Granted	Declined	Date: 26 May 2023	Signature: 
---------	----------	----------------------	--

Reason:

The requested topics have not been heard. The requests were received more than 10 working days prior to the council's exchange of evidence.

Request 1 and 2 are Granted submission point 2049.19 is additionally allocated to Topic 012C Qualifying Matters (Infrastructure) – Combined wastewater network and Topic 012E Qualifying Matters (Infrastructure) - water and wastewater constraints as it is 'on' the topics.

The submission point seeks to retain the existing qualifying matter overlays as notified. The relief relates to all qualifying matters and thus include support for retaining the combined wastewater network and water and wastewater constraints qualifying matters. The requester also identifies text in the submission (page 4; not coded by the Council) which specifically supports the proposed approach to three waters infrastructure constraints. Taken together, the submission point addresses PC78's proposed management approach for three waters infrastructure constraints. Topic 012C and 012E address these matters, therefore the submission point is 'on' the topics.
