

Creative Communities Scheme Auckland Funded Projects 2016-2017

In 2016-17, Auckland Creative Communities Scheme assessment committees granted \$1,067,420.01 to support 293 local projects. This leverages community arts activity across Auckland with a total project value of \$3,618,606.99.

The Creative Communities Scheme in the 2016-17 financial year has created opportunities for 41,204 people to actively participate in local arts activities, with a projected audience of 590,010 people. The scheme empowers communities to bring art into the everyday lives of Aucklanders across the region on beaches, in parks and community halls, theatres, streets and galleries with music, dancing, film-making, weaving, singing, poetry and theatre... telling our stories in many languages.

Many of these projects are now complete and others underway. Applicants have 12 months to complete their projects.

There are two funding rounds a year. The next funding round is now open (closing on 25 August 2017) for projects that begin after 11 October 2017. The second funding round will close 23 February 2018 for projects that start after 11 April 2018.

Applicant	Project	Grant
