Is held within the hearts of the people.

We acknowledge our loved ones who have passed on – farewell.

To those who live here, welcome

To the first people of this land, greetings.

To our elders, our friends and our colleagues – greetings to you all.

## 1. CHAIR / CHIEF EXECUTIVE FORWARD

Auckland Council Investments Limited (ACIL) owns Ports of Auckland Limited (POAL), Auckland Film Studios Limited (AFSL) and a large equity holding in Auckland International Airport Limited (AIAL).

The purpose of ACIL is to support the Council's vision and to bring a strong commercial focus to the ownership and management of the Council's investments in POAL, AIAL, and AFSL and to provide an efficient structure for the ownership of these assets.

Sound commercial governance of these assets, within the parameters set by the Council (while acknowledging that the Council/ACIL will be in a position of some influence, but not control, of AIAL), is important. ACIL's role is to endeavour to maximise their contribution to the Auckland economy and provide substantial financial returns, which are financially sustainable in the long term, to the Council.

ACIL will play a guiding role in influencing the strategic and long term direction of these companies. It will encourage these companies to adopt standards of governance and stakeholder responsiveness appropriate to their size and importance to the Auckland economy.

ACIL's key role is that of monitoring performance of these investments and using the influence and levers it has to encourage the companies to meet the goals in this SOI.

## 2. PURPOSE OF STATEMENT OF INTENT

In accordance with the Local Government Act 2002, this annual Statement of Intent (SOI) publicly states the activities and intentions of Auckland Council Investments Limited for the next three years, and the objectives that those activities will contribute to. This SOI takes shareholder comments into consideration and includes performance measures and targets as the basis of organisational accountability.

## 3. ABOUT AUCKLAND COUNCIL INVESTMENTS LIMITED

This SOI covers ACIL and its subsidiaries, POAL and AFSL and its investment in AIAL. ACIL is a Public Benefit Entity for financial reporting purposes as it manages key strategic assets of the Council for the long term economic benefit of the Auckland region.

The ownership of ACIL's equity investments by companies within the ACIL Group as at 1 July 2015 is shown in the following diagram:

\* ASML – Airport Shares (Manukau) Limited, ASAL – Airport Shares (Auckland) Limited.

Both companies are expected to be amalgamated into ASML at 30 June 2016.

## 4. ACIL'S CONTRIBUTION TO THE WORLD'S MOST LIVEABLE CITY

The Auckland Plan is the roadmap to deliver on Auckland's vision to be the most liveable city. This is a thirty year plan that is underpinned by a set of outcomes and transformational shifts to achieve this vision which help ensure the Council focuses on the right things.

AUCKLAND'S VISION						
THE WORLDS MOST LIVEABLE CITY						
OUTCOMES: WHAT THE VISION MEANS IN 2040						
A fair, safe and healthy Auckland	A green Auckland	An Auckland of prosperity and opportunity	A well connected and accessible Auckland	A beautiful Auckland that is loved by its people	A culturally rich and creative Auckland	A Maori identify that is Auckland's difference to the rest of the world
TRANSFORMATIONAL SHIFTS TO ACHIEVE THE OUTCOME						
Dramatically accelerate the prospects of Auckland's children and young people	Strongly commit to environmental action and green growth	Move to outstanding public transport within one network	Radically improve the quality of urban living	Substantially raise living standards for all Aucklanders and focus on those most in need	Significantly lift Maori social and economic well-being	

The Auckland Plan transformational shifts work together to achieve the transformations that are required to get there. ACIL plays a part in delivering on these shifts as outlined in the table below:

Auckland Plan	How ACIL contributes
Children & young people	<p>As a shareholding company, ACIL contributes indirectly to the transformational shifts.</p> <p>ACIL focusses on maximising its contribution to the Auckland economy through the investments it owns to provide substantial financial returns, which are financially sustainable in the long term, to the Council.</p> <p>These financial returns to Council are then used by Council to support the transformational shifts.</p>
Environmental action & green growth	
Outstanding public transport	
Quality urban living	
Raised living standards	
Maori social and economic wellbeing	

## 5. ACIL'S STRATEGIC OBJECTIVE

### **Growth in asset value and return**

ACIL will continue to work with the boards of the companies it holds investments in to maximise both asset value and return.

### **Strategic priorities**

ACIL's primary objective is to support a robust, growing economy by bringing a strong commercial focus to the ownership and management of the council's equity investments and securing a good economic return for the benefit of ratepayers. ACIL will encourage its subsidiaries to support the Auckland Plan transformational shifts.

### **Maori Responsiveness**

Contributing to Maori well-being, organisational effectiveness and post-Treaty settlement opportunities is an important priority for Council. ACIL is a member of Te Toa Takitini – Maori Responsiveness High Performance Council established by the Council's Executive Leadership Group. ACIL will work with Te Toa Takitini and the Independent Maori Statutory Board to identify how it can contribute to Maori well-being other than by providing substantial financial returns to Council which can be used by Council to meet its objectives for Maori.

ACIL will encourage its subsidiaries to develop knowledge and support Council's policies and contribution to Maori well-being.

## 6. THREE YEAR WORKPLAN TO DELIVER ON STRATEGIC DIRECTION

ACIL focusses on maximising its contribution to the Auckland economy through the investments it owns and provides substantial financial returns, which are financially sustainable in the long term, to the Council.

## 7. PERFORMANCE OUTLOOK

ACIL has an agreed set of performance measures and targets which form the basis for accountability to delivering on its strategic objectives.

Service Level Statement	Measure	2013/14 Actual	2014/15 Annual Plan	2015/16	2016/17	2017/18
Manage council investments to optimise returns <sup>1</sup>	Return on equity (ROE) for ACIL group	26.5%	12.9%	7.0%	7.4%	11.5%

1. The variability in the ROE from year to year results from the triennial valuation of property, plant and equipment.

These will be reported on quarterly in accordance with the CCO Governance Manual and align to the measures agreed as part of the Long-term Plan 2015-2025.

Being a Public Benefit Entity, ACIL has two aspects to its activities: one focuses on financial returns and the other on wider economic and social benefits to the Auckland Region. In order to support the two long-term performance measures, ACIL will take a long-term strategic approach to the management of its investments and where appropriate will integrate economic and social considerations in its decision-making process.

Relative to Auckland Council's level of investment in POAL, AIAL and AFSL, ACIL will make significant contributions to "Te pai me te whai rawa o Tamaki" ("an Auckland of prosperity and opportunity"), and "a well-connected and accessible Auckland".

(i) ACIL

In order to support the service level statements and to achieve the desired outputs ACIL will:

- Require POAL to continue to develop and implement its long-term strategy to improve POAL's profitability
- Provide guidance to POAL regarding the long-term interests of the region and its economy
- Monitor strategies and major investments proposed by POAL and assess whether these are consistent with and support Auckland Council's strategies and objectives and the Auckland Plan

- Monitor POAL's plans and strategies for any changes to POAL's wharf and terminal configuration, assess whether they are aligned to Council's strategies and consult with Council on any significant proposed changes.
- Provide guidance (to POAL and the Council) in the management of boundary issues associated with the broader development aspirations of Development Auckland in connection with the Waterfront Development Masterplan and encourage the POAL board to consider options to resolve any conflicts
- Encourage POAL to increase focus and reporting on the contribution POAL makes to Māori economic and social well-being
- Encourage POAL to operate in such a way that it contributes to the Council's Greenhouse Gas Emissions target to reduce GHG emissions by 40% by 2040 based on 1990 levels
- Monitor and report to the Council performance of POAL through review of KPIs which relate to increases in the:
  - Crane rate to 37.0 by 30 June 2016<sup>1</sup>
  - Ship rate to 88.7 by 30 June 2016<sup>2</sup>
  - Vessel rate to 78.4 by 30 June 2016<sup>3</sup>
  - Container Volume to 15% on rail by 30 June 2016

---

<sup>1</sup> Crane rate is the number of containers a crane lifts on and off a container ship in an hour (as reported by the Ministry of Transport)

<sup>2</sup> Ship rate is the number of containers moved on and off a container ship in an hour (as reported by the Ministry of Transport)

<b>Shareholder equity ratio</b>	<p>The latest shareholder equity ratio for ACIL as at 30 June 2014 is 79%.</p>										
<b>Accounting Policies</b>	<p>ACIL has previously established that it is a public benefit entity (PBE). ACIL is also a public entity under the Public Audit Act 2001. Therefore ACIL is a Public Sector PBE as defined in XRB A1 Accounting standards framework (for-profit entities plus public sector public benefit entities update) (XRB A1).</p> <p>Public sector PBEs have to transition to PBE Standards for accounting periods beginning on or after 1 July 2014. This means that ACIL will adopt the PBE Standards beginning 1 July 2014; that is, its financial statements for the financial year ending 30 June 2015 will be its first PBE Standards-compliant financial statements.</p> <p>ACIL's accounting policies are consistent with those of the Council (as disclosed in the 2014 Annual Report) with the following exception:</p> <p>The Council has taken advantage of transitional provisions available to public benefit entities and has elected to defer the adoption of NZ IAS 23 Borrowing Costs (Revised 2007) and all borrowing costs are therefore recognised as an expense in the period in which they are incurred. However, companies in the ACIL Group capitalise borrowing costs which are incurred for the construction of a qualifying asset.</p>										
<b>Financial Reporting</b>	<p>ACIL expects that its financial reporting will be in accordance with the requirements of the CCO Governance Manual when approved.</p>										

## 9. APPROACH TO GOVERNANCE

Auckland Council works in partnership with its CCOs and the Council's approach to governance is outlined within the yet to be approved CCO Governance Manual which sits alongside this SOI. However as the Manual has not yet been approved by Council ACIL is currently not able to confirm that it is able to comply with the Manual.

Auckland Council CCOs are required to hold two public meetings a year (Local Government (Auckland Council) Act 2009):

Purpose	Date	Form of Public Notification
Consider shareholder comments on draft SOI	3 June 2015	Board meetings will be advertised on the Council's website and through the public notices section of the New Zealand Herald normally five days prior to the meeting date. Reports and documents to be considered at these meetings will be available on the website; and from ACIL on request; except for reports and documents which are considered by ACIL to be confidential
Consider performance against SOI targets	4 November 2015
