Auckland Transport update

Auckland Transport will start to clear debris from the roads in Karekare and Piha in the coming days.

Weather dependent, work will start on the morning of Friday May 12 (tomorrow) to remove the house and other material in the Karekare valley. Fulton Hogan met with the property owner this week to go over how they will do this work and how to recover the vehicles at the same time. While this work is taking place in the valley, access through the loop will be restricted. Residents can enter and exit from each end, but not travel through the valley.

Building assessments update

Updated placard status numbers in Karekare as of Monday 8 May:

- Red 1 – 4
- Red 2 – 9
- Yellow 1 – 9
- Yellow 2 – 10
- White – 100

There are different reasons why these numbers may differ each week, including:

- If remedial action has been confirmed and approved by the council's compliance team, then the placard can be noted as closed and removed off the list.
- It is identified as a duplicate and removed.
- If was confirmed as one placard for a building with multiple postal addresses but sits in our system as one legal property.

Visit the Auckland Council website to learn more about what the placard colours mean.

Temporary accommodation support

We understand that accommodation needs or circumstances can change.

We're working with the [Temporary Accommodation Service \(TAS\)](#) to explore new temporary accommodation options in the area that will better meet local needs.

If you don't require assistance with accommodation right now but you think you might in the future, if where you're staying now isn't working out, or if you're worried about how you'll afford it in the future, please let TAS know. This will help them to understand current and future need so they can put in place the right solutions.

To learn more about TAS and to register with them, visit www.tas.mbie.govt.nz or call 0508 754 163 (Service Centre operates Monday to Friday – 8.30am to 5pm, Saturday and Sunday – 9am to 5pm).
