Panel Decision – if granted in part, please specify below.

Granted ✓	Declined	Date: 30 March 2023	Signature: 
-----------	----------	------------------------	--

Reason:

The requested topic has not been heard. The requests were received more than 10 working days prior to the council's exchange of evidence.

Request 1 is Granted submission point 1356.1 is allocated to topic 014J Height - RTN Intesification as it is 'on' the topic [notwithstanding the typographical error in the initial request by referring to topic 014 as walkable catchments].

The submission specifically seeks to apply a Height Variation Control of 45m to 16 Titoki Street, Newmarket. The site is within the Newmarket Station RTN Walkable Catchment, and the Newmarket Metropolitan Centre Walkable Catchment.

The submission is 'on' topic 014J as this topic's subject matter relates to changes to height in a specific location (including the use of HVCs) , in this case, within a RTN walkable catchment - aligning with the relief sought.
