## HYSE Event Summary

EVENT	DATE	LOCAL BOARD	Event Participants#
Upper Harbour Have Your Say	07/08/2023	Upper Harbor	5
<b>Responses</b>		<b>Count</b>	
<b>Q3 Do you have any other feedback on our draft plan?</b>		<b>18</b>	
Library - need a bigger one		1	
connect the Albany House to new developments and then to Albany Highway round the landing		1	
communication dont advertise everything online, put it in local papers		1	
boggy path in the landing. People have put wooden boards to walk across. please fix.		1	
Hooton Park - needs money allocated to maintain it and other parks. has huge potential. not looked after well enough. middle section is soggy. needs appropriate planting to soak up surface water. Nice swimming pool stadium.		1	
Library: functional. practical. not an ediface. not fancy. add 'pretty stuff" current library too small. lots of seating - good. design that can be future proofed. Please dont put it in the mall. should be owned not leased. need to stop wasting money by spending it on plans that fail at the last hurdle. If we spend money we should see it through to completion.		1	
seating - waterline along Hooton needed.		1	
general support for plan.		1	
look after what weve got		1	
Gills road washout old trees in stream.		1	
Some work is expensive and other minimal things don't get done. Need to get the balance right.		1	
Oteha Stream escarpment exercise. Sat for months without being fixed.		1	
Walkway Mills to Gills important		1	
Local board needs to take a role in encouraging volunteers and groups to do work in parks.		1	
Send communications out to encourage environmental volunteers eg waterfall behind Kell Park		1	
Extend project to connect neighbours (currently in Hobsonville and Whenuapai) to Albany		1	
Involve schools like Albany Senior in local area restoration		1	
Advocacy point: Bus 888 delayed to 2027. Not good enough.		1
