Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Congestion charging

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop all development of new cycleways and traffic calming measures, pause development of Auckland waterfront

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Congestion charging

2b. Is there anything you would spend less on?

City Rail Link

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Concerned at the cost of doing anything else with it

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Concerned at the cost of doing anything else with it

6a. What do you think of these proposals?

#4507

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#4507

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Fairly Important

#4507

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

Only spend money on important issues, as limited funds available

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Definitely approve of roading improvements, local roads are bad

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Helensville

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Rural rubbish collection for all

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Rural people shouldn’t be charged/charged less for amenities they don’t use eg water

#4511

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Paying for park and ride is a bad idea, the cost of public transport is already too high and adding further costs for park and ride will discourage people from using and back to driving. This also impacts revenue for public transport and if it's not used then the only option is driving. For those of us living rurally the park and ride is often the only cost efficient option

2a. Is there anything you would spend more on?

Preventative maintenance eg trees falling on roads, bad quality roading, labour costs on roading projects is completely out of control

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Previous management proves it's possible to better serve the community

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

It's a short term fix only and does not address the underlying issues

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Retain ownership and lease but not to Auckland future fund

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#4511

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix the roads, don't try lump it in with public transport though.

Better roads helps all transport.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4522

Middle management, consulting, trying to build homes for ex cons in nice areas (Milwater) when they could be built in far cheaper places with less schools in close proximity.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

NZ public transport is over funded for the small percentage of people it works for, stop pushing and over spending on it.

2a. Is there anything you would spend more on?

Roads

2b. Is there anything you would spend less on?

Public transport, speed cameras.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Sell the shares and reduce rates rises.

#4522

Don't make them a BS waitangi resolution.

Auckland needs less costs from council to get through this cost of living crisis.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Thinking short term will lose everything. Council needs to sort it's over spending but selling assets that don't have debts is stupid.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Auckland needs a port, moving it will increase co2 from transport and shipping.

5b. What option do you prefer for Bledisloe Terminal?

#4522

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Bledisloe handles alot of roro ships and bulk break that the rest of the wharf doesn't.

Reducing that area will severely reduce poal capacity.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less on general overheads including office space, consultants and IT systems.
Consolidate systems and processes across the CCOs.

#4526

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Transport needs modernisation and decarbonisation. At the very least a basic level needs to be provided to all residents which means sealing all roads!

2a. Is there anything you would spend more on?

Sealing roads. People should not be living on unsealed roads. School bus routes should be prioritised as these are a health hazard to our children.

Improving bus connections north of Silverdale.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

The stadium is under utilised because there are never any events held there! North Shore/Rodney residents would love to go to events there rather than Eden Park or Mt Smart but nothing is ever on. Hold the events and people will come. But I also think if empty, unused space can be redeveloped then it should be.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#4526

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#4526

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#4526

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Very Important

#4526

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Seal our roads! They are a health hazard from breathing in all the dust. They ruin our cars. They are dangerous to walk, run, cycle on. Please start with school bus routes.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Warkworth

#4526

8. Do you have any other comments?

Seal our roads and improve bus services and connections north of Silverdale.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4538

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#4538

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Build a council swimming pool complex out our ways.

Build a secondary school.

Build road infrastructure

Buoild playgrounds and fun areas.

#4546

Kumeu is very behind! Look at places like Hobsonville Point that get all the funding and support unlike us

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop providing Maori with funding. I don't want to pay for this and don't support it's purpose.

I don't support any congestion charges. Why do you always penalise the people working. And where I live (Kumeu) you won't even let the trains run for the residents. Its unfair.

2. What do you think of the transport proposal?

I don't know

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Put the rubbish bins back and get back to core services not the nice to haves

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop the wantan spending on pretty nice to haves

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Stop all the large empty busses running so often, wasting our money

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Raised crossings

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Beacause Ak Council has ruined the operations

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#4582

Support most of the proposal

Tell us why:

Should still proceed with planned cycleways if you want more people riding bikes. Public Transport in Auckland is a joke. North Shore needs a train service. Plus a Train service to and from airport. We are miles behind everyone else.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

The stadium precinct needs to stay as is and not be deconstructed. It has been left to go into disrepair and badly managed, so a change of management is crucial to maximise its usage and potential for future generations. If any land was to be sold off, this money needs to be put back into the stadium and not used for other projects. I do not support the demolition of the stadium - this is the North Shore's stadium and would love to see more events held here.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important

#4582

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	I don't know

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Transport proposals?? Seems to be a lot of focus on parks and arts.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Snells Beach

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#4612

Do not support most of the proposal

Tell us why:

Did so bad jobs in last few year

2a. Is there anything you would spend more on?

nothing

2b. Is there anything you would spend less on?

Almost everything

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

Auckland Airport has been undergoing construction and renovations for many years, yet it hasn't brought any convenience to people's lives, and taxpayers have paid huge costs.

4b. Which option do you prefer for the future of Port of Auckland?

#4612

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Do not support

#4612

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support

#4612

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I don't want to pay more taxes in the coming years. My wages haven't increased at all, but inflation and rising expenses are making my life very difficult.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

fix Hill street in Warkworth

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4657

stop employing lazy contractors and installing ridiculous noisy and intrusive "music"...I hate teh music sooooo much and am totally sick of hearing it twice every night and lights in Warkworth, we want the basics. Stop charging us up in Warkworth for things we never get to use and get us a proper library

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Keep making cycle lanes, less traffic, healthier, happier people...no brainer

2a. Is there anything you would spend more on?

cycle lanes

2b. Is there anything you would spend less on?

TRAFFIC MANAGEMENT

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Make it available for all sorts of events

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

If we lose the airport we are losing ongoing income

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Sell and move it to Marsden point. Auckland is too congested to have a port where it is on valuable land

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

because it's needed

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

no

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

congestion ion Auckalnd

5b. What option do you prefer for Bledisloe Terminal?

#4657

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stop wasting money on consultation with firms overseas. Stop wasting money over litigating plans and just get on with it.

Sort out AT and Kiwirail.

#4692

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Lobby for reduced parking rates in the city. Increased and extortionate prices for parking in cities is making people avoid the main centres and damaging local small business

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Our transport network is equal to that of smaller developing nations. It's not in-line with our OECD nations and is hampering the ability of tourism boosts and reducing cars on our roads. We need to get our city transport right first, before we try and expand regionally.

Kiwirail and AT need to be held to account for the issues happening, every day there are issues occurring. It's embarrassing.

Consultation from overseas transport agencies should take place. Learn from cities getting this right! Lobby with the government for support to seek expertise consulting from overseas!

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Why has Tamaki Drive been so flawed with issues?? For almost 4 years now it's been done, redone, done again and it's cost millions of our money, wasted because of failed consultation or negligences to start with!! I think it's been redone about 3-5 times in as many years and is just one example where council are wasting money

3. Which options do you support for the North Harbour Stadium?

I don't know

#4692

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

The airport has had huge issues in the last year and needs a change in senior management. The public are only getting told a small percentage of what is actually going on. Broken relationships with the airlines and the government need to step in.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Move the ports out of Auckland indefinitely. Move them out for good and claim back that land as dwelling. They cause congestion issues with massive trucks, and they use up land that can be repurposed for amenities that Auckland desperately needs.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The city needs immediate remediation now. Not putting billions aside for a future rainy day.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#4692

The profits being made by shipping companies is astronomical. There needs to be higher tariffs, that aren't charged back to consumers but a tax increased paid by these billion dollar operating firms.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Just do it. The land usage by the ports is currently astronomical. Claim back some of the land for recreational and public amenities, not 5 star hotels or residential properties. Make it a public park or national stadium for hosting future world events

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Local board priorities

7a. Which local board area does your feedback relate to?

Waitematā

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Fairly Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Fairly Important
Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Very Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important

#4692

Seek opportunities to promote and celebrate heritage places in Waitemata including making digital content and place-based stories more accessible.	Very Important

Tell us why

Perceptions of safety? Very strange language to use.

Having more police visible in the city, and more CCTV. Will make the city safer.

7c. What do you think of the Waitemata proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important

#4708

Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Riverhead

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

#4722

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I would support all of the proposal if the Northern RTC was guaranteed to be built along the side of the State Highway 1. At present the proposed Northern RTC is cutting through rural land towards a proposed Dairy Flat Town Centre then continuing north to Silverdale. The total cost of build will not provide the economic benefit.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

No

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

It is important to have a sports stadium for North Shore Stadium. There needs to be a change in management to attract new activities and promote them better.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#4722

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Overall I agree with the priorities.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Dairy Flat

#4722

8. Do you have any other comments?

I believe Auckland Council should focus on investment in urban areas to make the most of existing urban infrastructure. Auckland Council should be discouraged from make plans to create rural town centres where no current infrastructure exists. This would allow the Northern New Rapid Transit Corridor to run along side the existing State Highway 1 and not divert through rural land to a proposed rural town centre that may never get built.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Currently our address has no services attached to it e.g. internet capability, storm water/effluent and also no mains water supply. Our rates are already ridiculously expensive and I struggle to see why these should increase given the number or properties that are still very much "rural" in the area and who do receive less than your average suburban household in benefits from the increase.

#4747

We have no footpaths in our area, no easily or readily accessible reliable public transport. No leisure centre. Limited close parks and/or playgrounds. It seems the rates increase is simply an increase on rate payers when we have no benefit beyond that of basic infrastructure of roading and parks.

Rather than increase everything with a broad sweeping brush; individual property assessments need to be more tailored to what that house actually has access to and how the increases will in rates will even benefit those who are already limited to access of what is apparently covered with current rates payments.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

North Harbour Stadium should not be the priority it currently is in the proposal. There is no need to re-do or redevelop the entire area when it is already under performing and under utilized. If 'use' is the issue, then an attempt at better operational management of the stadium should be explored first to ensure it is used to its full potential and being managed sufficiently. This would also save money in the long run instead of employing a bunch of consultants to "plan" a new build, have a consultation period etc to ultimately end up realizing perhaps it is a community problem where there is simply just dwindling requirement for this particular stadium.

#4747

A complete re-development, re-plan, consult, public consult and then knocking down and starting again seems like the worst waste of money when the bare minimum has yet even been explored.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#4747

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays,Howick,Rodney

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local	

#4759

services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped	Very Important

#4759

reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Howick Local Board Priorities

7b. What do you think of our proposed priorities for Howick in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Review and refresh the Howick Heritage Plan.	Very Important
Review and refresh the Howick Tourism Plan.	Very Important
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	Very Important

#4759

<p>Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.</p>	<p>Not Important</p>
<p>Develop a community-led climate action plan.</p>	<p>Not Important</p>
<p>Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.</p>	

Tell us why

7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

<p>Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.</p>	<p>Very Important</p>
---	-----------------------

#4759

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Please make buses cheaper

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4774

Infrastructure construction should learn more from China, especially in terms of speed and efficiency, and abandon some projects that take too long. We don't want to pay for the consequences of abnormal time consumption.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Too much money is spent on too few economic returns

2a. Is there anything you would spend more on?

The bus fare is too high, which is not friendly to students and office workers.

2b. Is there anything you would spend less on?

Reduce excessive and cumbersome garbage collection rules

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#4774

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#4774

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Other</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#4774

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Other
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Devonport-Takapuna, Puketāpapa

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	

#4774

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

Tell us why

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
--	--

#4774

Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	

Tell us why

7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

Puketāpapa Local Board Priorities

7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

#4774

Invest in opportunities to support local community leadership.	
Invest in climate change response initiatives and support volunteer groups working on local environmental restoration / protection and climate action programmes.	
Consider our investment in facilities and services to see if there are opportunities to do better.	
Support initiatives that improve and encourage walking and cycling opportunities.	
Help coordinate and support local business groups.	

Tell us why

7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Specifically public transport, I think by lumping public transport and roading together in a category it isn't specific enough, I think there should be more focus on public transport rather than just roading generally. Community spaces and community grants and funds for things that really impact people at the ground level and have this

#4843

distributed across areas of Auckland so just dominant voices and demographics dont dominate this. Also pay your lower level staff better.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Pay your upper team less or get them to designate a proportion of their wage to a community project they feel passionate about.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Absolutely do not start charging people for park and ride, this is one of the biggest drivers to get people to use the public transport, because of pubic transport costs if they have to also pay for park and ride spots then the outcome will be people realising inner city parking is cheaper in the long term and so it will end up with more people in cars. You need to incentivise people taking public transport so increasing park and ride spaces and keeping it free is key to keeping people off the roads. I also think public transport development should focus on the outer areas of the city rather than the city centre which is generally very walkable, it is key to lessen the number of cars on the road heading in and out of the city and the improvement for that is by providing better transport systems in the outer suburbs linking to the city. Instead of reducing low utilised transport routes then instead provide smaller electric bus shuttles instead of large buses so these can be used on other routes in higher need areas.

2a. Is there anything you would spend more on?

Sorting out the bridge and providing extended train lines to the airport and across the bridge and to the outer suburbs. Extending park and ride spaces and keeping it free.

2b. Is there anything you would spend less on?

Stop spending money on adding lanes for cars. Only add room for cyclists and public transport.

#4843

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

I think bigger investment in community use in the short term will provide greater capital for improvements in the long term and I don't think you should sell any of the current assets because these are what provide benefit and facilities for the community so by losing those you also reduce the long term value of the facility so development should include keeping the assets and looking at other avenue streams such as events and more community engagement. Dream bigger.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

I think it is ok to transfer it to a fund but I think it is important to not lose too much of the shares in Auckland airport because that will reduce Auckland Council's ability to influence the airport's infrastructure and goals.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Yes invest and lease but I think you need to be more specific about the conditions of lease for the lease, this needs to include their environmental obligations, I think it should include some about of profit percentage going to Auckland Council over a certain amount and it needs to still ensure excellent biosecurity measures and responsibility. The group leasing the port needs to be carefully considered as well to make sure they have investments that align with Auckland and New Zealand, they should not be investing in any international wars in any capacity.

#4843

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

There are a lot of future needs of Auckland that often get missed because the money gets spent on the now but this has led to infrastructure like the bridge reaching the point where it can't be used in high wind without sufficient investment being put aside for it in previous years.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Make sure you are leasing to ethical companies and not any that invest in wars such as the current genocide in Gaza.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I think large scasler events could be facilitated in these spaces such as in Wellington's waterfront and I think the overall capital these would provide to the surrounding areas would provide greater benefit than the proposed loss from the lease. This cou

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#4843

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#4843

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Businesses shouldn't pay less and then the individual pay more, it should be linked to businesses and profits so the individual isn't bearing the brunt.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response	Fairly Important

#4843

to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Very Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

I think it is very limited, it should include more focus on community projects and goals, environmental restoration and connection through public transport, train and networks to the city rather than just resealing roads.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Mahurangi East

#4843

8. Do you have any other comments?

Focus on community, environment and sustainability.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Seal Rodney's roads, commuter trains to Helensville, leave the bins alone

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Communications, events, overseas 'fact finding trips', cycle lanes

#4861

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Commuter rail to Helensville, heavy rail link to the airport are missing from this plan

2a. Is there anything you would spend more on?

As above - Commuter rail to Helensville, heavy rail link to the airport are missing from this plan

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

Clearly mismanaged of late. Time for a new broom.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Other

#4861

Tell us here:

Move the container port elsewhere and redevelop the water front

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

absolutely NOT.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4875

you need to get back to basics. remember why councils even exist. delete all the flowery feel-good pet projects YESTERDAY.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

you have not spent any of that money on making the roads better since the start. all you've done is install more speed bumps, speed cameras, pedestrians crossings, etc. & generally made it harder & slower to get around our city. You do not deserve any of this money. The fact that you dress up your spending as "improving" anything at all just shows the level of double-speak and backward-logic inside your organisations.

2a. Is there anything you would spend more on?

fixing potholes. removing traffic "calming" flow impediments. removing those fucked up speed bumps just before traffic lights.

2b. Is there anything you would spend less on?

cycle lanes. speed bumps. raised crossings. basically anything you think is a good idea. your shitty staff with heir shitty ideas. fire anybody aligned with 'extinction rebellion'. fire anybody aligned with the green party.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

zero shits given about this.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

you need to think about your core purpose.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

you need to think about your core purpose. is it to run the port?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

you cannot increase rates by 20% over the next 3 years. lol. do you want everyone in Auckland to be even more destitute & miserable?

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

slash staff & services. most of what you do is unnecessary fluff. get back to basics.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

#4875

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

none

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

less on cultural support especially moari outcomes and scrap light rail project,

#4878

less councillors and salary packages. Less on Parks and recreation Less on city and local development and future funds.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

This needs a rethink as our congestion problem has not improved but only got worse

2a. Is there anything you would spend more on?

none

2b. Is there anything you would spend less on?

everything you can to make rates more affordable

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Should be available venue for all sports and entertainment

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#4878

We should be concentrating on reducing debt and expenses so constant rate rises are not soaked up by the public. I thought Wayne Brown was going to reduce rates? Fix roads and reduce overheads Leave profit earning assets alone.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

We need to reduce debt and overheads to reduce rates

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

If it is profitable then it should be supporting r transport projects

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Sort out the projects that have been not completed and all over budget

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Make the most of the present income its returning and use revenue to lower costs elsewhere.

#4878

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Anything that provides public benefits is going to cost money not reduce spending

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	

#4878

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I think the revenue and financing policy needs a rethink and re scrutinized. An effort should be made to lower charges and fees to rate payers. After all we own the assets and debts and have financed the council management of them.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support any priorities

#4878

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

some of these ideas are well out of date and will be a waste of rate payers money

#4878

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

out of touch with the communities

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Rodney

8. Do you have any other comments?

Lets concentrate on lowering costs and projects,easing the financial burden of the rate payers.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less lying to the people of Auckland and less wasteful spending on Council parties with rate payers hard earned money!!!!

#4883

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Bus fares are unaffordable due to wasteful council spending - its cheaper to drive with your own car!!!

2a. Is there anything you would spend more on?

Funding bus costs to get bums in seats

2b. Is there anything you would spend less on?

Funding council vehicles with rate payer money

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is,Change the operational management

Tell us why:

The current management is a bunch of incompetent council puppets

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Short sightedness

#4883

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Tax reductions for rate payers

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#4883

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Make sure there workers are working. Less road cones. 100 km not 80km. Sort out Auckland city ghost town. Due diligence on costs for bus stops etc. ridiculous pricing in place. Get competitive quotes. Council are taking it all for granted because they know us rate payers are paying the bill. Absolutely disgusting.

#4893

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop taking advantage of health and safety ie. 3-4 utes spotting someone picking up rubbish. Make there workers more accountable for use of rate payer owned vehicles and fuel that's being used.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

The amount of money wasted on pedestrian raised crossings could be better spent on outdated infrastructure

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Speed signs. Raised pedestrian crossings. Cycle lanes.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Reduce the number of high paid employees

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

stop culture events

#4900

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Public transport is waste of money

2a. Is there anything you would spend more on?

Roads

2b. Is there anything you would spend less on?

Bus lanes, cycle lanes and raised pedestrian crossings

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#4900

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

Doesn't matter because all funds will be wasted as usual

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

making public transport faster, more reliable and easier to use

2b. Is there anything you would spend less on?

stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Other

Tell us why:

We do not have to re-develop the stadium, we need to just improve what we have to cut cost.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#4917

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#4917

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#4917

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

No one takes the bus

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#4926

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	

#4926

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

Economic and cultural development	
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Have fewer cars for staff and no free meals

#5110

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Transport should be free for children and reduced for adults

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

No

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It is the only venue on the North Shore and as such should be developed for more events

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

The council should not invest in shares

#5110

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

The council should not own these facilities

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

No idea

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Great facility could be used for many events good for tourism

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#5110

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#5110

<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Do not support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

<p>Our People – create opportunities that support connectedness, diversity and inclusion in our community.</p>	
<p>Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low</p>	

#5110

carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through	Fairly Important

#5110

methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Upgrade the Hill Street intersection in Warkworth.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5114

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I disagree with this:

stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

This impacts safety. I'd rather pay more to have the proposed pedestrian crossings and cycleways proceed as previously planned.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

I think that a smaller stadium is warranted. The current stadium is hardly ever full to capacity and it is unlikely that it will be on a regular basis in the future.

Making it a smaller, more intimate venue would be cheaper to maintain and make for a more desirable sporting environment.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#5114

Tell us why:

I think that selling the AIAL shareholding will be a decision that Auckland comes to regret in the future. Much better to hold on to this.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

This seems to make good sense.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

I'm not sure that either of these options is better than the other.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#5114

It would be nice to have this as a public area.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

I'm OK with either option.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

#5114

Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

#5114

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

#5114

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Agree with them

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Snells Beach

8. Do you have any other comments?

No.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No - stop wasting what you get. Stop using buddies as contractors that provide substandard service at outrageous prices. Why do we need to redo sealed roads every 5 years??? - just as an example. Its not your money treat it as such.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5192

Increase demand due to more house mean more payers. the increase in rates should be no more than inflation. If you dont got it you can't spend it. Sucking owners of houses dry to build idiologic ***** - rail under city - is a good start.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

You have no clue on how to prioritise demand. Building a wider road for cycles as opposed to a second lane somewhere else to relieve hours of congestion daily is a prime example

2a. Is there anything you would spend more on?

Its not about more its about spending wisely and whoever is making the decisions isnt displaying any capabilities

2b. Is there anything you would spend less on?

non essentials . Culture and sport is not essential.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is,Other

Tell us why:

Where does all the proceeds of activities on the stadium go to. It should be self sufficient. And if it goes to someone why are ratepayers maintaining it?

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

What is the purpose of this. You expecting rate payers to support the airport now?

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

I'm not knowledgeable in this area, but if you add a middleman someone is going to pay for his profit and the repayments to the council. In the end we still pay. Its only temporary relief

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Administer it better. If a developer is willing to pay millions for this operation its got to be profitable. Manage it properly and spend cautiously

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

#5192

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

Why do taxpayers need to entertain peoples children and promote culture? Thats up to the individual.

action planning groups = committies - just another way to ciphon money

NOt sure rates should be used for cleaning the environment

#5192

Why support a community

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

For someone not having money there are way too many ideas.

First consolidate - find out why we have to repair the same roads every 5 years. I know - do you? There are similar issues in other areas

Spend more efficiently and fairly - greasing the palms of all friends and family as so called preferred contractors. Every second person has a ute and is a contractor - how come

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Waimauku

8. Do you have any other comments?

Spend money like its your own and with integrity

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve train services to northwest including a park and ride in Kumeū. Link Westgate/Northwest to the rail network.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#5202

Major ports should never be privatised.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

If it's a port, leave it with ports.

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do less work in high socio economic suburbs such as Remuera, where lobbyists and systems contribute to widening of gap between rich and poor and ultimately impact on

everyone by looking after a few at the top, and leaving people suffering at bottom or middle.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Council seems to be working towards sustainability and better public transport which we need.

2a. Is there anything you would spend more on?

Free kai at libraries and community gardens promoted for public to collaborate on/maintain - grants so these are accessible to everyone.

2b. Is there anything you would spend less on?

Oppressing minorities by supporting people who already hold wealth by not acting in critical pedagogy ways.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Facility could be accessed by wider community to improve Hauora more widely.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#5220

Tell us why:

Better for us to keep it

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

What are risks of letting it go or lease option?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

People in need now

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

#5220

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Support

Transport	Do more
Water	Do less
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Road sealing

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5246

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Sealing unsealed roads, potholes

2b. Is there anything you would spend less on?

Public transport

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#5246

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#5246

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>I don't know</p>

#5246

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important

#5246

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

It does not address roading at all!

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Waimauku

8. Do you have any other comments?

Please sort out the roads! Many unsealed roads are unsafe. The sealed roads are riddled with potholes and causing a lot of damage to vehicles.

Long-term Plan 2024-2034

Hibiscus and Bays,Rodney

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

#5258

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Not Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and	Not Important

#5258

other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

What is the

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#5292

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

I am opposed to freight being transferred by road . IF rail is a viable alternative I would consider supporting the proposal

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
---	----------------

#5292

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>I don't know</p>

#5292

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important

#5292

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	I don't know

Tell us why

warkworth area and health of our waterways have been adversely affected by recent weather events and this will only increase with climate change

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#5302

Support most of the proposal

Tell us why:

I think it's the most sensible under the current circumstances.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#5302

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important

#5327

Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Eliminate cats completely and restrict dog ownership

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

All signage and correspondence in English only

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Auckland has a dysfunctional roading system.

Build a by pass road from Manakau, vis the Airport Highway to Puhoi

2a. Is there anything you would spend more on?

Eliminate parking and cycle tracks on critical roads e.g. Whangaparaoa Road and Lake Road

Build multi-story parking garages at park and ride bus stations

2b. Is there anything you would spend less on?

Cycle lanes

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Currently a wasted area

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#5328

Auckland funds must be used for its own current and future development not as an investment fund

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Auckland Council needs funding now and port development should be funded by private capex

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Auckland needs funding now for critical needs

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Self insurance is sensible and a fall back disaster fund facility from central government should be negotiated

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#5328

Its currently a mess

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Management of key facilities should be integrated into an overall management plan

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>

#5328

Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

#5328

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Very Important
Develop pathway connections in Green Road Park.	Very Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increasing efficiency and reliability of public transport in West Auckland

- More bus stops in rural west Auckland towns for communities in places like Muriwai and Waitakere

#5382

- More frequent bus services

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend less on sporting events

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We shouldn't be rolling back support for sustainable transport like cycling

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More funding for education in lower income schools

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do less social welfare benefits

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

The improvement of public transport is fundamental to building a stable and sustainable nation that is easily accessible to all of its people.

2a. Is there anything you would spend more on?

Much much more on the railway system

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

To make a better suited stadium for future needs and desires of the North Shore community

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

The guidelines of the airport management are still in place and the payment could potentially decrease proposed rate increases in the future, so when considering this and the upfront payment of 2villion to the council, the plan seems good.

#5406

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

More growth opportunities will be available

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Do a bit of both as both initiatives are beneficial to Auckland

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#5406

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stop wasting our money on vanity projects. Stop the amount of road cones, it’s embarrassing. Stop the traffic management *****. Stop building ***** raised pedestrian islands. You guys are looking like a bunch of amateurs who couldn’t manage your way out of a paper bag. Who was the bright spark that dreamt up high density housing. Who thought that replacing 1 house (family of 4 2 cars) with 4 houses

#5436

(now 16 people with 8 cars) was a good idea. No new schools, no new, day cares, no new doctors, no infrastructure to handle the extra people. Seriously, you could not write a more tragic plan. Now we can't get our children into day cares, we wait a week to see a doctor and we've just started! As a council you need to get back to basics, stop the out of control spending. It's our money, be responsible. Enough said.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I don't Need a Green waste bin, I have a. Compost. You've just slammed that on us with no consultation.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

I don't support anything Auckland Council does as I have no confidence in your ability. You keep wasting money on ***** projects like pedestrian islands. What ever you touch will turn to *****.

2a. Is there anything you would spend more on?

Hiring decent staff that has the ability to think outside the square.

2b. Is there anything you would spend less on?

Traffic islands, traffic management and ROAD CONES

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

We don't Host major events, waste of money

#5436

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

At last a good idea. Put the money into something that generates real money.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#5436

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Support all of the proposal

Tell us why:

Support it all but want to pay more do more. Improve bus services. Allow EVs in all T2 and T3 lanes and actually enforce these lanes properly.

2a. Is there anything you would spend more on?

Buses, enforcing T2 and T3 lanes

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Never use it. Know nothing about it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Diversify investment. AIAL is a poorly managed company.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I don't trust a new lease holder to run the port. POA is governed by Council and is a decent company.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Cos we're broke!

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#5473

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#5473

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Fairly Important

#5473

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Sandspit

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Create a functional high speed high frequency train service between Hamilton and Helensville (and beyond perhaps) negating the need for all of the other nonsense you have proposed yanking more rates money for. This city is a joke with its obsession with roads and the destruction of our cultural landscape with these ugly unhealthy townhouse subdivisions. The villas and the fifties townhouses have stood for decades,

#5486

these awful eyesores you are creating will last for thirty years tops, full of aluminium and other rubbish, an ecological nightmare, a physically and mentally unhealthy lifestyle, people paying through the nose, sitting on stupid over congested roads, endless money in the roading companies and developers pockets when one functional rail system could do away with all of it, allow people to live and commute, extend Auckland all the way to Hamilton essentially, giving people real choices and truly affordable housing, reinvigorating all the small towns along the rail route. This cities design is based around giving a few companies billions of dollars a year and those are the only people benefiting from your plans, and of course all the shareholders in those companies. Totally corrupt and dysfunctional city.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Roading, housing developments, pest control. You're driving birds and lizards from our city by pesticing everything, you're driving native owls from our reserves by poisoning rats and mice and constant development noise, then you blame cats. This city/country is absolutely insane and has no understanding of how ecosystems adapt. I lived in the bush for a decade. Everything you are doing is backward and heavy handed, badly thought out. Killing non native trees that foster native trees growth. It's absolutely sickening. Your approach needs to be much more selective and targeted. You should be using coconut oil or hot water on weeds. Glyphosate is disgusting. Who will you blame when you've killed all the pests and "predators" and the wildlife still doesn't come back. Everything you do is based on money not out of care for this city. You've taken bins out of reserves now I watch trash flowing into our waterways. It disgusts me what is becoming of tamaki makaurau

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

See previous comments, it's a joke. Implement a good rail service, solve all the problems with one simple solution.

2a. Is there anything you would spend more on?

A functional train system from Hamilton to Helensville

2b. Is there anything you would spend less on?

Endless roading upgrades. The new National Ticketing System.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management, Other

Tell us why:

It's not important.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

It's mental to sell the airport shares

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Move the port up north and build swanky housing, restaurants, parks etc on the land, it shouldn't be there.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

#5486

Tell us here:

Otherwise you're just going to claw back the money from rates

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Auckland should never have had a port there.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Then you'd have to upgrade the rail systems to transport good. Definitely support this idea

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Our waterfront should not be an industrial area

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#5486

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

#5486

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Stop trying to get more money and work smarter within your means

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey,Rodney,Waitākere Ranges

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important

#5486

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

Your wording above is very misleading to anyone who hasn't read your document and is trying to manipulate people into agreeing with your agenda. I have read your document and do not support any of the ways you propose to undertake any of these nice "sound

Tell us why

Wrong wrong wrong

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important

#5486

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

You're going about everything wrong as I've mentioned several times. The money will be badly spent on absolute nonsense projects, mostly into the pockets of your corrupt contractors

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Wrong wrong wrong

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Riverhead

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

See previous comments. You go about everything the wrong way and waste money.

#5486

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	I support most priorities
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Fairly Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Not Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Fairly Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Very Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	I don't know
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Not Important

Tell us why

Not Important

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

I haven't read it but it will be wrong judging by all the other parts of your document I have read

#5486

8. Do you have any other comments?

Stop building horrific subdivisions. Stop poisoning everything. Upgrade to a functional rail system so people can move out of Auckland and buy lovely houses with land for their whanau to enjoy for generations. Nobody is going to be handing down your cheap subdivision houses. They just promote mental and physical illness.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Trains to the outskirts and airport to cut traffic and allow lower income people an alternative to driving.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5505

Road services. Put money into trains!!

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Trains! You the tracks use them!!!

2a. Is there anything you would spend more on?

Better public Transport to get CARS OFF roads

2b. Is there anything you would spend less on?

Stupid infrastructure on roads that don't do squat!

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Use it to your benefit to raise Money for city projects

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#5505

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#5505

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Develop pathway connections in Green Road Park.	I don't know

Tell us why

We need a high School!

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

We need a High School For all Of these kids!!!

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Riverhead

#5505

8. Do you have any other comments?

Need more activities and a senior school in the area!!

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Real public transport and not more lanes on the motorway. Like light rail or more buses in areas that need it. Public transport over the work in major cities is key , that’s what we need in Auckland.

Also investing in a tunnel from city to the shore for northland .

#5550

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Surely we can do better and plan for a long term solution for public transport . Seems like small goals and short term thinking . We need long term solutions that can have big impact for the future.

2a. Is there anything you would spend more on?

Why do we have so many trucks on roads. Isn't rail a better way to go ? Again long term goals, have impact as populations grow.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Events are great for community. Why don't we host more events ?

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Concerns that it could be treated as a slush fund . Are they going to be good stewards . To risky .

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Manage it better . Someone who runs it like a business so it is profitable.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The alternative option has no vision or plan . How can one vote with no information.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#5550

Tell us why:

Again no vision. Or real plan option here.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
--	------------------

#5550

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5562

Yes. Cut the wasteful spending to Art monuments around Auckland. We can't afford over 10% rates! People are struggling already! Enough please.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

We don't want to be taxed for it though our rates thank you!

2a. Is there anything you would spend more on?

Yes, Flood water management.

2b. Is there anything you would spend less on?

Yes, all the frills like Art, movies and cultural shows. People could at least pay a gold coin donation for stuff like that. We don't need to fund Transport or any other new developments. It's time to cut back on wasteful spending. Happy to have pools and recreational facilities that are purposeful but we don't need to build new ones right now.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

We paid for it and we want to keep it. It serves our country.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#5562

Tell us why:

The airport is the best investment of that money.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

There is a lot of disagreement about it overall and it needs to be reviewed

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Too expensive

5b. What option do you prefer for Bledisloe Terminal?

#5562

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Too expensive

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Do not support

#5562

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
---	--

#5562

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
---	--

#5562

Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Our environment is spoilt by man made creative works when it is beautiful in its natural state.

Tell us why

A lot of wasteful spending

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Yes, please stop all unnecessary spending.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Maintain essential services, spend more when finances allow.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5595

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

raised pedestrian crossing are unnecessary. Review speed limits, some are ridiculously slow. Maintain all public walks and recreation areas+regional parks.

2a. Is there anything you would spend more on?

Beach front boardwalk for Orewa plus a carparking building

2b. Is there anything you would spend less on?

Council salaries.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Increasing population can better utilise sports areas. More efficient planning and financial management will keep public assets for future generations than could be lost if shut down now.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

Frees finance to provide services without additional borrowing.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Sell 40% of Port+wharf , lease operation to efficient operator.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Greater public use of this area could stimulate financial benefits without infringing efficient management of port operations.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

see previous comment

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#5595

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Other
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Fairly Important

#5595

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Very Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

traffic management and consultants

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

selling is a silly short term solution

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#5601

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Update Storm water infrastructure

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stopping the development of cycle lanes.

#5618

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Raised crossings are a waste of time and money.

Having regular reliable transport is key for those people commuting

2a. Is there anything you would spend more on?

Better roads

2b. Is there anything you would spend less on?

Raised crossing, cycle lanes,

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Cheapest option, unless you can build another stadium that will cost less than 33m

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Need to keep these shares. Not a priority at the moment

#5618

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Build funds for future port projects.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Need to start investing in AKL future now

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

More long potential profits over time

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#5618

Tell us why:

We don't need more public spaces.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#5636

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Wait until the entire Port can be relocated and a stadium built

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

#5636

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacements. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#5700

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates 8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#5700

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Infrastructure with roads, and for council to put more housing building on hold until roads/waterways etc have been resolved - stop giving consents

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

as above

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

stop building just one or 2 lanes - NZ is growing fast - you need to plan for this

2b. Is there anything you would spend less on?

cycle pathways,

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

it is a good stadium - why spend public money redeveloping

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

do not privatise it

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Move the port out of Auckland - give other cities of NZ employment

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#5704

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Fairly Important

#5704

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

Some of the proposals are fanciful - who and why have they been proposed - there is no rationale behind most of these - Rodney is ignoring the bigger picture

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Looking at infrastructure - as Rodney is fast growing with no funding into infrastructure, building plans are being signed off with no thought to wastewater/roads etc STOP BUILDING until this has been resolved

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Support all of the proposal

Tell us why:

Sounds good. Stop investing in pedestrian junk that nobody uses. Like the transport hub in Warkworth. And the park benches at the road about at the end of the Mataknaa Link road.

2a. Is there anything you would spend more on?

Fixing the potholes and sealing more roads.

2b. Is there anything you would spend less on?

Art, benches, fancy designs on infrastructure.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#5705

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Support

#5705

the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

#5705

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people	Not Important

#5705

maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

Stop spending our money on pet projects. Build roads. Fix the roads we already have, put money into infrastructure that is going to help the economy and affect people every day. Projects like the Warkworth bus hub thing are a waste of time. The road betwe

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

A waste of time. They need to stop funding projects that make themselves look like they made something and fund projects that will better everyone’s lives. Kids don’t use playgrounds, they use iPads.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#5723

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than 100 years of vigilance on our beaches.

We therefore request that the Auckland council allocates \$8.02 million in funding within the long term plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Plans need to realistically assist some of the remote communities, not just city centre. e.g. Rodney needs more that unsealed roads funded.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Agree to reduce some areas of service - hours at facilities, introduce entry fees, reduce nos of books in libraries and streamline AT

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Current plan has some nice to have idealistic touches especially from AT

2a. Is there anything you would spend more on?

Unsealed roads. Rural public transport

2b. Is there anything you would spend less on?

raised crossings. inner city vanity projects.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

under utilised and looking tired.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Bigger management of port return and keeping AIAL investment for future.

#5731

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Current limited control/influence of port operation by council

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Need to manage debt

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Still need for long term vision for waterfront.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Under utilised and central city population needs outdoor space/precinct

5b. What option do you prefer for Bledisloe Terminal?

#5731

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Expanding needs of inner city dwellers

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in	Do not support

#5731

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

Focus needs to be on hard infrastructure not heavy focus on community projects

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Unsealed roading needs addressing. Better alternative transport (cycleways) or public transport in rural rodney (stops between towns)

#5731

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Most people are happy to pay if they are getting good value for money. How about KPIs introduced one managers. 50/50 retainer and 2nd 50% KPI related.

Id like council to do more to stick to delivering services and interfere less with Aucklanders lives.

#5739

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Get rid of fancy signwriting on vehicles etc.

Make people attend zoom meetings instead of all the travel between offices and sites.

Stop wasting money on cycleways, pedestrian crossings and doing ridiculous things like painting the road blue in Henderson.

Run the council like a business and stop vanity projects.

We do not need a waterfront stadium. Stick to ya knitting and get the basics sorted first. Maintain the infrastructure we have now, to make sure it last longer.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

AT are slowing Aucklanders down with all the over the top safety BS. Takes significantly longer to get anywhere in Auckland since the super city was formed and the out of control AT have taken over.

When I drive around I think a lot of the traffic control is over the top. I do think that they want to get all of their trucks out on the road and they overload jobs with to much traffic management.

A lot of the time traffic management is left in place over weekends when signage could be removed and traffic aloud to work like normal.

The new crossings are over the top. With all the new markers etc. There is so much visual pollution or distractions from signage, lane markers etc that it makes it harder to see the people and other vehicles at intersections.

2a. Is there anything you would spend more on?

Pleased to see culverts are being given some budget since the floods. I think that there needs to be more money spent on maintaining the storm water infrastructure in the country.

#5739

Areas up stream of bridges should be cleared of debris and trees.

2b. Is there anything you would spend less on?

How about value for money when repairing pot holes? We often see someone putting asphalt in a pot hole but not preping it correctly first. Asphalt is gone within days.

There are pot holes that are like patchwork quilts at Riverhead road and SH16. Why cant the contractors just repair the whole road surface, not 25% where it starts to come up soon after repairs.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

I don't understand why council are ***** bent on new stadiums. Use what we have now to the best possible scenario. Get council spending and borrowing under control, then lets talk about vanity projects,

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

How about getting rid of some of the larger Australian service providers that do their best to keep council money in their pockets and giving contracts out to smaller local business. The locals are much more invested in our areas than the Australian conglomerates.

4b. Which option do you prefer for the future of Port of Auckland?

#5739

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Dont sell it to the Chinese.

Dont move the port to Whangarei.

Allow POAL to develop the wharf areas for commercial use as they need to do.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

How can the POAL make money when they are continually hamstung by the council. Less port facilities means more trucks on the road to deliver the goods to Akl which will no doubt cost the consumers.

Let the port company use the wharves for freight.

Akl has

#5739

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	I don't know

#5739

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

#5739

Riverhead

8. Do you have any other comments?

I have concerns about board members voting to close Muriwai beach. I feel they are doing it because they are too lazy to work on better solutions for policing the beach.

The police need a presence at the beach in the summer. Council need to take police to task on this issue.

It is wrong to close off public access because police wont do their job.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#5755

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

I don't know

Tell us why:

2a. Is there anything you would spend more on?

#5755

the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.

Broaden the description of bus services funded by the **Climate Action Transport Targeted Rate (CATTR)** to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).

Discontinue the **Long Term Differential Strategy** which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.

Re-introduce **recycling charges for schools.**

Continue the planned roll out of **rates funded refuse collection** to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.

Introduce the **Franklin Local Board Paths Targeted Rate** of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

#5755

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Local board priorities

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value</p>	<p>I don't know</p>

#5758

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Please fund Surf Life Saving, especially the Omaha Surf Life Saving club in their rebuild.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf Lifesaving clubs play a vital role in our community providing essential services to keep our beaches safe. However, many of these facilities are reaching end of life and are in need of replacement. Without adequate funding our clubs will struggle to continue their lifesaving work effectively

#5762

Without fit for purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service spelling the end of more than a hundred years of vigilance on our beaches.

We therefore that Auckland Council allocates funding within the Long Term Plan specially earmarked for the rebuild and ongoing maintenance of surf lifesaving facilities. shown in SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5766

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#5766

Dumb idea to privatisate the port as the company would take profits over service and we all saw what happened with kiwi rail.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Improve our current public space on queens warf before looking at more non profit space.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Again improve current space before wasting money on more land that won't get used.

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays,Rodney

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	

#5766

Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Not Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective	Fairly Important

#5766

options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people	Fairly Important

#5766

maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No more on useless traffic monitoring such as at Matakana

Spend regional fuel taxes in the regional areas.

Matakana is in Auckland why is our petrol much higher ?

#5823

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Monitor road works - do we really need 20 workers and 4 trucks when 3 workers and 2 trucks could do the same ??

2. What do you think of the transport proposal?

I don't know

Tell us why:

Why is the no light rail on the north shore??

2a. Is there anything you would spend more on?

Light rail on the north shore - build rail up high as in Honolulu

Fix roads properly instead of half fine then have to go back !!

2b. Is there anything you would spend less on?

Road bumps

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

North shore is a city . City's need stadiums !they also need public swimming pools not gym club pools

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#5823

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Don't agree with the sale of shares of Auckland Airport

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Build better wharves do larger cruise ships can come and we need better arrival facilities - currernt premises for arrival is 3rd world !!

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Make Tauranga and Marsden our main ports

#5823

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#5842

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	

#5842

<p>harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

#5842

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#5845

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important

#5845

Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Very Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#5897

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better roads/infrastructure

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less events that could be arranged private companies investing

#5944

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

As someone who lives rurally, do not see money being spent of roadways and public transport in our areas at all. Not benefitting from it and would like it to be more equitably spent

2a. Is there anything you would spend more on?

getting motorway to wellsford completed

2b. Is there anything you would spend less on?

cycleways and inner city roads

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

seems to be an underutilized area

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Because the proposal is too unclear

#5944

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

So that the money raised will benefit Auckland today not tomorrow

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#5944

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I live in the Rodney area & both our sealed & unsealed roads are in a sorry state of repair & urgently require proper repair & maintenance, NOT just patches!! Many of our roads are restricted in width due to potholes & subsidence into the side drains. This work requires urgent attention to prevent further deterioration &/or further death.

#5960

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I feel that the raised crossings are more of a hazard than a safety feature as it slows FENZ vehicles & in my opinion is a waste of Rate payers money.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

The last point covers what I had in mind to say

2a. Is there anything you would spend more on?

Some of the local Libraries require upgrading &/or enlarging. This work needs to be considered in future budgets, if not able to be catered for now. Road maintenance.

2b. Is there anything you would spend less on?

I've already said my piece; cycle lanes & raised footpath crossings.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

The current stadium isn't fit for purpose as it cannot fulfil the needs of the public that further facilities to support the primary stadium function are required + some retail

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#5960

Tell us why:

The Auckland Future Fund will enable further expansion/replacement of the current investment to enable AC to access funding that's not tied to restricted investments that there's primarily fewer buyers for THUS a lessor return.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

It makes more sense that AC is NOT a port operator & this requires a more professional, larger group with overseas connections to enable the port to be better organized/function.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

The long-term future is for the Port NOT to operate from the Waitemata Harbour

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No, I've said my piece & there are much better people able to resolve the current corundom.

5a. What option do you prefer for Captain Cook and Marsden wharves?

#5960

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Makes sense as they're NOT efficient utilized by POA

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Makes sense as they're NOT efficient utilized by POA

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to	Support

#5960

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I've made my comments as above..

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

#5960

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important

#5960

Develop pathway connections in Green Road Park.

Fairly Important

Tell us why

I think that the Local Board should put more focus to ensure that AT provide safe roads. Whilst its nice to have new/refurbished facilities & the like put the funds where there's the greatest need & SAFETY is a priority.

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

The focus on resilient rural roads is fantastic, however, it requires more urgency now. Preserving the environment is great, however, roads have greater urgency.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Warkworth

8. Do you have any other comments?

Difficult to fully understand as no specifics

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5969

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

Road cones!

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Dumb to sell the airport shares.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#5969

Tell us here:

Crazyto lose control for 35 years. What happened to the notion of moving the port?q

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Affective Maintenance of services to improve failing infrastructure. Please, please no more money spent on grandiose schemes that are paraded out as cultural or artistic. We want functional please.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5985

As I've said above. It absolutely guts me that in the past the ratepayer has been a seen as a bottomless purse for special interest groups to use for their pet projects eg: cycleways (dressed up as environmentally necessary) however, that I have observed they are mostly used on weekends (sunny ones only) recreationally. Be honest, how often do you see a cyclist, biking to work? Very, very rarely and certainly not in the numbers to justify the billions spent on them. Also no more money spent on council vanity projects. Over the years, In the west we have had three different Councils/Mayors who have required a new council building as a monument to their tenure all at huge cost to the rate payer. Eg: Going back to Covich, then Corban the one at Waipareira Ave, then Harvey, the current one at Railside Ave. Why, if they have to have something, can't council build a cost-effective, functional structure or public amenity, that doesn't require an obscene amount of money spent on architectural flamboyance, so called sculptures (deemed artistic by.... goodness knows who) and sycophantic nods to whatever culture.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We need to do repairs and maintenance. Use quality products by all means rather than cheaply sourced materials which are only a false economy. Can we please have functional over flamboyant special interest-group inspired, expensive inessential, and in many cases, eyesores.

2a. Is there anything you would spend more on?

Road repairs.

2b. Is there anything you would spend less on?

Dual language signs comes to mind. They will not enhance safety. Also, the constant cost of Koha for spiritual stuff. In Auckland we have many different people, originating from many different places, of all cultures, spiritualities, religions and superstitions lets use their rates on the practical. Pressure from one or other lobbying groups should not be what drives our council. We are all Aucklanders living together affably in what we would, I'm sure all like to see, a fully functioning city.

#5985

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't have a comment as I don't live in the area, and know very little about the stadium, however, whatever the council decides, please don't make it cost a fortune. The families of greater Auckland just can't afford it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

Yet again, I really don't have a good enough understanding of finance to have a firm opinion. However, I don't know if selling off the family silver in the form of AIAL shares is ever a good idea.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Retaining the family silver (The Port of Auckland) and leasing it out seems to be a sound idea to me. If this frees up \$2.1 billion, please don't waste it on some architectural or cultural flamboyance.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#5985

Continue to use it to fund council services

Tell us here:

I'm fearful this Auckland Future Fund could be another bunch of money which overtime disappears into thin air. One thing I'm very aware of is with the natural disasters like Gabriel an unknown quantity any fund the council has at hand will probably be eaten up paying out disaster-struck homeowners. And it concerns me greatly that I've read council is still allowing building consents in flood zones, so the people of Auckland are going to have to bail out these homeowners forever. The council should stop building in flood prone areas then any funds in the future may not be gobbled up as much.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Like I have said before, I'm weary of Council using the words "Something else that provides public benefit" Please not another "fancy building" or special interest group pet project, maintenance please and keep our infrastructure functional.

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

Ditto

6a. What do you think of these proposals?

#5985

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#5985

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

How about dredging the Kaipara river where it passes through known flood zones as this(I have read has been done in the past) to stop flooding in the area and to facilitate quicker drainage of flood planes and roads when they flood.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups	Very Important

#5985

and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	I don't know

Tell us why

Like I said, has anyone thought of dredging the Kaipara River to allow water to drain off flood prone areas. It seems to have been done in the past.

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

All I can ask is some commonsense be used when committing Rodney families hard-earned rates contributions for the next 10years. No more costly grandiose schemes. Please keep what we have functioning well.

#5985

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

provide something to Kawau Island to justify the rates we pay. Currently we receive only governance, maintenance of two wharfs on the island that only give benefits to 1/4 of the rate payers, plus the right to dispose of garbage at the ferry landing on the mainland.

#5986

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#5986

Tell us here:

Our concerns regarding Mayor Brown's proposal are:

1. There is no substantiated business case to support the lease proposal, a proposal that has far-reaching implications for Auckland and the upper north island.
2. The last three major port studies have all concluded that the port needs to be relocated due to land side and sea side constraints. Relocation wasn't even put forward as an option by Council.
3. There is no information on the long-term cost to Auckland and New Zealand of prolonging the tenure of the port in its current unsustainable location. Previous studies have estimated that billions of dollars will need to be spent on road and rail upgrades to maintain the port on its current site.
4. Future generations will bear these substantial infrastructure costs as well as negative externalities associated with the port including congestion, poor air quality, and the sizeable opportunity cost of having a port located on 77 ha of prime CBD waterfront land.
5. Mayor Brown's proposal will not fix Auckland's long-term funding problems – it will exacerbate them. The long-term solution is for the Auckland Council to start living within its means and gradually pay down its debt to a sustainable level. This isn't the easy solution, but it's the right one.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#5986

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#5986

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

#5986

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

#5986

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Kawau Island

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Clear out drains, streams, the Helensville River in Helensville area to prevent flooding in future events. Apparently historically this was done for this reason. State - Highway 16 is flooding if a big enough downpour happens. I have driven through this myself 15-20 yrs ago.

#6030

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce Architectural building input, make facilities that will last for a long time and that don't leak like Henderson council building did ?? a few years ago.

Safety first not a monument to an Architect or council.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Raised crossings are a hazard and distract from driving. If necessary how about a smaller raised pad like in Old North Road, Riverhead, A local stop sign as a warning for distracted drivers. the rest of the proposals are good.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Please less cultural and artistic spending, when money is needed for basic infrastructure upgrades when the purse is full by all means have the vanity projects.

EG: dual language signs, most of our population speak English as it is taught in schools. Too much wording on the signs will make another safety hazard with people being confused as to what to do with a split second to make a decision, not read a whole lot of clutter.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Need money to cover the rest of council projects

#6030

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Need funds... a good place to start but what the money is spent on will be critical,

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Need funds...this is another income source a good business approach will secure that. By not selling now you have an asset to borrow against in the future.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

The income stream will help run the City into the future and will help control budget blowouts.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

With a future harbour crossing in mind a rail link with the shore similar to "Sydney Harbour bridge" would solve a lot of problems like a way to commute over from the shore and freight who knows maybe a cycle service on the train may stop a bit of whining.

#6030

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Ports need land and the Council would just use it for something non-productive. It is prime business land and has been used as such.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Ports need land and the Council would just use it for something non-productive. It is prime business land and has been used as such.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#6030

<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>I don't know</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#6030

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More hub spoke designs for public transports, focusing on centralising the hubs to have crossover with other forms of transport (bus + train)

Priority on ensuring distance between the different forms be minimalised, to make it an attractive option rather than a hassle when distances are too far.

#6138

Large investment into future transport systems/routes for the extreme long term (10-20 years)

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Being inefficient at processes.

Cut the fat, unnecessary processes waste a ton of time and money.

For both a rate payer and the council themselves.

Forms and requests constantly get stuck at the council causing delays that snowball into years

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Focus on rail and bus reliability, the public's lack of trust in a consistent public transport system is the main detractor from more people using it.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#6138

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney, Upper Harbour

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response	Fairly Important

#6138

to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Very Important
Develop pathway connections in Green Road Park.	Very Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Silverdale (Rodney End)

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

#6138

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Fairly Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Very Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Fairly Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Fairly Important
Implement actions from the Upper Harbour Engagement Strategy.	Very Important
Implement actions from the Upper Harbour Greenways Plan.	Fairly Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Fairly Important

Tell us why

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell

#6138

land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

Which of the following options do you support?

Investigate options to introduce a targeted rate

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

8. Do you have any other comments?

Less inefficiency in work done by council employees

#6241

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

There is gridlock in the state highway system in our area. We need to start on the alternative route for a rapid transport system.

2a. Is there anything you would spend more on?

Putting in the alternative highway as soon as possible

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It doesn't really affect me

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

We need the cash flow

4b. Which option do you prefer for the future of Port of Auckland?

#6241

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

We can use the money to develop the port for the benefit of all of auckland ratepayers

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Make the harbour a better area for the use of the auckland people

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#6241

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#6241

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Very Important

#6241

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	I don't know

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Good

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Waimauku

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

Stick to core business

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

no except as above - score not fringe feel good services

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Northern bus route a great example of excellence but feeder and park and ride are less than effective

2a. Is there anything you would spend more on?

use existing rail structure to build fast rail to airport and improve parking for parkand ride eg a building at albany for parking

2b. Is there anything you would spend less on?

everything not mentioned above

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Be efficient but keep the stadium develop albany as ride and park

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#6253

resilience should be paid for by the developers and AIAL is a asset we need to keep managing our cities interests as an entry point.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#6253

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Transport	As proposed
Water	Do less
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More improvement in health services, crime prevention, security of freedom.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6266

Less road humps, less cycleways (limited number of people using it). Changing speed limits in a uniform way rather than changing it suddenly from 30 to 50 etc. Wastage on road maintenance.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Alternate crossing for Northshore rather than depending on Auckland harbour bridge.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

More on increasing the capacity of park'n'rides

2b. Is there anything you would spend less on?

Less on inner city public transport for a rail system that is a giant waste of money.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

This stadium is vastly under utilised. The current management has made the cost of using the stadium prohibitive, as the general use has plummeted in the last 10 years. It also looks extremely shabby and needs a good clean and paint.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#6305

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Wainui

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

#6305

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Not Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Not Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Not Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Not Important
Implement actions from the Upper Harbour Engagement Strategy.	Not Important
Implement actions from the Upper Harbour Greenways Plan.	Not Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Not Important

Tell us why

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

#6305

Which of the following options do you support?

Investigate options to sell land

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

Development of existing library's should be the priority over a new library.

8. Do you have any other comments?

Millwater proposed park. This park was promised to the community by both the council and fulton hogan and it has not be constructed and is also looks like has been renege. This is a huge blow to a growing community and will effect the way we vote in future elections.

Long-term Plan 2024-2034

don't to give shares to foreiners

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Better use

#6315

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#6315

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Community Proposal

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	

#6315

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Invest in a strong future plan

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Not charge rate payers for services they don’t use

#6322

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Look at other investment strategies to increase revenue to pay for transportation programmes. More speed cameras to reduce road deaths and provide revenue for council

2a. Is there anything you would spend more on?

Roads

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Not a priority

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#6322

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Support

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Pay more for environmental protection, planting ... and upkeep of libraries

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6343

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We need more non-car transport - most big cities around the world cater for walkers and cyclists

2a. Is there anything you would spend more on?

Looking at more provision for cyclists and walkers

2b. Is there anything you would spend less on?

Not sure - but not in favour of raising speed around schools and in other sensitive areas

3. Which options do you support for the North Harbour Stadium?

Change the operational management, Other

Tell us why:

Sell it

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Uncertain about selling airport shares

4b. Which option do you prefer for the future of Port of Auckland?

#6343

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Hesitant about option 2 but think it is a reasonable compromise

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Build up Auckland's ability to withstand climate change

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Dislike the proliferation of cranes in our beautiful harbour - also don't want to see Auckland's assets sold or leased to overseas entities

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

Would like them to be used for recreation but there's also an argument for revenue from them

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#6343

Tell us why:

in future it would be great to have the wharf for recreational use but for now we need the income

6a. What do you think of these proposals?

#6343

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Environment and water quality are of top importance.

Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water	

#6343

health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through	Very Important

#6343

methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	All these things give our city what any world city needs - a healthy environment, aesthetic qualities, walking tracks

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

As Rodney fills up more and more it's important to keep our green spaces.

Streams, rivers, creeks are silted up - riparian planting is a must. The council needs to keep a closer eye on run-off and make sure rules are followed.

We need to plant grasses and so on along our beaches to slow down erosion.

The precious Hauraki Gulf is too valuable to have been damaged by pollution.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Instead of raising taxes or reducing services why not exist motoring the efficiency in which current services are provided by eliminating third parties that need to profit from them? Also keep the fuel tax, which encourages more efficient vehicles and use of public transport.

#6354

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Scrapping fuel tax is a subsidy to large contaminating vehicles.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Third parties, carry on services internally for nonprofit

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

In future years we will wish we hadn't sold them only for short term profit. This is BAD policing.

#6354

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Leasing operations will only lead to higher costs, improve efficiency of internal processes under the council's control.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Bread for today, hunger for tomorrow.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#6354

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Leisure amenities - a landmark central city stadium which would generate considerable tourism and recreational business revenue. More regional cycle trails as often found elsewhere in the country generate many spin-off businesses and regional job creation. Improved access and utilisation of our eastern waterfront both within the city and along Tamaki Drive. We have a road and commercial wharves separating the people from

#6362

the harbour. More waterfront dining/cafes would enhance the cosmopolitan vibe of the city (think Sydney and its surrounding suburbs which has superb public access to jetties, promenades, cafes etc). Finally, do more to protect our wildlife, especially in relation to pet control in reserve areas. I live at the beach and local conservation enthusiasts are powerless to prevent the presence of domestic cats preying on endangered bird species inside reserves. Reserves should be given sanctuary status or at least the capability to remove predators.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Traffic management is excessive. Minor works often have more staff sitting in flashing light trucks or holding stop/go signs than doing the work. Cones are excessive. My travels through Europe and Australia highlight the massive difference in approaches to traffic management without any obvious compromise to safety.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

The obvious way to reduce traffic congestion is to get more cars off the road (with the added benefit of C reduction). Frequent, reliable and affordable public transport is crucial if this is to occur. The public need confidence that alternative forms of travel will not inconvenience them too much. Raised pedestrian crossing costs are outrageously excessive if media reports are to be believed (circa \$400 -\$500K each). The decision makers need to get back to simple principles of delivering value for money and ask themselves the question - "would they pay for the work if it was coming out of their own pocket, even if they had the money". Maybe a Toyota Corolla solution would provide the same outcome as a Rolls Royce but in any event, the decision makers need to be more grounded and practical and find appropriate uses for spending the Councils (the citizens) limited funds. We want to see value for money, and we want to be sure contractors who get Council contracts are appropriately selected so that we get the "best bang for buck".

2a. Is there anything you would spend more on?

Incremental improvement in traffic flow. Slowing the traffic to a crawl consumes more fuel and generate more CO2. The focus should be on moving traffic as efficiently as

#6362

possible. It sometimes appears that AT is endeavoring to frustrate drivers into public transport (maybe an unfair comment but it often feels that way). One small option would be to allow free left turns at intersections, perhaps with a flashing orange arrow. I have seen this overseas and it seems to work very well. More opportunity for Park and Ride would be helpful to get people onto public transport. They Albany park is often full early but the bus lane is excellent. More of this is needed.

2b. Is there anything you would spend less on?

Traffic management - cones and staff definitely needs a sensible overall. This aspect seems to consume a large part of any project budget and is often wasteful in my opinion. Good business for the traffic management companies I suspect.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

The North Shore is growing very quickly with all the development all the way to Orewa. Once the opportunity to meet the future needs of the community is gone, it could be very difficult to replace. Council needs to be sure that the stadium is largely redundant over the longer term before compromising the facility - there is a need to ensure there is no short-term expedient thinking (I'm not saying this is the case. I just don't understand the issue well enough).

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

While disposing of AIAL shares too soon post Covid and while the market is down could be a bad time but the professional fund managers would be all over this. There are excellent fund managers who should be capable of delivering a superior return to Council. The risk side is that AIAL is a vital strategic asset to Auckland's prosperity. Are

#6362

there economic risks to Auckland if the airport was under foreign ownership and as the only pathway into NZ's major city, could this fact be exploited?

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

Not sure of the lease structure. Any lease should have review periods to ensure that the lease reflects fair commercial returns to the Council over the term of the lease, which at 35 years, is substantial. Reviews are typical of other lease agreements for significant assets that I have seen.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

The best option would depend on the future view of what delivers the best return. Is the return from the Future Fund likely to be higher than the cost of borrowings to fund council services.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#6362

An important step in creating a more vibrant and people focused waterfront that Auckland could be proud of if done well. The land would also be valuable and there are likely to be good revenue streams for Council.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

As above, provided there are feasible alternatives to the current use of that area (North Port or Tauranga etc). A rail link to North Port could be interesting.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by	I don't know

#6362

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

#6362

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	I don't know

Tell us why

#6362

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Initiatives to protect our beautiful environment are important but I would like to see some reference to supporting the Mangawhai to Puhoi cycleway which would become an amazing recreational asset which would generate employment and numerous regional commercial opportunities. Initiatives that decrease runoff into our rivers and harbours are also important for all Aucklanders, not those just in Rodney.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Omaha

8. Do you have any other comments?

Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#6374

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#6413

Support most of the proposal

Tell us why:

STOP RAISED Crossings paint lines Red and have signs as have had over 50 years or more. Also have less money on cycle ways. Dynamic lanes have a place but must use common sense on the on and off times. Public transport Rural Areas Mini Buses Fit For Purpose not large mostly empty No population living to use them USE Some Common Sense There are examples look at Ritchies Private Company

2a. Is there anything you would spend more on?

Spend Money on Council CORE BASICS

2b. Is there anything you would spend less on?

As said Spend less on Consultants and Stupid So called Nice To Have Walkways and Gold plated Cycle Ways

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Get Rid Of Stadium it has been a costly Burden on ratepayers from DAY ONE.
Perhaps keep swimming pool complex if viable

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Makes sense to protect for the future

#6413

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Makes sense but should still consider long term option to move to Marsden Point or parts of or some to Tauranga

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Mentioned above

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#6413

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

We need better public transport to riverhead, more frequent and there should be bus stops at the end of Barrett rd

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Riverhead

8. Do you have any other comments?

We desperately need better public transport out west to riverhead, we need to get more people out of cars and ease congestion

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- This is some detail on the “Do more” items above.
- Public transport must continue to be improved, maintenance-only for roading.

_ Having a plan to reduce the city's climate-change emissions, with targets, is my number-1 priority.

- Protecting and restoring our natural environment includes reducing the human impact in the Auckland Council area, which means higher density housing near transport nodes and associated shops and offices.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

- I'm happy with rates increases of 14, 10, 10, 5 percent in the next four years, 5 onward.
- Leave business alone, no incentives. Leave that to central govt.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

- We need to reduce the annual km driven by fossil-fuelled vehicles, nation-wide but more obviously necessary in Auckland where public transport can be very effective for that goal.

2a. Is there anything you would spend more on?

- See just above.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

- I have no interest.

#6429

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

- A thriving city like Auckland can borrow for infrastructure at relatively small cost.
- IMO there's no need to sell AIAL shares which will continue to produce a very useful income stream over the 10 years of this LTP.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

#6429

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support

#6429

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

#6429

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	I don't know
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	I don't know
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	I don't know
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	I don't know
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	I don't know
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	I don't know
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	I don't know

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

#6429

· Because we three adults live year-round on Kawau Island, Rodney Local Board plans are virtually irrelevant to me.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Kawau Island

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

north Western traffic

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#6432

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
---	----------------

#6432

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Art and events

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Reduce investment in cycle paths and public transport. We do not have the financial resources to do this properly and are better to allocate elsewhere

2a. Is there anything you would spend more on?

Roading

2b. Is there anything you would spend less on?

Public transport and cycle paths

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Government are not efficient at running profit operations. Most government staff have little drive and accountability

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I think it is possible for the government to financially benefit from Auckland Airport

#6468

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Option 2 but the lease would be 99 years

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

Would need to see the figures to be able to

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Because the amount of raised pedestrian crossings has been increasing over the past few years and I would like to see a slight reduction when it comes to building new ones.

I would also like to see a reduction in temporary traffic management controls and the introduction of a digital Hop card.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Temporary traffic management controls and raised pedestrian crossings

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Because it's hardly being used for big events now, they would rather have them at Eden Park or Mt Smart so I think redeveloping the stadium would be the best way to go.

Repurpose it for community events and suit it to the current state of provincial rugby crowds for Harbour games by having a smaller capacity.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#6511

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#6511

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Hibiscus and Bays,Rodney,Upper Harbour

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local	

#6511

services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped	Very Important

#6511

reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important

#6511

Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	I don't know

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Warkworth

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I do not support most priorities

#6511

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Fairly Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Not Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Not Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Very Important
Implement actions from the Upper Harbour Engagement Strategy.	Not Important
Implement actions from the Upper Harbour Greenways Plan.	Fairly Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Fairly Important

Tell us why

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate

#6511

following investigation of viable options).

Which of the following options do you support?

Investigate options to introduce a targeted rate

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cleaning up the waterways and harbour. Make room for rivers and in doing this fix up the gravel roads causing serious environmental damage or that are risking people's lives.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6537

Move away from a sole focus on investing in the CBD . Reduce reliance on maintenance contractors and bring more of the simple manage type tasks in house to reduce beauracy. Overall reduce the number o fmanagers managing things pointlessly. Auckland Council have a serious issue with overpaid managers and not enough focus on using rates to improve ratepayers environment and city operations and maintenance. Design things for a whole of life cost not minimal capital outlay.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I DO NOT support the use of "dynamic lanes" as these have been tried elsewhere in the world and are a disaster. The bureaucracy in AT needs serious attention/reduction and AT need to be focused on the needs of the community not pet projects and daft things like heaps of speed bumps, painting intersections blue etc. They need to look at wider Auckland roading maintenance and improvement.

2a. Is there anything you would spend more on?

Fixing road and carpark runoff so that it does not cause environemntal contamintion, roads are not undermined or destroyed by flooding and debris form roads does not end up in the environment. Currently AT totally fails to meet the requirements of the RMA in terms of contaminant and debris discharges.

2b. Is there anything you would spend less on?

Bureaucrats. Painting intersections in colour (except for yellow hatching to keep intersections clear) and work that is not core to transport. Bus lanes and cycle lanes on main roads are in particularly unhelpful. Bus lanes cause pollution (long queues of idling cars) and frustration and inhibit traffic movement. Cycle lanes need to be taken off main roads and alternative pathways through suburban streets developed. Items that do not have a long term whole of cost benefit. Namely only do work if there is longer term benefit and avoid sort term fixes.

3. Which options do you support for the North Harbour Stadium?

#6537

I don't know

Tell us why:

I do not live in the area. Basically, look at the LONG TERM cost benefit of each not just a few years and maintain flexibility. This is after all supposed to be the long term plan.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We need an alternative income other than rates and selling more airport shares is a false economy. One needs a long term plan and this is short term. It seems to me that developers, and thus new property owners, are not paying enough to meet the infrastructure requirements of the city or paying their share. The DIFF and SIFF impact fees need to increase. Looking at ways to reduce opex is essential, for example prohibiting insinkerators reduces biological load to the treatment plants by 20%. Placing more connections on restricted lines like small bore systems reduces inflow and infiltration. We are not using our waste building materials wisely with most going to landfill. We need to build a sustainable city based on examples overseas- even if that means increased rates or fees to use certain features of the city. Developing a slush fund to manage emergencies has merit, provided it is something that is added to gradually out of rates, like a financial contingency. Robbing the airport shares is not a solution.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#6537

The port area is valuable and as exemplified overseas if commercial operators take over an area the underlying land could be subject to contamination or neglect result in a future contingent liability to Council. Best for Council to retain control.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

A bit of both. Some for long term contingency planning (like sea level rise) and other for offsetting rates increases or improvement of underlying port land.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Council desperately need to get back to its core business of ,managing the operation of the city and not get involved in development. People do not spend capital on development when broke.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

It is important that all property earns its keep, provided in doing this the underlying value of the land is not compromised by contamination or damage through lack of maintenance. Building to create value is one method by Council's are notoriously bad at

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#6537

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#6537

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

It is important to look long term at the whole of life cost ebenfit. There is little mentioned above about the massive cost saving to Council when Council facilitate materials or expertise funding to local community groups on whatever project you pick. There is strength in numbers which Council is not using well as funding is hit and miss and inconsistent between years.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

#6537

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	I don't know

Tell us why

Healthy Waterways gives people health and open ups natural playgrounds and exercise. Refuse management needs to focus on minimising fly tipping.

#6537

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

There needs to be specific capital spend on Environmental interventions as there needs to be investigations and then capital works to mitigate flood and sediment and erosion effects. AT least \$ 1m is needed. This important component has been neglected for way too long

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Algies Bay

8. Do you have any other comments?

Council needs to have much more oversight of the CCOs which seem to have little incentive or no desire to reduce rates. I see large amounts of public money being wasted through excessive processes/management input, poor long term thinking, lack of a longer term cost-benefit assessment and lack of innovation/inspirational cost saving. Unimaginative risk aversity rules.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#6549

Don't support any of the proposal

Tell us why:

cyclways and raised crossings are a waste of money.

Raised crossings only slow the flow,and cyclists can use the road in single fashion,not 2 or 3 abreast.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Far too many people work for the council.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Its worth a try

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Council shouldn't be a share holder in anything.

4b. Which option do you prefer for the future of Port of Auckland?

#6549

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

It's logical

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

It would be only gobbled up and disappear in council services.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Council would only stuff the other proposal up

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

See previous answer

#6549

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Get proper waste and recycling facilities including Incinerators installed. Take the lead acquire, the land get through the bureaucracy stop the lawyers and Iwi making the decisions . See the Dome Valley scandalous waste of time and money.

#6611

Auckland Council is accountable for waste and recycling facilities. It should be your people properly trained and experience making the decisions and leading the work. Not lawyers , Chinese Companies, and Iwi .

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Music in the park, Gay pride marches etc

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Too little of this money ever comes to Rodney

2a. Is there anything you would spend more on?

Fix the potholes and repair the roads properly

2b. Is there anything you would spend less on?

The bus that goes Snells beach Omaha etc is often empty - use a smaller bus.

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Sell it - if people want a stadium they should pay.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#6611

Tell us why:

We need prudent financial management to repay debt

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

We need prudent financial management to repay debt

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

keep the land hand over operation

4d. Do you have any feedback on any other part of the proposal?

Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

concentrate on real priorities

#6611

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

We see too little Rodney Local board money coming into Snells Beach .

The Goodall skate park is fine as is .

The distinction between what the local board is responsible for and AKL council is unclear

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Snells Beach

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport and bike lanes, quality and options, to relieve road congestion.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6618

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

While many pedestrian crossings may not need to be raised, stopping of cycleways seems like a step backwards.

2a. Is there anything you would spend more on?

Heavily subsidized or free public transport (once the network is improved, at least) would work wonders on lowering road congestion and improving quality of life for all of us commuters and almost certainly pay for itself in saved hours of congestion and stress.

2b. Is there anything you would spend less on?

Car-centric suggestions such as widening roads almost always fall prey to induced demand here in the real world. Look into real solutions, not things that seem obvious but are wrong (there's a whole world out there that has tried almost every option, observe their failures and successes and ignore ideologues like Simeon Brown).

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#6618

Tell us why:

Selling the family silver seldom ends well.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

#6618

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#6618

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Fairly Important

#6618

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Seal the unsealed roads in Wellsford area

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less inner city and more rural maintenance

#6718

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I could support public transport being easier to use by adding the paywave option like in Sydney. This way, anyone could hop on hop off bus and train all day.

I am not concerned about the amount of traffic management there is and speed bumps. We probably have enough of those, so maybe seal the unsealed roads in Rodney instead.

2a. Is there anything you would spend more on?

Sealing Rodney roads and replacing footpaths in Wellsford.

2b. Is there anything you would spend less on?

Speed bumps except at Schools. Trying to avoid traffic management.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Just do the cheapest option I am sure someone uses it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#6718

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#6718

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Fairly Important

#6718

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	I don't know

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#6728

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in</p>	<p>Support</p>

#6728

<p>harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

#6728

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki,Rodney

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	

#6728

Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important

#6728

Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

#6728

Tell us why

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade	

#6728

Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Develop outer suburbs and regenerate these areas over cbd.

Look at investing in an Olympic park (Sydney) type area, built bespoke with train services, hotels, multiple event stadiums.

#6842

Mt Smart stadium with it's surrounding industrial area, existing train line could be a great option.

Keep western springs speedway as is.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop funding Eden park and focus on council assets

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Concerned with a pay as you travel system if there is no weekly \$ cap but no value for increase for my area.

Living in north and travelling to south multiple times a day is impossible by public transport.

The RFT replacement needs to be a replacement not an increase in costs if the \$ is not being used locally.

Could a pay as you travel charge be ring fenced to be used only for the local board from which you hail from.

Those charges can then be used in the areas that use vehicles most and likely a correlation with lack of reliable PT.

2a. Is there anything you would spend more on?

Northern busway from warkworth with express service.

Western motorway designated busway.

Reactivate waitakere, helensville, waiuku, warkworth (woodcocks road) passenger train services to reduce vehicle congestion.

2b. Is there anything you would spend less on?

#6842

Speed bumps, removing parking for cycle lanes retrospectively on established roads.

Make cycle spaces mandatory on new road builds.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Could look at an Olympic park (Sydney) style precinct - already has shops & hotels, however is lacking a train line to move large crowds easily & efficiently.

Mt Smart would be a better location for any development.

Sell off some land or rezone for a school in Albany.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Airport shares being sold is not preferred by many and severely delayed the last annual budget.

This AIAL is just a way to try sell again under the guise of a fund.

Can the fund be set up without the airport shares? Or have restrictions on those shares as to a threshold that can be sold based on performance/returns.

If ac as a shareholder can actually have decision power on what Auckland airport does, this is a benefit to the city

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Split the surplus \$ 50/50 between investment and council operating costs.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Development can be done in Albany or at Mt Smart.

Away from rising sea levels

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#6842

Unless port operations cease in Auckland harbour retaining and developing this land just devalues the port operation

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#6842

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Happy with Rodney's private pay as you use waste service

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
--	----------------

#6842

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

none

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

none

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Pedestrian crossings do not need to be raised.

2a. Is there anything you would spend more on?

none

2b. Is there anything you would spend less on?

none

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

It would be so sad and short-sighted to lose this public facility on the Shore!

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

It's a long term investment. We have a say in how the areas are used.

#6844

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

We need a proper port! There are no other possibilities geographically!

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Money is here and to be used. And be thankful for it.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

none

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

We don't use the area we already have well enough anyway.

People who live out of the CBD and isthmus enjoy their own local areas. Look after those!

5b. What option do you prefer for Bledisloe Terminal?

#6844

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

It brings in money and provides the use to many smaller boats.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te	Very Important
---	----------------

#6844

Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Very Important
Develop pathway connections in Green Road Park.	Very Important

Tell us why

More small homes/land spaces with no outdoor play areas for families are being built. We all need a place to relax, restore, stay fit and connect with others for our well-being. No churches are being provided for in the new housing developments. They of

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

#6844

Transport needs to be stronger - especially for rural communities- West-east connections in Rodney. Helensville to Silverdale for example. Too much emphasis is on routes to the inner city.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Waitoki

8. Do you have any other comments?

Thank you!

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Sealing the road to Tapora and replacing the dangerous pavers in Wellsford town

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

#6847

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Definitely stop wasting money on fancy speed bumps and cycle lanes

2a. Is there anything you would spend more on?

Sealing and maintenance of country roads. Replacing paving in Wellsford with exposed aggregate before someone kills themselves slipping on the wet pavers. I have had many occasions when I have slipped. On wet days people have to walk in the gutters to avoid slipping

2b. Is there anything you would spend less on?

Speed bumps and cycle lanes that don't get used

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#6847

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#6847

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#6860

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

print advertising, paid advertising, same some money in those areas.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

safety around schools

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#6868

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Have specific money from our own towns/ places seeing the benefits in Auckland.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6869

2. What do you think of the transport proposal?

I don't know

Tell us why:

I just think future planning needs to be sorted for 20 years time.... Kumeu traffic is an example of not looking forward and subdivisions been given the ok without getting the roading sorted prior.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Greater use for the community. Schools and clubs are always after the use of fields

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I dont want high rise buildings to go there

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I want to pay less rates

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I dont want containers to be put there and incese the boat traffic, its already HEAPS

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#6869

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#6869

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Very Important

#6869

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

Rautawhiri park playground is about 30 years old! The concrete track around Rautawhiri park has increased the amount of people out walking and is important place from our community. Keep building the track around the other fields too in front of the tenni

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Helensville

#6869

8. Do you have any other comments?

We need to get kids off devices and into more community events/ playgrounds so more sheltered areas in winter so they have somewhere to play when its raining.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Put the rubbish bins back

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Get back to the basics. Don't waste money on parades, events and non core issues.

#6888

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

More transport links to get through Auckland without using State Highway 1.

2b. Is there anything you would spend less on?

Bike lanes - Public transport just doesn't work.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

What is going on here - make it work. Make it so the Stadium funds it self.

No more money going down the tubes.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Just another way to see money going down the gurgler

#6888

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

Just make it profitable so Auckland rate payers get some relief.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Everyone would like more but not everyone can afford higher rates. The proposal feels more like an unfair ultimatum than a choice. Environmental protection should be required by law and not be optional - doing less in this area will not save money in the long term. Community facilities and services are crucially important to people's quality

#6901

of life, as are the arts, if you 'do less' in these areas Tāmaki Makaurau and it's people will suffer.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Look internally at Council systems and processes, including wasteful spending on contractors,

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Make public transport faster, more reliable and easier to use

Do not stop projects that improve cycleways and pedestrian crossings

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

Roads

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Re: Submission on the Long Term Plan 2024 – 3024 (10 Year Budget)

To whom it may concern:

Thank you for this opportunity to submit on the proposals.

Kumeu Arts Centre (now operating under the name Kumeu Arts) is a non-profit, charitable, Incorporated Society with objectives of encouraging and supporting all arts in our area as well as artists and craftspeople: it's a key civic amenity for local cultural life and a thriving community organisation with classes, groups, workshops, exhibitions and events.

Last year we had over 13,000 visitors through our doors and 9229 participants of all ages in our programmes. Kumeu Arts is a place where people come to meet and connect with others, create, learn, teach and have fun.

Not only do we foster the arts but we meet many other cultural and community outcomes. We hire our venue to other agencies, including social welfare and health groups. Many of our programmes and services contribute to the Council's own stated outcomes: we excel in delivering these and accounting for them to the Local Board.

Like many community programmes, Kumeu Arts is only able to operate because of our community lease with Auckland Council. Presently, about 80% of annual funding comes from outside sources or is self-generated. **Our submission is that Auckland Council should continue to support the arts in general and that the Rodney Local Board (RLB) should not consider making cuts to our annual funding.** Even a small percentage reduction will in fact have a significant impact on our sustainability. Cuts across the entire arts sector will see a 'ripple affect' meaning that the contestable grants we all rely on will be harder to attain. We appeal to you not take what limited resources we have from us and instead consider alternative ways of recovering debt.

Please read, and take into consideration, the follow endorsements from our community partners and key stake holders;

"Kindred Family services fully support and promote the work of the Kumeu Arts Centre. Kumeu Arts Centre are effective in their promotion of local art and supporting the community to explore their creativity through activities and events. Our service regularly hires spaces at the Art Centre. We hire a workshop space to run our adult courses and The Pod to use as a creche. Having the creche onsite is vital as it enables our clients to attend our workshops knowing their tamariki are safe & close by." **Cath Strong- Groups Co-Ordinator/Family Harm Team Support - Kindred Family Services**

"I personally became aware of Kumeu Arts in 2008 when it was called Kumeu Art Centre. It has been a pleasure to see its evolution into a much-needed community focused art space, offering classes and work spaces for artists of all ages, along with innovative exhibition spaces and exhibitions to match. While Kumeu Arts provides opportunities for all. I do particularly applaud its place in encouraging the young to explore through art and creativity, and as a place for senior community members to gather, socialise and create." **Bernie Harfleet - CEO, Co-founder & Trustee - Give a Kid a Blanket**

"At Huapai we aim to expose the students to different learning environments and to build learning partnerships within our community. The Kumeu Arts Centre is one of the learning environments our students get most excited about visiting. We have been able to visit and create artworks free of charge, an experience which has been incredibly important for our families in the current climate. Having a space where our local community can show their works, share their knowledge and skills, use their talents, and expose our students to creative outlets that some of them would never otherwise experience is something that we wish to keep alive for as long as possible." **Maree Lloyd - Deputy Principal - Huapai District School**

"I am writing in support of the Kumeu Arts Centre. The centre provides an excellent resource and service to the community. In addition to the regular exhibitions and art classes, there is an abundance of groups from within the community who choose to hire the facilities, in the main building and The Pod. I am the coordinator of the weekly art group held in the Pod on Thursday afternoons. We are part of Goodwood Park Health Care, providing care for people with traumatic brain injury and mental illness. We all enjoy meeting off site and utilising the splendid resources, the Pod has to offer. There are usually up to 4 clients and 3 staff at our groups, which are enhanced by the ambience of the building and the warm welcome we receive from art gallery staff." **Valerie Sharpe^[SEP] - Senior Social Worker - Goodwood Park Health Care^[SEP]**

"We wish to write in support of Kumeu Arts and recognise the services they provide as hugely valuable to our business Creative Matters. This letter supports the work of Kumeu Arts in engaging communities, providing arts education, a space for social welfare and health programmes and improving the lives of the people in our district. We have used this facility for the past 4 years to run our holiday Art Programmes and various after school art workshops. Kumeu Arts has been an absolute pleasure to work with. They are very supportive of my programmes and my business, assisting willingly with marketing and setting up and always providing an excellent space to work in." **Mandy Jakich - CEO Creative Matters Ltd**

The words of support above help to give you just a small indication of our ability to reach others and assist in positive outcomes for people in our district. The utmost importance must be placed on grass roots organisations and local initiatives such as our own to help support our communities. Facilities like ours are extremely well-placed to help people who need stability and continuity. Serving the community is our primary function and over the last four years we've learnt to adapt to different challenges that have included Covid, flooding and the cyclone. After cyclone Gabrielle, we came up with solutions to help support the welfare and resilience of our community. This included art therapy for children, free workshop spaces, a venue for the displaced Muriwai Open Mic night, an outlet for sales of fund raising initiatives.

“The value and environment that Kumeu Arts offers have been irreplaceable, promoting health and hauora through art, manakitanga, relationship, mutual respect, and community engagement.” Haidee Renata (Muriwai Resident)

We also help generate economic growth keeping our costs low so that we are accessible to our community. If we no longer exist then many of the services we provide simply wouldn't either. Last year we paid out \$35,000 in commission to local artists and craftspeople through sales in our gallery and shop. We also hire our venue to people who make an income by teaching here or facilitating activities. Our visitors use other local businesses and spend money in the wider area around us. This is true of similar venues to us, proving that the arts help stimulate economic growth and influence the recovery of the retail, hospitality, and domestic tourism sectors.

Furthermore, we have witnessed a huge population growth around us while there are major infrastructure and transport issues. Without access to local services like ours, people will need to travel further and this puts even greater strain on roads and therefore, the climate. If you take the threat of climate change seriously then removing local, grass-roots services also makes absolutely no sense.

We manage to achieve all of the fore mentioned on a moderate operating budget. The \$40K funding we receive annually from Council is insignificant when compared to your own asset based services - including Auckland Council staffed and run galleries. Our charity has transformed a derelict old AC works depot into a fully functioning arts Centre and created a valuable asset using internally sourced funds and grants. We are governed by volunteers, and have only two full time staff. To make even minor cuts to our funding would have a major impact on us but make little difference to the debt you say you need to recover.

Thank you

██████████ (Manager)

On behalf of Kumeu Arts Centre Inc.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce/remove unsustainable bus routes. Reduce building of new cycleways. Stop founding unutilized sports complexes.

#6920

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#6920

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

I don't know

#6920

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	I don't know
<p>Re-introduce recycling charges for schools.</p>	Support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	I don't know
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Do not support
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf Lifesaving is an under rated but plays a VITAL role in the community providing a service to keep our beaches safe and response units. The volunteer hours of many is huge and the whole Surf Lifesaving charter is UNDER FUNDED. Clubs are struggling to have the correct equipment to do lifesaving work effectively.

#6930

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#6930

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important

#6930

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

Omaha Surf Lifesaving club is in desperate need a local funding to ensure it is able to respond with proper equipment too emergencies. Just last week the club responded to an after hours rescue of a diver gone missing at Matheson Bay. Who did the police call to respond - the surf club. All that responded were volunteers - leaving their work to go and look for people. Although the rescue was successful = what was found as that some emergency radios didn't work and some vital equipment was missing. The club really does need the support of the local community to ensure that its club and equipment is ready to respond.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better infrastructure like railway connectivity pan Auckland.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6949

Spend less on arts and cultural events. In this crunch time many people are losing their jobs, paying for the arts and cultural events is the last thing on their mind.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Current management is incapable of providing optimum service within the budget.
Bring onboard someone who is efficient in budget implementations

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

People are already crushed under heavy taxes, gst, council rates and now climate tax? How will people pay for it? We struggle to eat a decent meal at home even after being fully employed, I wonder we will have to go one meal per day in such a scenario.

#6949

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Value creativity in schools and society - it's not just about 'art as a nice to have' its about building problem-solving skills for both innovation and personal balance and well-being. Very important we stop cutting this out of everything - it contributes a massive amount to the 'cultural capital' of a place which trickles down to better tourism, better attendance = all the wrap around services & jobs, innovation industry

#6950

competitiveness on the global market, less burden on medical costs etc. Do not underestimate the value of creative pursuits in producing intelligent, balanced human beings.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less spraying of berms etc - lots of countries and cities around the world are allowing these to bloom into bushy little meadowy patches that attract bees and birds etc. I was in Vancouver last year and it was beautiful. Plus less chemicals leaching into the ground and waterways.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Because scrapping all the planning and work that Labour had done previously seems wasteful given the public had already wrapped their heads around it and could envision the long term. I'm not convinced National ever really considers the long term.

2a. Is there anything you would spend more on?

Securing roads and bridges from potential cyclone damage, and more Cycle friendly pathways in the regions (e.g. Rodney area). It has the potential to connect locals and tourists alike up to various little destinations doable by bike, but currently a bit treacherous.

2b. Is there anything you would spend less on?

Stupidly expensive pedestrian crossings.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

#6950

I'm always for finding ways to make better use of taxpayer funded facilities in our communities.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Proceed but don't sell all the shares. Seems inappropriate that Auckland Council has no stake in its own airport!

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Thinking long-term this seems best.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Because the long game of smart economics requires bringing everyone along together. Council services are essential to keep a vibrant city healthy.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#6950

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Really depends on what you mean by 'public benefit'. Need more info.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

Again - I'm a little wary of what National/Act/NZ First think is a 'public benefit' - please specify ideas for this area

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

If Council seeks to deliver on its vision of Auckland as “a diverse and dynamic city, which honours the place of Māori and includes a rich array of cultural and sporting events, museums, galleries and built heritage”, information on how it will progress towards this under the Central Proposal, would be useful.

Between the Central proposal option and the Pay More, Get More scenarios, I would like to see Council consider more targeted investment in the ‘soft infrastructure’ of the

#6950

arts, culture and creative sector, which is central to the shaping of a ‘diverse and dynamic city.’

Much of the thinking for this has already been developed through the Council’s Toi Whītiki Arts and Culture Strategic Action Plan. Toi Whītiki was designed to align Council and creative sector endeavours “to grow arts and culture in Auckland.” This includes the celebration of Māori culture as “Auckland’s point of difference in the world” and recognition of “mana whenua as treaty partners in a multicultural Auckland.”

Toi Whītiki could help inform how scenario 2, Pay More, Get More, could deliver on “expanding employment initiatives and increasing support for technology, screen and creative industries.” This could include: attracting and supporting creative industries education and training opportunities; finding ways to centre and support ngā toi Maori; maintenance of the city’s creative places and spaces, and ensuring these are well-staffed with the right expertise; and support for the diverse arts and culture activities that drive the life of the city, and support the hospitality and tourism industries.

I acknowledge the Mayor’s concerns about the need to build the city’s “physical and financial resilience.” I see the building of individual and community wellbeing and resilience as being of equal importance. The Council needs to consider the role of arts, culture and creativity in creating social cohesion, addressing the issues of community identity, resilience and wellbeing, and finding innovative solutions to some of the issues facing the city.

Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays, Kaipātiki, Rodney, Waitemata

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.

#6950

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
---	----------------

#6950

Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Because putting these things as top priority will ensure a grassroots stake and engagement as well as making sure we have the basics for health & well-being in place (for land and people) in order to even begin to move forward with other things.

Tell us why

Keeping diversity, environment, and creativity/innovation + wellbeing as guiding principles is smart economics!

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

Howick Local Board Priorities

7b. What do you think of our proposed priorities for Howick in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#6950

Review and refresh the Howick Heritage Plan.	
Review and refresh the Howick Tourism Plan.	
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	
Develop a community-led climate action plan.	
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.	

Tell us why

7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?

I support all priorities

#6950

Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	Very Important
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	Very Important
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	Fairly Important
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	Very Important
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	Very Important

#6950

Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.

Sounds healthy and smart.

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important

#6950

Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Snells Beach

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Not Important
---	---------------

#6950

Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Not Important
Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Very Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Fairly Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Very Important

Tell us why

We need to prioritise the health and well-being of our youth (and their parents) - and above all to put environmental issues first.

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

If Council seeks to deliver on its vision of Auckland as “a diverse and dynamic city, which honours the place of Māori and includes a rich array of cultural and sporting events, museums, galleries and built heritage”, information on how it will progress towards this under the Central Proposal, would be useful.

#6950

Between the Central proposal option and the Pay More, Get More scenarios, I would like to see Council consider more targeted investment in the ‘soft infrastructure’ of the arts, culture and creative sector, which is central to the shaping of a ‘diverse and dynamic city.’

Much of the thinking for this has already been developed through the Council’s Toi Whītiki Arts and Culture Strategic Action Plan. Toi Whītiki was designed to align Council and creative sector endeavours “to grow arts and culture in Auckland.” This includes the celebration of Māori culture as “Auckland’s point of difference in the world” and recognition of “mana whenua as treaty partners in a multicultural Auckland.”

Toi Whītiki could help inform how scenario 2, Pay More, Get More, could deliver on “expanding employment initiatives and increasing support for technology, screen and creative industries.” This could include: attracting and supporting creative industries education and training opportunities; finding ways to centre and support ngā toi Maori; maintenance of the city’s creative places and spaces, and ensuring these are well-staffed with the right expertise; and support for the diverse arts and culture activities that drive the life of the city, and support the hospitality and tourism industries.

I acknowledge the Mayor’s concerns about the need to build the city’s “physical and financial resilience.” I see the building of individual and community wellbeing and resilience as being of equal importance. The Council needs to consider the role of arts, culture and creativity in creating social cohesion, addressing the issues of community identity, resilience and wellbeing, and finding innovative solutions to some of the issues facing the city.

8. Do you have any other comments?

The Council needs to consider the role of arts, culture and creativity in creating social cohesion, addressing the issues of community identity, resilience and wellbeing, and finding innovative solutions to some of the issues facing the city.

I C U: Intrinsic Creative Universality

(ICU = “Intensive Care Unit” / “I see you”)

Introduction

My interest in this topic began many years ago witnessing my own childrens’ engagement (or lack thereof) with various lessons, teacher methods, and curriculums throughout their school years. It became evident over time that the older a child became, the less creativity they enjoyed in their lessons. This seemed to have a direct correlation with well-being as a lack of fun, real world relevance, and stimulating engagement caused them to lose enthusiasm and stamina for learning. I could relate as my own high school experience was not dissimilar back in the 80’s.

It wasn’t until I was in my 30’s, after reading a few Richard Dawkins books that I realized just how fascinating math and science actually were. These were subjects that I found quite boring and hard to comprehend as a more creatively inclined young person at school. I was pissed about the fact that I’d assumed I just wasn’t good at those things all these years when really it had so much to do with how they were presented to me. Sadly it appears not much has changed.

Note: I am not an educator, nor a psychologist and this paper was written as part of a Post Grad Diploma in Fine Arts at Elam in 2020. It has been heavily edited for this presentation.

As an artist and arts manager, where it always seems to be an uphill battle, I became curious about why society is so ‘pro-logic’ and conformist that it’s often to the detriment of wholeness and health. Why are so many people so threatened by difference and creativity – associating these solely with artistic pursuits when really it is one of our species’ most valuable problem-solving capabilities in any field of enquiry. Creativity goes hand in hand with well-being, not only because of its direct relationship with personal authenticity and expression, but because it is the ‘crux’ of potentiality. It is the necessary disruptor, catalyst of tipping points, and the asymmetrical ingredient required for sustainable symmetry in all of life’s ecosystems.

According to Jung, the oppression or suppression of an individual’s unique selfhood cannot extinguish innate qualities but will rather postpone or transfer what is ultimately inevitable and will seek unconscious expression elsewhere regardless of the forces working against it (Mayes, 2005, p. 53). Hence the many people out there experiencing (or indeed *causing*) depression, abuse, delusion, and other ailments. And the well-being of an *individual* translates to collective well-being by extension because individual lives are not singular, they are integral, interconnected, and consequential.

This research started from a broad interest in how ontology (the nature of being and metaphysical relationships) and epistemology (theories of knowledge and truth) relate to current day pedagogy: or essentially how we embody and impart knowledge, learn, and expand our individual and collective understanding of being in the world.

It was then distilled down into three key areas: that which can be identified as ‘intrinsic’ to an individual, how an authentically ‘individuated’ Self (with a capital ‘S’) benefits a collective,

and the importance of creative potential in the well-being and ultimate survival of Homo Sapiens as a species in a wider ecosystem.

It is an investigation into how *inner* meets and shapes *outer* in reciprocal relationship, and why creativity emerges as a key element in sustaining the inseparable polarities of 'I' and 'Other' within organised but unconstrained systems.

Being somewhat of a circular subject spanning broad areas of interiority, exteriority, and simultaneity within a moving ecosystem, a wide range of literature has informed this essay – from phenomenology and interworlds (Merleau-Ponty, Husserl) to sociology and Primitivism (Goldwater), to the psychology and physiology of art, education, and imagination (Jung, McGilchrist, Mather, Lehrer, Martin & McLellan, Laing, Harari), to concepts of chaosmosis, the abstract machine, ecosophy and the rhizome (Næss, Deleuze & Guattari).

I/SELF

Putting pedagogy and systems aside, I want to first pull the curtain back on self – the receptacle or entity that is doing the learning, growing, interacting, and teaching. Alan Watts, a 21st century British academic, asserted the Eastern philosophical view that there is no such thing as an individual, we are all 'I' and we all require 'Other' in order to be. However, every single individual is essential, and humankind is wholly integrated and interconnected with the natural world in both body and spirit (or matter and energy). We did not arrive on Earth, we grew out of her, we are related – as are our intrinsic governing instincts, patterns, and biological systems.

'Self (capital 'S') indicates an individual's selfhood, or, described by Jung as 'the self-regulating force that drives us toward our full potential (Mayes, 2005, p. 73). All of us 'selves' are ecosystems of our own, with moving components, complexes, and personifications in relationship with both internal and external, conscious and unconscious stimuli, but with universal patterns that can – according to Jung - be broken down into four basic (but unfixed) archetypes: ego, persona, shadow, and animus/anima (or inner other). In order for an individual to thrive, they must move in healthy relationship with both these inner aspects and the outer environment – ideally with a meta-awareness of effect, or the ability to sense beyond the body and mind's limiting physiological and habitual mechanisms (for example, being conscious of the unconscious without needing power over it; understanding the protective mechanism of ego without fusing with it; and holding in balance instinct, intuition, and intellect).

It is important to note that my position does not heroicise a Western version of individualism nor does it favour a typically Eastern or Pacifica cultural worldview that puts the collective before Self, but rather posits a kind of both/and or 'Neo-humanism'.

The term 'neo-humanism' seems to nicely encompass various concepts: Jung's concept of the six-jointed relationship between two people¹, Laing's refractory self (I-me-she-he-you-

¹ Jung's 1+1=6 theory denotes the levels of interactions taking place between two subjects: conscious and unconscious activity between subject and other (each), plus the transferential dynamics occurring within each subject.

we-them), Deleuze and Guattari's ideas around the simulacrum², chaosmosis³, and ecosophy⁴, complex dynamical systems⁵ and Gestalt theories of Deep Ecology⁶. All of these essentially recognize healthy sustainability as a continuous and simultaneous dynamic between micro and macro.

“Difference must become the element, the ultimate unity. Every object, *everything* must see its own identity swallowed up in difference, each being no more than a difference between differences. Difference must show itself to be differing” (Deleuze, cited in Zepke, 2005, p. 35).

It is a universal truth that sustainable ecosystems require diversity, tension, and interconnection. Evolution favours these qualities despite sometimes being contradictory. ‘Other’ is essential to ‘I’, despite the individualistic survival instincts of ‘I’ that can sometimes clash with Other. Difference is as essential to collective sustainability as a sense of belonging is to collective unity. Authenticity, or that which differentiates us, emerges as the extent to which a person can align with their own unique ratios of archetypal selfhood within a shared identity, and ideally still uphold an ability to consciously observe how their own qualities can affect and are affected by dynamic relationships with multifarious others. It is the unencumbered process of individuation that echoes the inherent striving for balance in the natural world. And it is not without pain and struggle.

Described by Jung as the ‘tension of opposites’, this struggle is essential for growth. It is also represented in ancient Eastern principles such as Taoism’s yin/yang and Buddhism’s impermanence - where there is unity in the dualistic nature of the universe, and enlightenment to be found at the impersonal and intrinsically impermanent centre of polarities (Pircher, 2019). In other words, there must be an opposing force in order to ‘be’, and a disruptive element in a continuum to avoid stagnation. This crux is creative potential. And what is arguably even more important than this, especially in a pedagogical context, is the *affirmation* of creative potential.

C/reative Potential

According to Guattari, affirmation is “the blind trust in movement” (Zepke, 2005, p. 227) or the faith we must uphold in things like imagination, experimentation, and the unfamiliar. Deleuze and Guattari may not have consciously aligned themselves with Jung, but there are several parallels in their thinking. Both parties denounced religion but arrived at the absolute importance of belief itself and the necessity of the ambiguous as the ultimate divine truth.

Deleuze and Guattari’s autopoietic nature of the so called ‘rhizome’ with no head or tail, only constant ‘middling’ is shared by Jung who saw an individual’s life as a ‘passing blossom’ in the unending growth and decay of a rhizomic universal collective. Similarly, Deleuze and

² Simulacrum = “the continual creation of the world, differentiating and differentiated” as interpreted by Deleuze and Guattari.

³ Chaosmosis = creation that emerges from destruction

⁴ Ecosophy = the three ecologies (environmental, social, and mental) that are inextricably linked to shaping subjectivity.

⁵ Complex dynamical systems = the nonlinear, unpredictable behaviour of complex systems over time such as living organisms and their social structures, climate, and economies (Nixon, 2020)

⁶ Deep ecology = (coined by Arne Næss) gives equal living rights to all entities in life’s ecosystems and advocates for deeper wisdom and humanity over detached logic and science.

Guattari's concept of chaosmosis and the abstract machine that "is what it does" and represents "the continual creation of the world" (Zepke, 2005, p. 192) echoes Jung's concept of both consciousness itself, and how universal archetypes are quote "the stock of inherited possibilities of representation born anew in every individual" (Mayes, 2005, p. 22).

Creativity is a somewhat contentious term these days because of its exaggerated association with the arts but emerges here as the necessary force in the world that helps keep us located at the sweet spot of this dualistic tension. It is an innate human capacity that goes well beyond the arts and is reflected back on humankind in every construct imaginable. Creative potential enables conditions for interpersonal growth because to nurture creativity is to make friends with discomfort and investigate life's symbolic or 'ambiguous' nature with curiosity. Recognizing creative potential and putting it into practice does not mean, however, that we must all make art.

Creativity is potentially exercised more rigorously by artists but is by no means limited to them. Small individual acts of creativity are firing in many unacknowledged ways every day in every type of person, whether it is in the meals we cook, the stories we tell, the persona we present, the science we gather, and the daydream you may be having right now. An idea appears in our minds and is actioned into the world. Creativity is a problem-solving tool.

An *art-ist* is merely someone who makes art, but there exists just as much division and 'tension of opposites' within the world of art-making as there does between the art world and other worlds. Artists may share a strong archetypal desire to express how they ascribe to, or revolt against, outer collective conditions through tactile methods and media, but they are not necessarily united in their practices and intentions. The differences between Social Realism and Socialist Realism, for example are enormous: one a socially conscious call for 'eyes wide open' depictions of life's realities, the other a fascist 'eyes straight ahead' idealisation and denial of peoples' freedom of expression. Likewise, the differences between Pointillism and the more ad hoc practice of Abstract Expressionism are significant and reveal a great deal about the human 'type' creating the work. This is similar to the range of beliefs that exist in other areas of life, like Yuval Harari's example of theism in his book 'Sapiens' – a Polish Jewish rabbi won't share much in common with an American Puritan, except for the fact that they are both human 'theists' sharing in different-but-similar common myths born out of their inherent ability to create (Harari, 2011, p. 55).

Taking Gestalt theory into the territory of the brain, Lehrer states "one cannot separate the nerve cells from the final symphony. Creativity is not an otherworldly power reserved for artists and inventors, but a hard-wired impulse". Similarly, McGilchrist's research finds that the left and right hemispheres of the brain are not clearly divided physiologically or otherwise (McGilchrist, 2010, p. xvi). In other words, we are innately creative beings with complicated systems of inter-relational 'sense-making' abilities that encompass both logical/somatic and fantastical/intuitive realms. Nothing is separate, but rather linked by an 'ecosophy' of inseparable polarities both inside and out.

Rousseau claimed that our social, physical, and mental experiences are so interconnected that oppressive environments, ideologies, and inequities can quote "rob individuals of their naturally good and transparent self-love, replacing it with inauthentic and self-destructive self-regard" and rendering true subjectivity impossible (McLellan & Martin, 2013, p. 27). Without an awareness of Self, human beings are at the mercy of the brain's reactionary

functions which are, at a primitive level, designed out of fear. We are to this day governed to a large degree by our unconscious protective mechanisms, latent shadow aspects, and chemical-inducing emotions. Meta-awareness about what we are experiencing can give context and consciousness to our feelings, like value to discomfort, and insight to joy. We become the observing skies of our own weather systems and by extension, empathetically positioned to perceive similar behaviours in fellow Others.

There are definitely ways in which some aspects of art-making can help a person discover and nurture their authentic selfhood, but so can a great many other creative methods, such as clever, immersive lesson design or meaningful connection with the natural world. Collective *permission* for creative potentiality and *affirmation* of authentic selfhood, in my view, become the maintenance methods required to keep checks and balances on sustainable and healthy human ecosystems and dare I say – education systems.

Organizational systems must allow for both order and some unpredictable freedoms if creative potential is to thrive. Deleuze & Guattari argue that ‘organic strata’ (or structure) provides the necessary tension of opposites that life requires. In this sense, structure is more of an articulation, or a pinch point that builds the necessary potency which *begs* the disruptive element. Like Hurd-Nixon’s philosophy of the ‘weaving web’ which outlines structure and process as intimately connected. He says: “Structure may appear to be a limitation, but it is ironically the constraint which provides processes their freedom” (Nixon, 2020, p. 2). For example, how language allows people to freely communicate, or the rules of sport make it possible to play a game. Dynamic patterns form the essence of all life. It only becomes problematic when we let structure constrict process because we are afraid to lose control.

U/niversality

Human beings do need a sense of autonomy and control in order to feel healthy. In primitive times, having some control over our environment meant surviving to see another day. In more recent times, our fear of losing control presents collectively in things like class power structures, racism, patriarchal domination, organized religion and capitalism. According to Jung, an unconscious need for control is often measurable by the extent of its relative absolutes, which, to me, makes it quite easily locatable in the history books, and in the many problematic constructs we still collectively ascribe to.

Harari posits “there are no gods in the universe, no nations, no money, no human rights, no laws, and no justice outside the common imagination of human beings” (Harari, 2011, p. 32). In other words, everything is a construct, including the ideas in this essay, the words I use to convey them, and the letters that make up the words. An imagined reality however, can exert real force in the world. Large numbers of strangers can cooperate successfully under common myths like ideologies and cultures, and indeed needed to do this following the formation of larger cities and empires. The problem is when we become trapped by an imagined reality that does not easily permit change or difference and hurts the natural operations of the abstract machine of chaosmosis, threatening the ultimate survival of entire ecosystems. Harari says “today, the very survival of rivers, trees and lions depends on the grace of imagined entities such as gods, nations, and corporations” (Harari, 2011, p. 32).

So why then, if creativity is so important to survival, does society tend to favour conformity and order? Basically, because it requires less energy, and because people need a sense of control, identity and community to thrive. Subjectivity takes energy to hold in balance within oneself let alone in relationship with others. Similar to Jung's six-sided relationship between two people, Harari states that in a group of 50 individuals there can be over 1200 one-on-one relationships and countless more complex social combinations (Harari, 2011, p. 23 & 27). Beyond this a critical threshold of around 150 means that effective cooperation requires shared overarching myths like economies and ideologies which puts us in danger of becoming less adaptable – an argument for limiting the size of schools and classrooms if I ever heard one.

“Do not segregate and specialize but combine, how do mind and body cooperate?” (Virginia Woolf cited in F.Allen, pp. 32). This quote from Virginia Woolf is one of the ideal learning principles in her essay titled *Three Guineas* from nearly a century ago. She advocates not only for music, painting, and literature, but also medicine and mathematics as “the arts of understanding other people's lives and minds”. She notes even the contexts in which learning takes place as important to the ‘message’ of discovery, newness, and change. For example, instead of dusty permanent stone and glass structures that ‘perpetuate tradition’, learning could happen in nature or in some form of ‘easily destructible material’ and include what she calls the ‘little arts’ of everyday social acts – small humanities that she believed held the power to prevent wars.

Clearly this concept is not new. There are in fact dozens of references to similar lines of thought around education systems throughout history dating as far back as at least the 17th century. Even Plato's theory of education assumed a principle of freedom and play so that a young person's natural talents are revealed and celebrated (Allen, 2011, p. 32). Freedom was the guiding principle of learning theories proposed by Rousseau, Pestalozzi, Froebel and Montessori, and later by John Dewey and Edmond Holmes in the form of ‘aesthetic education’ where the “inner senses are brought into harmonious and habitual relationship with the external world to create an integrated personality”. This echoes Jung's concept of individuation.

Unfortunately, achieving harmonious integration has not been the goal of education systems thus far. Despite the good intentions of Adam Smith's 18th century ‘moral’ economy ideals, financing education institutions to help us collectively uncover the nature of the universe and develop new technologies was less lucrative for political leaders than keeping the status quo and existing order. According to Walter Ong, it wasn't until the Romantic Age (early 1800's) – when emotions were back in fashion - that academic education made a shift from being purely a male-centric ‘art of rhetoric’ for defending or attacking another person's position. It was not learning for learning's sake, or for the betterment of society, but “the race of men against each other” (Allen, 2011, p. 57).

Another counterpoint in education arrived with the introduction of psychological enquiry in the classroom throughout the latter half of the 20th century. A promising step but fraught with a somewhat fragmented mandate that lost sight of the communal whole by focusing too much on the scientific enquiry of the parts. The result was a generation of borderline mass-narcissism in Western culture, and the ‘Triple-E student’ concept that has now completely transformed contemporary teaching practice and policy-making (at least in North America).

McLellan and Martin argue that the Triple-E concept is not without value if it can be reconceptualized into something more collectively-minded.

Personal **expression** not only helps locate one's personhood in an evolving Self, but also shapes identities in relationship to Other and Collective. An **enterprising** individual embodies a self-propelled creative potentiality and an ability to adapt and take responsibility when forging into risky unknowns. Being **entitled**, despite having negative connotations, actually speaks to healthy confidence and an impersonal deservedness of 'I' as much as that of fellow Others. What is missing from this pedagogical 'framework' is what McLellan and Martin describe as the managerial self – or actively developing self-awareness. I quote:

“The central concern is the development and promotion of a self-confident individual capable of simultaneous action and reflection on this action. Whether engaged in unique creative expression or strategic goal-oriented action, these selves operate from a highly personal inner core of being. Both expressive and managerial selves are Cartesian selves isolated from – though highly interactive with – their surrounds. Both embrace Enlightenment and/or modern forms of dualism marked by strong divides between inner and outer, mind and world, and personal and social” (McLellan & Martin, 2013, p. 54).

So, to summarise, it seems critical to me that young human minds need practices and methods of discovery that enable them to see both inwards and outwards. By bringing structure and chaos together in our governing systems, intrinsic meaning-making can be found through ambiguous methods like play, exploration, and lived experiences. Without going too far in either direction of stiflingly structured and siloed lessons nor ad hoc freedom that lacks cohesion, surely it is possible to apply adaptable, unfixed models that work with and not against the heartbeat of a place or culture, and that nurture an authentic sense of Self and self/collective relationships. It is not a one-size-fits-all approach but does embody an underlying universal pattern that encourages authenticity and wellness in the individuals that make up a shared and indivisible whole.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

NO

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

REDUCE MANAGEMENT STAFF

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

TRANSPORT SHOULD BE PAID BY ALL NOT ONLY RATES PAYERS

2a. Is there anything you would spend more on?

NO

2b. Is there anything you would spend less on?

raised pedestrian crossings and cycleways.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

NOT USED ENOUGH

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

TO PAY DEBTS

4b. Which option do you prefer for the future of Port of Auckland?

#6968

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#6968

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#6968

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden,Rodney

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Fairly Important

#6968

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

Tell us why

WASTING OF MONEY

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
--	---------------

#6968

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

ALL PROPOSAL IS WASTING OF MONEY

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

NOT VISIBLE

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

#6968

Dairy Flat

8. Do you have any other comments?

NO

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Seal all unsealed roads

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6975

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

it is clearly currently severely underused, and that is not an appropriate use of council assets..

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#6975

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

we have enough public space on the waterfront now

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

no clear plan as to why the council would want it. But, i would expect that POA would use the land in a commercially viable way - or hand it back

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Support

#6975

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

#6975

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#6986

Not exactly. We've submitted recently on proposed plans involving an NOR on our property. We are convinced that the drainage upgrade is totally unnecessary and that the pedestrian and cycle paths would be a hopeless waste of money that could be far better spent on things that really are necessary and will produce benefits.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Because it gives hope that all proposed projects will be subjected to a sensible cost benefit analysis, and that money will be intelligently spent.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Not other than things that under this revised proposal have been determined to be wasteful.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I've never had any involvement with the stadium, so don't have an opinion

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#6986

Tell us why:

Because as a balanced fund, it should be less volatile and generate more funds and growth over time.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

The moving of the port cargo facilities, and redeveloping the land seems desirable, but I'm unable to assess the risk of unintended consequences. Climate change factors and capital costs of re-location are unresolved for me.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Because I would expect the outcomes to be better.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Facilities for ferries and cruise liners are fundamentally different from port freight logistics and more aligned to public transport.

#6986

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

The potential value to the people of Auckland of the Bledisloe Terminal is far greater than continuing to use it for one way freight of cars.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support

#6986

Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

#6986

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

Because these investments will lift, not impoverish people.

#6986

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Can't comment as I couldn't find a version of the 10 year budget 2024-2034 that included page 127 or that related to Rodney.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Kumeu

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less bureaucracy decrease number of staff review salaries and other costs.

No events, festivals or other 'nice to haves', concentrate on core services.

No more 'services ratepayers don't ask for such as the "Food scraps collections".

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport is a black hole.

Review economically viable lines and reduce or scrap others.

2a. Is there anything you would spend more on?

Repairs and maintenance of roads

2b. Is there anything you would spend less on?

All the additional cultural 'consultations', fancy 'cultural artwork', replacing signage\instructions in Maori and cap public transport subsidies.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Get the North Shore residents to have a say and come up with a plan to Make it commercial viable.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#6989

Tell us why:

Only if it makes economic sense, otherwise sell the shareholding to pay off debt.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Pay off debt.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#6989

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#7065

Support most of the proposal

Tell us why:

We don't currently have the right Infrastructure to introduce any light rail options - we have built too densely and not allowed enough space at the time of planning for these services - it would be exorbitant to do this post sub-developments being built

2a. Is there anything you would spend more on?

Rural roadways and waterways - these need to be fixed and have been neglected since we became a supercity.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Depending on what re-devl

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

There is no long term gain by sell off our assets.

4b. Which option do you prefer for the future of Port of Auckland?

#7065

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

With the increased dividends that the council will be seeing over the next few years as outlined by POAL, Aucklanders will be no better off from leasing off the operations than they are now.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

I don't mind how the dividends are allocated so long it is transparent and put to good use for all Aucklanders.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Closer to other CBD amenities

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#7065

Tell us why:

It sees good use by POAL and could possibly be used and upgraded for a Cruise Terminal which would be an assess to Auckland and the increase in cruise ships we have seen this year.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Tell us why

What about the pathway promised to Kaukapakapa - due to start last August - still waiting.....

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

- advocate to the Governing Body for sensitive planning

#7065

to avoid any impact on our natural landscapes with high biodiversity values, working with the environment to protect and preserve it

- advocate to the Governing Body for adequately resourced and effectively enforced environmental compliance to both public and private entities to protect our environment

These two points pretty much say the same.. All of our Waterways need dredging/cleaning to stop the flooding happening like it did in 2023... Maybe that's covered in the above two very generic statements

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Kaukapakapa

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#7132

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#7132

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Assessment number 12340198245.

I received a letter re my rating for the Te Arai Drainage District. I recently had my property reclassified as all within class C. see email copied below.

On Wed, Oct 18, 2023 at 11:41 AM Shaun McAuley <Shaun.McAuley@aucklandcouncil.govt.nz> wrote:

Kia ora Christine

Futher to our conversation earlier today, I confirm that we have agreed to re-categorise your property as 'category c' for the purposes of determining rating liability for the Te Arai Drainage District.

#7148

The new drainage rating map will be updated accordingly.

Ngā mihi

Shaun McAuley | Commercial & Property Team Manager

Healthy Waters Department

This change in classification is reflected on the recent maps. But your letter states I have class A B and C land. Please correct your error before sending out my rates bill. Thank you.

Also I would like to know why my adjacent neighbours and those further south down Black Swamp road are greyed out on the classification maps.

Lastly I find getting unsigned letters from Auckland Council very rude. We live in a democracy not a dictatorship and people should stand by their work.

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

#7177

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Not Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important

#7177

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important

#7177

Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Can't afford to pay more

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7209

Remove targeted rates in Rodney stop wasting money in central Auckland, cut back on entertainment and festivals as these are not accessible to all Aucklanders, make the food waste collection optional.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

A large portion of the rates We paid as North Shore Ratepayers in the 1990s went towards building this stadium and it was promised that there would be the other half of the oval built. This has never happened

If it was enlarged bigger events could be held. There is better parking and transport available than what Eden Park offers, especially since there is huge population growth in the north.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#7209

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Don't sell council assets

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

A combination of both options

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#7209

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	

#7224

<p>from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#7224

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

Other

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people	

#7224

maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Matakana

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improvements to the cycle & rail networks, and increasing parking capacity near train stations.

Encourage delocalisation of central CBD by development out west (where the geography of Auckland is less constrained by choke points for traffic).

#7233

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend less on roads - it's a losing battle. Introduce congestion charges as a funding mechanism for continued road maintenance and improvements listed above.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Disagree with cancelling cycleway improvements.

2a. Is there anything you would spend more on?

New rail infrastructure, eg adding "branches" to existing train lines to capture a greater volume of commuters.

2b. Is there anything you would spend less on?

Rooooads.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Better to keep it as a community space and invest in a larger stadium elsewhere (eg central waterfront)

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#7233

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop wastage on AT cycleways, bus lanes etc

#7236

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

It's flawed and not suitable for our population

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Current bus system. Get smaller buses, instead of large buses that spend most of the day traveling empty

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

It's run down eyesore

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#7236

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Provide rubbish bin service for Whangaparoa as per rest of Auckland

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7264

Put transport back on Government as user pays. Toll roads again. The environment and population is only getting worse so it is not feasible to keep up with transport and water infrastructure, areas need to have no build and then restrictions on amounts of buildings in areas that already have poor traffic issues. Insurance for those in flood prone areas is there for a reason.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I agree with dynamic lanes as it mostly works for Whangaparoa Road except the hours need to start earlier. I agree with the stopping of vehicle damaging crossings and rather leave this with LTSA speed monitoring or just adding flashing lights as seen at Royal Oak Round About.

2a. Is there anything you would spend more on?

Safety of people in the city, this might encourage people to use more public transport. Perhaps a parking hub outside of large areas with a routine bus much like the airport.

2b. Is there anything you would spend less on?

Large projects like city loop rail without proper rate payer and effected business approval.

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Sell off the land not required put the stadium under private management and keep the pools as council run,

#7264

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Sell the holdings and reduce the rates

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Sell some of the land as Tauranga is now better suited for the commerce and re develop some of the land similar to tank farm. Get the large polluting ships away from the harbour, trucks ruining the roads, and be more like Sydney Harbour. Use proceeds to offset rate increase. We are in a recession and now is not a good time to be penalising families more.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Offset rates

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Nil

#7264

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Disestablish with selling of Port.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Public use area like tank farm

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#7269

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

#7269

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	

#7269

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

#7269

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney, Waitākere Ranges

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important

#7269

Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

Tell us why

Initiatives to support community resilience and safety” should include the adequate funding of surf lifesaving facility rebuilds.

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Omaha

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

#7269

Initiatives to support community resilience and safety” should include the adequate funding of surf lifesaving facility rebuilds.

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	I support most priorities
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Very Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	
Continue to activate library spaces with programmes, services and events.	
Operating grants to support Glen Eden and Titirangi Community Houses.	
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	
Initiatives to support youth/rangatahi.	
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	

Tell us why

Not Important

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

#7269

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Manage your existing assets correctly.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7278

Stop wasting money on fan fare projects with little to know practical impact for Aucklanders. especially when there is no accountability or actual quantifiable gain.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

So much common sense is required here - do what adds value. look at the choke points in the transit system, stop wasting money on fluff. the roads everywhere are in disrepair, the groups contracted to run these programs are not held accountable and corrupt at best. I've seen it first hand the hand shake agreements of future workings no matter the cost. We and the council are being milked.

2a. Is there anything you would spend more on?

focus on projects with a return but really scrutinise the cost and hold contractors accountable.

2b. Is there anything you would spend less on?

Again stop doing projects like the 500k crossings? i mean who is the idiot that thought that was ever a good idea. you have to ask yourselves how do decisions get made like that?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

simple, utilise the asset. That's why your likely paying a op's manager 250k somewhere?

#7278

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Its just another lolly jar which will be mismanaged and mis spent - a council bloat fund if you would

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

35 years is too long, the port needs to be relocated in the next 15 years maximum. lease the land to developers on the waterfront -get your stadium and a new crossing.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

#7278

Tell us why:

You need to stop tip toeing around the actual solution, move the port on, reclaim the property. I don't understand what this council and past are so scared of? Yes it will cost a large sum, most people would be happy to see it go if the council could actu

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>

#7278

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Roading is key to our continued economic development

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Climate change, cycle lanes. Keep things simple please.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I am keen on what you are proposing

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Spend even less on cycle lanes please and making road signage multi cultural. Please make things simple

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

The development is needed. Auckland continues to grow at a fast rate and in years to come this facility will be needed

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Our financial coffers are low due to frivolous spending in the past

4b. Which option do you prefer for the future of Port of Auckland?

#7282

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

This sounds to me to be a better use of funds

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Reinvestment and debt reduction is essential.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

We need facilities to attract overseas visitors and build on our fine city

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#7282

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Develop pathway connections in Green Road Park.	

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

The proposed priorities should include initiatives to support community resilience and safety and therefore adequate funds should be budgeted for surf lifesaving facility rebuilds. A failure to allocate funds could result in a situation similar to the one playing out in Mangawhai where there's no money available to deal with the landslide that has closed the surf lifesaving facilities there. Most surf club facilities by definition are built on or very close to the Sea and therefore are located in and on unstable ground.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7300

Spend less on bike lanes/cycleways and other non essential transport, focus on repairing, maintaining roads.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I don't support increasing revenue from charging park & ride sites, or the time of use congestion charges.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Investment in cycleways

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

The Stadium is under-utilised and can be put to far better use.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

I like the idea, however, not keen on major assets being controlled by a CCO.

#7300

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Do not want to lose a revenue source

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Don't see any benefit in change the current use

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#7300

Don't see the benefit and there is no budget to develop without further costs to ratepayers

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#7300

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
--	---------------

#7300

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Very Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No. Rates are criminal currently. Rate rise proposals are a joke. In my opinion, rate increases are simply to cover council debt. Auckland Council is a joke, considering the fancy offices, late model council vehicles driving around constantly, revenue cameras been installed around the place, T2, T3 lane cameras. Absolute joke of an organisation.

#7319

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Remove excess council members. Such a waste of money is invested within Auckland Council.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Sick of increases. Its as simple as that. You can write all this *****, trying to "justify" why rates need to be increased. Look at the wasteful spending within council. Most of the council should be locked up in prison for crimes against use rate payer money.

2a. Is there anything you would spend more on?

Road maintenance.

2b. Is there anything you would spend less on?

Council employees.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

33 Million dollars to maintain the stadium as is for only 10 years. Who the ***** comes up with these figures?

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#7319

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Corruption within already. Guarantee, somewhere and someone will be in with some corrupt scumbag of the council and the money will be diverted in the same manner it would be, been dealt with by council. The above text is just a trick tactic to divert attention away from the more accurate outcome.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Cut internal council costs. They are currently "out of control" put in a diplomatic sense.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Cut council expenditure. It really doesn't get more simpler than that.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#7319

Tell us why:

Stop spending our fucking money. Whats the amount of council debt currently?

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Stop wasteful spending.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe.

However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#7328

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#7328

has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

- Our facilities aren't a nice to have, they are the heart of our service.

Allocated funding is essential to ensure the continued operation of our clubs and the safety of

beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#7333

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#7333

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	I don't know

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

#7333

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Environmental protection. Transport opportunities (public transport and road improvements and connections) for those that live outside urban centers.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Intensifying of city centers.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Reducing cycleway projects puts more cars on the road. Capped weekly transit cost will encourage more people onto public transport.

2a. Is there anything you would spend more on?

Increased road conditions for those who don't live in urban centers.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

#7350

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#7350

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The local board funding model is beyond ridiculous and needs to be addressed at a far faster pace than suggested in the plan ... there are regional areas such as Rodney, whau amongst others that have been greatly impacted by flooding, the promise but NO delivery of arterial infrastructure, one of the HIGHEST development areas in Auckland of new housing but NO recognition of any of the above its negligence at best

#7374

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Our infrastructure and public transport is woeful but again there is a complete lack in the lens of large growth areas of population and matching the public transport to that

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Other

Tell us why:

the plan has a complete LACK of detail as to what the proposal is for the change in operational management looks like - so how can anyone make an informed decision?

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#7374

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#7374

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

Some of the priorities above are 'nice to have' but are NOT essential to our area and the fund should be rerouted to more important and underfunded issues

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Underwhelmingly unimpressive! This is one of the largest growth areas in Auckland with thousands upon thousands of houses being built in the area with thousands to come and there is NO foresight or funding for matching infrastructure, arterial routes being a priority, decent public transport, we still have vast areas of open ditches, no footpaths, unsealed roads ... the list goes on

#7374

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Huapai

8. Do you have any other comments?

The biggest disparity in the plan is a complete lack of looking at the areas where large infrastructure and growth has occurred and no increase in funding or planning in place to recognise this AT ALL

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Ensure appropriate balance of access to but protection of nature in the region.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Make best use of existing facilities without investment into new city centre expenditure.

#7376

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#7376

Maintain potentially better income stream and control most efficient land transport and storage support infrastructure.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix Northwest Auckland's traffic situation. Upgrade SH16 into Kumeu NOW.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cultural events. Nice to have when times are good, but times are not good.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I don't support the CRL or any of the Northern busway work because it has ZERO impact on Northwest Auckland's traffic problems, which have not been addressed at all.

2a. Is there anything you would spend more on?

Northwest Auckland traffic problems e.g. upgrading SH16 into Kumeu and getting the train to Huapai running again.

2b. Is there anything you would spend less on?

CRL and Northern busway have had enough money spent on them for now.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

I haven't been there for anything in decades. Sell some of the surrounding land.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#7389

Just another fund which will be milked for fees and have ex politicians granted cushy jobs on the board while they sell everything.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Fairly Important

#7389

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

2 years ago our local park in Huapai Triangle was due for an upgrade. The project manager keeps saying she will come back to us and consult but it never happens. I support park upgrades for the kids, so please get it done.

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Fix SH16 traffic issues and get a train out to Huapai. Upgrade local Huapai playgrounds as proposed years ago.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Huapai

#7389

8. Do you have any other comments?

Please get rate payer funded rubbish collection to Huapai asap.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Roading and infrastructure

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop Wasting money, run it like a business and hold people to account.

#7392

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Rural living has no public transportation.

2a. Is there anything you would spend more on?

Roading

2b. Is there anything you would spend less on?

Cycle ways, speed bumps, public transport

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#7392

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#7392

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Do not support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Do not support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce recycling charges for schools.</p>	Do not support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support

#7392

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people	Fairly Important

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#7458

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#7458

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix the drains and roads

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

festivals and others things which are unnecessary

#7515

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

We need a stadium for sports and other events on the north shore

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Unfortunately 'Future Fund' sounds like another way for ratepayers money to go down the drain on the stockmarket

4b. Which option do you prefer for the future of Port of Auckland?

#7515

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Leasing to a private enterprize that will find ways to waste ratepayers investments is non productive

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The future fund would be a way to 'clip the ticket' and lose ratepayers money.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

The future fund sounds another way to put a 'middleman' in council finances when what need is clear and transparent finances

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#7515

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#7515

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney, Upper Harbour

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response	Very Important

#7515

to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

Arts centres are a luxury we cannot afford

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

I agree

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Taupaki

#7515

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Not Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Not Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Fairly Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Not Important
Implement actions from the Upper Harbour Engagement Strategy.	Not Important
Implement actions from the Upper Harbour Greenways Plan.	Fairly Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Fairly Important

Tell us why

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

i support them

#7515

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

Which of the following options do you support?

None of the above

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

build to budget

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Make it allowable the cut back mangroves in estuaries that are encroaching on beaches. Allow seedlings to be removed.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7516

Stop wasting money on speed bumps and raised pedestrian crossings, it is causing a waste of energy {fossil fuels} tires, brakes, suspension wear and tear.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Surly it could be done cheaper plus you could get in come off it by charging fees for events.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

It depends how much income comes from the shares.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

#7516

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Do not support

#7516

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

2. What do you think of the transport proposal?

#7544

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Surely the location is of benefit so a new stadium like the cake tin in Wellington where all sides are enclosed would be a better option. Operational management would need to change to support more events and manage the venue so that the use was high enough to pay off any debt incurred. Transport to and from the Albany venue would be an issue to consider so that large volumes of people can confidently come and go from music/sport/entertainment events. Often think about Wembly stadium in the UK and Twickenham where hundreds if not thousands of fans are quickly moved along with trains departing every 10 mins.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

improved public transport

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

less ratepayer funding spent on major events, less of the expensive and complicated pedestrian crossings

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

develop an effective public transport network

2b. Is there anything you would spend less on?

over complicated/expensive road crossings

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Change of operational management is required, the stadium is not being properly run by Tātaki Auckland. When it was run by the Trust, there were great events happening. Tātaki seem to have purposely run it into the ground.

The current operations of the stadium are significantly limited by the damage done by the baseball especially. Make the stadium fit for purpose by filling in the hole which is constraining its use, and enable it to host sporting, community, and cultural events which currently aren't able to be hosted due to the damage.

Have an appropriate fee structure to enable, not constrain, its use.

Do not remove/reduce/deconstruct the stadium, make it fit for purpose.

In the LTP process, the current options and information presented is both is leading/biased. This should be more properly and fairly consulted and presented.

#7548

Should the council elect to deconstruct the stadium, or sell any land, the land sold should not be the recreational parts of the stadium precinct and this should be maintained entirely for community use. All monies gained from any sale of land on the stadium precinct must stay in the north shore for sporting/recreational community benefit, and preferably on the stadium site. The money should not be moved to support the development of other stadiums around Auckland.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Do not sell these council assets in the airport

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Do not sell these council assets

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

#7548

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

There's already public use wharf where the cloud is and heaps of public use waterfront land. Don't sell off council income producing assets

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Franklin Local Board Paths Targeted Rate - I don't know.

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.

Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.

#7593

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

#7626

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7627

Stop laughing wearing speed limits and save on her signs. Some of your safety improvements on suburban roads could be cut back on. Less speed bumps.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I think you need to do more to reduce costs.

2a. Is there anything you would spend more on?

Sealing unsealed roads

2b. Is there anything you would spend less on?

Safety improvements, you are just spending money and not proving that there was an issue in the first place.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Why can't it go back to being managed how it was. There was a lot more going on at the stadium. Another case of council breaking what didn't need fixing.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#7627

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#7646

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important

#7646

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

Deliver Waterloo park in Milldale

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Deliver Waterloo park in Milldale

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Wainui

8. Do you have any other comments?

Deliver Waterloo park in Milldale

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Parks for our young children to enjoy and hangout for young teenagers too.

Recreational use is required.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stormwater upgrades - this is already sufficient enough in most new urban areas and requires low maintenance.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Raised pedestrian walkways and cycle way investment is a complete waste of time when budget needs to be spent on road corridor improvements.

2a. Is there anything you would spend more on?

Bus and busway parking to encourage this as an alternative travel option.

2b. Is there anything you would spend less on?

Raised pedestrian walkways, cycle investments, maintenance.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

Already have a well established purpose built stadium near a bus station with parking etc, not being used near enough to qualify an upgrade.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#7648

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#7648

The impact of this would be felt by all NZers at any cost due to the roll on effect of reducing port capacity, whomever raised this as an option should be reviewed. There seems like there has been no cost benefit review here.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better cleaning cycles on beach toilets. Orewa toilets are always disgusting.

More dog friendly parks with dog agility courses on North Shore. Especially in Rodney district where there are none.

#7651

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce the size of the Mayors office

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Don't support reduced cycleways and want to see more focus on public transport corridors so we have more time efficient choices across the city

2a. Is there anything you would spend more on?

Rail to North Shore

2b. Is there anything you would spend less on?

Motorways

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Needs to be multi use and accessible for wide range of groups

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#7651

Tell us why:

Selling off key transport link holdings is not in the best long term interests of the city.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Port needs to move somewhere else. Don't sell the lease. Just move it.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Time for the council to actually plan for the future not plan to save councillors seats at the next election

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

The port needs to move somewhere else

#7651

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#7654

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#7654

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#7666

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	

#7666

<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	I don't know
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important

#7666

Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	Very Important

Tell us why

Larger Carpark at Green Road Carpark

Also - Redhills pony club should be handed over the arena located at Harry James reserve..... Bridle ways through the proposed Flether building land where there is currently a Dairy farm and huge arena. The council

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

#7667

Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Like our school, most schools work really hard to recycle as much as possible, and this already comes at a cost in staff time and organisation. For the council to infer there is no evidence their 'free' recycling service to schools has been effective, is untrue and actually rather offensive. We currently work with ou local Wastebusters Trust to educate students and staff and to refine our recycling systems. We don't believe there is much more we could do! To add further costs to the school for recycling would threaten the resolve of the school to continue recycling at the current level.

Rachel Lampen from Mahurangi Wastebusters Trust has written this in support of our submission:

"I have been working with Warkworth School on zero waste initiatives for almost 1 year and have seen the enthusiasm of students and staff to ensure they recycle right. It would be disappointing if the collecting of recycling was to stop due to the introduction of a targeted rate. Not all schools can afford this additional charge and if they were to stop recycling at school there would be an inconsistent message with students with

#7667

what happens at home versus what happens at school. I disagree with the introduction of the Targeted Recycling rate for schools."

Thank you for your consideration of our submission.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

NO

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7677

Get rid of the traffic management idiots. Make life easier for people who want to do something and reduce council fees for things that are clearly stupid - ie closing a road when it is a cul de sac and charging us for it. Seriously look at every employee who has the word strategic in their title and see if they are doing anything useful

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Raised pedestrian crossings are incredibly annoying and Im a walker and cyclist. Get rid of them. if there is a speed limit, you should be able to go that speed limit. I support the weekly passes. Please invest in public transport that is actually viable and then finish it rather than paying consultants to see if it is worthwhile.

2a. Is there anything you would spend more on?

Cycleways,

2b. Is there anything you would spend less on?

Consultants

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Don't live on the shore and don't care.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#7677

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Be too easy for future councils to dip into and sell.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Get rid of the port and use it for higher and better land uses. The traffic implications themselves are scary of increased port traffic.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Build a decent stadium. Close north shore and sell eden park.

#7677

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

#7691

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

Very little in the way of safe walking, dog walking and horse riding facilities in the area

#7691

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Coatesville

8. Do you have any other comments?

Carpark at green road reserve needs to be made bigger to ensure safe parking of cars and horse floats otherwise this is a wasted resource.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Feasibility studies that are adhered too

2b. Is there anything you would spend less on?

Colorful pedestrian crossings

Colorful asphalt

Worthless consultants

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#7699

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Support

#7699

<p>increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>I don't know</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Multistory car parks at bus stations or improve frequency of regional bus timetable

2b. Is there anything you would spend less on?

Cycle lanes

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#7706

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #7717

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#7717

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

#7717

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Very Important

Tell us why

It is a vital resource for the local community which is losing a lot of its green space. It does however need a bigger parking area and all weather paths for walking and riding

#7717

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less bureaucracy- more internal yellow carding of waste of money... there is a great deal.

#7719

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

More bus hub links. Think like Oxford uk.

2a. Is there anything you would spend more on?

Bus network.

2b. Is there anything you would spend less on?

Roads in centre. Just have buses and hired bikes.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Auckland doesnt need eden park, mount smart AND north harbour. It will ONLY work if its the home of a big club. But we also have the Millenium stadium and hockey stadium here - focus on them.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

You are presenting biased opinion.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

Biased opinion

6a. What do you think of these proposals?

#7719

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

is it possible to provide public transport for more remote rural areas...eg by working with existing bus operators on school bus routes?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

restrict truck use of certain roads so less need to fix potholes

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

cycleways are one of the best ways to reduce ff use in a reasonable radius of central city, and should not be cut back.

2a. Is there anything you would spend more on?

setting aside green spaces of all sizes

2b. Is there anything you would spend less on?

less manicuring of berms, roadsides etc to allow for rewilding. Not allowing them to become rubbish dumps though and planting for more permanent long term in addition

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

multi purpose use makes more sense

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

good idea but the devil is in the detail, ie the rules about what it can be used for

#7724

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#7724

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve the number of lanes on the motorways. Would pay more for that

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop doing pointless projects like raised crossings. We already have crossings why reinvent them to waste money

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Improve congestion on motorways

2b. Is there anything you would spend less on?

Cycleways and raised crossings, lowering speed limits

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#7727

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Not Important

#7727

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

Commit to the funding allocated last year but not used for Waterloo Park in Milldale. If the funds were approved last year but not used due to council delays in acquiring the land then it should be funded this year. Otherwise what happened to that allocated 1.25m? No need to penalize the local community for this.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Light rail and public transport will reduce traffic tremendously

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

#7735

Bring in capital gains tax

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#7735

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bridle ways for horse riding

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Silly ideas like the food waste bins

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Auckland is too wide spread for useable public transport.

It is not viable to cstch 3 buses to gt to work. Cars will remain the main trnsport

2a. Is there anything you would spend more on?

Roading - more lanes and bypasses

2b. Is there anything you would spend less on?

Cheap repairs on roads that dont last. The workmanship is very poor

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Its not a major stadium like others in auckland

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Council has no place investing Rate payers money

#7739

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Look into charging everyone rates, as everyone uses the services - not just home owners.

Why should a homeowner have to pay multiple rates on multiple properties when the tenants living in them use the council services.

It is done overseas - shpuld be done here.

Stop hitying just the home owners with rates - make everyone pay whether you own or rent

Local board priorities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

NA

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

NA

#7748

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

It is unnecessary to level up the passenger path. For cycling path, I can see some cyclists even not using them.

2a. Is there anything you would spend more on?

NA

2b. Is there anything you would spend less on?

NA

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Can't tell which solution is better.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Need to know the pros and cons for holding the stock and selling it. It is not clear in the document.

#7748

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

The prepay only can guarantee the short term benefits. How about long term benefits?
How about after 5 years?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Before considering new ideas, it is better to keep the current services running as normal.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Still don't know pros and cons of this funding. Good to have more details before going ahead

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Please tell me what is the significant benefit in terms of other usage. I am not an expert in this field. The information is not enough.

5b. What option do you prefer for Bledisloe Terminal?

#7748

Other

Tell us why:

Same. I can't see a comprehensive plan for the other usage.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Maintenance of public toilets, footpaths, public spaces. Basic spaces, don't need fancy statues or expensive gardens. Just clean green spaces,.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7749

Events, just provide the spaces and let community groups run their own events. Movies in the parks...Xmas in parks....sponsors like ASB or Sky city can pay for them. ...the council should focus on the main infrastructure. Drains, footpaths, roads, water,public toilets, beach access, beach cleanness....libraries, sewage, building, town planning.transport. provide spaces for sport etc but don't get involved in sport, art and recreation. Events.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Sometimes I spend 4 hours a day getting to and from work. Stuck in traffic I look over to the bus lanes, empty...one or two busses....drive by...rapid transport links plans in our area are ridiculous, the people that design them don't understand the area...one of the plans I've seen is a proposed rapid transport road with a cycle way going right across it. Existing highways and motor ways should be fixed first before building more badly designed roads that don't work. Rodney between Albany and Wainui is a good example, insteD of widening the Existing motorway...following the same path...they want to forge a whole new path across properties etc....there's no need, tons of space for 6 lanes on Existing stretch. Northern motorway goes from 4 lanes to two next to on ramps, fix that first. Build up...extra lanes.

2a. Is there anything you would spend more on?

Roads, specific public spaces. A decent centre for the homeless. A huge warehouse/ out of the city...converted into a huge welcoming drop in centre, access to basic medical help, mental health, advice, a shower, warm dry place to crash, soup, bread, clean water and toilets. Keep homeless away from tourist spots and the city...

2b. Is there anything you would spend less on?

Too many small old buildings. Population has outgrown them. Get rid of them. Replace with one decent space...

3. Which options do you support for the North Harbour Stadium?

#7749

Change the operational management

Tell us why:

It's under utilized.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Need to think /provide for the future

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Both

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#7749

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Very Important
Develop pathway connections in Green Road Park.	Very Important

#7749

Tell us why

The council shouldn't be in the business of entertaining children . Spaces for recreation, yes. But events, no. Let community groups and sponsors do that. The council should concentrate on maintaining public facing spaces Orewa toilets, beach showers...R

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Dairy Flat

8. Do you have any other comments?

Transport! General maintenance, the council needs to focus on making what we have better. Than funding new projects for the sake of looking good. The whole area needs one large decent communcentre and Library. Orewa library is too small, Whangaparoa to old, Albany should have been moved to the new council building. The population Wainui, Milwater, Mildale, silverdale need a modern concentration with a library.

Long-term Plan 2024-2034

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We need the waterloo park in milldale

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less greening

#7757

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Stop some previously planned projects, such as raising the pedestrian walkway

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#7757

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#7757

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Do not support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

#7757

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.

Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.

#7757

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

We need the Waterloo Park in Milldale for our kid

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Work more efficiently with fewer staff

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

No one uses the cycleways- waste of money

2a. Is there anything you would spend more on?

Street lights & footpaths in Dairy Flat

2b. Is there anything you would spend less on?

Arts projects & major events- should be user pays

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It's not being used in its current state but it would be a waste of an asset to do nothing

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Too much control in one centralised body

#7772

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

It's a commercial operation and should be run like a business, council doesn't need to own this business

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Council don't need to create any further public spaces

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#7772

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #7772

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Council has a lot of resources & revenue streams, they need to work more efficiently with fewer staff and less time and money wasting with having so many consultative groups on projects

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups	Fairly Important

#7772

and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Very Important

Tell us why

Green Rd park is a large facility open to the public but under used because the carpark is too small once horse floats park there, and the paths need better signage to follow them properly

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Dairy Flat

#7772

8. Do you have any other comments?

We need street lighting and footpaths. We pay huge rates and get nothing for that money. We provide our own sewerage system, water, we pay for rubbish. & recycling collection

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Rodney

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The Auckland Council needs to invest more in measures to protect the environment. Important natural ecosystems across the region are being degraded by ongoing development, weed incursion, invasive species impacts, sedimentation and poor

#7778

biosecurity. There needs to be greater controls on domestic cat ownership and the ongoing urban sprawl needs to stop.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Sealing metal roads. Turning greenfields into suburbs.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Scope for expanding walking and cycle ways should be given higher priority.

2a. Is there anything you would spend more on?

Expanding walking and cycle ways to get people active should be a priority.

2b. Is there anything you would spend less on?

Sealing gravel roads.

Building raised level crossings.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#7778

Tell us why:

AIAL is an asset that will appreciate overtime. It also provides income to the council in the form of dividends. It makes no economic sense to sell these shares at the current time unless it is to pay down debt.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

#7778

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

#7778

With the massive scale of development in the area, there needs to be a corresponding emphasis on expanding and protecting natural habitats. This could be done by increasing the regional park network or the level of protection for areas set aside for ecosystem restoration. Natural areas (both terrestrial and marine) are becoming increasingly fragmented and modified by weed incursion, invasive species impacts, sediment run off etc.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Bypass in Kumeu is significant and needs to be included. The roading infrastructure has been heavily neglected in this region despite significant population growth. The council have signed off on so many housing developments but haven't invested in the roading causing significant congestion for not only week days but throughout the entire week. There is no other public transport option other than bus which sits in the same traffic rendering it pointless.

Upgrading gravel roads should not be a priority all investment should be in finding ways to reduce congestion in an overcrowded area for existing infrastructure to cope with.

2a. Is there anything you would spend more on?

Kumeu bypass.

2b. Is there anything you would spend less on?

Gravel Road maintenance and upgrades.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#7788

Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Ensure our coastal and harbour areas are better protected from erosion and spread of infestation such as caulerpa. Support small scale local art workshops

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Funding large events

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Agree with reducing expensive rated pedestrian crossings, the painted strip types have been successful for many years

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

More effective way of spending the same amount

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It makes sense to plan and protect infrastructure for future sustainability

4b. Which option do you prefer for the future of Port of Auckland?

#7792

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

More of a user pays approach is a positive strategy going forward

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#7792

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#7792

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response	Fairly Important

#7792

Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	I don't know
Develop pathway connections in Green Road Park.	I don't know

Tell us why

Our natural environment is our biggest resource and any investment in that is more valuable than creating 'structures'. Maintain existing structures by all means rather than remove and replace

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Kawau Island

#7792

8. Do you have any other comments?

I am concerned about the spread of caulerpa in our area, we need more monitoring of moored vessels that are not being moved or cleaned throughout this region - there are existing rules to supposedly address this issue but they are not being applied consistently

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Focus on Alternative transport options rather than roads for private vehicles. Improving response time frames around consenting processes without cutting public consultation. Employ staff rather than endless consultants.

#7801

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I support cycle lanes I just don't think they need to be "gold standard", any separation is better than none.

2a. Is there anything you would spend more on?

More park and rides especially Silverdale/ Millwater. Environmental seals on unsealed rural roads around waterways.

2b. Is there anything you would spend less on?

Traffic management on road works

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#7801

It removes decision making away over publicly owned funds from directly elected bodies.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

I'd like the port moved and the land redeveloped

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#7801

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would be prepared to pay more rates for more long-term sustainable design and planning of the city as a whole and the communities within it. I see new developments going up around me being built on fertile horticulture and agricultural land. This is a waste of a good soil and food production resource. I would like more time spend on consultation with developers to build good communities, not just a block of good

#7847

houses. We need to think of the communities we are creating, and the infrastructure and general daily services these communities need.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spending less money on the central city and more on communities in the rest of the city. Living in the North-West, I never go to the central city anymore. I visit and shop at my two local centres, Albany and Westgate. I would like the council to spend more money on strengthening existing communities.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I think the transport strategy is based on the assumption that all workers need to drive to the centre of the city to work. Since the covid lockdowns this has changed. Living in the North-West, I don't support roading improvements that are mainly based on creating more lanes to support increasing vehicle capacity to the city centre. A lot of people in the Northwest now work from home. My priority for transport is to improve public transport, walking and cycling around my local community. Not from my local community to the city.

2a. Is there anything you would spend more on?

I would pay more rates for cycleways in my local area, so children can cycle to school and both children and adults can cycle around our beautiful local area, or cycle from my town (Riverhead) to the next local town, Kumeu. This is currently impossible because the roads are too dangerous, and there are big trucks continuously driving down the road our children use to walk to school. It is too difficult for my children to walk to school. I would also like there to be a bus from my town (Riverhead) to the next town (Kumeu). I would like the council to think about communities and not just business. Create opportunities for locals to access their local communities and the nearest supermarket, library, doctors, dentist, hairdresser and other shops etc. via bus or cycle.

2b. Is there anything you would spend less on?

#7847

Spend less on roading for car and truck use.

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Even though I live in Northwest Auckland, I have never been to the actual stadium. However, we often take our children to the Albany Stadium Pool, a public pool. This pool has long queues in the weekends, deterring parents from taking their children there. The pool complex needs to be extended with more pools to accommodate more people, especially in the weekends. I don't want the land next to the pools sold, as this would prevent expansion of the pool complex in the future. I see land as an asset for the future. Perhaps if the council really needs the money they could lease the land, to retain the asset but still generate income. I am against the council selling land, a finite resource. Once it's sold, it won't be bought back.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Shares in the Auckland Airport are already an asset, and I assume they are generating income. NZ is a small island in the Pacific. Our airports are of prime importance. We can't simply drive to another country, like so many other people can in the rest of the world. I think that we need to keep control of this important asset. As an investor myself, I think investing is a good idea in general, but only if the predicted return is greater than the cost of the debt incurred to purchase the investment. Investments are not guaranteed income, and the return fluctuates from over time. No return is guaranteed. However, interest on debts is guaranteed.

4b. Which option do you prefer for the future of Port of Auckland?

#7847

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

As for the Auckland Airport, as the Ports are already delivering a profit for the council, I see no reason to lease them. I am glad that the proposal is not talking about selling the port land and wharves. I would be totally against that.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Council services are essential and need to be funded, so I would like the Port of Auckland profits and dividends to be continued to fund council services. As previously mentioned above, investment returns are not guaranteed.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I think the council would end up selling the land to developers, so I don't support transferring the wharves to Auckland Council. The proposal would cost a lot of money, and most of the people I know from North, West, and South Auckland don't visit the ce

5b. What option do you prefer for Bledisloe Terminal?

#7847

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As previously mentioned, but copied below again. I think the council would end up selling the land to developers, so I don't support transferring the wharves to Auckland Council. The proposal would cost a lot of money, and most of the people I know from North, West, and South Auckland don't visit the centre of the city anymore, so I feel that extra public facilities at these wharf sites would only benefit international visitors, not Auckland residents. I think the money would best be used elsewhere, or for reduced rate increases or to pay off debt. I am also strongly against reduced operating capacity at the port if it means more truck traffic on our roads. There is too much truck traffic on our roads, including my local highway, Riverhead-Coatesville Highway as it is. Truck traffic is a danger especially to children, and their ability to cycle or walk around their local neighbourhoods or walk to school.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#7847

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Develop pathway connections in Green Road Park.	Very Important

#7847

Tell us why

As a Riverhead resident, I would like some money spent on improving the playgrounds at Riverhead War Memorial Park and Te Rangitopuni. These playgrounds are essentially for young children only. The council needs to add play equipment for teenagers, otherw

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

They're OK. I like the emphasis on environmental protection. There is a lot of residential development going on around Riverhead and I do worry about the environmental impacts. I also worry about the increased traffic, and I do hope that substantial investment in buses has been planned, else the already bad traffic (especially at the Riverhead-Coatsville/State Highway 16 intersection) is going to get a lot worse. We already have to plan our weekends carefully to avoid the traffic at this intersection and to the start of the motorway at the Brighams Creek intersection. I'm not sure if the council has any say, but we do really need a local Kumeu or North-West High School, as the Massey High School has a huge number of students (thousands) and half of the high school students in the North-West have to go to school on the North Shore and spend hours busing to and from school each day. People have been talking about a new high school for the North-West for 20+ years, and everyone expects it to happen one day.

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Riverhead

8. Do you have any other comments?

Yes, I didn't see any mention of rail for public transport. I think the future of public transport in Auckland should also include trains. I would like to use public transport more in my local area and between my local town, Riverhead and other town centres such as Kumeu, Albany and Westgate. I would like to get rid of my car and just use public transport, but this is currently impossible, especially as I have children. I was born in the UK where trains and buses are a part of daily life for most people. At least half of the people I know in Europe don't even own a car, by choice and public transport provides all the transport they need. We need to copy this model of public

#7847

transport, albeit adapting it for our city and it's sprawling suburbs. But I would really like to see our transport strategy moving in this direction.

Long-term Plan 2024-2034

Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	Very Important

Tell us why

The Green Road pathway is a fabulous resource to have. It's a beautiful block of land and we have enjoyed getting our family including horses & dog out for walks.

It desperately needs a bigger more thought out carpark as there is only space for one horse

#7848

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?
