## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No comments for paying more

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I want efficient road work to reduce long hours wages in Auckland City

**#17771**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Go reduce traffic jam, especially in rush hour

**2a. Is there anything you would spend more on?**

no idea

**2b. Is there anything you would spend less on?**

effective road design for reducing traffic

jam on the road

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#17771**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Please do your best for belt-tightening of the budget,  
because I do not want the rates not to be raised any more

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#17771

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#17771

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Waitākere Ranges

**8. Do you have any other comments?**

Recent years, I realised the council rates raising too high, even relying on the management group team

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#17782**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#17782

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

we havent had public transport since before the storms so I've learned to live without

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#17798**

Reduce the frequency of public events that have low attendance to save on costs., Cut back on expensive consultancy services and rely more on in-house expertise., Streamline council operations to reduce administrative costs without affecting service quality., Limit investment in large infrastructure projects that may not be critical or can be postponed., reducing large infrastructure means less enviro impact so double savings

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

I have barely any street lights and no bus shelters

**2b. Is there anything you would spend less on?**

Some new road projects, Pedestrian paths where there's not much foot traffic.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

if the stadium is safe leave it for a year, families can't afford cheese

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

## Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

## Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	I do not support most priorities

**Tell us why**

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#18108

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#18204**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

It was flourishing until council got involved in 2014. It is needed. Letting it go is wasteful and unforgivable.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#18762**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Through change of operation management obtain the funds.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Better serve the demand of changing community, and continue to achieve long term strategy and target.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#18762

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Petrol free train. Schedule should be more stable and more often (use petrol tax for the train system). More tax for the 3rd car or more and extra tax for Lux car which cost more than \$80K.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#18941**

Less rates for old buildings.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Car rego fee extra tax for 2nd car per person, extra tax for expensive cars more than 80K dollars.

**2b. Is there anything you would spend less on?**

Less public transportation fee 10 to 20% then people will consider to use it more.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Please use it.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Good amount of funds would be great for sorting issues & transportation needs to be much better.

**#18941**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#18941

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	Support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#18941

<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Waitākere Ranges

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Request for prohibition of fireworks in residential areas.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#19065**

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#19065

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	
<b>Water</b>	Do more
<b>City and local development</b>	
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Organize more community workshops on sustainability to educate and engage residents, Improve maintenance and add more facilities in public parks for better recreational spaces., Provide additional resources and support for local cultural events to enrich community life.

#19085

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Cut back on expensive consultancy services and rely more on in-house expertise., Streamline council operations to reduce administrative costs without affecting service quality., Limit investment in large infrastructure projects that may not be critical or can be postponed., Stop wasting money on bike lanes in communities that do NOT use bicycles. Mangere Town Centre and Glen Eden were absolute stitch ups on tax payer money. I refuse to support this kind of ridiculous spending

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

The multiple raised humps in 5kms in New Lynn, Kelston, Avondale, Glen Eden is absolute overkill and adding to congestion and bottlenecks

**2b. Is there anything you would spend less on?**

Public transport routes that aren't busy., Planning studies that take a long time., Pedestrian paths where there's not much foot traffic.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Why upgrade a white elephant when there are few events to even warrant an upgrade

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#19306**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#19306

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#19306

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#20018

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#20018

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**#20032**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#20032

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#20032

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Highways are too congested, especially Route 16 which faces daily traffic jams. More efforts should be made to improve road congestion

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#21522**

Public parks are overcrowded and occupy too much space. It would be beneficial to reduce the construction of new parks

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

#21522

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Dear Auckland Council,

First off, below are  
comments prepopulated

**#22069**

by Auckland Ratepayers Alliance. I agree with everything they submit. I just need to say, how, in any real world situation, can you raise costs on the consumer by 38%??? I am a struggling dad with mortgage repayments and limited annual payrises which are below inflation rates.

I know people who work for AC and the common themes your own staff say are that jobs are "cruisy", "well paid" and that jobs exist which are wastefull and culturally woke and unnecessary.

Why? Along with this I face delay after delay driving to work and 90% of AT contracted road workers standing around

**#22069**

on their phones and  
smoking vapes.

PLEASE , I implore you  
Wayne Brown, be  
different! Please make  
some hard decisions, we  
are not cash cows with  
unlimited income to  
dispose of, I AM  
SUFFERING. These rates  
rises will hurt me.

Aaron Morris  
Rate Payer  
Low income Earner

I am writing to provide  
feedback on the Mayor's  
proposed Long-Term Plan  
(10-Year Budget).

I reject all three options for  
rate hikes – the most  
expensive of which would  
see a 38% increase over  
three years. Rates should

**#22069**

be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and

**#22069**

infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish

**#22069**

collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed "Future Fund" and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#22133**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation

and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining

in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

Stop all race based naming of council organisations, parks, reserves etc. It is not necessary and in fact it denies 85% of the people that live here, our

own culture and heritage. We got rid of the last racist govt and you would do well to heed that warning. The public are angry.

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

**#22133**

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed "Future Fund" and the proposal to lease

Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in

infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation

and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the

"pay less, get less" option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining

in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#22232**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland

Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so

that rates and debt are kept down.

**#22232**

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

**#22232**

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#22393**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland

Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so

that rates and debt are kept down.

**#22393**

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#22393

<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-

**#22698**

Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years.

Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

**#22698**

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing

**#22698**

that money to invest in infrastructure  
so that rates and debt are kept down.

I endorse the submission of the  
Auckland Ratepayers' Alliance and  
back their vision of 'Reasonable Rates,  
Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	

#23098

<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback  
on the Mayor's proposed Long-

**#23268**

Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and

**#23268**

staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get

**#23268**

smarter about infrastructure investment. I support the Mayor's proposed "Future Fund" and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being

**#23452**

deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing

**#23452**

exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor’s proposed “Future Fund” and the proposal to lease Auckland Port’s operations to an expert external operator while keeping the Port’s land in ratepayers’ hands and ringfencing that money to invest in

**#23452**

infrastructure so that rates  
and debt are kept down.

I endorse the submission of  
the Auckland Ratepayers'  
Alliance and back their  
vision of 'Reasonable Rates,  
Sensible Spending in our  
Super City!'

**2. What do you think of the transport proposal?**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#23452**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

**6a. What do you think of these proposals?**

#23452

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#23452

<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback  
on the Mayor's proposed Long-

**#23703**

Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and

**#23703**

staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure

**#23703**

investment. I support the Mayor's proposed "Future Fund" and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year

**#23903**

Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the

**#23903**

salaries of council managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

**#23903**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
---	--

#23903

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.

Broaden the description of bus services funded by the **Climate Action Transport Targeted Rate (CATTR)** to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).

Discontinue the **Long Term Differential Strategy** which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.

Re-introduce **recycling charges for schools**.

Continue the planned roll out of **rates funded refuse collection** to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.

Introduce the **Franklin Local Board Paths Targeted Rate** of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#24160**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland

Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so

that rates and debt are kept down.

**#24160**

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#24160

<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#24170**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation

and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers. This increase will cripple me and force

me to sell my home. This is not okay!!!

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the

“pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining

in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease

Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in

**#24170**

infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-

**#24390**

Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator

**#24390**

while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

## **2. What do you think of the transport proposal?**

**Tell us why:**

#24390

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#24390

<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#24536**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing

**#24536**

exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-

**#24582**

Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing

**#24582**

and the salaries of council managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending

**#24582**

in our Super City!

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#24780**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing

**#24780**

exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#24780

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Dear Auckland Council,

I am writing to provide  
feedback on the Mayor's

**#25445**

proposed Long-Term Plan  
(10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by

**#25445**

cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads

**#25445**

and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed "Future Fund" and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their

**#25445**

vision of 'Reasonable Rates,  
Sensible Spending in our  
Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide  
feedback on the Mayor's  
proposed Long-Term Plan  
(10-Year Budget).

I reject all three options for  
rate hikes – the most  
expensive of which would  
see a 38% increase over  
three years. Rates should  
be limited to inflation and  
the Council should cut its  
cloth to reflect the current  
economic circumstances  
facing Auckland ratepayers.

Of the three options  
presented, my preferred  
option is lowest option –

**#25445**

which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much

**#25445**

higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external

**#25445**

operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#25531**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much

**#25531**

higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#25758**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should

be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland

ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being

deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and

wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to

capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and

the salaries of council managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary

speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the

**#25758**

proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands

and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#25889**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.

**#25889**

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

**#25889**

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to	

#25889

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#26219**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much

**#26219**

higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value	

#26219

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#26248**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates

are an unsustainable mechanism of funding a city if it is the only income. It should be limited to inflation and more

funding should come from central government. I support the proposal for central government to pay rates on its

properties such as schools and hospitals

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office

and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and

staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of

overstaffing and the salaries of council managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as

unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport

infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish

collection.

**#26248**

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed "Future Fund"

and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in

ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible

Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More funding will enable more sport and recreation facilities to be built and there is clear evidence that such facilities provide a broad range of benefits to the wider community. This includes but is not limited to improved physical and mental health, social connectedness, economic and productivity gains, and educational outcomes I participate in the sport of table tennis. Auckland Council has identified there is a shortage of indoor court space across the Auckland region. This includes a lack of capacity to meet the demand for sports such as table tennis.

**#26356**

The Auckland table tennis stadium, 99A Gillies Avenue, Epsom is at capacity many nights of the week. This impacts my ability to participate.

The Auckland Table Tennis Association is involved in two Facilities Development Projects aimed at addressing the shortage of indoor court space in the Auckland region: a) Lloyd Elsmore Community Hub: Lloyd Elsmore Park, 451 Pakuranga Road, Pakuranga Heights. In the Howick Local Board area. The purpose of the Hub is to construct a multi-club and code facility at Lloyd Elsmore Park to accommodate the four Founding Members (Auckland Table Tennis Association, Howick Gymnastics Club, Pakuranga Bowling Club, and Pakuranga Tennis Club) b) Gillies Avenue redevelopment project: Pascoe Quarry, 99 Gillies Avenue, Epsom. In the Albert-Eden Local Board area. Auckland Table Tennis Association, Auckland Badminton Association, and Olympic Weightlifting Auckland are collaborating to pursue redevelopment of the existing Gillies Avenue site

I urge investment in the sport and recreation sector under this Long-term Plan. Without this commitment from Council our current and future community sport and recreation spaces will be compromised. This means our growing, increasingly diverse population will not have access to fit-for-purpose facilities to participate in physical activity to enable them to connect with their community and live active, healthy lives.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

I am part of the sport and recreation sector in Auckland. Our sector plays a critical role in making Auckland a great place to be now and in the future. We rely on hard working volunteers and build strong communities - Council's support is critical to enable our sector to achieve what it does.

Auckland Council is the major provider of our city's sport and recreational facilities, and your continued support and investment in this growing sport would be greatly appreciated. Auckland Council's commitment to the sector has provided a number of positive outcomes across the region for a more inclusive range of codes, demographics, cultures, ages and abilities. I therefore wish to acknowledge the contributions which Auckland Council has made towards the sport and recreation sector.

I submit that the proposed option to pay less and do less will detrimentally impact the play, active recreation and sport sector.

I submit that the Central proposal for the overall direction of Council's Long-term Plan appropriately balance rates rises with service delivery.

**#26356**

I submit that the Central proposal for Parks and Community will continue to provide a better outcome for the sport and recreation sector.

I support the following aspects of the consultation:

- I support retaining the Sport and Recreation Facilities Investment Fund and the strongly support the proposal for \$35 million of additional funding being added to the Fund.
- I propose that Council refines the criteria of the Sport and Recreation Facilities Investment Fund to make the additional funding non-contestable.
- I propose that the additional \$35 million funding is used to fund a range of community sport and recreation facilities including indoor sports facilities.
- I advocate for the retention of the Sport and Recreation Facilities Operating Grant and ask consideration for an increase to the Grant.
- I support Council seeking changes to the law relating to development contributions to enable Council to adequately recover the costs of growth and to use development contributions to fund community sport and recreation facilities.
- I support a review of costs and contractual structure for maintenance on parks and open spaces, specifically for sports fields.
- I advocate for community use of schools and that consideration given to the co-development of schools with Auckland Council to include publicly accessible sport and recreation facilities

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Sports clubs are somewhere that the young and old get together to share skills, compete and socialise

Surveys of our membership continually show that while they join to enjoy their chosen sport,they find the club an important place to socialise andbuild connections in the local community.

**#26402**

Like other sports clubs our facilities are used by a range of groups for a variety of events including family celebrations, team building days, funerals, church meetings and staff meetings

Auckland needs more such facilities, and the loss of any present community venues will leave residents with less choice and a growing sense of isolation

## Local board priorities

### 7a. Which local board area does your feedback relate to?

### 8. Do you have any other comments?

Our sector is critical in making Auckland a great place to be. We rely on hard working volunteers and build strong communities- Council's support is critical to enable our sector to achieve what it does.

While our club is in the fortunate position of owning our land and facilities, many club are based on Council land and so rely on the council's ongoing support and commitment to sports and recreation to survive. All sports need all the clubs to continue if our sports are to survive.

Auckland Council is our neighbour, and we would like to see the helpful and supportive relationship between the council and ourselves continue.

I submit that the proposed option to pay less and do less will detrimentally impact the play, active recreation and sport sector.

I submit that the Central proposal for the overall direction of Council's Long-term Plan appropriately balance rates rises with service delivery.

I submit that the Central proposal for Parks and Community will continue to provide a better outcome for the sport and recreation sector.

I support the following aspects of the consultation:

- I support retaining the Sport and Recreation Facilities Investment Fund and strongly support the proposal for \$35 million of additional funding being added to the Fund.
- I propose that Council refines the criteria of the Sport and Recreation Facilities Investment Fund to make the additional funding non-contestable.
- I propose that the additional \$35 million funding is used to fund a range of community sport and recreation facilities including indoor sports facilities.
- I advocate for the retention of the Sport and Recreation Facilities Operating Grant and ask consideration for an increase to the Grant.
- I support Council seeking changes to the law relating to development contributions to enable Council to adequately recover the costs of growth and to use development contributions to fund community sport and recreation facilities.

**#26402**

- I advocate for community use of schools and that consideration given to the co-development of schools with Auckland Council to include publicly accessible sport and recreation facilities.
