### Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

- 1. **Legislation** local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
- 2. Allocation of decision-making for non-regulatory activities the Governing Body has allocated decision-making responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Section 3.5 for the allocation of decision-making responsibilities for non-regulatory activities.
- 3. **Delegation of decision-making responsibilities –** the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Section 3.5 for the list of delegated responsibilities to local boards.

### 1.2 Developing local priorities

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year budget (long-term plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is developed between the Governing Body and each local board. It agrees the delivery and funding of local activities and intended levels of service for that area, for the year. The agreement takes into account local board plan priorities but must also reflect Governing Body decisions such as Aucklandwide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for activities in which they have decision-making responsibilities. They contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2021/2022 have been agreed between each local board and the Governing Body and are set out in Section 2.

Diagram 1: The relationship between Auckland Council plans and agreements.

### **Local activities**

Local boards have decision making responsibility for a range of activities, as set out in the following list.

- Local Community Services
- Local Planning and Development
- Local Environmental Management
- Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2021/2022 financial year.

### 1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

- 1. **Asset based services** the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset based services, such as building a new swimming pool or library.
- 2. **Locally driven initiatives** an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
- 3. **Governance services** an allocation is based on the number of elected members and associated administrative costs for each local board.

The total planned expenditure for local activities across all 21 local boards over the 2021-2031 financial years are shown in following table below. The budgets for each local board are listed within the individual local board agreements in this volume.

### **Message from the Chair**

Our work programme for 2021/2022, and the funding for it as laid out in this Local Board Agreement, will be the first year of delivery to begin implementing our 2020 Local Board Plan.

Our new Local Board Plan is largely consistent with the previous one. This is by design - it is driven by feedback from our communities, and the need to continue work.

Over the next financial year, we'll focus on building and maintaining community facilities for our fast-growing population, enhancing our town centres and improving our environment mainly by enhancing water quality and through pest management.

While we are keen to get on and deliver our work programme projects, we are not where we'd like to be. Having come through the Emergency Budget, we are now in a Recovery Budget phase. Council's resources are still incredibly constrained because of COVID-19.

Our local board advocated to the Governing Body on three key areas in this 10-year Budget.

We asked for enough funding for Auckland Transport to renew and maintain 12 per cent of Auckland's roading network each year.

We also requested \$121 million in funding over 10 years for Auckland Transport's Unsealed Roads Improvement Programme to improve unsealed roads.

Maintaining, improving and sealing roads are important as Rodney has the highest rates of deaths and serious injuries on roads of any local board area. We know that the quality and safety of our roads are important to you and we will continue to advocate for investment in these areas.

Lastly, with the constraints on the council's budget, funding to continue progressing the delivery of the Kumeū-Huapai indoor courts facility has not been prioritised. We know how important this facility is for our growing community, so we are looking at alternative options for delivery - such as how the facility could be delivered in partnership with the private sector. This is consistent with the direction Auckland Council is looking to take with its service delivery.

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2021/2022 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

### Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

As a local board, we recognise the importance of building meaningful relationships with mana whenua and whānau in Rodney and the need to better understand their aspirations for the area. We hope to work together in areas of common interest. For example, we have established a partnership with local iwi Te Uri o Hau to grow native plants for our Rodney Healthy Harbours and Waterways Fund, which reflects their role as kaitiaki of the local whenua.

We have also collaborated with mana whenua to incorporate Māori design into local places so that their stories and heritage are visible and celebrated.

But we acknowledge that there is more that we need to do to connect the local board's work with the aspirations of mana whenua, and we look forward to that journey.

### **Rodney Local Board Agreement 2021/2022 Priorities by activity area**
