

Creative Communities Scheme Auckland Funded Projects 2018-2019

In 2018-19, Auckland Creative Communities Scheme assessment committees granted \$1,031,800.39 to support 304 local projects. This leverages community arts activity across Auckland with a total project value of \$5,685,346.19.

The Creative Communities Scheme in the 2018-19 financial year has created opportunities for 46,758 people of all ages to actively participate in local arts activities, with a projected audience of 883,480 people. The scheme enables communities to bring art into the everyday lives of Aucklanders across the region on beaches, in parks and community halls, theatres, streets and galleries with music, dancing, film-making, weaving, singing, poetry, theatre... telling our stories in many languages.

Many of these projects are now complete and others underway. Applicants have 12 months to complete their projects.
