

Waste Minimisation and Innovation Fund: April 2019 Funding Round Successful Applications

Application ID	Organisation name	Project title	Project summary	Funding amount	Funding for:	Project local board
WMIF1901-015	Whangaparaoa Primary School	Worm bins compost expansion	To expand on the existing compost system used in the school by implementing worm bins to increase the amount of organic waste collected across the school.	\$1,000	a contribution towards the worm farm as outlined in the application.	Hibiscus and Bays
WMIF1901-017	Helensville Enterprises Trust	Fridge degassing	To train staff at the community Recycling centre on fridge degassing and purchase the fridge degassing equipment. The project will ensure that the refrigerants are removed from the refrigerators on-site without contaminating the environment.	\$1,820	a contribution towards the degassing unit and staff training as outlined in the application.	Rodney
WMIF1901-020	The Change Cloth Nappy Services Limited	Cloth nappy laundry service for Auckland ECEs	To establish a trial business model for a nappy, wipe and bin liner laundry service for Auckland Early Childhood Education centres (ECEs). The initiative addresses a gap in the usage of cloth nappies and would have a large-scale impact on reducing waste to landfill.	\$5,000	a contribution towards the washing and drying machine as outlined in the application.	Maungakiekie-Tāmaki
WMIF1901-023	Naumi Hotels NZ Pty Limited	Food scraps depletion	To implement food gardens with commercial worm farms at the Naumi Auckland Airport Hotel. The project aims to divert large amounts of food scraps generated at their in-house kitchen from landfills.	\$1,859.26	a contribution towards the worm farm as outlined in the application.	Māngere-Ōtāhuhu
WMIF1901-032	All Heart NZ Charitable Trust	Zero waste corporate reduction service	To establish a social enterprise providing Zero Waste Reduction consultancy services for corporates as part of their Corporate Sustainability Initiative.	\$5,000	a contribution towards the costs of salaries and overhead for set up of reduction service as outlined in the application.	All
WMIF1901-037	Again Again Limited	Auckland Again Again pilot	To run an awareness campaign to introduce a pilot scalable, reusable cup circulation system that supports a guilt-free on-the-go coffee culture and ends single-use cup waste and strengthens community participation.	\$3,752	a contribution towards the project costs as outlined in the application.	Albert-Eden and Waitematā
WMIF1901-041	Mairangi Bay Playcentre	Sustainability project 2019	To undertake a number of measures to educate pre-school aged children and parents about waste minimisation, focusing on Mairangi Bay Playcentre and extending to the wider community.	\$480	a contribution towards the cost of worm farm, bokashi and compost tumbler bin as outlined in the application.	Hibiscus and Bays
WMIF1901-045	The Sustainable North Trust	Whangaparaoa CRC tour posters	To create a community awareness programme by leading tours of the CRC facility for schools and kindergartens; to educate the younger generation on waste minimisation.	\$817	a contribution towards the cost of educational tour boards as outlined in the application.	Rodney

Waste Minimisation and Innovation Fund: April 2019 Funding Round Successful Applications

Application ID	Organisation name	Project title	Project summary	Funding amount	Funding for:	Project local board
WMIF1901-048	CNSST Foundation	Organic waste goes to compost not landfill	To implement an organic waste separation and collection system at the social housing unit(36 units), community kitchen and educational institute operated by the CNSST. The project will result in reduction of general waste and contamination recyclables and reduce amount of organic waste to landfill.	\$1,560	a contribution towards the project costs as outlined in the application.	Maungakiekie-Tāmaki
WMIF1901-049	Kristin School	Composting bins at Kristin	To implement compost bins at Kristin School to build upon their current waste minimisation activities, and support students and teachers to further reduce waste to landfill. This project will include student engagement and education.	\$395	a contribution towards 2x compost bins and freight as outlined in the application.	Upper Harbour
WMIF1901-053	AoteaOra Community Trust	Making drinking glasses out of discarded bottles and jars	To repurpose discarded glass bottles and jars into drinking glasses, decreasing the amount of glass being recycled or sent to landfill.	\$4,265.21	a contribution towards project costs as outlined in the application.	Great Barrier
