Panel Decision – if granted in part, please specify below.			
Granted ✓	Declined	Date: 22 March 2023	Signature: 

Reason:

The requested topic has not been heard. The requests were received more than 10 working days prior to the council's exchange of evidence.

The request is granted as the submission point is 'on' Topic 014D Height - City Centre WC intensification response.

Topic 014 broadly addresses proposals to change height (including use of the HVC), topic 014D specifically address changes within the City Centre Walkable Catchment. The submission seeks a Height Variation Control of 27m over the north-eastern side of Maidstone St which is within the City Centre Walkable Catchment. This site-specific height request addresses the subject matter of topic 014D and is therefore appropriately 'on' the topic.
