Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#15502

Support most of the proposal

Tell us why:

we need transport in our everyday life.

2a. Is there anything you would spend more on?

Transport

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

The stadium is need for everyone

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

They are good with funds

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

#15502

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

we need to invest in the auckland fund

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

so it can be free

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by	Other
---	-------

#15502

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#15502

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

no thank you

Local board priorities

7a. Which local board area does your feedback relate to?

Puketāpapa

Puketāpapa Local Board Priorities

7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Invest in opportunities to support local community leadership.	
Invest in climate change response initiatives and support volunteer groups working on local environmental restoration / protection and climate action programmes.	
Consider our investment in facilities and services to see if there are opportunities to do better.	
Support initiatives that improve and encourage walking and cycling opportunities.	

#15502

Help coordinate and support local business groups.

Tell us why

the priorities are helpful

7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Franklin

Franklin Local Board Priorities

7b. What do you think of our proposed priorities for Franklin in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

<p>Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.</p>	
<p>Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.</p>	
<p>Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuuuanuku (environmental restoration).</p>	

#15504

Develop “Franklin Community Occupancy Guidelines” to inform decisions on council-owned facility leases, including leasing charges.	
Find ways to reduce Franklin’s maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	
Progress the development and delivery of the Franklin Paths Programme.	
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	
Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	

Tell us why

7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?

Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

I would like to do this survey next time online rather than do it in paper

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

work more on roads and public transport.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#15522

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

majority of the proposal is great and needed. stopping plans like raised pedestrian crossing isn't necessary

2a. Is there anything you would spend more on?

-

2b. Is there anything you would spend less on?

-

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

A stadium would help Aucklands economy by creating more jobs from start to finish.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

This move will allow for diversification of investments and potential high returns.

4b. Which option do you prefer for the future of Port of Auckland?

#15522

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

by leasing the port, the council would be able to comfortably work and invest in other projects

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

this ensures ongoing financial support for essential services without relying on cuts to service.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

This would allow use for the public. This would allow opportunities for community enhancement.

5b. What option do you prefer for Bledisloe Terminal?

#15522

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

It allows the opportunity to repurpose the area for public benefit.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

less bus lane

#15526

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Because they look good, and if the council make the transport faster and reliable that will be good for everyone.

2a. Is there anything you would spend more on?

Make the public transport available all the time including Sundays

2b. Is there anything you would spend less on?

cycle way

bus lane

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

to make more houses

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#15526

if they keep council investing at auckland airport is good because Airport will get the money if needed to expand or upgrade and keep the Airport running smooth.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

to use the money council gain to improve the public transport, parks and streets

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

keep the council improving public transport and public parks.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

because if the council rung there will be more red tape.

5b. What option do you prefer for Bledisloe Terminal?

#15526

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

#15526

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Puketāpapa

Puketāpapa Local Board Priorities

7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Invest in opportunities to support local community leadership.	
Invest in climate change response initiatives and support volunteer groups	

#15526

working on local environmental restoration / protection and climate action programmes.	
Consider our investment in facilities and services to see if there are opportunities to do better.	
Support initiatives that improve and encourage walking and cycling opportunities.	
Help coordinate and support local business groups.	

Tell us why

it seems local board will improve transport parks rivers etc.

7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

to make more funding available for all communities.

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

To whom it may concern,

This is an organisational submission in support of the funding for sport and recreation facilities as part of the Auckland Council’s Long-Term Plan.

As an officer of a Tennis Auckland affiliated club, and someone who is an active sport and

#15563

recreation participant, I appreciate the commitment and support that Auckland Council has

made and continues to make to the sport and recreation landscape of the city, especially to

the network of tennis clubs. I also am very aware of funding pressures and challenges the

Council is currently facing.

We fully support the retention of the existing Sport and Recreation Facilities Investment Fund

at its current level, plus adding the proposed additional \$35m investment. This will be vital in

addressing the sport and recreation infrastructure deficit and upgrading the existing infrastructure across the city.

For and on behalf of

Winstone Park Tennis Club Inc.

Aaron Walsh

Treasurer

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to</p>	

#15917

reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Ports and Airports are National assets and should never be privatised as privatisation may compromise the national security of its citizens. Private organisations are only interested in volumes and profits. Safety, security and other regulatory measures take a back-seat. We need to be proactive not reactive. We have seen this happening in other areas as well.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#15930

Invest in the proposed Auckland Future Fund

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#17223

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#17223

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I hope that Auckland residents can have the opportunity to hold shares.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

#19011

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Puketāpapa

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Puketāpapa

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Urban infrastructure: Public transportation

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#19103

Accurate application of ACC applies only to cases that are truly caused by an accident.

Thorough surveillance/investigation as possible

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

-Pay cash by card for convenience of use

So I can ride

-More expansion of buses/subways is needed.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

In a more practical sense, use public transportation when commuting to work.

Please adjust the scenery and conditions that can be used.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#19103

Tell us why:

It is better to operate the airport publicly rather than increase private ownership.

I think it's good. In favor of increasing council payments

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

#19103

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

#19103

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by</p>	

#19468

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#20117

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#20117

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by</p>	

#20247

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by</p>

This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by</p>	

#20563

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Education, public security

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#21451

2. What do you think of the transport proposal?

I don't know

Tell us why:

The description is too general. For example, how to optimize the traffic network to benefit people who travel less than 2 zones, while people who travel 3 zones will still drive to zone 1.

2a. Is there anything you would spend more on?

transport system is too old

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Can sell some of the stadium land

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

The water fees, property taxes, electricity bills, and prices of goods are all increasing. It's really necessary to sell some assets to alleviate the pressure on people's livelihoods.

#21451

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

no

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

no

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#21451

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Whau

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Puketāpapa

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#21891

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#21891

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Support</p>

#21891

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#21894

Support most of the proposal

Tell us why:

As it is an integral part of development of a country.

2a. Is there anything you would spend more on?

On traffic control and avoidance if congestion to save time to travel to place.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We are against privatisation.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#21894

Tell us here:

To get more profit that could avoid other objective.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

It would cut on the operational cost of the area and make other area of the port more usable.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

It's a bigger piece of land that could contribute to the expansion of port service in future.

6a. What do you think of these proposals?

#21894

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#21920

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Because they will be less traffic

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Public transport

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#21920

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

To have more public spaces

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Other

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#21933

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual	Support

#21933

<p>programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce recycling charges for schools.</p>	Support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#21937

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#21937

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#22009

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Privatisation improves efficiency.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#22009

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Dear Auckland Council,

I am writing to provide feedback on
the Mayor's proposed Long-Term

#22187

Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years.

Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

#22187

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external

#22187

operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#22319

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

#22396

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing

#22396

exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

#22918

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore

#22918

ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain

#22918

transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed "Future Fund" and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our

#22918

Super City!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Dear Auckland Council,

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and

#23530

infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

#23530

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#23530

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
---	--

#23530

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.

Broaden the description of bus services funded by the **Climate Action Transport Targeted Rate (CATTR)** to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).

Discontinue the **Long Term Differential Strategy** which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.

Re-introduce **recycling charges for schools**.

Continue the planned roll out of **rates funded refuse collection** to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.

Introduce the **Franklin Local Board Paths Targeted Rate** of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of

#23530

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

#23560

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland

Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so

that rates and debt are kept down.

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure. Stop Cycle lanes that are not used by cyclists.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection. Stop renaming parks

and reserves.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease

Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in

#23712

infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation

and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the

“pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining

in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

#23712

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

#24313

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland

Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so

that rates and debt are kept down.

#24313

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

---	--

#25087

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.

Broaden the description of bus services funded by the **Climate Action Transport Targeted Rate (CATTR)** to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).

Discontinue the **Long Term Differential Strategy** which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.

Re-introduce **recycling charges for schools**.

Continue the planned roll out of **rates funded refuse collection** to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.

Introduce the **Franklin Local Board Paths Targeted Rate** of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of

#25087

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

#25528

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
---	--

#25528

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.

Broaden the description of bus services funded by the **Climate Action Transport Targeted Rate (CATTR)** to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).

Discontinue the **Long Term Differential Strategy** which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.

Re-introduce **recycling charges for schools**.

Continue the planned roll out of **rates funded refuse collection** to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.

Introduce the **Franklin Local Board Paths Targeted Rate** of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of

#25528

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

#25751

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much

#25751

higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value	

#25751

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	

#26255

Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Auckland Council is the major provider of our city’s sport and recreation facilities. We greatly

appreciate this support and investment – without it much of what happens in our sector

simply wouldn’t be possible. Council’s commitment to the sector has provided positive

#26255

outcomes across the region for an inclusive range of codes, demographics, cultures, ages

and abilities. I also wish to acknowledge the commitment of council staff in supporting the

sector.

Tell us here:

I submit that the proposed option to pay less and do less will detrimentally impact the play,

active recreation and sport sector.

I submit that the Central proposal for the overall direction of Council's Long-term Plan appropriately balance rates rises with service delivery.

I submit that the Central proposal for Parks and Community will continue to provide a better

outcome for the sport and recreation sector.

I support the following aspects of the consultation:

I support retaining the Sport and Recreation Facilities Investment Fund and strongly support the proposal for \$35 million of additional funding being added to the Fund.

I propose that Council refines the criteria of the Sport and Recreation Facilities Investment Fund to make the additional funding non-contestable.

I propose that the additional \$35 million funding is used to fund a range of community

sport and recreation facilities including indoor sports facilities.

I advocate for the retention of the Sport and Recreation Facilities Operating Grant and ask consideration for an increase to the Grant.

I support Council seeking changes to the law relating to development contributions to

enable Council to adequately recover the costs of growth and to use development contributions to fund community sport and recreation facilities.

I advocate for community use of schools and that consideration given to the codevelopment

#26255

of schools with Auckland Council to include publicly accessible sport and recreation facilities.

More funding will enable more sport and recreation facilities to be built. There is clear evidence of the huge and wide-ranging benefits of sport and recreation – improved physical

and mental health and wellbeing, social connectedness, economic and productivity gains,

and educational outcomes

I participate in the sport of table tennis. Auckland Council has identified there is a shortage of

indoor court space across the Auckland region. This includes a lack of capacity to meet the

demand for sports such as table tennis.

The Auckland Table Tennis Association is involved in two Facilities Development Projects

aimed at addressing the shortage of indoor court space in the Auckland region:

a) Lloyd Elsmore Community Hub: Lloyd Elsmore Park, 451 Pakuranga Road, Pakuranga

Heights. In the Howick Local Board area. The purpose of the Hub is to construct a multi-club

and code facility at Lloyd Elsmore Park to accommodate the four Founding Members

(Auckland Table Tennis Association, Howick Gymnastics Club, Pakuranga Bowling Club, and

Pakuranga Tennis Club). The Hub has received valuable support from Auckland Council and

Howick Local Board for the project to date and requests continued support

b) Gillies Avenue redevelopment project: Pascoe Quarry, 99 Gillies Avenue, Epsom. In the

Albert-Eden Local Board area. Auckland Table Tennis Association, Auckland Badminton

#26255

Association, and Olympic Weightlifting Auckland are collaborating to pursue redevelopment

of the existing Gillies Avenue site

I urge investment in the sport and recreation sector under this Long-term Plan. Without this

commitment from Council our current and future community sport and recreation spaces will

be compromised. This means our growing, increasingly diverse population will not have

access to fit-for-purpose facilities to participate in physical activity to enable them to connect

with their community and live active, healthy lives.
