

The following customer has submitted a Unitary Plan online submission.

Contact details

Full name of submitter: Michelle Carmichael

Organisation name: Fight the Tip Tiaki te Whenua Incorporated

Agent's full name:

Email address: fightthetip.nz@gmail.com

Contact phone number: 0212945189

Postal address:
80 Spindler Road
RD2
Wellsford
Auckland 0972

Submission details

This is a submission to:

Plan modification number: Plan change 42

Plan modification name: PC 42 (Private) Auckland Regional Landfill Wayby Valley

My submission relates to

Rule or rules:
Notified proposal for plan change or variation to an existing plan - Auckland Unitary Plan. Landfill Precinct.

Property address: 1232 State Highway 1, Wayby Valley

Map or maps:

Other provisions:

Do you support or oppose the provisions you have specified? I or we oppose the specific provisions identified

Do you wish to have the provisions you have identified above amended? No

The reason for my or our views are:

We feel the proposal conflicts with sound resource management principles; the purpose and principles of the Resource Management Act 1991, the Auckland Unitary Plan, National Policy Statements on Freshwater Management; Waste Minimisation Act 2008, Waste Industry guidelines, Ministry for the Environment guidelines and the Auckland Council Waste Management and Minimisation Plan. We object to one off bespoke objectives, policies and rules being applied to this site. We note that the plan submitted with the application indicates the extent of the landfill precinct and it's operations to encompass the entire Waste Management site (1000ha) with Sub Precincts A and B indicated. This gives us increased concerns for the effects to neighbouring properties. For specific information see attached document 'Fight the Tip Plan Change Submission 24 May 2020'.

I or we seek the following decision by council: Decline the plan modification

Submission date: 24 May 2020

Supporting documents
Fight the Tip Plan Change Submission 24 May 2020 .pdf

Attend a hearing

Do you wish to be heard in support of your submission? Yes

Would you consider presenting a joint case at a hearing if others have made a similar submission? No

Declaration

Could you gain an advantage in trade competition through this submission? No

Are you directly affected by an effect of the subject matter of this submission that:

- Adversely affects the environment; and
- Does not relate to trade competition or the effects of trade competition.

Yes

I accept by taking part in this public submission process that my submission (including personal details, names and addresses) will be made public.

**PLAN CHANGE SUBMISSION GUIDE AGAINST THE PROPOSED
WASTE MANAGEMENT LANDFILL PRECINCT
By Fight the Tip Tiaki te Whenua Incorporated
24 May 2020**

We feel the proposal conflicts with sound resource management principles; the purpose and principles of the Resource Management Act 1991, the Auckland Unitary Plan, National Policy Statements on Freshwater Management; Waste Minimisation Act 2008, Waste Industry guidelines, Ministry for the Environment guidelines and the Auckland Council Waste Management and Minimisation Plan. We object to one off bespoke objectives, policies and rules being applied to this site. We note that the plan submitted with the application indicates the extent of the landfill precinct and it's operations to encompass the entire Waste Management site (1000ha) with Sub Precincts A and B indicated. This gives us increased concerns for the effects to neighbouring properties. For more specific information see below.

5.2. Resource Management Act 1991 (Reprint as at 19 December 2018)

The following sections of the RMA highlight existing clauses that demonstrate that this proposed site is unsuitable for a landfill. Note: weblinks have been supplied at the end of each section for ease of locating the information.

Part two. Purpose and Principles

5. Purpose

- (1) The purpose of this Act is to promote the sustainable management of natural and physical resources.
- (2) In this Act, sustainable management means managing the use, development, and protection of natural and physical resources in a way, or at a rate, which enables people and communities to provide for their social, economic, and cultural well-being and for their health and safety while—
 - (a) sustaining the potential of natural and physical resources (excluding minerals) to meet the reasonably foreseeable needs of future generations; and
 - (b) safeguarding the life-supporting capacity of air, water, soil, and ecosystems; and
 - (c) avoiding, remedying, or mitigating any adverse effects of activities on the environment.

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM231905.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

6. Matters of national importance

In achieving the purpose of this Act, all persons exercising functions and powers under it, in relation to managing the use, development, and protection of natural and physical resources, shall recognise and provide for the following matters of national importance:

- (a) the preservation of the natural character of the coastal environment (including the coastal marine area), wetlands, and lakes and rivers and their margins, and the protection of them from inappropriate subdivision, use, and development:
- (b) the protection of outstanding natural features and landscapes from inappropriate subdivision, use, and development:

(c) the protection of areas of significant indigenous vegetation and significant habitats of indigenous fauna:

(d) the maintenance and enhancement of public access to and along the coastal marine area, lakes, and rivers:

(e) the relationship of Maori and their culture and traditions with their ancestral lands, water, sites, waahi tapu, and other taonga:

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM231907.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

7. Other matters

In achieving the purpose of this Act, all persons exercising functions and powers under it, in relation to managing the use, development, and protection of natural and physical resources, shall have particular regard to—

(a) kaitiakitanga:

(aa) the ethic of stewardship:

(b) the efficient use and development of natural and physical resources:

(d) intrinsic values of ecosystems:

(f) maintenance and enhancement of the quality of the environment:

(g) any finite characteristics of natural and physical resources:

(h) the protection of the habitat of trout and salmon:

(i) the effects of climate change:

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM231910.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

8. Treaty of Waitangi

In achieving the purpose of this Act, all persons exercising functions and powers under it, in relation to managing the use, development, and protection of natural and physical resources, shall take into account the principles of the Treaty of Waitangi (Te Tiriti o Waitangi).

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM231915.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

Part three. Duties and restrictions under this Act

Land

9. Restrictions on use of land

(1) No person may use land in a manner that contravenes a national environmental standard.

(2) No person may use land in a manner that contravenes a regional rule.

(3) No person may use land in a manner that contravenes a district rule.

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM231918.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

Coastal marine area

12. Restrictions on use of coastal marine area

(1) No person may, in the coastal marine area,—

(d) deposit in, on, or under any foreshore or seabed any substance in a manner that has or is likely to have an adverse effect on the foreshore or seabed;

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM231949.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

River and lake beds

13. Restriction on certain uses of beds of lakes and rivers

(1) No person may, in relation to the bed of any lake or river,—

(d) deposit any substance in, on, or under the bed; or unless expressly allowed by a national environmental standard, a rule in a regional plan as well as a rule in a proposed regional plan for the same region (if there is one), or a resource consent.

(2) No person may do an activity described in subsection (2A) in a manner that contravenes a national environmental standard or a regional rule unless the activity—

(2A) The activities are—

(b) to damage, destroy, disturb, or remove a plant or a part of a plant, whether exotic or indigenous, in, on, or under the bed of a lake or river:

(c) to damage, destroy, disturb, or remove the habitats of plants or parts of plants, whether exotic or indigenous, in, on, or under the bed of a lake or river:

(d) to damage, destroy, disturb, or remove the habitats of animals in, on, or under the bed of a lake or river.

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM231970.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

Discharges

15. Discharge of contaminants into environment

(1) No person may discharge any—

(a) contaminant or water into water; or

(b) contaminant onto or into land in circumstances which may result in that contaminant (or any other contaminant emanating as a result of natural processes from that contaminant) entering water; or

... unless the discharge is expressly allowed by a national environmental standard or other regulations, a rule in a regional plan as well as a rule in a proposed regional plan for the same region (if there is one), or a resource consent.

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM231978.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

Noise

16. Duty to avoid unreasonable noise

(1) Every occupier of land (including any premises and any coastal marine area), and every person carrying out an activity in, on, or under a water body or the coastal marine area, shall adopt the best practicable option to ensure that the emission of noise from that land or water does not exceed a reasonable level.

(2) A national environmental standard, plan, or resource consent made or granted for the purposes of any of sections 9, 12, 13, 14, 15, 15A, and 15B may prescribe noise emission standards, and is not limited in its ability to do so by subsection (1).

Adverse effects

17. Duty to avoid, remedy, or mitigate adverse effects

(1) Every person has a duty to avoid, remedy, or mitigate any adverse effect on the environment arising from an activity carried on by or on behalf of the person, whether or not the activity is carried on in accordance with—

(a) any of sections 10, 10A, 10B, and 20A; or

(b) a national environmental standard, a rule, a resource consent, or a designation.

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM231999.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

Part five. Standards, policy statements, and plans

Subpart 1—National direction

National environmental standards

43A. Contents of national environmental standards

(3) If an activity has significant adverse effects on the environment, a national environmental standard must not, under subsections (1)(b) and (4),-

(a) allow the activity, unless it states that a resource consent is required for the activity;

Or

(b) state that the activity is a permitted activity.

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM233303.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

Schedule 3

Water quality classes

The standards listed for each class apply after reasonable mixing of any contaminant or water with the receiving water and disregard the effect of any natural perturbations that may affect the water body.

http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM241596.html?search=qs_act%40bill%40regulation%40deemedreg_resource+management+act+_resel_25_h&p=1

Auckland Regional / Unitary Plan

The following quoted evidence is from (*Auckland Council, 2012 – Operative from 30.09.2013: Auckland Council Regional Plan: Air, Land and Water* <http://www.aucklandcity.govt.nz/council/documents/regionalplans/airlandwater/alwp2012who/leplan.pdf>)

This plan explains the purpose of the RMA is: “to promote the sustainable management of natural and physical resources” (*Chapter 1, Page 1, Para 5*) and defines “sustainable management” to mean: “managing the use, development, and

protection of natural and physical resources in a way, or at a rate, which enables people and communities to provide for their social, economic, and cultural well being and for their health and safety while –

- (a) Sustaining the potential of natural and physical resources (excluding minerals) to meet the reasonably foreseeable needs of future generations; and
- (b) Safeguarding the life-supporting capacity of air, water, soil, and ecosystems; and
- (c) Avoiding, remedying, or mitigating any adverse effects of activities on the environment.” (*Chapter 1, Page 1, Para 6-9*)

“The control of the use of land for the purpose of –

- (i) Soil conservation;
- (ii) The maintenance and enhancement of the quality of water in water bodies;
- (iii) The maintenance of the quantity of water in water bodies and coastal water;
- (iiia) The maintenance and enhancement of ecosystems in water bodies and coastal water;
- (iv) The avoidance or mitigation of natural hazards.” (*Chapter 1, Page 4, Para 8-13*)

National Policy Statement for Freshwater Management 2014

In a nutshell, the Freshwater NPS directs regional councils, in consultation with their communities, to set objectives for the state of fresh water bodies in their regions and to set limits on resource use to meet these objectives.

Some of the key requirements of the Freshwater NPS are to:

- consider and recognise Te Mana o te Wai in freshwater management
- safeguard fresh water’s life-supporting capacity, ecosystem processes, and indigenous species
- safeguard the health of people who come into contact with the water
- maintain or improve the overall quality of fresh water within a freshwater management unit
- improve water quality so that it is suitable for primary contact more often
- protect the significant values of wetlands and outstanding freshwater bodies
- follow a specific process (the national objectives framework) for identifying the values that tāngata whenua and communities have for water, and using a specified set of water quality measures (called attributes) to set objectives
- set limits on resource use (eg, how much water can be taken or how much of a contaminant can be discharged) to meet limits over time and ensure they continue to be met
- determine the appropriate set of methods to meet the objectives and limits
- take an integrated approach to managing land use, fresh water and coastal water
- involve iwi and hapū in decision-making and management of fresh water.

Waste Minimisation Act 2008

Purpose of this Act

The purpose of this Act is to encourage waste minimisation and a decrease in waste disposal in order to—

- (a) protect the environment from harm; and
- (b) provide environmental, social, economic, and cultural benefits.

<http://www.legislation.govt.nz/act/public/2008/0089/latest/DLM1154501.html>

Waste Management and Minimisation Plan

The Waste Management and Minimisation Plan 2018 sets out our steps for the next six years.

There are nine key actions in the plan:

- advocate to central government for an increased waste levy
- encourage producers and consumers to think more carefully about the life cycle of products (product stewardship)
- work closely with the commercial sector to manage what happens to organic, plastic, and construction and demolition waste
- create a network of 12 community recycling centres across Auckland
- focus on reducing litter, illegal dumping and marine waste
- continue to improve our kerbside rubbish and recycling collections
- begin offering kerbside collection of food scraps
- address our own waste practices
- partner with others to achieve a zero-waste Auckland.

Various Government and Waste Industry guidelines including but not limited to:

Centre for Advanced Engineering: Landfill Guidelines – Towards sustainable waste management in New Zealand. 2000

Ministry for the Environment: Guide for the Management of Closing and Closed Landfills in New Zealand 2001

Ministry for the Environment: Good practice guide for assessing and managing odour. 2016

Waste Management Institute New Zealand, (WasteMINZ): Technical Guidelines for Disposal to Land. 2016

Waste Management Institute New Zealand, (WasteMINZ): Technical Guidelines for Disposal to Land. 2018

31 July 2020

Auckland 1142

Hi there

On Friday 17 July at the end of our hikoi, a petition on behalf of Fight the Tip: Tiaki te Whenua Incorporated was handed to Deputy Mayor Bill Cashmore at Aotea Square.

The petition was signed by 1306 people. Council is in possession of the original . It has been scanned by Council and I attach the scanned copy to this letter.

Could this please be attached to the original submission from Fight the Tip: Tiaki te Whenua Incorporated to the Private Plan Change Application from Waste Management to locate a landfill in the Dome Valley. (PC42)

Please note that our original submission is on behalf of 2000 members of our group.

Yours sincerely

Susan Crockett

A handwritten signature in cursive script that reads "Susan E Crockett". The signature is written in dark ink on a light blue rectangular background.

Avaaz Petition to Auckland Council: Fight the Tip / Landfill and

Save the Dome Valley and Kaipara Harbour

PLEASE SUPPORT OUR CONCERNS BY SIGNING IN PROTEST AGAINST A PROPOSED LANDFILL. WE WANT TO STOP RESOURCE CONSENT, SO THAT OTHER OPTIONS FOR MANAGING NON-RECYCLED RUBBISH FROM AUCKLAND CITY COMMERCIAL AND HOUSEHOLD WASTE, ARE CONSIDERED.

THE RISKS ARE PRIMARILY TO THE ENVIRONMENT ESPECIALLY IN THE LONG TERM AND IMMEDIATELY TO TRAFFIC FROM AUCKLAND AND NORTHLAND TO THE PROPOSED DUMP. For more details, go to Fight the Tip, Save the Dome FB page/petitions
You can sign this petition there online

Petition to Auckland Council: Fight the Tip / Landfill and

Save the Dome Valley and Kaipara Harbour

PLEASE SUPPORT OUR CONCERNS BY SIGNING IN PROTEST AGAINST A PROPOSED LANDFILL. WE WANT TO STOP RESOURCE CONSENT, SO THAT OTHER OPTIONS FOR MANAGING NON-RECYCLED RUBBISH FROM AUCKLAND CITY COMMERCIAL AND HOUSEHOLD WASTE, ARE CONSIDERED.

THE RISKS ARE PRIMARILY TO THE ENVIRONMENT ESPECIALLY IN THE LONG TERM AND IMMEDIATELY TO TRAFFIC FROM AUCKLAND AND NORTHLAND TO THE PROPOSED DUMP.

Petition to Auckland Council: Fight the Tip / Landfill and Save the Dome Valley and Kaipara Harbour

PLEASE SUPPORT OUR CONCERNS BY SIGNING IN PROTEST AGAINST A PROPOSED LANDFILL. WE WANT TO STOP RESOURCE CONSENT, SO THAT OTHER OPTIONS FOR MANAGING NON-RECYCLED RUBBISH FROM AUCKLAND CITY COMMERCIAL AND HOUSEHOLD WASTE, ARE CONSIDERED.

THE RISKS ARE PRIMARILY TO THE ENVIRONMENT ESPECIALLY IN THE LONG TERM AND IMMEDIATELY TO TRAFFIC FROM AUCKLAND AND NORTHLAND TO THE PROPOSED DUMP. For more details go to Fight the Tip, Save the Dome FB page/petitions
