

Unitary Plan Workshop Agenda – 21st March 2011

Auckland Council – Northshore Office – ‘Council Chamber’

9.00 am to approx 4.00 pm

Purpose – The purpose of the workshop is to discuss and agree a structure for the Unitary Plan – i.e. the way the plan is set out (i.e. chapters and/or overlays/annexures etc), the way that it ‘cascades’ from the regional direction to locally specific provisions, and the extent to which zones, overlays and controls are harmonised.

The key outcomes are to establish;

- Chapter headings
- template chapter structures (flow, use of activity tables, obj and policies by outcomes and/or zones + overlays, possibly chapters that need to be structured differently to the standard)
- at least an in principle decision about the extent to which zones and overlays are harmonised

Topic	Person	Time
Welcome and introductions (including facilitator /Brief Overview of the Purpose of the Workshop	Phill Reid	9.00 to 9.05
Facilitator to introduce himself and the agenda for the day – take any initial questions	Greg Hill	9.05 to 9.15
