

Additional Topic¹ Allocation Form

Submitter name	
Submission number	
Further submission number	
Date	

This form is to be completed by submitters who wish to have their submissions allocated to additional hearing topics. Please use the [Guide to creating topic and subtopic parties lists](#) to determine your current hearing topics.

You must send your Additional Topic Allocation Form (Form) to the Hearing Advisor npsudhearings@aucklandcouncil.govt.nz, as soon as possible or no later than 10 working days before the council's evidence is due.

On receipt of your Form, the Independent Hearing Panel (IHP) chair will determine whether to allow the request.

The IHP will make all Forms and its decision available on the Independent Hearing Panel webpage.

Note: Submitters will retain allocation of original hearing topics whether or not the chair grants the request.

Additional Topic Allocation Criteria

The allocation request will only be permitted where:

- The primary submission is directly 'on' the requested topic, or if indirectly 'on' the requested topic reasons are to be provided why the additional allocation should be granted.
- The requested topic has not already been heard.
- The request is received no later than 10 working days prior to the council evidence exchange for the hearing topic (generally 25 working days before the hearing)
- The decision is consistent with the principles set out in [IHP Hearing Procedures](#) document dated December 2022 and any other Panel document.

Please complete the table(s) below:

¹ Topic in this context means topic or subtopic depending on specificity of the request.

Request 1

Text of submission 'on' the topic	

You are welcome to attach additional pages if more space is required.

Request 3

Submission point number (if any)	N/A
Requested topic allocation	Precincts - NPSUD MDRS Response
Requested subtopic allocation	I438 Takanini Precinct
Reasons	NZDF's submission provided support for existing qualifying matters, particularly the Aircraft Noise Overlay, designations and the precincts which isn't currently reflected in the coding. The Takanini Precinct contains specific reverse sensitivity provisions relating to the Papakura Military Camp.
Text of submission 'on' the topic	The NZDF supports a number of the qualifying matters referred to in section A1.4.8 and A1.4.8.2 of the plan change, particularly the Aircraft Noise Overlay, Designations, and the Precincts.

Panel Decision – if granted in part, please specify below.				
Granted	Declined	Date:	Signature:	

Reason:

The requested topics have not been heard. The requests were received more than 10 working days prior to the council's exchange of evidence.

Request 1 is Declined as the submitter is a further submitter to Topic 015F Residential Zones (general or other) and Residential Zones General. Therefore, the New Zealand Defence force is already invited to attend the hearings and expert conferences on the Topic and provide evidence on changes to address reverse sensitivity effects. We also note that the submitter's participation in Topic 013 Qualifying Matters (additional) (and the additional allocation to Topic 009Q Qualifying Matters A-I Designations, see below) will provide for a fulsome consideration of their relief sought on this matter.

Request 2 is Granted submission 1069 is additionally allocated to Topics 009Q Qualifying Matters A-I Designations and 009R Qualifying Matters A-I Aircraft Noise as it is 'on' the topic.

NZDF's submission supports designations as a qualifying matter. It refers to the importance of defence assets as part of nationally significant infrastructure. While it does not seek any relief relating to the designations themselves, it does submit on the need to clearly link Minister of Defence designations as a matter required for ensuring the safe and efficient operation of nationally significant infrastructure. Taken together, it is directly addressing the matters of Topic 009Q and therefore is 'on' the topic.

The submission is 'on' Topic 009R as it supports the identification of aircraft noise overlay as a qualifying matter.

Request 3 is Granted submission 1069 is additionally allocated to Topic 020Z I438 Takanini Precinct as it is 'on' the topic.

NZDF's interest in managing reverse sensitivity effects (repeatedly emphasised in its' submission) provides the relevant link to the Takanini precinct provisions. NZDF is also supportive of council identification of precincts as a qualifying matter. Taken together, the submission addresses the matters of Topic 020Z and therefore is 'on' the topic.
