3. The NoR's have been the subject of notification and submissions have been received. The submission period closed on 11 April 2023.
4. On 5 July 2023, Auckland Council was advised that Ms Meleane Latu had not received the notification of the NoR's due to personal circumstances. Ms Latu's property is affected by the proposals and as soon as she was made aware of these she contacted the council and made a submission.
5. The hearing panel has considered the request to waive the timeframes and must decide to either accept or reject this late submission. It has weighed up the reasons provided by Ms Latu for the lateness and the Requiring Authorities agreement to accept the late submission.
6. In this instance, the Hearing Panel considers there are special circumstances under s37A(4)(b)(i), these being the personal circumstances experienced by Ms Latu. The Hearing Panel believe that it is unduly harsh and procedurally unfair to begin the deadline timer from the time the notices were sent, and the time really ought to begin from the time the notice was actually received being 1 July 2023. On that basis it seems there is scope to accept the submissions.
7. The Hearing Panel has determined that:
 - (a) No persons' interests will be adversely affected by the waiver as it does not result in any time delay or additional steps in the notice of requirement;
 - (b) The interests of the community in achieving adequate assessment of the effects of the notice of requirement will be achieved as the submitters raise valid concerns arising from the notice of requirement; and

- (c) Accepting the submissions will not interfere with the Council's duty to avoid unreasonable delay and provides natural justice and procedural fairness to the submitters.
 - (d) Special circumstances apply given the delay in the submitter receiving the notification of the NoRs.
8. The Panel directs, under section 37A of the RMA that the late submission from Meleane Latu on NoR2 be accepted in accordance with s37A(4)(b)(i).
