and other projects under their control. 3. Holding those in decision-making positions, right down the line, accountable for delivering outcomes to budget and programme.

In addition, engender a feeling of pride in what Auckland delivers for all its citizens - even if this means less focus on what each individual wants.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend less money and resources to deliver outcomes. Develop an outcome-focussed approach, not a process-focussed approach. Trim bureaucracy.

I want Auckland to be great. I want Aucklanders to care more about infrastructure and community services, water, transportation and recognize the fact that quality systems cost money.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Don't cut back on what cycleways and the like. Cut back on raised pedestrian crossings. Deliver more for less.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Council overheads and bureaucracy. Fewer meetings, fewer reports. Deliver more using less resources using quality minds and efficient processes.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

#8024

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

I could be persuaded to click Proceed, but I am sceptical about the figures quoted comparing status quo with the Fund. There are advantages in having a Fund - flexibility being one. But retaining a sense of ownership of airport and port are a significant factor in developing Aucklanders' pride in their city. This should not be undervalued.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Let's do things better and take pride in our achievement rather than handing over operations to a third party.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

I would click both the top items but have reservations on both. What matters most is that the Port works efficiently and delivers on the investment.

#8024

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

An appealing aspect of the Future Fund is the prospect of self-insurance. It is worth looking at closely.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Generally in favour of more public access, but suspect the devil is in the detail.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Bledisloe Terminal looks like a strategic asset for Port expansion. Not against the transfer, but convince me that the Port will not need it in future.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

#8024

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	I don't know
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	I don't know

#8024

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	I don't know
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	I don't know
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important

#8024

Fund and support local events to showcase our spaces and benefit local residents and businesses.	Very Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	I don't know
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Infrastructure matters.

Engineering matters.

Community Services matter.

Recognize this. Take interest in and be proud collectively.

Be prepared to pay. Insist on good quality and value.

Shift mindset from personal spending to spending that benefits community. Doesn't have to be 180deg shift.

Don't mind spending more but insist on value for money over time.

Project definition and outcomes matter - right down to the smallest in-house ones.

Budgets matter

#8024

Deadlines matter!

Accountability matters!

Planning and design matter - quality minds needed.

Building to specified standards matters - tough minds needed.

Maintenance matters - look for value over time not least initial cost.

In short, I don't mind paying more rates to get infrastructure and community facilities and services across the city I can be proud of.

But I want the best minds on planning and design and the toughest minds holding people accountable and delivering the requisite quality within budget and on time.

Be outcome focused, not process focused.

Long-term Plan 2024-2034

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8027

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Walking and cycling infrastructure and public transport

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#8027

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Climate action

#8039

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Low impact roading projects that just increase the number of cars on the road.

Reduce costly sprawl.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Find ways to deliver cycleways projects cheaper, but deliver more of them.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Reduce funding for roads if they're not contributing to modal shift

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

If it's not working now, change it. Should be sale of some of the precinct land as quite a few bits are unused.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#8039

Tell us why:

The assets proposed to be sold are already providing a return. Sale would inevitably reduce options for the port land.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Should not be locked in for 35 years to that use of the land.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Important revenue stream

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#8039

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Strongly support efforts to create better and safer streets and public spaces for pedestrians in the CBD and other local centres to attract people and support local businesses

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expand city rail link to be a city rail link. Not a central rail link. North, South, east, west is still crippled by excess congestion and no number of roading improvements or congestion charging will solve this. Make Auckland easy to navigate and non car dependent. Comparatively we are a very embarrassing destination to other major cities

#8108

with 'proper' rail and transport infrastructure. We have under invested for decades, quit messing around and get on with it.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No. Increase funding and get on with it. Look to non ratepayers who reside in Auckland to pay a share towards funding. Unbelievable that there is no residence tax. Think bigger, plan bigger.

2. What do you think of the transport proposal?

I don't know

Tell us why:

Far too lacking in ambition. Feel like th CRL and transport goals are solving what should have been done over 4 decades ago and do not attempt to truly solve much mot than a fraction of what Auckland needs. what will future generations rely on when the populus grows beyond 2m, heck 2.5m which in 5-10 years could be very realistic. We can't handle 1.6m.

2a. Is there anything you would spend more on?

Light rail, monorail, airport rail, more frequent buses, express buses in common routes,

2b. Is there anything you would spend less on?

Decarbonising ferries, port, new roads or highways.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

#8108

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Yes make Auckland better through funding and protecting assets but why ports operations need to be looked at? Seems like a money sinkhole that could be better spent elsewhere. If the ROI pays for improved rail and transport strategy then ok.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Rail and public transport

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

#8108

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>I don't know</p>

#8108

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

#8108

Complete the seismic strengthening of the Remuera Library	I don't know
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	I don't know
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	I don't know
Continue local initiatives to enhance neighbourhood connections and increase safety.	I don't know
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	I don't know
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

#8108

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Not interested in any of the developments

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#8148

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Spend more on core infrastructure

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8186

Spend less on "nice to have's" & make it easier for private investment to provide things other than core infrastructure

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Transport is a core Council deliverable. Spend more but also spend it efficiently. Stream line AT to get rid of unnecessary bureaucratic oversight & waste on unnecessary health & safety

2a. Is there anything you would spend more on?

Get stuff done quickly & efficiently & avoid long periods of localised disruption for the sake of unnecessary health and safety.

2b. Is there anything you would spend less on?

Bureaucracy & excessive health & safety

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

NS Stadium is no longer fit for purpose. A downtown waterfront stadium to replace Eden Park & reset Auckland Stadia strategy is likely to show NS stadium is not required & better redeveloped to fund core infrastructure deliverables

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Open up this part of the waterfront to the people of Auckland - the perfect place for an iconic waterfront stadium & precinct development (Wynyard Quarter benchmark)

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Council should not continue to operate the Port - end of story

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Transfer Captain Cook, Marsden & Bledisloe to enable an iconic waterfront stadium development

#8186

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

But quicker than 15 years. Carpark is a disgrace

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Tell us why

#8186

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Focus on delivery of places & spaces for the community. IF done well the community will respond without the need to spend ratepayer money on encouraging community activity

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Not Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Not Important
Phased delivery of improvements for Heard Park.	Not Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Not Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important

#8186

Support local communities to develop Emergency Planning & Readiness Response Plans.	Fairly Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Not Important

Tell us why

Emphasis on delivery of quality places & spaces for the community. IF does well the community will take full advantage with out unnecessary use of ratepayer funds

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Thank you for the opportunity to contribute. I hope it makes a difference.

Long-term Plan 2024-2034

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Do not support

#8265

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

#8265

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other	

#8265

environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	
Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do roading infrastructure projects 24/7, work crews in shifts around the clock, get projects completed as swiftly as possible. It will never be cheaper than it is today to do the work, this 9-5 Mon-Fri approach with an hour for lunch, 3 smoko's and a wind up and wind down period of minimal productivity is appalling. Look to Asia, Dubai where

#8274

projects of immense scale are up and done in 2yrs. So much cheaper than paying labour costs for 10yrs.

People will not trust and use public transport until it is ruthlessly on time, frequent (every 10mins) and precision reliable. No strikes, power cuts, floods, accidents, flocks of flying pigs causing mayhem to the commuters' journey. You need to deliver the top of the line service BEFORE you can expect to get the trust and patronage of the public... you won't ever be a sustainable profitable service if you expect to do it the other way round.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop investing millions/billions in "cycle" as a meaningful mode of mass transport. It will never be so in Auckland. Our population is spread out over the area of greater London, our density is $1/5$ of greater London, peoples' living and working locations are disparate and not getting any closer as housing is unaffordable anywhere close to work, or work is in an undesirable location for families. Sort the roads and the public transport options - make it direct, fast, frequent and cheap. Toll the motorway infrastructure, make it user pays. Yes the consumer will be passed on the cost but that is an active choice not an enforced one. Ideally separate public transport from the normal roading infrastructure (trains, light rail, monorail etc. above the existing roading infrastructure - not instead of or beside on a painted on bus lane that weaves in and out of regular traffic flow causing holdups, congestion pinch points and accidents). Do roading projects once, with good quality materials and at a scale to be fit for 50yrs time, not just 5yrs, so many of our projects are not fit for purpose and volume before they are even finished.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Making it "easier to pay" is irrelevant to efficiency - we are not Sydney, London, New York, we don't have the numbers on our public transport avenues to make that a "pivotal" factor in our transport efficiency. It's also an expensive token gesture, full of marketing fanfare but tangibly delivering little to the customer in real terms. Also tap and go public transport isn't a "new initiative" its old news and the basic standard in most modern city environments. Getting wheels rolling consistently on time, at a good speed and unhindered by holdups is what makes efficiency happen.

#8274

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

cycle lanes and bollards taking up normal street lanes + painted on bus lanes - all pointless. Buses should have separate roading ALL the way from point A to point B, and cyclists should be completely separate away from roading and traffic completely, not fits and starts here and there weaving in and out of lanes and regular traffic.

Road cones and ridiculous "traffic management" expenditure, that stuff is out of control. The council could have it's own plastic recycling plant dedicated to road cone manufacture and make itself the key customer in NZ, that and "green waste bins" manufacture, another extravagant waste of money. One for every household in Auckland?!?!? Utterly pointless when 90% of us can't even separate our plastics properly, let alone our plant waste.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Changing operational management first gives the existing infrastructure/precinct an opportunity to improve its viability to pay it's way, become a more worthwhile or enticing venture to invest further capital into, and allows options for broader dialogue with the community about what the perceived needs are, options for how these could be met in a financially sustainable manner, and explore broader avenues for utilisation of the site that address multiple objectives.

Just selling a key bit of inner city green space infrastructure for a quick buck is a fire sale approach. We are unlikely to get a stadium anywhere near the central city again so we should pause before rushing into the sale.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#8274

Tell us why:

If we are not collecting a dividend that provides a consistent revenue stream to Akld Council to be utilised for other works then holding on to shares that are not likely to realise us a return for several decades is not wise in our current fiscal state

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Essentially it seems the Council is looking to move it's visible revenue streams from the dividends paid from POAL and the International Airport into a fund management account "The Auckland Future Fund" over which the individual rate payer has no say, the council has little year to year control over, and there is no immediate benefit - actually a drastic decrease to services or equally drastic increase in rates to cover the loss of income!!

The fund essentially screws over the current Auckland inhabitants to potentially maybe (crystal ball gazing) help out the future generation to met predictable maintenance and improvement costs.

How about we just put a bit aside each year for future expenses - lets say 10% of revenue received!?!?! Sounds more sustainable, easier to cope with year on year and builds a nest egg, albeit more slowly yet less brutally, for the rate payer

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

We are not in a financial position to invest such a sizeable portion of our revenue stream in a Fund that will not provide tangible benefit to those paying/suffering for it or because of it.

#8274

Get the AKld Council house in order first. Cut wasteful spending, rationalise expensive projects. Prove you can live within the means of the rates already paid before you expect to push the city into further debt by dabbling in "investment".

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The downtown precinct / viaduct harbour and public wharves area is already under utilised and yet to reach it's full market potential. There is too much already under development in the area to support further big new infrastructure development. A multitu

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

maximising profitability of operations is the key focus for the port for the next 10years.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8293

Get rid of at least 10% of your bloated staff - stop using the cone people - get rid of panuku and your "marketing" crowd - salary caps for your totally overpaid staff, they are only there because they would never command their salaries in a commercial environment

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

At is useless -everything they do is way too expensive - try getting overseas quotes for roading etc -this will bring the gravy train to a halt

2a. Is there anything you would spend more on?

redundancy payments

2b. Is there anything you would spend less on?

Everything -

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Sell it -it is not a core function

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Congratulations -you have at least one person with a financial brain

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Smart thinking

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

best plan

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Just cut out all the non core activities -remember the insurance companies are there to make a profit

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Just stop spending money the council does not have

#8293

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

leave it until funds are available in the future

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #8307

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#8307

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important

#8307

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Do not disperse our rates take to other areas. We have many facilities in our area used by people from other wards.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support key council facilities used by the public such as libraries, recreational centres and the like.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8310

I find it fascinating that we are going to be required to stump up for a 7.5 increase in rates when I understand the council passed on a 7.5 corresponding increase in salaries to all its workers last year. I for one did not receive such an increase last year in my own salary. Perhaps considering how it remunerates its staff should be looked at as a first port of call and reducing the number of bureaucrats.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Support congestion use tax

Government needs to come to the party also since they get the benefit of higher population growth - needs to be passed on to councils

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#8310

Think it's a genius idea. Am shocked they didn't previously have the money invested in that way.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#8310

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes! I urge Auckland Council to prioritize transport investments that rapidly reduce emissions and improve safety for everyone. Here's what I'm prepared to pay more for:

#8384

Dedicated Public Transport Lanes: Expand busways and surface light rail, ensuring they are implemented efficiently by reallocating road space. This improves travel times and reliability, making public transport a viable alternative to cars.

Safe, Connected Cycleways: Develop a comprehensive network of separated cycle lanes throughout Auckland. This promotes active transport as a safe and attractive option for daily journeys.

Walkable Neighborhoods: Invest in pedestrian-friendly infrastructure, including wider footpaths, safer intersections, and traffic calming measures. This makes walking a pleasant and convenient choice for local trips.

Congestion Charging: Introduce congestion pricing in central areas to manage traffic demand and generate funds for sustainable transport improvements.

I recognize these actions require increased investment. To meet our Paris Agreement targets and create a truly livable city, I'm willing to pay more. Let's shift away from a car-centric system towards a future of sustainable, equitable, and safe transport for everyone in Auckland.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I have concerns about the current plan's ability to address Auckland's growing congestion issues. To future-proof transport, I propose the following:

Prioritize Surface Light Rail: Invest in a surface light rail network, specifically the City Centre to Mangere corridor, with an initial City Centre to Mt Roskill line. Any work on the North-Western busway must accommodate future conversion to light rail. This high-capacity mode is essential for projected growth.

Boost Cycling Investment: Significantly increase funding for cycling infrastructure and maintenance. This investment yields exceptional benefit-cost ratios (10:1 to 25:1).

Pedestrian Focus: Support more raised pedestrian crossings and improved footpath maintenance for safer walking environments.

#8384

"Dig Once" Approach: Coordinate transport projects with other infrastructure upgrades to minimize disruption and reduce overall costs.

Safer Streets Now: Leverage road maintenance projects to incorporate quick safety improvements for walking and cycling.

Multi-modal Support: I support initiatives like the \$50 weekly public transport cap, bikes on buses, enhanced train services, and light rail for convenient multi-modal journeys.

Additionally, I urge Auckland Council to:

Advocate for Harbor Bridge Access: Push Central Government and Waka Kotahi to reallocate a lane on the existing Harbour Bridge for walking, cycling, and wheeling.

Align with Climate Goals: Uphold Auckland's commitment to the Transport Emissions Reduction Pathway and Te Tāruke-ā-Tāwhiri, Auckland's Climate Plan.

Increase Walking/Cycling Budget: Follow the UN for Environment's recommendation and dedicate 20% of the transport budget to walking and cycling, addressing the current underinvestment in these sustainable modes.

2a. Is there anything you would spend more on?

I strongly advocate for increased Auckland Council spending on the development of a surface light rail network. Prioritizing the City Centre to Mt Roskill line, with the leveraging of existing design work will allow for fast-tracked implementation. Following this, the network should expand to Onehunga and Māngere, with eventual extensions to high-use corridors like the North-Western. This staged approach ensures affordability and practicality. Surface light rail addresses our city's congestion issues, supports growth, and delivers a high-capacity, environmentally-conscious option that benefits communities and businesses along its routes.

Additionally, I call for greater investment in safe cycling infrastructure, designed to connect key destinations directly and accessible to all. Reallocating road space with quick-deploy materials like concrete separators makes implementation fast and affordable. This should be coupled with secure end-of-ride facilities, repair stations, and improved pathway maintenance.

Finally, I support initiatives for safer streets: 30km/hr speed limits in residential areas, around schools, and in town centers, combined with traffic calming measures and raised pedestrian crossings. Creating low-traffic neighborhoods via modal filters will empower people to choose walking, cycling, and wheeling for their local journeys. These investments will enhance Auckland's livability, sustainability, and economic strength for everyone.

#8384

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

I do though think all investments need to be in green, sustainable projects with no ties to the use of fossil fuels.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

#8384

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

As someone who lives close by to the Ports, it is a real mark on our community that they are ugly, unusable and limit access to view and use the Waitematā. I support these becoming spaces for public use — green spaces that encourage community building

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

See comment above.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount	I don't know

#8384

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools .	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#8384

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	I don't know
Progress the Meadowbank Community Centre development.	I don't know
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	I don't know
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important

#8384

Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	I don't know
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

Water quality and safety is especially an issue. The sewage in Parnell on St George's Bay Road right now is plain awful and a stain on our neighbourhood. Other community building and climate positive actions, I support.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Sustainability, recycling, composting, de carbonization

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

#8409

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Public transport should be a priority for the services it provides and for sustainability purposes

2a. Is there anything you would spend more on?

Bike lanes

2b. Is there anything you would spend less on?

Speed humps

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

This proposal provides flexibility

4b. Which option do you prefer for the future of Port of Auckland?

#8409

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Locking in the port for 35 years would be a huge mistake. The port should be moved out of Auckland. Many studies support moving the port.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

A Future Fund based on a 35 port lease would be a big mistake. Future Councils could raid the funds (regardless of guardrails). This proposal provides no vision for Auckland's future.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

The Council needs to have the authority and flexibility to make decisions on these areas.

5b. What option do you prefer for Bledisloe Terminal?

#8409

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

See above

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Scale up care of our beaches, cleaning changing rooms more often, ensure storm water directed correctly. Our beaches should never have to close due to unsafe water quality. Set up more bins. Regular removal of leaves from streets leads to less flooding of drains.

#8410

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less consultation meetings, send proposals by mail.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Getting the rail network going properly, permanently. supervise KiwiRail.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Very valuable land, develop for use of the people not just sport. Parks, children play areas, nature trails, one-part units built, income to council for rent.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I like anything that looks to the future, but don't sell shares in Airport too valuable for future.

#8410

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Another valuable asset. Council could have representative on port management.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Anything to develop waterfront. A real attraction for tourists, locals.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#8410

Tell us why:

But develop overseas departure arrival area, cruising will only increase, lets welcome with top class facility.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#8410

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Franklin Local Board Paths Targeted Rate - I don't know.

I did not read this.

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
---	--

#8410

Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	
Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

Tell us why

I live in a lovely area, the Orakei board is very efficient. I would support them in any proposal they made. Deeby Simpson very approachable, efficient.

#8410

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Thank you for the opportunity to have a say. I love Auckland City and wish the council all the best in what must be a complicated job.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

NO - keep rates affordable for retired people!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Fewer bike lanes and raised pedestrian crossings

#8419

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Too expensive

2a. Is there anything you would spend more on?

NO

2b. Is there anything you would spend less on?

Any new initiatives as they just add cost to ratepayers

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#8419

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

But don't waste money on a new stadium

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

But don't waste money on a new stadium

#8419

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Need to stop wasting money on community stuff and stop sewage discharges and clean the beaches.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Need to stop wasting money on community stuff and stop sewage discharges and clean the beaches.

#8419

8. Do you have any other comments?

Keep the rates down, focus on CORE business, clean the harbour and the beaches.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More funding for local boards on community initiatives for those who'd appreciate it the most e.g. movies in the park. These should not be the first things to go.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8438

Be more vigilant with public funds so there's less blow out in costs - get quotes like a private business would. make it more competitive for contractors to win jobs. We are sick of hearing how money is getting wasted!

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Why spend all that money, partly to make public transport foster when there's not nearly the demand - what's being done to change public perception? I have very little confidence in this.

2a. Is there anything you would spend more on?

Getting the job done faster on our road. not good enough! how do construction companies get their jobs done so quickly?

2b. Is there anything you would spend less on?

N/A

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Using what we have in a more efficient manner is always the right answer - must consider how to do better than currently operating, especially considering the \$33 million must be spent.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

This is a much better way to manage asset! Very forward thinking - delighted by this proposal.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

The current plan isn't working under parts of Auckland control - do something different! Worth using current assets/ investments to plan for the future, by using them more efficiently/ maximizing their value.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

N/A

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#8438

Tell us why:

N/A

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Very large piece of real estate - until there's a plan for alternative use, keep it with Port of Auckland.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Funding to Maori Outcomes not increased as per the Less Proposal as this sounds like something that does not have visible outcomes and probably has no benefits for ordinary Maori.

#8474

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Seems to address everything important. Just an impact on electric ferries but I would rather see the lack of ferry services addressed, I don't really care if they are electric or not.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't use this stadium

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#8474

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

The Lease amount received is not dependent on the performance of the ports operations. Improved profitability is just a goal not a certainty. Also this option has already been used when calculating the rates increases in the Central Proposal.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I assume that if it is invested in the Future Fund, rates will increase and that the Central proposal assumed leasing the Port and using it to fund council services..

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Provide public access to the waterfront without impacting Port Operations and the lease amount.

5b. What option do you prefer for Bledisloe Terminal?

#8474

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

The city needs a port and the removal of Bledisloe will impact the Ports operations. Ports add character to a city. I don't want the entire water front turned into luxury apartment buildings. Don't like the idea of more freight being transported by road. The reduction on the lease amount to be paid to the Council if POAL loses Bledisloe.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I like the idea of less unnecessary speed bumps

I don't use public transport but is good to have

2a. Is there anything you would spend more on?

More lanes on motorways = less traffic?

2b. Is there anything you would spend less on?

Unnecessary speed bumps/ signage etc

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#8481

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#8481

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>I don't know</p>

#8481

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Make an effort to ensure that all Council buildings are accessible for people with mobility problems.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Introduce car sharing within council allocating cars per department rather than per role.

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

#8482

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The waterfront has many pleasant walks and venues already. Also, the city has a great number of parks for all to enjoy and playgrounds for children in these times of restraint.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Decide what to do with it when the pressure of repaying significant debt have passed and cyclical upturn in income is available.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No time to be realistic and cut costs and ease back on services and major cut back on non essential staff

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Pay less to ethnic groups we are all one people --Proposed spend on Maori \$171 million is not justifiable and seen as racist

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

cancel spend on cycle ways--Nice to have be we have way over spent on these for decades they are non essential

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

cancel spend on cycle ways--Nice to have be we have way over spent on these for decades they are non essential

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

If it aint working fix it

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

A balanced portfolio in fund likely to bring far better results than one identity

#8501

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

History tells us that the Council does not have skills to run a major port operation

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

future proof the port operations with effecincy

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

use for coastal shipping

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#8501

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important

#8501

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Retain airport shares. Increase public transport in Northwest Auckland

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8533

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Need less on roads more using public transport

2a. Is there anything you would spend more on?

Maintaining rail infrastructure so that it needs less replacement over time-spend less on rail infrastructure.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

New Auckland sports teams need North Harbour stadium (new football teams) so needs stadium as is.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Lack of council shareholding may not help if Auckland airport develops and may not benefit residents.

#8533

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Reaffic speed bumps, Cycle lanes

#8540

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Public can not be relied upon. Trains are mostly cancelled

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Cycleways. No one uses them.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

It was successful under previous management

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

After 20 years we will end up with nothing

4b. Which option do you prefer for the future of Port of Auckland?

#8540

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Arabs or Chinese do not care for Auckland, just want a return on investment

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

No faith in "Future Fund"

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Council will spend heaps of money on nothing. What happened to Shed10? Cruise ships prefer Princess Wharf and icause problems for ferry boats

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#8540

Auckland needs a port close ro industry. Northland port rail link has gone no where

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide	

#8540

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important

#8540

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Very Important

Tell us why

Stop spending money

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Safe and efficient walking and cycling infrastructure.

Efficient, affordable and frequent public transport.

Initiatives to encourage Aucklanders to drive less and reduce congestion.

#8565

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less focus on car-based transport infrastructure.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I support the public transport and network optimisation aspects. I do not support stopping pedestrian and cyclist safety initiatives.

2a. Is there anything you would spend more on?

Low emission, high frequency and reliable public transport. Expand ferry network e.g., to eastern beaches? Look for simple low-cost cycle safety improvements. We must spend more on getting people out of their cars.

2b. Is there anything you would spend less on?

Car-centric roading projects; these just encourage people to drive which leads to more emissions and congestion (as residential density continues to increase)

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

#8565

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Provides land for public benefit without significantly affecting Port operations (and therefore not increasing emissions and congestion from truck transport of Port goods).

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

#8565

Support the use of this prime waterfront land for public benefit. Would not support the transport of diverted port goods via truck (road) due to resultant emissions and congestion.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

1. Neighbourhood connections and safety for pedestrians and cyclists is critical to make this a great place to live and move around. We NEED to get people out of their cars; road congestion is untenable and alternative options (cycling and public transport)

#8565

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Low cost cycling safety improvements must be added; e.g., safe connections from the Orakei off-road path to surrounding network - cycling lanes on Kohimarama Road and Kepa Road. Cycling on the existing roads in the area is simply not safe.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#8585

Support most of the proposal

Tell us why:

I would like to see more cycle lanes and separate footpaths

2a. Is there anything you would spend more on?

cycleways separation from cars

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

It seems we have too many stadiums and north harbour is really hard to get to and find a park

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We need to keep our assets not sell them off for a short term fix. Work harder at finding another solution. You can fix it better. Try harder

4b. Which option do you prefer for the future of Port of Auckland?

#8585

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Once you privatise there will be lay offs meaning less people with a job. Experience tells me this is not a good idea. 35 years way too long. Find better solutions. You can fix this Mr Fix it Put your thinking cap on please

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Let's move the ports and make use of the waterfront land

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#8585

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Reduce the number of days when our beaches are unfit for swimming. We should aim for 100% safe swim days

#8615

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce the number of new speed bumps

Reduce the number of road cones

Reduce the number of outdoor entertainment events & leave these to private businesses to arrange

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

They are all good ideas

2a. Is there anything you would spend more on?

I would introduce a system of "one-way streets", as if they were planned carefully they could speed up traffic flow & make more room for parking

2b. Is there anything you would spend less on?

I would spend less on "traffic management" Often the Council spends large sums of money on huge "traffic management trucks & staff" when a cheaper solution could be found

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

Better use could be made of the stadium.

As the population of the North Shore grows the need for the stadium will also grow

#8615

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I don't trust an overseas contractor to deliver a less expensive "container handling fee"

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

A mix of one & two

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#8615

Tell us why:

As our city grows our port will need more land, not less!

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

We are a "Port City" and we need to accept this fact

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.	Support

#8615

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

Submission to

Auckland's Long Term Plan 2024-2034

March 21, 2024

Introduction

The EMA believes that local government, in general, and Auckland City, in particular, is coming to a crunch point in deciding what the City wants to maintain and grow in its provision of services and infrastructure and how much it is prepared to pay to provide those services and infrastructure.

Is Auckland to remain a big city in New Zealand or is it a boutique international city in the Pacific region?

Auckland's Central City area contributes 7% of the country's GDP while the contribution from the wider city and region is 38%. On a pro rata basis, it contributes more to New Zealand's economy than other similarly population dominant cities contribute to their country's economies.

As the final destination of choice for most immigrants (up to 70% at times) and the employment destination of choice for many New Zealanders the city – after a brief covid hiatus – continues to grow at a pace that generally exceeds projections.

That puts well-known pressure on all the city's services and infrastructure, and that includes social – schools, hospitals etc - as well as "heavy" infrastructure rail, ports, roads, airports and networks (water, electricity, gas and communications).

The City continues to grow out as well as up and that puts additional pressure on providing new services and infrastructure further out of the city centre while central city population density remains low – comparable city centres have densities as high as 40% of total city population compared to Auckland's 4%.

While the City's issues are well-known, as is the current pressure on finances, there are also changes at national level that provide opportunities for Auckland if it is willing to break out of past thinking and look further ahead.

The new government has widely signaled it wants to have a focus on localism, giving local councils more input into decisions that affect the region. That has yet to significantly translate into action this early in the term but there is also a national level willingness to get on with major infrastructure.

Fast-track consenting and another extension to the MDRS commitment will be helpful for Auckland as is a willingness to encourage alternate funding such as City Deals, easing of access to international investment, tolling and congestion (time of use) charging and a willingness to encourage private sector investment.

The EMA is supportive of pursuing a city deal for Auckland and other cities/regions within our network and there is growing support among Auckland's business community to assist council in making a deal work for the city.

The EMA makes the following recommendations on the current LTP.

Supports the central funding plan

If economic circumstances had been better, we may have preferred the pay more option but with 30 phone calls a week from members seeking assistance on restructures and redundancies, it is not possible to support adding higher rates charges for an under pressure small to medium business sector.

There are a number of areas in the pay more plan that could be revisited sooner rather than later especially around funding Tatakai Auckland's events programme where the future pipeline of major events is basically zero. Funding the development of town centres around the city is another but that may occur anyway in some areas that will be better serviced by the CRL. Any steps to take full advantage of and create maximum efficiencies from the CRL should also be kept front-of-mind.

Support the long-term leasing option for POAL Operations

The EMA has long been a supporting of leasing the Port operations to a specialist port owner. While the Port is now producing a small dividend it is coming off a low base and still faces pressures to perform.

Locking in a longer-term, consistent revenue stream may give better use of the land.

There is a school of thought that this lease term, probably around 35 years, locks up the Port land for other uses. At this point numerous Port studies have failed to agree a viable alternative location and finding and consenting any new location will be a long and complex process likely to take up a significant chunk of the 35-year term of a lease.

Largely support the Transport Plan

Our view is that any traffic flow efficiencies measures that can be introduced should be introduced now. That includes green waves for traffic lights, left or right turns on red arrows when the road is clear and creating more clearways for longer periods at peak times to enhance movement of busways. There are some major arterials where on-street parking should be removed after careful consultation with local businesses and provision of alternate parking areas.

A \$50 Public Transport cap has its merits but needs to be considered against a scenario where public transport possibly needs to be lifting its share of the fare box to cover costs. It may be a lift in volume of public transport users – a goal of this move – does that, but it needs to make a business case.

Time of Use/Congestion charging should be introduced ASAP as there are numerous available systems that have been proven overseas.

Use existing options such as a Gold Card/Community card link to partially offset disadvantaged communities who may have to travel at peak times.

A congestion and better public transport need to be developed together, we can't wait for one to offset the other as the use of public transport will never keep up with demand for, or provide a complete alternative to, the use of private and freight vehicle use. The EMA supports the use of a hypothecated charge within the congestion charge to help fund development of PT.

Transport Plan priorities, both public and private and freight vehicle transport should be part of a strategic approach to a City Deal.

The Future Fund has its merits with cautious Support from the EMA

Using the Port dividends, Airport shares and potential Council land sales to create a future fund to offset major disaster costs is potentially a useful idea but the single biggest challenge to its success will be current and future councils.

Auckland City used to have its own investment fund but the temptation to spend it proved too much and that has now long gone. New Plymouth has such a fund and it comes under regular threat as successive councils question its investment policy, future and want to spend the funds.

Any such fund needs to be well locked away from temptation, just as the Entrust fund has been legislatively locked away.

Drop the campaign against the Business Differential

The EMA has kept up long-term opposition to the business differential with businesses currently providing about a 31% percent contribution to rates as opposed to a 26% contribution from residential rates.

Our reasons for opposing the differential remain valid but the shifts downwards in recent years have been zero to minimal (0.1 and 0.2%).

We can't support the pay more, spend more option this year but will drop our opposition to the current business differential provided the current margin does not increase in the future.

Support Alternative Funding for Infrastructure

Many Councils around the country, including Auckland, are grappling with the question of funding. Central Government has also recognized the issue and is willing to open up pathways to alternate funding tools such as city deals, congestion, charging, tolls, and overseas investment to help alleviate the funding and financing issues.

There is growing support among the business community to help Auckland City pursue a city deal. The last time this level of support was apparent was the push to get the CRL over the line when the business communities' backing convinced central government ministers to back the project.

Traditionally left leaning councils such as Christchurch and Dunedin are considering how to get the best value out of their assets and Auckland needs to do the same.

The City needs to welcome private sector/overseas investment and workforces and make greater use of user pays measures such as tolls, congestion charging, parking charges and fines etc.

About the EMA

Established in 1886, the EMA is New Zealand's largest business association representing more than 7,000 businesses in the upper half of the North Island. Combined, our members are responsible for employing around 25% of the country's workforce.

We are the unapologetic voice of the business community, advocating strongly on behalf of our members and the wider business community to ensure their voices are heard by government and decision-makers. In collaboration with our nationwide network, including BusinessNZ, Business Central, Business Canterbury and Business South, we represent and support over 76,000 member companies.

As a not-for-profit association, we provide trusted, expert and affordable advice to our members. Delivering a wide range of services, including learning and training courses, health and safety advice, employment support, and HR and PX services, we support our members to upskill and build capability in their teams.

More broadly, we aim to create an ecosystem of support for all businesses in New Zealand, enabling them, their people and their communities to prosper.

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Waste less money ..

#8651

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The document is complicated . Reduce unnecessary spend on cycle lanes and raised crossings and light controlled pedestrian crossings and kerb & channel works where not required

2a. Is there anything you would spend more on?

Rephrasing traffic lights to give vehicles more time each phase . Do often traffic just gets flowing and the phase ends .

2b. Is there anything you would spend less on?

See tell us why above

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

A stadium in the area fit for purpose is required with the existing and future population growth

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Ak airport shares are a sound long term investment and diversify assets

#8651

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

We need to retain control of the port operation and keep our options open for future use decisions

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Auckland council needs every bit of income to support its operations

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I object to the entire future fund proposal

It could turn out to be another council disaster

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

It is on prime land the public should be able to enjoy

#8651

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

It is on prime land the public should be able to enjoy

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>

#8651

Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Council needs to support businesses and raising their % of rates charged will not help . Many businesses are at a turning point or already failing in these tough economic times

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

#8651

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important

#8651

Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.

Fairly Important

Tell us why

Tagalog reserve is a critical asset for the ratepayers and also follows thinking on stormwater control . It should return to community use

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

A multi sport facility at Orakei domain is a nice idea but such projects should only follow a rigorous cost/ benefit analysis . Dredging Orakei basin is a costly and unnecessary idea and will silt up again

8. Do you have any other comments?

Orakei is a key board . Full consideration should be given to the fact that many beaches and associated facilities lie in its boundaries whack are used by people all over Auckland and tourists alike

Long-term Plan 2024-2034

from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	I don't know
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations,	Fairly Important

#8691

such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

I support the increased \$35m of investment into the Sport and Recreation Facilities Investment Fund.

I support increased investment for the Sport and Recreation Operating Grant.

I support a review of the cost of and how maintenance is delivered for sports fields.

I support increasing the level of Development Contributions collected and using them for community sport and recreation facilities.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8696

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Stop selling stuff to pay the bills. You're selling what I currently own to people who can afford to buy them. Seems very inequitable.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

The easy, thinking outside the box solution to Auckland's waterfront, is to land containers in North port, then BARGE them directly to Onehunga via the Tamaki Strait. Could get large volumes off the road and take them to the inland port for distribution.

#8696

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8704

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycleways and Raised pedestrian crossings don't have any downsides. They make back the money spent and make it safer for cyclists and people walking (walkers?) travelling, which would probably (as far as I know) result in fewer people driving if other forms of transport (not including public transport) don't run the serious risk of being splattered across the tarmac.

This seems even more important seeing as light rail's been shot dead by the govt and Auckland still desperately needs to cut down on congestion.

Everything else tho omg I love it.

2a. Is there anything you would spend more on?

Cycleways and Raised Crossings

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Proposal without the AIAL shares.

#8704

The Airport is seemingly going to be a consistent cash cow for the Council so selling off the shares doesn't seem like a particularly good idea (at least to me).

I do however think that the Future fund is an excellent idea, just that pawning off the Airport is a poor way of going about it. Long-term Income is great and incredibly important if the council is going to be taking on more responsibilities from the Government, just that selling off another source of long-term income seems at best counterproductive.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

If it does exist without the airport shares then throw the port income into the Future Fund?

The port is living on borrowed time as the Whangarei port is inevitably going to be built and supplant the Auckland one (not that it seems that it'd be a bad thing) so squeezing the money out of the ports and redirecting it into the much-better-in-the-long-term future fund seems a great idea.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#8704

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Considering that the ports are on borrowed time and if the Council wants to squeeze out the money for longer-term income, getting a headstart on using the land for non-port purposes seems a great idea.

Provided the land isn't cataclysmically poorly used, it is going to make money and be a more pleasant place to be around, which is good.

It might not make as much money as it would as part of the port, but the change has to come, and getting it done sooner means that the more reliable income also comes sooner. (That I know at least)

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	

#8799

Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

To Auckland Council,

Re.: Submission on Parks & Community Component of Council's Long-Term Plan

This is a personal submission in support of the funding for sport and recreation facilities as part of the Auckland Council's Long-Term Plan. I am also a member of Remuera Rackets Club.

As a resident of Auckland, and someone who is an active sports and recreation participant, I appreciate the commitment and support that Auckland Council has made and continues to make to the sport and recreation landscape of the city. I also am very aware of pressures and challenges the Council is facing.

As an active tennis player and club member, I have personally experienced a wide disparity in the quality of club and public tennis facilities across Auckland. A greater level of investment to maintain, improve, and protect facilities from the ever-increasing ravages of weather extremes, would be hugely beneficial to the sport and its participants.

I fully support the retention of the existing Sport & Recreation Facilities Investment Fund at its current level, plus adding the proposed (non-contestable) additional \$35m investment. This will be vital in addressing the sport and recreation infrastructure deficit and upgrading the existing infrastructure.

I hope that the changes to the LTP in the sports and recreation sector are adopted, and the Council can continue to assist in enhancing the infrastructure, to ensure the massive economic, societal, and health & well-being benefits of sport and recreation are maximized.

Yours sincerely,

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

environmental protection

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8875

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

improving public transport to reduce car emmittions, people use individual cars right now cause unreliability and wait times

2a. Is there anything you would spend more on?

safety on public transport

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#8875

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

#8888

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	

#8888

Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support cycle ways and increase connected public transport.

Support a serious plan to bring test match cricket back to the city

#8891

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Fewer urban developments on rural land so we aren't saddled with infrastructure cost and maintenance and rising food costs.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycle ways, particularly close to the city should not be dropped. Cycling should be encouraged as a strong option to adapt to a higher cost of living.

Our kids live 10 mins bike ride from school, traffic in our area is too fast and aggressive for them to cross roads, so we wind up driving daily, but not by choice.

2a. Is there anything you would spend more on?

Test match cricket venue

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management, Other

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#8891

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Is it truly viable to have a full shipping port in such a critical part of the city?

If we commit to 35 year plans, are we losing autonomy to do something far more forward thinking than trying to compete with Tauranga to ship dry milk powder??

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Use it to fund infrastructure for inland ports and close the shipping terminal

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

There is no proposal for what the wharves would actually be used for. What are we actually voting on?

#8891

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

No proposal for the intended use.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>

#8891

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Move the ports of Auckland out of town urgently

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8903

Move the ports of Auckland out of town urgently

2. What do you think of the transport proposal?

I don't know

Tell us why:

2a. Is there anything you would spend more on?

Moving the ports of Auckland out of town. Stop stealing our harbour. Revive our gulf.

2b. Is there anything you would spend less on?

Road cones

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Too complicated for me to adequately research and comment. It doesn't make sense that it was ever built in the first place. It seems like a costly nightmare. A bit like Eden park.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#8903

You promised to move the ports of Auckland but you're offering a 35 year lease. I will be dead by then. Ridiculous solution. To some I'm angry and disappointed is an understatement. Our gulf should be the jewel in our crown instead our most prime real estate is left for containers. So short sighted.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Move the port. Get on with it. I'm in my 40's and was excited about it being moved when I was 21. Get on with unlocking new Zealand's best real estate. Move the port. Move it. Get on with it.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Use them to unlock the prime real estate and stop stealing our harbour.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Move the port. Do it like you promised over and over. I don't want to die in 30 years wondering why our city has failed over and over.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

#8903

Don't do a half assed job. Move the whole port. Get on with it. Cherry picking one wharf at a time will result in more disjointed planning and infrastructure that has plagued this city. Be bold.

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

I don't want to die before the entire port has been moved. I don't want to keep repeating myself every year. I don't want to see a disastrous piece by piece unfurling of poor plans lead to the land being wasted.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Full implementation of Climate Plan and Transport Emissions Reduction Plan.

#8933

Promote more development in the existing urban area close to transport links, by making it cheaper to get consents, and to connect to water infrastructure in existing suburbs.

Supporting grass roots community networks including strengthening local community development t(or whatever the term used now) workers.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

More housing at the edge of the city where there is no infrastructure. is more expensive and further creates emissions.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Fully support items like completing the City Rail Link

improving bus, rail and ferry , new cycleways and shared paths, improved footpaths .

“Time of use” charging

a “room to move” programme to review parking in critical ar, increase revenue from parking and Park & Rides.

50% electrified buses by 2030

expanding the rapid transport network (RTN)

a weekly \$50 cap on public transport fares

However, the proposal cuts on some bus routes, reduces funding for safe walking and cycling, and does not do enough to reduce emissions. Less uptake of walking, cycling and public transport will mean a transport system that functions worse for everyone.

Need to ban electric scooters due to extent of injury especially to disabled people.

2a. Is there anything you would spend more on?

completing the Downtown and Midtown Bus improvements

more cycleway and walking connections

#8933

safety projects around schools and town centres.

better funding for maintaining, expanding and promoting the public transport network, including to more remote areas

rolling out electric ferries and more low-emission buses

greater investment in rail:

2b. Is there anything you would spend less on?

instead of expensive and unnecessary widening of already wide roads like Te Irirangi Drive, use existing space for bus lanes and active modes.

The Eastern Busway could be rescoped to use the existing road corridor and still have room for a cycleway and footpath. The excess land could then be used for housing.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

The airport shares have s paid good dividends in the past and will again in the future. AThe proposed Investment Fund will just be raided to keep rates down or fund specific pet projects.

There are currently no ethical parameters for the Future Fund, so it might invest in companies that exacerbate the climate issues that the fund is designed to address.

#8933

Investing in a non-ethical fund may jeopardise council's access to low-cost infrastructure loans via Green Bonds.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Leasing the port would privatise it for a generation or longer. The Council would lose control over a key part of the waterfront and the income from its profits (\$52M last year). Unlikely to be sufficient maintenance and modernisation in the latter years of the lease, meaning Aucklanders pick up those costs..

Concerns over the Future Fund (as in 4a).

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Port dividends can support increase in services as population grows

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#8933

Tell us why:

It will open up more of the waterfront space for public Cruise ships could be relocated from Queen’s Wharf, meaning less impact on ferries and amenity of that space..

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Very expensive and environmentally damaging to move port operations from Bledisloe Wharf, and the port would be less able to return a dividend to council.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

#8933

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important

#8933

Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.

Fairly Important

Tell us why

Local Board should be strongly advocating for protecting character of area with good urban design within current/new intensification legislation and protecting existing heritage areas

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop hiring and paying council employees over \$100,000 PA

#8949

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Auckland new less cars so just fix potholes but concentrate on trains and buses and e-bikes

2a. Is there anything you would spend more on?

Raising the profile of cyclists and incentivizing bikes

2b. Is there anything you would spend less on?

Anything that facilitates or promotes fossil fuel usage

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Let it pay for itself and in ten years if it's still a white elephant, sell the land

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We need to keep Auckland airport in public ownership (what's left)

#8949

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

We won't lose control of the land, the 2 billion upfront looks good although you don't supply comparison with current income (on purpose?)

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Not convinced about Wayne's fund

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#8949

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#8949

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	I don't know
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important

#8949

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

AC needs to properly fund the maintenance and renewals of infrastructure it uses, not just what it owns. I note that on pg.33 you dare to propose not paying for the maintenance of the rail network (following hot on the heels of AT blaming KiwiRail for network faults due to AT failure to pay its user charges), whilst you also think you should be buying more trains to run on the degrading network? That is beyond

#8978

irresponsible, and I do NOT want my rates being misused to buy a bunch of useless trains. Either pay your share or use less. Yes, I'd be prepared to pay more rates for that. But otherwise, I expect to pay less as AC/AT dial back their expectations to fit their pockets.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

As above, don't buy trains if you're not prepared to pay for the network to run them on.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Buses are not the answer to anything except more congestion. And as above, you propose to buy and run more trains, but not to pay for the maintenance of the infrastructure they're running on. I don't need a rates increase to pay for something you're ensuring will continuously break down - I'd rather go without thanks.

Furthermore, capping or lowering fares is NOT the way to get more people to use PT. We need reliability above all else. I will pay for a train that shows up, I won't pay for a high frequency but unreliable service. You need to learn to walk before you try running, and be honest enough to pay your bills.

2a. Is there anything you would spend more on?

Mass transport systems that will move large numbers of people in one go.
RELIABILITY - pay for the maintenance, or people won't use it.

2b. Is there anything you would spend less on?

Stop building cycleways fit for 2-tonne trucks and just build to what's actually needed for the defined purpose.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

#8978

Tell us why:

You should NOT be spending public money developments like this. If it is worth doing, then let the private sector do it. If they won't there's a big clue that it wasn't worth doing.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

AC has treated its shareholding in things like the airport as a cash cow - resulting in one of the worst managed critical infrastructures in the world which has not reinvested in itself. The airport has a massive bow-wave of deferred investments, meaning it will be a liability for the future. Get out now.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

#8978

Tell us here:

One issue with transfer of Port of Auckland is that AC (and AT) need to ensure that the port has access to the rail network - don't just try to fill the whole thing up with passenger services. I don't want more big trucks tearing up Auckland roads that my rates then go to fixing. You need to look more broadly at transport and start prioritising the most effective freight solutions. Despite what AT thinks, it is NOT just about cost transfers to others - we need a whole system that works and takes account of the bigger picture.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Provides for much better use of waterfront and is a reasonable step towards a future without the port in that location). It would help to make much more sense of adjacent land and developments.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

As above, it would materially improve the opportunity to make better use of waterfront and adjacent areas. Cars don't need to come into Auckland direct, please send them to Marsden.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by	Do not support

Maungakiekie-Tāmaki, Ōrākei

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Other

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and	Fairly Important

#8978

restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	I don't know

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I am absolutely appalled to see that the LB aims to "remove the Onehunga KiwiRail designation for the Avondale Southdown connection...". What an incredible misuse of a public position. Onehunga and its surrounding areas are severely under-served by public transport and yet here we have a small group of self-centred NIMBYs who want to keep it that way (and yet dare to opine on climate initiatives whilst they attempt to block this). Where did that mandate arise from, I wonder? Trying to create it by stealth here is the answer, which strikes me as very dishonest. People in this part of Auckland deserve decent transport and here we have a small group that aims to prevent it. They should understand that removing the rail designation means that KiwiRail can now sell it for housing. It does not belong to the local community, it belongs to taxpayers - and if Maungakiekie-Tamaki screams they don't want transport, then it will be sold for something else, not gifted to the NIMBYs.

#8978

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important

Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

I have insufficient information on most of this to have an opinion and am concerned that lack of response could be taken as endorsement. Why do you want to dredge Orakei basin? What are the implications of wanting to access debt funding? I don't have any idea, you give me no information - and I bet will take silence as assent for continuing to push these things. I don't think I'd support the latter.

8. Do you have any other comments?

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve transport options

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9068

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

#9068

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#9068

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Good reliable public infrastructure, and with the downstream capacity being upgraded, increased in size to cope, due to climate change and with all this intensification coming. We have flooding in our suburb, occurring every heavy rainfall event, we need to upgrade the infrastructure if you are implementing Plan Change 78 which is increasing intensification yet again in the area.

#9094

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Paying for external consultants, paying staff high salaries.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Creating safe routes/walkways for children to be able to get to school safely.

2b. Is there anything you would spend less on?

The bizarre cycleway, with bike humps, that was built on Taniwha Street in Glenn Innes.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't live over that side, so would prefer not to comment, as I don't know that the community's wants and needs are.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#9094

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#9094

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	I don't know
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	I don't know

#9094

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

I would like a strong focus, on protecting our waterways and beaches from pollutants due to all the intensification happening (wastewater overflows), and with no funding being put into our infrastructure for Glendowie and St Heliers is of a concern.

#9094

8. Do you have any other comments?

Keep the local boards the same in terms of size. Do not reduce them. The Orakei Ward covers a large area, if you reduce the Board size, it would not be good for the community, in terms of the level of support they could provide.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

-More pedestrian crossings in high traffic areas (but also on streets- where younger children live)

-With Auckland transport fund schools so there can be more buses passing by

#9170

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Currently, there is a significant problem with public transport that needs to be addressed urgently in hopes of getting more cars off the road and more people using sustainable transport

2a. Is there anything you would spend more on?

More buses for (public) schools

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Supporting more youth initiatives, help the youth voice speak up. If you have 10% decile schools in the area, provide them with resources

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9187

Cutting down natural habitats for buildings

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycleways should still go ahead, to minimise the traffic

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I think It would be beneficial to get back more money for future causes

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

#9187

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	

#9187

Continue local initiatives to enhance neighbourhood connections and increase safety.	
Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

Tell us why

Youth initiatives are crucial, the priorities of the local board, like supporting youth of Orakei & development of Remuera library benefit the youth a lot.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9188

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

2. What do you think of the transport proposal?

I don't know

Tell us why:

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

#9188

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

5b. What option do you prefer for Bledisloe Terminal?

#9188

I don't know

Tell us why:

I am writing on behalf of Glendowie College with regard only to the planned Recycling Target rates to be applied to school.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	I don't know
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in	I don't know

#9188

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Our school did not receive the letter advising of proposal to introduce targeted recycling rates. Are you sure you have advised all those who may wish to comment? If not it is not a fair process. Our school opposes the introduction of targeted recycling rates for schools. Encouraging recycling at grassroots level with our students is important for the future of Auckland - if you charge and schools decide not to use the service then you are not signalling to the youth of today that it is a valued thing to do. It is also unclear to me about the pricing structure. I could not see the rates given in the consultation document (ctrl find only found the the 1 line reference to reintroducing the rate for schools). We have a number of wheelie bins that empty into the large 660l bins for emptying. I would expect we should only be charged for those bins actually emptied by the Council should this proposal go ahead. Schools don't pay other rates - I am wondering why the inconsistency.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Remove barriers between cars/cycle lanes. Emergency vehicle's can't get through. rubbish cycles can't get through. buses can't turn.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9192

Stop putting speed bumps right at the traffic lights. Risk of accidents. Less speed bumps, less cycle lanes, less speed limits, get auckland moving.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Public transport. Improving traffic flow

2b. Is there anything you would spend less on?

Stop wasting money on speed bumps, ridiculous traffic slowing strategies. get Auckland moving! Embarrassing roads for a 1st world country.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We have too much debt.

#9192

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Move the port elsewhere. trucks weakening the roads - reduces spending on roads fixtures.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Move the port.

#9192

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	

#9225

Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

Tell us why

Fix public transport then worry about more trivial issues.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase the amount of public transport & more reliable

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Construction on roads- too much traffic

#9230

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

It needs to be improved because it is very unreliable the need to add more cycleways

2a. Is there anything you would spend more on?

N/A

2b. Is there anything you would spend less on?

N/A

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

#9230

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

They could invest the money for future projects on the harbour.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

N/A

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Money can be used wisely

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

N/A

6a. What do you think of these proposals?

#9230

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like you to explore different funding options e.g. central govt funding to top up the LACK of investment of infrastructure over the years. For example, the GST earned in AKL to go to the Council...

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9240

Reduce red tape and costs associated with families trying to improve/upgrade their primary asset (their homes). Seems mad that we pay for intense oversight and then the council refuses to take responsibility for that oversight such as leaky homes.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We need a working road network and we do not have that now. The lack of easy transfer from the airport to the city is disappointing after all these years. Other cities are retrofitting public transport solutions but we seem unable to match their delivery.

2a. Is there anything you would spend more on?

Public transport is critical.

2b. Is there anything you would spend less on?

Extra harbour crossing.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

#9240

Once again I think we need to look to central government to provide resilience. Ratepayers cannot possibly bear that cost and selling the crown jewels is not the answer.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

The wharf needs to move. I support plans to redevelop Marden Point as the northern wharf system so we have Marsden Point, Tauranga, Lyttleton, Timaru?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The AKI Future Fund is a contingency fund. I refer back to my point to develop alternative funding models. If AKI is the powerhouse of the NZ economy then why can't we have the Super Fund allocate monies for AKI contributions to be that fund.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

The port needs to move. We need to stop commissioning reports at vast cost and just do it.

#9240

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

As above

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>

#9240

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

We do not need extra fees and levies. The council is charge with providing services and protecting the values of AKL. So do that from existing rates not extra levies. You have already stripped out water rates to be paid separately without reducing council rates.

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

#9240

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	I don't know
Continue local initiatives to enhance neighbourhood connections and increase safety.	I don't know
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	I don't know
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important

#9240

Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.

Not Important

Tell us why

There is a lot of "continue this and that" - why can't we target to finish something? This all sound like BAU activity and not things that need targeted rates.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

You need to identify the key (and non-negotiable)measures for priority setting. Is it earthquake strengthening? No. Quite honestly, we we experience an earthquake, lots of houses and buildings will fall down. As they will all over the world except perhaps Tokyo. If you publish the strength rating on the door people can choose to enter or no. Surely the measures are roading, housing, sanitation, water quality etc. Needs to figure out how each of the proposed projects supports these things until we get back to a reasonable baseline of basic services. Not there yet.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Equal/more balanced funding and support for different areas and suburbs.

Improving reliability of transport system- particularly public transport.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Roads and maintenance of public areas such as rebuilding/redoing areas that do not have a great need for it and end up less convenient

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Transport is a valuable part of NZ and something that needs more focus, so this sounds good but the money should be spent as efficiently as possible

2a. Is there anything you would spend more on?

Reliability/efficiency of bus transport and routes for public transport & sustainable/electric busses

2b. Is there anything you would spend less on?

unnecessary/inefficient walkways and attractions with cause temporary disruptions

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Make it more open/used by the community and therefore increase the value it holds.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#9245

It seems a worth investment for the future, yet at the same time it is risky to do so when NZ is not as financially stable as it should be.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Cuses great less of control for a long period of time-risky

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

There are many services that could be improved by more funding

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

NZ requires ports to transport goods & getting rid of this even at the cost of future benefits seems foolish

#9245

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

The terminal is already very important so should be left as is.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>

#9245

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Continue to support youth and youth councils

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

#9245

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	
Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

There is a lot of road development, which feels unnecessary, but, I know that there are a lot of holes in the road that need to be replaced. So potentially less depending on the safety circumstances.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I think public transport is the future for the positive environmental benefits e.g air quality.

2a. Is there anything you would spend more on?

Regenerating the state of the Hauraki Gulf. There are little biodiversity and ecosystems.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Idk what that is

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Other

#9290

Tell us here:

I don't think more ports should be created for economic benefit because more boats creates over usage of the Hauraki Gulf. Hauraki Gulf is already suffering and this would not help that.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

I don't want Ports to be further constructed or expanded.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#9290

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	Support
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce recycling charges for schools.</p>	Support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#9290

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important

#9290

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Not Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Idk abt it

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

support development of public transport to make it more accessible to all ages and abilities - including physical access, and facilities, and better information subsidise fares to increase usage.

Spend more on improving wages and conditions for drivers.

#9297

More help for pedestrians to get around the city - escalators, lifts, tuk tuk s more total mobility parks: develop pocket parks: make Auckland safe and accessible for all ages and abilities.

Redeploy the so called traffic management workforce to a campaign and ongoing innovative works to make Auckland CBD pedestrian friendly and safe.

Engage with the homeless and support those who are providing food clothing bathrooms and shelter.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less useless and expensive roading changes eg speed bumps and unnecessary pedestrian crossings.

Stop spending on so called traffic management. Banish road cones and redeploy the workforce to help pedestrians get around the city, and help the homeless as above,.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

More disabled access, more mobility parking spaces.

More ferry services

More public transport

2b. Is there anything you would spend less on?

Cut traffic management spending : much road cone activity is misuse of our rates.

Upper management salaries: Council is top heavy.

3. Which options do you support for the North Harbour Stadium?

I don't know

#9297

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

1. This allows privatisation of our two main sources of income other than rates, for the sake of a slush fund for Council. It is bad economics.

2.. A 35 year lease of the port operation would limit the ability of Council to make decisions about the operations and land use of the POAL in the public interests of Auckland, for a whole generation.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

A lease would not give Aucklanders the ability to make decisions about the operations and land use which would optimise the benefits to the public of Auckland.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

#9297

The future fund may not be used for the long term benefit of Auckland and may become a vehicle for privatisation of our assets. It takes control of these assets out of the public domain, and out of democratic controls.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Captain Cook and Marsden wharves have great potential to be and exciting vibrant well used by locals and tourists - like ' the Wynyard precinct. Needs green space and retail space. This could transform the CBD area, and make Auckland a truly great city

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Bledisloe terminal is a giant wasteland/parking space : a shocking waste of prime real estate and a huge blot on the Auckland CBD.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by	Support

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9363

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

#9363

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
---	-----------------------

#9363

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>I don't know</p>

#9363

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important

#9363

Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

Tell us why

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Ensure everything drains well and isn't going to flood. Apart from that

Just continue doing the basics. Collect rubbish every week and ensure roads can be driven on and that water is safe and reliable. Aside from this not much else

#9374

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop paying to change the names of parks they are fine as they are

Stop reducing speed limits and putting up new signs

Stop putting Planter boxes and unnecessary road alterations (like you did in Takapuna)

Stop putting in Speed bumps and super expensive pedestrian crossings

Stop paying for Events such as fire work displays and festivals

Cut funding for organisations that use the funding for woke ideology such as Auckland Museum, which cut the Harry Potter exhibit that would have been a cash cow and their 'Transformation' from a neutral museum into a more activist 'Te Tiriti-led Museum'

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Definitely agree with stopping any further investment on cycleways and pedestrian crossing (this is not what the fuel tax was supposed to be for to begin with, therefore much of it must have been wasted anyway).

2a. Is there anything you would spend more on?

Reliable roads, maybe ensure trains are reliable and not cancelled as these are the only public transport we have that actually save time over the cars while our buses take longer than a car.

2b. Is there anything you would spend less on?

You should be stopping any initiatives that involve fiddling with speed limits and road layouts.

Stop investing on token gestures like Electric busses or Garbage trucks.

#9374

Stop funding so much overkill traffic management, even after this was raised I still see vast mazes of Road cones all over the place with virtually no hazard or work warranting them.

Stop any cultural sensitivity initiatives that involve translating signs and street names into other languages

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

This works, The council should focus on the best Return on Investment, If the airport doesn't offer the best returns the shares should be sold and something with better returns should be invested in.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

If the port can be run as a profitable organisation that pays good dividends then It is fine for it to remain. However if that changed I would be more in favour of obtaining as much money as possible from an upfront lease but then reinvest that money in something that will return more favourable ongoing dividends or profit

#9374

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I think it's a priority to fund essential services (rubbish, roads and water) as a priority however this should not be misappropriated for idealism and virtue signalling that we can live without. If this is the case i'm more in favour of long term funding (as long as that isn't more roads with planter boxes, cycle ways and changing every name into Maori)

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I do support the transfer of land only if a business case for greater profitability (eg. from holding events) can be made that would exceed the profit the council would exceed any loss from port dividends that might occur due to the loss of the land

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#9374

It sounds like losing this part of the port would cause more ongoing cost issues for Auckland requiring more expense required to truck in goods and having more trucks operating long distance into the city.

Secondly it sounds like this would significantly reduce any expected dividends the council receives from the port

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Support

#9374

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna, Ōrākei

Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

#9374

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

Tell us why

While we are looking at massive rates rises and inflation we should be looking to keep things running and maintained without undertaking massive renovations, refurbishments or rebuilds

7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

I think this has a lot of things that don't deliver any practical outcome

#9374

"Investment in relationships with Iwi" what is that? how much does it cost and what do the community get for this expense? I don't see any gain from this would outweigh maintaining our parks, beaches and town

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important

#9374

Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

Our board should focus on ideas that will help the whole community not smaller subsets of the community.

The main priority should be to promote business in the area which will increase funding and foot traffic and also things that will ensure businesses

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Stop looking at building new facilities and maintain the ones we have which are sufficient.

Look at maintaining our parks (however this does not mean wasting money on changing their names)

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We will get nowhere without addressing our shameful storm water infrastructure. So yes, stop allowing housing to be built without addressing infrastructure issues. Large tracts of land purchased for housing south of Auckland should have the developers paying for infrastructure. Not the people of Auckland.

#9380

Allowing housing to be built without off-street parking is highly irresponsible ideological craziness. Stop that now. No more housing like this and no more housing without improvements in infrastructure especially storm water. The ugly depressing cheek by jowl complexes that have popped up all over Auckland seldom have any permeable areas for water to soak into. How did this happen?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Making developers pay for the infrastructure as mentioned above

Also as above - stop allowing the dreadful building practices that ignore a need for adequate permeable spaces

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

The raised crossings are a waste of money and cost an indefensible amount of money. In other projects are those who win the contracts subject to penalty for late completion? They should be. It appears that such a lot of fat could be trimmed e.g. so many standing around and maybe one person actually doing something. Huge numbers of orange cones for unwarranted lengthy stretches. If this is health and safety - it's gone over the top. I was told the orange cones are hired at a daily cost - no doubt too much. I feel a lot of people have lost confidence in Auckland transport to both select worthwhile projects and to ensure cost effective and timely completion of them

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Fancy curbing, raised crossings

3. Which options do you support for the North Harbour Stadium?

Change the operational management

#9380

Tell us why:

We are broke. Make better use of what we have and ensure it is well maintained

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#9380

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support most priorities

#9380

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Very Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

The most important to me are

- a) Improve the water quality on our local waterways (and beaches)
- b) Library strengthening -public libraries are one of the most important bastions of democracy in our society and provide a great range of services

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

•To my mind these are the most important aspects of the plan for Orakei:

*****change the Development Contributions Policy with the intention of increasing contributions to better reflect the increased costs and pressures caused by growth and intensification. Totally wrong that this doesn't happen already.

-progress the Newmarket Gully wastewater project and the Eastern Isthmus Water Quality Improvement Programme

• advocate to the Governing Body to fund the renewal of the stormwater pipe leading from Waiatarua Reserve to Ōrākei Basin

• advocate to the Governing Body for funding to dredge Ōrākei Basin

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Council needs to get more revenue from people who live in Auckland, not just those that pay rates. More user pays schemes at Libraries/pools /road user taxes. I applaud the spending cut back. Wee can do more with less more focussed funds

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Too much cost in community events.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Transport has to be a focus for Auckland, but requires more central government funding due to Auckland generating & terminating traffic that benefits the rest of NZ.

Auckland ratepayers shouldn't bear more than a normal ratepayers share as charged across the country.

2a. Is there anything you would spend more on?

Not sure we should charge for park and rides. I think we should build more multi storey park and rides

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

The stadium is under utilised and needs to be reviewed . A change to oerational mangement in conjunction with better land use would be my preference

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

#9395

Tell us why:

The idea of a long term fund is good one , Im still undecided on how to get the capital invested.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Just need more discussion and debate to make a decision - some video panel discussion may be good,

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

#9395

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
---	----------------

#9395

Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Fairly Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

#9395

I like the Orakei Priorities.

The council must recognise that what the Orakei board does for its area benefits all of Auckland, especially projects like the landing & Community facilities like that encompassing Ngati Whatua as an example of what can be done. We must increase connections to the shared bike /walking path from Gowing Drive to Tamaki Drive, and preserve the quality of water at Orakei Basin. These areas attract people from all over Auckland. The newmarket waste water project is also very important, as it the quality of eastern beaches sea water is vital for many who come from all over Auckland to swim.

8. Do you have any other comments?

We are lucky to have a well run board. Please support their initiatives for the good of the whole of Auckland

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I have more selected the do less options, as I am a pensioner and am unable to afford high rates increases.

#9443

Also, restore Auckland as our one name. Remove any reference to Tamaki Makaurau, as it is impossible to have two names for NZ's primary city. It is also confusing for visitors to our lovely city.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Remove all 30kph speed limits and remove traffic bump outs.

2a. Is there anything you would spend more on?

We need to make public transport faster, reliable and far easier. Rapid transit network must be an investment activity

2b. Is there anything you would spend less on?

Traffic bump outs

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#9443

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Its an Auckland investment, and should remain so. I would like to see this continue to provide Auckland ratepayers and Council, ongoing dividends

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Reduce office and administration heads in central Council.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#9443

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

#9593

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Given the number of Cyclists now using our roads both for leisure and travelling to and from work. I would like to see more dedicated Cycle Lanes.

I support that there be no more raised Pedestrian Crossings.

In regard to Traffic Management at Roadworks and other related activities. The number of Road Cones being used is ridiculous. Every Road Cone being used is a cost. Furthermore the number of workman being employed on a job is also ridiculous when I see workman standing around doing nothing.

2a. Is there anything you would spend more on?

Getting Rid of raised Pedestrian Crossings

2b. Is there anything you would spend less on?

Reducing the number of Staff working at Auckland Transport.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I cannot Comment on the North Harbour Stadium because I don't live on the North Shore. Thus I don't no enough to comment.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

There has been much Debate about the Mayors Proposal to sell or not sell the Councils Shares in Auckland Airport. As I am a Foundation Share Holder in Auckland Airport. I am reluctant to Comment.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

There have been a number of suggestions about the future of The Ports of Auckland including moving the Port to Whangarei, Thames, Manukau Harbor. None of these suggestions are logistically feasible, let alone the enormous cost involved The Ports of Auckland is Vital to Auckland's Economy, and the whole area must remain na Port. Forget about Cockle mania Schemes of building a Waterfront Stadium on Port Land. Auckland is already well catered for with Stadiums that for the record while well used excepting for North Harbour don't make any money and run at a loss. As I said the Ports of Auckland is vital to Auckland's Economy.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I have already commented above.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No not at this juncture

#9593

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The Ports of Auckland is a vital part of Auckland's Economy. Captain Cook and Marsden Wharves must remain with The Ports of Auckland, We will see an increasing amount of Cargo coming into Auckland as Auckland continues to grow and expand.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

I have already answered this Question in the previous question

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. We need to seek increased share of finding from Government to pay for the long term financial impacts of population growth on our city. Its unfair for ratepayers to be expected to continue footing the bill that they benefit from in tax and GST revenue.

We must do more for public transport and that includes prioritisation of cycling and walking networks. Investment in complete cycling networks, has been shown to have

#9655

very positive benefit-cost ratio than any other public transport investment. Whilst we must stop building expensive bike lanes, making Auckland safer for pedestrians and cyclists must be a priority. We would like to see larger, more ambitious programme of cycle upgrades will deliver a higher than a smaller programme.

Investment in Water to minimise flooding and remove contaminants from our waterways must be prioritised to respond to the increased pressures that development and climate change has placed on these networks. Then long term operational funding for the maintenance to manage these new and important flood protection initiatives.

Investment in climate actions and public transport solutions.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Whilst its great to have major events in our city I do not see it as a priority with the current challenges faced in responding to flooding, population growth pressures and the urgent need to improve public transport.

Continued investment in Auckland's waterfront space should be paired back until Panuku to show 'good' legacy uses for all of the land cleared and developed for the America's Cup. Large areas of land on the waterfront are set aside for little more than mega yacht parking, squiggly lines and basketball courts. This is not good use of the enormous amounts of public money that have already been invested in Wynyard Quarter and whilst the headland park could be a long term development, it does little to improve the lives of the vast majority of Aucklanders. Until such time as Panuku can present a balanced, commercial case for development of Wynyard Point, this works should be put on hold and funding directed to other parts of the city, particularly those areas in desperate need of renewal such as Otara and Henderson. To our mind, this wider urban renewal has been the poor cousin of the waterfronts development for the past 15 years and now is the time to reverse this trend.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I do not support stopping the planned cycleway and raised pedestrian crossing initiatives. We need to make our streets safer and more appealing to pedestrians and cyclists and serious investment, not the current 1% of spending is needed to make this

#9655

is reality. We are seeking more investment in these initiatives and that a large chunk of this funding should come from central government. Nonetheless, should central government refuse to provide funding then Auckland Council must budget for acceleration and prioritise these schemes to improve outcomes for all Aucklanders.

2a. Is there anything you would spend more on?

Walking and cycling initiatives must be prioritised.

We must maintain and expand our low speed zones.

Greater enforcement and higher fees for parking illegally, especially where vehicles are left in the path of pedestrians.

2b. Is there anything you would spend less on?

None

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

We have too many Stadia in Auckland and if this is the least use of the sites then we should use the land more effectively to house the people we need to run our city - nurses, police officers, school teachers etc.

Use the land for a better long term purpose whilst providing a usable local sporting facility.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#9655

Using the information provided it is very difficult to provide a rational response to this question. The content of the consultation document is very high level and we could not use it to validate the benefits and dis-benefits of this proposed solution.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

Using the information provided in the consultation did not provide sufficient basis for me to understand the reasons for:

1. What we would use Captain Cooks and Marsden Wharf's for, along with the costs of such a transfer of land to Auckland Council
2. Why any lease with POAL would need to be for 35years and what the alternative is if this lease is not granted
3. How the Auckland Fund may perform in comparison with the current shares so that we can assess the likely long term benefit/cost of the proposed Auckland Future Fund.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

It is unclear how the Auckland Future Fund would perform when compared with current investments. Also, the principles by which the fund would be invested such as would it be locally (NZ) or globally invested, what investment principles would be used (ethical, sustainability credentials), what level of risk would be etc and all these matters affect the assumed performance of the fund.

IN summary, we do not know enough to assess the potential merits and risks.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#9655

There is insufficient information provided in the documentation to fully understand and be consulted upon the Future Fund, POAL proposals and self-insurance solutions.

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

It remains unclear what we would use these wharf's for, even when you look at the so called Panuku "City Centre Action Plan". There currently seems to be no plan. This deliberately vague and therefore un-funded suggestion is very unhelpful.

Note: Tick

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

See comments to question 5a

Note: Ticking I Don't Know is a reflection of the fact that Auckland Council has not provided sufficient information on which to make reasoned judgements.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	Support

<p>harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

#9655

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Extend the City Centre Targeted rate to 2030/2031 to coincide with the end date of the Long-Term Plan, with a review taking place every three or six years to align with the Long-Term Plan schedule.

Other revenue generating opportunities seem to have been missed in this consultation document. Where are the plans for increasing parking charges, increasing fines, time of use charges, increasing Building Consent or Resource Consent costs etc.???

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other	Very Important

#9655

environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Fairly Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Very Important

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

They are generally good and aligned with the needs of our local area

8. Do you have any other comments?

No

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More in the Arts and Culture area - both for Local Boards and the Council.

The Arts sector is of VITAL importance If this city is be a liveable city and encourage tourism to the area. Arts and Culture is how you do it.

#9680

The funding for Auckland Art Gallery Toi o Tāmaki and the Maritime Museum needs to be brought into more even distribution of the funds ie: it is inequitable funding at the present with Auckland Museum and MOTAT getting more than their fair share.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do not prioritise roads as public transport must not get cuts.

We want LESS cars off the road - not more.

Less cones, less unnecessary traffic management and less raised pedestrian crossings.

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

There is NO point in the Council owning shares when the capital can be used for vital infrastructure projects.

#9680

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

We need more of Auckland's superb waterfront to be opened up for public use.

Think of the possibilities.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

As above

#9680

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

BEACHS TIDY UP LESS ROAD CONES AND MORE RESPONSIBILTY OF RD WORKS

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9704

LESS RD CONES MORE EFFICIENT COUNCIL NO FAT IN COUNCIL AND REPEAT OF WORK DONE

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

STOP RAISED CROSSINGS LESS WALK WAYS AND BYCLCE TRACKS THE ROADS AND PAVEMENTS SHOULD BE GOOD ENOUGH FOR CYCLING AND WALKING.

2a. Is there anything you would spend more on?

SMALL BUSES AND FREQUENCY. CLEANLINES IN CITY AND ROADS LEAF GATHERS IN AUTUMN AND ROAD DRAIN CLEANERS

2b. Is there anything you would spend less on?

CYCLE LANES CROSSINGS LARGE BUSES

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is,Change the operational management

Tell us why:

IT IS ONLY 10YEARS OLD USE THE STADIUM

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#9704

Tell us why:

NOT SELLING INVESTMENTS MANAGE MONEY FROM RATES EFFICIENTLY.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

THIS IS A LIFE LONG INVESTMENT NOT FOT LEASING OUT

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

TO GIVE IT TO AUCKLAND FUTURE FUND IS TO GIVE IT TO A LOT OF OVER PEOPLE GETTING PAID FOR INVESTING IN WHAT THEY BELIEVE NOT WHAT AUCKLAND NEEDS TO REDUCE THE RATES

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

THERE SHOULD NOT BE A FUTURE FUND THAT IS THE DUTY OF THE COUNCILLORS TO ENSURE THATAUCKLAND HAS A SLUSH FUND FOR THIS PURPOSE

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#9704

Tell us why:

NO NEED

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

UP TO PORTS OF AUCKLAND TO USE IT TO BRING IN INCOME FOR THE PORT COUNCIL ARE NOT THERE FOR THAT TYPE OF DEVELOPEMENT LET THEM CONCENTRATE ON COUNCIL WORK DRAINAGE SEWERAGE CLEANLINESSE TRANSPORT AND ROADS PAVEMENTS

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Continue to improve the existing rail and ferry network. Specifically it would be good to consider increasing ferry services and to see if possible to set up wharves for Eastern suburbs eg Orakei, St Heliers for transport to/from the CBD.

Build multi level car parks at most of the train stations eg Orakei

#9705

Reduce the gradient of the 'speed calming' raised pedestrian crossings and flatten some completely again.

STOP selling Auckland Council car parking buildings to private owners.

Change the light phasing on Quay St which seems to be set up to go red even when there are no other car drivers around.

Purchase and run more car park buildings in the CBD.

Do not remove or close down public libraries,

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cycleways built at the cost of car parking. Particularly in small shopping areas where one is usually driving to.

No more cycleways built at all for the next 5 years. Let us have some time to adjust to the changes already made.

No more bus lanes added on, same reason.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Build multi level car parks at most train stations

2b. Is there anything you would spend less on?

raised pedestrian crossings and bike lanes

3. Which options do you support for the North Harbour Stadium?

I don't know

#9705

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Sure set up an investment fund from new funding, but NOT by selling existing shareholding in AIAL or POAL.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Council should be able to run this profitably. I believe we should keep ownership of such an important and strategic asset since trade is so important and essential.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#9705

Do not sell existing assets. Stop selling Council assets which we and previous generations have paid for.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Very Important

#9705

Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Ōrākei

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop wasting money on Community facilities-.i.e old council buildings and continuing to build new playgrounds that cost million when there is no immediate call for it !

#9711

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I agree with making public transport more reliable and efficient. To date AT have done a ***** job with that. Perhaps smaller buses in off peak times might be viable. look at what other countries do

Dont bring in capped weekly passes. But bring in discounted montly passes which is used a lot overseas. It has been proven that people do not use the pass correctly for the whole month.

I agree with dynamic lanes but whats wrong with a CBD congestion tax? It has been proven that this works, Singapore, London etc. Stop pandering to the likes of Mike Hosking !

Finally stop all these raised pedestrian crossings and concrete bunkers on the cycleways - ridiculous !.

2a. Is there anything you would spend more on?

dynamic lane changing and get a CBD congestion charge up and running

2b. Is there anything you would spend less on?

cycleways = stop pandering to the minority

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

it needs an upgrade of facilities and surrounds. Why is the new Auckland Football team nolt based there? Mt Smart Stadium is a joke!@

#9711

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

The fund could be made up of the sell down of council assets (AIA Ltd) and some buildings etc

Also some of the money for local boards should be reduced instead of wasting it on the costly maintenance requirements and/or upgrading playgrounds.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

underlying asset here is retained.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

#9711

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>

#9711

Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

nope

Local board priorities

7a. Which local board area does your feedback relate to?

Ōrākei

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

I would like to know why there is no proposal in there to deal with flooding in the Orakei area? It i still happening at the bottom Roberta Avenue

8. Do you have any other comments?
