Good morning Anna,

Thank you for contacting Chorus.

What we suggest is, that you cover all aspects of protecting the existing Network, by requesting our underground plans and a Chorus cable locate via the link below:

<https://www.beforeudig.co.nz/nz/home/>

Only Chorus technicians are allowed to work with our Network, for temporary disconnections, relocations or reinstatement of our equipment you need to contact our Network Services team through the link below:

<https://www.chorus.co.nz/help/services/moving-network-equipment/request>

Please let me know if I can assist you any further.

Regards,  
Luisa Bersch

NETWORK PROTECTION SPECIALIST

Subject: Te Ararata Culvert Replacement –Telecom Services

You don't often get email from [anna.zhou@holmesgroup.com](mailto:anna.zhou@holmesgroup.com). Learn why this is important<<https://aka.ms/LearnAboutSenderIdentification>>

Hi Chorus,

As part of Healthy Waters flood resilience emergency response projects, the culvert at Walmsley Road is being replaced with a new, single span, bridge. We will be working through temporary relocation and reinstatement of services in the area of the project and your assets may be impacted by these works.

We will engage with you throughout the process to ensure that services are reinstated in suitable state in line with code requirements.

Can you please confirm you are happy with this approach pending further engineering design.

Ng? mihi

ANNA ZHOU (She/Her)

Graduate Engineer
