

Memo	Date 02/09/2021
To:	Celia Davison – Manager Planning, Central/ South
From:	Ciarán Power - Senior Policy Planner, Central/ South
Subject:	 Plan Modification Clause 20A Amendment to the Infrastructure: National Grid Corridor Overlay - National Grid Yard Uncompromised Infrastructure: National Grid Corridor Overlay - National Grid Subdivision Corridor in council geomaps of the Auckland Unitary Plan (AUP) Operative in part (15 November 2016).

Delegated authority to T4 manager through Schedule 2A of the Auckland Council Combined Chief Executives Delegation Register (Updated February 2021).

This plan modification requires decision-making pursuant to clause 20A of the First Schedule to the Resource Management Act 1991, as corrections are required to the Auckland Unitary Plan (Operative in Part).

Rule or Section of Unitary Plan	AUP(OIP) GIS Viewer
Subject Site (if applicable)	 Please refer to Attachment 4 which has two sheets listing the affected sites: Landowner parcels within existing national grid subdivision corridor to be removed.= 109 sites Landowner parcels within existing national grid yard to be removed = 82 sites
Legal Description (if applicable)	 Please refer to Attachment 4 for the legal descriptions of each of the affected sites: Landowner parcels within existing national grid subdivision corridor to be removed.= 109 sites Landowner parcels within existing national grid yard to be removed = 82 sites
Nature of change	 Modification to two overlays: Infrastructure: National Grid Corridor Overlay - National Grid Yard Uncompromised Infrastructure: National Grid Corridor Overlay - National Grid Subdivision Corridor in Council Geomaps.
	Discussion These sections of National Grid Yard and National Grid Subdivision Corridor are no longer required due to the undergrounding of part of the OTA-WKM-A and OTA-WKM-B National Grid transmission lines through an area of Flatbush.
	There are also some changes in the extent of the National Grid Yard and National Grid Subdivision Corridor at both ends of the underground section due to some changes in the location of several towers feeding into the cable transition stations, and as a result of a recent change in

	the conductor type which has reduced the extent of transmission line blowout.
Effect of change	 The proposed correction will alter the extent of the two overlays : Infrastructure: National Grid Corridor Overlay - National Grid Yard Uncompromised Infrastructure: National Grid Corridor Overlay - National Grid Subdivision Corridor in Council Geomaps. This auto update be undertaken under D26 National Grid Corridor Overlay of the AUP, D26.4 paragraph 7: The National Grid Corridor Overlay rules cease to have effect and the maps can be updated accordingly where: a) a National Grid line or part of a line is dismantled, undergrounded or moved;
	 or b) a National Grid substation is dismantled, or the site boundary of a National Grid substation reduces in size; and the following has occurred: c) Transpower New Zealand Limited has advised the Council in writing; and d) The council has advised owners of the property from which the overlay will be removed in writing; That the National Grid Corridor Overlay provisions are no longer required for that line or part of that line, or for that substation or that part of that substation. The effects of this change are deemed to be neutral.
Changes required to be made (text/in-text diagrams)	No changes to text proposed
Changes required to be made (maps)	 Amend the Infrastructure: Infrastructure: National Grid Corridor Overlay - National Grid Yard Uncompromised Infrastructure: National Grid Corridor Overlay - National Grid Subdivision Corridor in the GIS Viewer Refer to Attachments 1, 2, 3 and 5.
Attachments	 Attachment 1: Section of National Grid Overlay (OTA-WKM-A and OTA-WKM-B Lines) to be removed: p21001_Amendment to National Grid Yard Attachment 2: Section of National Grid Overlay (OTA-WKM-A and OTA-WKM-B Lines) to be removed: p21001_Amendment to National Grid Subdivision Corridor Attachment 3: email from Lousie Miles Environmental Policy & Planning and Customer Solutions Group,Transpower New Zealand Limited Attachment 4: Landowner parcels with existing national grid overlay to be removed Attachment 5: Updated GIS Viewer

Hi Phill

This is email part 2 with the plans showing the areas of National Grid Corridor to be removed from the AUP and with a spreadsheet of the landowners.

I note that there are also some small areas of National Grid Yard and Corridor that need to be added in at either end of the undergrounding to complete the maps. I will be in touch regarding these areas shortly.

Kind Regards Louise

Louise Miles

Hi Phill

Further to our discussion, please find attached plans which show the areas of National Grid Yard and National Grid Corridor to be removed from the planning maps in Auckland Unitary Plan. I have sent these in two emails due to size of the documents Also attached is a list of the existing landowners. These sections of National Grid Yard and Corridor are no longer required due to the undergrounding of part of the OTA-WKM-A and OTA-WKM-B National Grid transmission lines through an area of Flatbush. There are also some changes in the extent of the National Grid Yard and Corridor at both end of the underground section due to some changes in the location of several towers feeding into the cable transition stations, and as a result of a recent change in the conductor type which has reduced the extent of transmission line blowout.

I have also attached a spreadsheet with the landowners affected by the removal of the National Grid Yard and National Grid Corridor.

We can provide shape files for the plans. Can you please provide a contact person for us to send this to.

If you have any queries, or require any additional information please let me know.

Thanks Phill Kind Regards Louise

Hi Louise,

To assist in preparing your e-mail next week I have attached here the treads of e-mails and docs associated with last years uplifting of the corridor. Obviously these are all internal discussions so please don't send on but I did want to give you a bit of a hand on this to ensure that you don't miss any key parts of this request.

Kind regards -Phill Reid

Subject: Plan Modification Clause 20A Amendment to Infrastructure: National Grid Corridor Overlay - National Grid Yard Uncompromised overlay in Council Geomaps of the Auckland Unitary Plan (AUP)

Hello Harry,

I have completed filling out the form there for you. I hope this makes sense. Please feel free to get back to me if I have missed anything or filled it out incorrectly. I have gone through the unitary plan maps to check the addresses.

This is not a change to a designation though, Its just a change to the extent of an overlay. This can be undertaken as a <u>s.20A Correction of operative policy statement or plan</u>

I look forward to hearing from you.

Regards,

Ciarán Power | Planner
