1668	Little Shoal Bay Protections Society (LSBPS)	Oppose in Part	5280-1	The New Zealand Institute of Architects	General	Chapter G General provisions	G2.4 Notification	Amend activity statuses to acknowledge that as the city intensifies a rules based system should give way to a more discretionary system. This should be implemented (i) by requiring a resource consent for more development proposals with a discretionary design review to be the norm for a greater proportion of developments; and (ii) by making more applications non-notified under the RMA and introducing a simpler, cheaper and less confrontational means of community consultation process outside the RMA framework.

1668	Little Shoal Bay Protections Society (LSBPS)	Oppose in Part	5280-9	The New Zealand Institute of Architects	Infrastructure	C1.1 Infrastructure background, objectives and policies		Remove the constraints placed on the PAUP by lack of infrastructure. An example of the limitations on development through flood plain overlays is given.
1668	Little Shoal Bay Protections Society (LSBPS)	Oppose in Part	5280-10	The New Zealand Institute of Architects	General	Chapter G General provisions	G2.7.1 General information requirements & G2.7.2 Design statements	Reduce the extent of requirements to submit technical reports to demonstrate compliance with the District Plan. Recognise that the use of a 'suitably qualified and experienced person' in the PAUP may have problematic to implement
1668	Little Shoal Bay Protections Society (LSBPS)	Oppose in Part	5280-11	The New Zealand Institute of Architects	RPS	Urban growth	B2.1 Providing for growth in a quality compact urban form	Acknowledge that the PAUP has had significant residential intensification removed from it when compared with the draft Plan. There is a need to relook at all the methods providing for and restricting residential intensification including the spatial location of residential and business zoning, overlays including the volcanic view shaft, height sensitive areas and heritage and character areas if the aspirations of the Unitary Plan are to be achieved [refer to page 9-10/39]. Review and amend the application of different zones based on the examples provided in the submission [refer to pages 1-104/104] and to address concerns raised in the submission.
1668	Little Shoal Bay Protections Society (LSBPS)	Oppose in Part	5280-12	The New Zealand Institute of Architects	Residential zones	Residential	Development controls: General	Amend the residential rules as shown in the submission [refer to pages 20 - 28/41] to enable development outcomes such as those seen at Hobsonville. The propose rules are considered to be too restrictive and will prevent the sought of development that is regarded as desirable in Hobsonville Point.
