Open your arms and pull them to your embrace. Tāmaki Makaurau, you are a city where valued business and enterprise thrives; let your good name traverse the world.

How this 10-year Budget 2021-2031 is arranged

This document is an excerpt of Volume 3 of the Auckland Council 10-year Budget 2021-2031.

The complete annual budget has three separate volumes. To find out information on a particular area of the council's work or services, you will need to look in the appropriate volume.

Public consultation ran during February and March 2021. This involved around 61 feedback events across the Auckland region. Both written and digital feedback were also encouraged and approximately 20,000 pieces of feedback were received. For a summary of the key decisions please visit aucklandcouncil.co.nz.

This plan was then adopted by the Governing Body on 29 June 2021.

Finding your way around the volumes:

Volume 1: An overview of our 10-year Budget

1.1 Local board overview

The governing body (Mayor and 20 councillors)

- Focus on big picture and Auckland-wide issues
- Develop Auckland-wide strategies and plans
- Decision making of regulatory activities such as bylaws, licencing, inspection and animal management

Shared Governance Model

21 local boards (Chairperson and local board members)

- Represent local communities
- Provide local leadership
- Make decisions on local issues and activities
- Allocate local discretionary funding such as community grants and events
- Input to regional strategies and plans
- Advocate to the Governing Body and CCOs on behalf of local communities

Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

- 1. **Legislation** local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
- 2. Allocation of decision-making for non-regulatory activities the Governing Body has allocated decisionmaking responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Section 3.5 for the allocation of decision-making responsibilities for non-regulatory activities.
- 3. **Delegation of decision-making responsibilities –** the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Section 3.5 for the list of delegated responsibilities to local boards.

1.2 Developing local priorities

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year budget (long-term plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is developed between the Governing Body and each local board. It agrees the delivery and funding of local activities and intended levels of service for that area, for the year. The agreement takes into account local board plan priorities but must also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for activities in which they have decision-making responsibilities. They contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2021/2022 have been agreed between each local board and the Governing Body and are set out in Section 2.

Diagram 1: The relationship between Auckland Council plans and agreements.

Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

- Local Community Services
- Local Planning and Development
- Local Environmental Management
- Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2021/2022 financial year.

1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

- 1. Asset based services the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset based services, such as building a new swimming pool or library.
- 2. Locally driven initiatives an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
- 3. **Governance services** an allocation is based on the number of elected members and associated administrative costs for each local board.

The total planned expenditure for local activities across all 21 local boards over the 2021-2031 financial years are shown in following table below. The budgets for each local board are listed within the individual local board agreements in this volume.

He kōrero mai i te Heamana

Message from the Chair

I am pleased to present our 2021/2022 Local Board Agreement. We're making good progress on the delivering the 2020 Local Board Plan and our work programmes for this year will see more progress.

Waiheke's rich cultural history is paramount. We will partner with Ngāti Pāoa initially and then work with other mana whenua to recognise their aspirations.

We will prioritise community, business and food resiliency initiatives. Climate change and water quality are community concerns and we will start delivery of our new Low Carbon Plan. We will continue water quality improvement initiatives and to support Electric Island's goal to be fossil-fuel free by 2030.

We will focus on initiatives that help build our agreed identity as a sanctuary in the Hauraki Gulf.

We will work with Auckland Unlimited to finalise and implement a new Waiheke Destination Management Plan that aims to support and sustain our community, environment and economy, and we'll support initiatives that recognise Waiheke as an arts and recreation destination.

Ecological restoration and pest management programmes continue to be priorities. We will progress reforestation programmes, implement the Dark Skies Management Plan and collaborate to regenerate the Hauraki Gulf.

Healthy and affordable housing provision are critical challenges. We intend to implement key actions identified in the local board's Housing Strategy in alignment with the draft Waiheke Area Plan.

We will continue to advocate to council's Governing Body and Government for competitive equitable ferry services.

Progressing the Mātiatia Strategic Plan in partnership with Ngāti Pāoa remains a top priority. \$26 million is included within the draft 2021-2031 Regional Land Transport Plan (RLTP). Staged delivery of the Tawaipareira Reserve concept plan will also be progressed.

Thank you for your ongoing support.

Local Board Plan outcomes

The Waiheke Local Board Plan 2020 sets out the aspirations the local board has for the area. The outcomes in the Waiheke Local Board Plan are:

Whakaotinga tahi: Whanaketanga toitū me ngā wāhi pai ki te noho

Outcome 1: Sustainable development and liveable places

The character of Waiheke is protected and enhanced in line with the principles of Essentially Waiheke.

Whakaotinga rua: He ōhanga toitū

Outcome 2: A sustainable economy

Our Waiheke community has a strong, independent, entrepreneurial spirit and our natural assets provide many economic and lifestyle opportunities.

Whakaotinga toru: E tiakina, e whakaoratia, e whakareitia ake te taiao o Waiheke

Outcome 3: Waiheke's environment is protected, restored and enhanced

We want to protect, maintain and enhance our unique islands; land, coastline, bush, wetland and marine environments for future generations.

Whakaotinga whā: He hapori taurikura, kaha, tūhonohono hoki

Outcome 4: Thriving, strong and engaged communities

Waiheke residents have a strong sense of identity and wellbeing which is enhanced through active community participation.

Whakaotinga rima: Ngā Putanga Māori

Outcome 5: Māori outcomes

We will work with and support mana whenua and mātāwaka to increase the wellbeing of all residents, with respect to Te Ao Māori.

Whakaotinga ono: Ngā wāhi ngangahau mō te tangata

Outcome 6: Vibrant places for people

Our parks, reserves and beaches are enjoyed and respected by residents and visitors. Our community, arts and cultural facilities are well used and accessible.

Whakaotinga whitu: Te Ikiiki me ngā Hanganga

Outcome 7: Resilient transport and infrastructure

We have safe, fit for purpose and environmentally friendly transport infrastructure – with integrated transport options that encourage shared use of the road corridor. We have environmentally appropriate, resilient stormwater infrastructure.

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2021/2022 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

To meet this commitment, the Waiheke Local Board Plan provides the framework for Māori transformational shift outcomes, and the local board actively gives consideration to Māori in their local projects and initiatives. Examples of this include:

- developing a partnership with Ngāti Paoa to support their aspirations, including involvement in the development of Mātiatia and Tawaipareira Reserve
- identifying opportunities to work together to build strong relationships and share information with Māori
- increasing opportunities for rangatahi skill development and leadership.

Waiheke Local Board Agreement 2021/2022

Priorities by activity area

Auckland Council's 2021/2022 funding priorities for local activities which contribute to key community outcomes in the Waiheke Local Board area are set out below under each local activity.

Local Community Services

Local community services is a broad activity area, which includes:

- supporting local arts, culture, events and sport and recreation
- providing grants and partnering with local organisations to deliver community services
- maintaining facilities, including local parks, libraries and halls.

Our annual budget to deliver these activities includes operating costs of \$6.8 million and capital investment of \$2.4 million.

The key initiatives we have planned for 2021/2022 include:

- staged delivery of the Tawaipareira Reserve Concept Plan
- developing and implementing an Island Ngahere (Forest) Strategy to enhance biodiversity, increase canopy cover and improve Waiheke Island's carbon footprint
- supporting community-led programmes in areas such as housing, business, sustainability and youth
- supporting the development of a community swimming pool
- supporting arts and culture groups.

The local community services and key initiatives outlined above contribute towards achieving the following outcomes in the Waiheke Local Board Plan:

- Outcome 2: A sustainable economy
- Outcome 4: Thriving, strong and engaged communities
- Outcome 5: Māori outcomes
- Outcome 6: Vibrant places for people.

Levels of Service

We measure our performance against the following measures for each local priority. The level of service statement is in blue below.

¹ Some level of service statements have been combined to reflect the council's move toward new and integrated ways of delivering services. All levels of service and performance measures from previous years are included. There is no intended change to the level of service provided to the community.

² Baselines and targets for these performance measures will be developed during the next few years.

Local Planning and Development

This group of activities covers improvements to town centres, the local street environment as well as local environment and heritage protection. These activities also include working with business and community associations to improve local economic development and employment initiatives.

Our annual operating budget to deliver these activities is \$12,500.

The key initiatives we have planned for 2021/2022 include:

- coordinating community-led resilience and recovery plans
- ensuring sites of significance are appropriately identified, marked and managed
- progressing the Mātiatia Strategic Plan.

The local planning and development activity, including the key initiatives outlined above contribute towards achieving the following outcomes in the Waiheke Local Board Plan:

- Outcome 1: Sustainable development and liveable places
- Outcome 5: Māori outcomes
- Outcome 6: Vibrant places for people.

Levels of Service

There are no intended levels of services for this activity.

Local Environmental Management

Local boards work in partnership with local communities and iwi to deliver projects and programmes to improve local environments. Our focus is on indigenous biodiversity, healthy waterways and sustainable living.

These activities include stream restoration, waste minimisation programmes, supporting environmental volunteers and partnering with schools to provide a range of environmental initiatives.

Our annual operating budget to deliver these activities is \$172,400.

The key initiatives we have planned for 2021/2022 include:

- supporting initiatives which protect, restore and enhance the island's natural biodiversity
- supporting low carbon initiatives
- Improving the quality of our waterways.

The local environmental management activity and key initiatives outlined above contribute towards achieving the following outcomes in the Waiheke Local Board Plan:

- Outcome 1: Sustainable development and liveable places
- Outcome 3: Waiheke's environment is protected, restored and enhanced
- Outcome 6: Vibrant places for people.

¹ The level of service statement has been amended to include the growing focus on addressing climate change. There is no intended change to the level of service provided to the community.

² New local environmental services performance measures have been introduced to track the delivery performance of local projects that contribute towards specific environmental outcomes in the local board plans.

Local Governance

Activities in this group support our 21 local boards to engage with and represent their communities, and make decisions on local activities. This support includes providing strategic advice, leadership of the preparation of local board plans, support in developing local board agreements, community engagement including relationships with mana whenua and Māori communities, and democracy and administrative support.

The measures for this group of activities are covered under the Regional Governance group of activities in the Long-term Plan 2021-2031 which determine participation with Auckland Council decision-making in general. This includes local decision-making. There are no changes to the measures or targets for 2021/2022.

Our annual operating budget to deliver these activities is \$708,000.

Funding Impact Statement

This prospective funding impact statement has been prepared to meet the requirements of Section 21(5) of the Local Government (Auckland Council) Act 2009. It covers the year from 1 July 2021 to 30 June 2022 and outlines the council's sources of funding for local activities in this local board area and our plan to apply them.

Appendix A: Advocacy initiatives

A key role of the local board is to advocate for initiatives that the local board may not have decision-making responsibilities or funding for in this 10-year Budget, but recognise the value it will add to the local community.

Key advocacy areas for this local board include:

Initiative	Description	Advocating to
Mātiatia Strategic Plan	The board is progressing a strategic plan for council-owned land at Mātiatia and requests that any future development is guided by this plan and appropriate funding is allocated within the Long-term Plan 2021-2031 (LTP) and Regional Land Transport Plan 2021-2031 (RLTP) for both transport and non- transport infrastructure related priorities.	Governing Body Auckland Transport Waka Kotahi
Carbon Reduction	The effect of climate change on our environment is becoming more obvious and the board encourage and support carbon reduction initiatives in line with our Low Carbon Plan. Electric Island Waiheke aims for an electric vehicle-only island by 2030. In support, the board is advocating for the electrification of Waiheke's public transport and the establishment of clean fuel ferry services, alongside provision of appropriate footpaths, cycleways and charging stations. Council communication and public advocacy should strongly support the move to private electric vehicles. There should also be continued investigation and investment into non-fossil fuel alternate energy sourced ferry and bus fleets. There also needs to be increased tree protection rules to prevent further loss of our existing tree cover.	Governing Body Auckland Transport Central Government
Netland and waterway protection	There should be a greater focus on protection of wetlands and waterways. Sedimentation management is essential, as is testing and monitoring our marine environment and waterways. More resource is required to ensure environmental protection and enforcement.	Governing Body Auckland Transport
Quality roading and infrastructure that supports Waiheke's character and water management needs	In line with the Waiheke 10-year Transport Plan and the Memorandum of Understanding with Auckland Transport, the board requests appropriate funding to deliver quality roading, footpaths and a cycling network to a standard consistent with the rest of Auckland (taking into account Waiheke's character). This includes effective water management using water sensitive design techniques to cope with road run-off. The board also seeks a review of the criteria for transport infrastructure investment to ensure it takes account of populations, which substantially fluctuate due to visitors.	Auckland Transport Governing Body
Catchment management planning	Funding for the development and implementation of Catchment and/or Stormwater managements plans and progressive upgrade of stormwater infrastructure is essential. This includes flooding and stormwater management, ensuring there is adequate water supply within the aquifer, monitoring of the drainage network and appropriate maintenance and infrastructure development using low impact design.	Governing Body
Visitor Impact	Waiheke Island should be considered an environmental and arts destination. The board seeks funding for increased services, infrastructure, monitoring, maintenance and improvement projects which address the impact of tourism while also providing local benefit. This could include implementing a visitor levy or advocating to the Governing Body for visitor growth funding.	Governing Body Auckland Unlimited Auckland Transport

SECTION TWO: LOCAL BOARD INFORMATION AND AGREEMENTS 2.18 WAIHEKE LOCAL BOARD

Initiative	Description	Advocating to
Accommodation Providers Targeted Rate (APTR)	The Waiheke Local Board request that the Accommodation Providers Targeted Rate (APTR) be revoked or at the least Waiheke is moved from Zone B to Zone C. Feedback notes the rate is unfair as is not universally applied to similar areas in Auckland. The Waiheke Local Board Plan commits council to incentivize long term stays over day trippers, however the APTR disincentivizes accommodation provision.	Governing Body
Community Swimming Pool	A feasibility study into developing a community swimming pool on three sites has been completed and the board has granted funding to the Waiheke Pool Society for a business case to consider development for the Te Huruhi School Pool.	Governing Body
Marine protected areas	The board supports the creation of marine protected areas including a network of marine reserves in its local board area.	Governing Body Central Government
Devolution of decision-making to Local Boards	With the extension of the Governance pilot, the board seeks active support from the Governing Body and council controlled organisations for the agreed Waiheke Pilot to provide an increased level of decision-making and greater flexibility on matters such as transport and place-shaping projects. The pilot will also provide an opportunity for local policy and planning issues to be advanced and for increased local operations leadership. The Auckland Transport Memorandum of Understanding formalises the working relationship with the local board. A similar agreement with Eke Panuku Development Auckland and Auckland Unlimited would be welcomed.	Governing Body Council controlled organisations
Pest Plant management in road corridors	Road corridors are major pathways for weeds and failure to manage this issue creates a disincentive for adjoining landowners to manage pest plants on their properties. Auckland Council needs to set an example of good management practice using a 'minimum herbicide' approach and working with volunteers and adjoining landowners.	Governing Body
Senior and community housing	The number of Waiheke residents aged 65-plus has increased by 53.7 per cent since 2006 and there is a lack of residential care and respite facilities to meet the needs of this ageing population. There is also a lack of community housing options. The board are investigating utilising non-service council property at Belgium Street and Waitai Road (managed by Eke Panuku Development Auckland) for this purpose.	Governing Body Eke Panuku Development Auckland
Artworks complex upgrade	The board requests that the Governing Body address the inequity of legacy funding for art galleries, and develop a policy framework for determining the funding of asset-based services, which include community art galleries as a priority. The Artworks complex provides a valuable arts and culture facility for the community and for visitors to the island. The Artworks Needs Assessment Report identified a number of areas requiring attention including building condition issues. Governing Body support is required to progress future upgrades of the complex.	Governing Body
Sustainable safe transport options including development of cycleways	Safe active transport options such as pedestrian, cycling and bridle path networks are a priority as many Waiheke roads are steep, narrow and not well suited to walking and cycling. Investment will provide low impact tourism options, support an active lifestyle and provide safe options for our community and school children.	Auckland Transport Governing Body

Consult, review and advocate to Auckland Transport for implementation of changes to ensure The Esplanade is a useable space which meets community aspirations.	Auckland Transport's 10-year Plan for Waiheke includes this advocacy area. It is also included within the Waiheke Paths (Greenways) Plan. Auckland Transport are currently investigating closure to vehicles other than emergency.	Auckland Transport
Implement an integrated ticketing system for Waiheke ferries with train and bus services, to ensure equity with other Aucklanders, and align all ferry user benefits, for example free weekend travel for children.	Currently being negotiated with the Governing Body and Transport Minister.	Auckland Transport Governing Body Central government
Ferries from Mātiatia and Kennedy Point wharves should be incorporated into the Public Transport Operation Model (PTOM) system to ensure resilience and affordability.	Currently being actively pursued with the Governing Body and Transport Minister.	Auckland Transport Governing Body Central government
Ensure the board are provided with all roading projects and footpath design plans and projects, containing sufficient detail and with enough time to provide for meaningful consultation to prioritise the safety of our active transport users and the protection of our waterways.	The board has established a Transport Forum which includes board, community, transport interests and AT staff. The Forum will receive and consider AT projects and provide advice to the board. The 10-year Transport Plan will provide context. These mechanisms are expected to be the main way in which AT work programmes, budgets and projects are mutually agreed in the context of the MoU agreed between AT and the board.	Auckland Transport
Advocate for marine sewerage pump out facilities on the northern side.	This is being considered as part of the toilet project under the pilot programme.	Auckland Transport Governing Body
