| Q8 Do you have any other feedback on the draft plan? Have we got it right? Have we missed anything Request x 2 : A Basketball hoop/court @ Maich Road | ? | 28 2 | |
| Event/consultation comments x 3 : *I think it's an amazing opportunity for us, young people and future leaders to give back to our community and represent it. * Everything on every board has a good impact on our future thank you Manurewa Local Board *On every board I thinks it's a variety of every choice so every board has its say of the community, lovely service. | | 3 | |
| Roads & Maintenance comments x 2: * More efficient road works and public maintenance * I think the local board needs to give attention towards fixing old roads and old buildings that are commonly used before fixing new areas or adding bumps and building new buildings | | 2 | |
| More Accessible routes for people with disabilities | | 1 | |
| I think that identifying and incorporating the Maori culture is important, but I also think publicly noticing and celebrating the Pacific nations and cultures in our community is just as important as many of us are of pacific decent. | | 1 | |
| Environment /Waste comments x 5: *Keeping our streets free of rubbish including storm drains * The current draft plan is agreeable however it would also be great to invest more in a cleaner environment and a healthier space * We should have a more green environment by using less gas and EV car for the environment * Our community can support the environment by cutting places with long grass to keep the environment clean * Many of the parks around Manurewa are old and need massive improvements. Being able to have fun, inviting park is important for young kids to be around. I want my younger sister enjoying the same childhood I had in those parks. | | 5 | |
| Economy - Further support of our local business during the recession, help with inflation | | 1 | |
| Community comments x 4: *Continue Funding for community services groups, youth councils, community kitchens * Run more youth and young adult hangout/socialize spaces * Support the community by setting up some more councils in the community * Running fundraisers to raise money for buildings, education and education and recreation * | r | 4 | |
| LGBTQ+ - Comments x2: Having safe spaces for LGBTQ+ peoples, liaise in libraries and other indoor spaces * Run events and supportive groups/hangout spaces for LGBTQ+ people especially youth, as a way to support, validate and normalize diversity among people and communities. | | 2 | |
| Homelessness/Poverty/high needs comments x 6 - *Homeless Centre, I think homeless is a huge problem in Manurewa community especially South Mall, possibly creating a homeless center * Provide more and prioritize, free services to help those in poverty in Manurewa * Having more spaces for people to give out food, clothes, things for Tamariki etc. * Run (more) free food events, where people from the community that need a free meal and socialize with others at the same time * Making more homeless shelters especially for winter where it is cold and people have no food or other necessities * Support local communities who really need support with food etc. Manurewa Youth Council lead event - Manurewa High year 13 students | | 6 1 | |
