

Classification of Reserves within the Waiheke Local Board Area

The Waiheke Local Board is seeking the community's views on proposed classifications of reserves under section 16(2A) of the Reserves Act.

Under section 16(2A), public notification of these proposed classifications is not required as these reserves have been acquired through subdivision or were classified under previous Acts. However, the local board wishes to hear from the community prior to making its decision to classify these reserves.
