# General Codes and Conditions for all sites

## Legislation compliance

- By entering this Agreement, the Hirer warrants and confirms to comply with all legislation, statutory rules, regulations and bylaws in force and as updated from time to time. Decisions on how to comply with legislative requirements are for the Hirer, however, where applicable the Hirer must comply with any policies or requirements of Council in relation to legislative requirements. The Hirer understands and accepts that Auckland Council may immediately terminate this Agreement if the Hirer breaches any legislative requirements.

## Permit use

- This permit can only be used for the purpose designated on the permit. It is not able to be used for other activities, or to gain access to sites for other purposes.
- The permit is not transferable to another party or person.

## Group organisers

- Are responsible to ensure all members in their group are informed and aware of all the conditions codes and rules on this permit.
- Vehicle entry/exit to park:
  - Main park entrance gate opening and closing times vary (seasonally and across the parks).
  - Please ensure your group is aware of the gate opening and closing times.
  - They are sign posted at the main entrance to the park.
  - Times are printed on the front of this permit.
  - Vehicle entry is prohibited after closing time.

## Kauri Dieback

- Ensure all footwear has been cleaned of all visible soil both prior to entry and exiting the park or natural areas.
- Ensure you or your group do not introduce any plant material (including foliage and seeds)
- Ensure vehicles that have travelled in the Waitākere ranges and other known Kauri PTA infected areas are free of dirt including on tyres and undercarriages. Vehicles should be cleaned prior to entry on to park land
- Footwear must be cleaned at every hygiene station that you cross.
- Further information regarding the disease and measures to be taken is available online at [www.kauri-dieback.co.nz](http://www.kauri-dieback.co.nz). Should you require further assistance on how to obtain materials for these purposes please call 09 301 0101.

## Animals

- All animals are prohibited at all Auckland Council Regional Parks bookable sites and accommodation. The only exception is registered aid dogs. Please advise staff at time of booking if you have a registered aid dog for an exemption
- Respect the rights of other park users.

**Noise:**

- Please ensure your activities, e.g. music and ball games etc. are not unduly heard off site and do not disturb other park users or local community residents. Generators and machinery are prohibited unless prior approval is granted.

**Alcohol**

- Conspicuous and excessive consumption of alcohol is prohibited. Otherwise you and your group may be asked to leave the park and or have the permit terminated.
- Your group or function must have appropriate consent from the Auckland Council to comply with the alcohol act.

**Smoke free Regional Parks**

- Our Regional Parks are now smoke free. Please observe this while staying on/using our Regional Parks.

**Vehicle parking**

- Please park vehicles in authorised areas or as instructed by the Park Staff.

**Boats**

- Boats are restricted to hand carried craft, kayaks, canoes and dinghies under 4 metres in length. There are boat launching facilities at some parks, check the Auckland Council web site <https://www.aucklandcouncil.govt.nz/parks-recreation/get-outdoors/coastal-marine/find-boat-ramp/Pages/default.aspx>

**Pest control stations**

- May be located around some sites. For your safety and effectiveness of the pest control station please keep children away and do not touch.

**Safety**

- Please instruct your group to care for their own safety. If you are entering a remote area please ensure you are adequately equipped, experienced and aware of potential hazards.

**Swim Safe**

- Enjoying the beach and rivers should be both safe and fun, especially if you follow a few basic safety tips. On patrolled beaches, swim between the flags.
  - Never swim alone.
  - Always swim under supervision.
  - If in doubt stay out. Know your limits.
  - Read and obey the safety signs.
  - Learn to recognise rip currents.
  - Always use safe equipment.
  - Never swim or surf when tired or cold.
  - Consider other users.
  - Think about safety first!
  - Always supervise children near water.
- Check the [safeswim.org.nz](https://safeswim.org.nz) website for up-to-date and forecasted water quality and beach safety information ahead of your visit or event. If the water quality droplet indicates red, the hirer must inform participants that there is moderate to high risk of infection from contact with the water and the water quality is considered unsuitable or unsafe for swimming.
- Drinking and driving / host responsibility: The individual or group utilising a camp site will be requested to practice Host Responsibility by providing food and non- alcoholic drinks, and designated drivers and /or alternative transport options.

- Please instruct your group to care for their own safety. If you are entering a remote area please ensure you are adequately equipped, experienced and aware of potential hazards.
- No access to Watercare Dams or within 20metres of the high-water mark is permitted.

### **Outdoor Safety Code**

- Remember to be safe in the bush and follow these simple rules
  - Plan your trip – Know your route and/or destination
  - Tell someone - Always tell someone where you are going
  - Be aware of the weather - Don't start your walk too late in the day as it gets dark earlier in the forest because of the dense canopy
  - Know your limits – Know your ability and skills.
  - Take sufficient supplies - Carry a track map, warm clothing, food and drink, carry antihistamine as wasps can be a problem in summer/autumn
  - Information on which tracks are open in the Waitakere and Hunua Ranges visit <https://www.aucklandcouncil.govt.nz/environment/plants-animals/pests-weeds/protect-our-kauri-trees/Pages/default.aspx>

### **Liability**

- The permit holder shall reimburse the Auckland Council the full costs, including any associated Auckland Council staff time, to remedy, restore or replace any part of the facility and or chattels, resulting from any omission, negligence or act of wilful damage by the permit holder.

### **Booking amendments**

- Customers can make unlimited amendments or reschedules for the following products free of charge up to midnight 2 days prior to arrival time for campgrounds, CSC parking areas , regional park glamping, baches, lodges, tiny homes and bookable picnic sites
- If rescheduling or amending bookings within the 2 days time a 20% amendment fee will apply to the full value of the booking.
- Rescheduling and amendments to dates and numbers are subject to availability.
- Once the original booking date has passed the booking cannot be rescheduled

### **Cancellations**

- Customers can cancel up to midnight 2 days prior to the date of arrival and receive a 100% refund for campgrounds, CSC parking areas , regional park glamping, baches, lodges, tiny homes and bookable picnic sites

## Tāwharanui Open Sanctuary Information

### Tāwharanui Regional Park is an Open Sanctuary.

- All persons involved in your activity must be advised, understand and comply with this information when visiting or using Tāwharanui Regional Park
- The Auckland Regional Council in partnership with the Tāwharanui Open Sanctuary Society Incorporated (TOSSI) and the community are working together to keep Tāwharanui Regional Park an animal and plant pest free environment for the returned Brown Kiwi and for future return of other native animals and plants.
- The park has a predator fence within the park boundary to keep pests out. It is New Zealand's first integrated open sanctuary (or Mainland Island) where public recreation, farming, and conservation of native species are combined.
- Creating an animal and plant pest free environment as a safe haven for native plants and animals.
- Please ensure you observe the following:
- Must check all vehicles and equipment before entering Tāwharanui Regional Park to ensure it is free of pests, vermin and hazardous material.
- Checking all equipment, props, any camping and picnic gear, surfboard bags etc. for signs of mice, rats or any other pest species prior to entering Tāwharanui Open Sanctuary.
- Checking all vehicles hired or company owned (includes all cars, vans, campervans and trucks, trailers, crane equipment etc.) for signs of mice, rats or any other pest species prior to entering Tāwharanui Open Sanctuary.
- All animals are prohibited at all times. This includes dogs and all pets in any vehicles.
- Alerting the Park Ranger if they see any animal pests,
- Please advise and ensure all persons involved in your event to **keep away from and not touch any traps or bait stations** in the park by keeping to the designated tracks through the sand dunes, plantings and bush areas.
- All rubbish, food, baits etc. attracts animal predator pests.
- Please advise and ensure all persons involved in your event do not leave any of their rubbish lying around, remove their rubbish from the park, and please help by **picking up and removing any rubbish, food, baits they see**. Doing this will keep the park clean of rubbish and clear of predators.

- For the Predator Proof fence to keep pests out, please ensure that any predator fence **gates you use are always closed behind you.**
- **Do not climb the predator fence** as this could damage it. You need to use the pedestrian predator fence gates to get through the predator fence.
- Joining Tāwharanui Open Sanctuary Society Incorporated (TOSSI) to support the
- Tāwharanui Open Sanctuary and coming along to their workdays on the first Sunday of every month.

- To help: Take what recycle items and other rubbish you can home with you.

### **Potable water**

- Potable water supply. Water is precious so please conserve.

### **Vehicle access rules and conditions**

- Due to steepness, hair pen corners on sections of the single lane gravel access road to the campground:
  - Vehicles may have difficulty on the steeper sections and hair pen corners of the road.
  - Particular care must be taken when road and ground conditions are wet.
  - It is not recommended that campers take trailers, caravans, 5th wheelers and horse floats to the campground unless they have a suitable vehicle. Two-wheel drive and especially front wheel drive vehicles are definitely not recommended for towing on the access road.
  - Campers taking trailers, caravans, 5th wheelers and horse floats to the campground without the appropriate vehicles do so against AC staff recommendations and do so at their own risk.
  - Camper's responsibility to arrange and pay to be towed out if required.
  - By not following the above advice campers may lose control of their vehicle and hit other camper's vehicles, get stuck and/or damage the road and increase the maintenance costs of the road.

### **The campground access roads have multiple users:**

- The campground access road is part the public walking, mountain bike and horse riding track system and forms part of the access roads for park options.
- For the safety of children, others park users and other camper's vehicles, please drive with care. Remember the roads/tracks have multiple users.

### **Speed limits and licence**

- Only persons with the appropriate Full or restricted driving licence are permitted to drive vehicles in the area.
- Maximum vehicle speed 20kms farm animals: Parts of the access road are grazed by sheep and form part of the Ātiu Creek farming operation.
- When entering an area with sheep grazing, move the sheep away from the gate, open the gate just enough to get the vehicle through and close the gate straight away. This is best done with 2 people. Remember the sheep know that an open gate means new grass on the other side, time to move now.
- Do not mob sheep into a corner, please be patient and allow them back past you.
- All ways shut the gate after you.

- Strictly no vehicles allowed on the road past the campground or on any other road/track other than the designated campground access roads. Park Rangers have the authority, if access rules and conditions are not followed to:
  - Limit all vehicle access to the campground.
  - Have vehicles removed from the campground and any undesignated roads/tracks, paddocks and/or picnic areas.
  - Prohibit any individual/s in the group vehicle access.
  - Terminate the permit at any time.

## Tāwharanui Open Sanctuary Information

- Tāwharanui is an Open Sanctuary
- All visitors must be advised, understand and comply with this information when visiting or using Tāwharanui Regional Park
- The Auckland Regional Parks is in partnership with the Tāwharanui Open Sanctuary Society Incorporated (TOSSI) and the community are working together to keep Tāwharanui Regional Park an animal and plant pest free environment for the returned Brown Kiwi and for future return of other native animals and plants.
- The park has a predator fence within the park boundary to keep pests out. It is New Zealand's first integrated open sanctuary (or Mainland Island) where public recreation, farming, and conservation of native species are combined.
- Creating an animal and plant pest free environment as a safe haven for native plants and animals.
- Please ensure you observe the following:
- Must check all vehicles and equipment before entering Tāwharanui Regional Park to ensure it is free of pests, vermin and hazardous material.
- Checking all equipment, props, any camping and picnic gear, surfboard bags etc. for signs of mice, rats or any other pest species prior to entering Tāwharanui Open Sanctuary.
- Checking all vehicles hired or company owned (includes all cars, vans, campervans and trucks, trailers, crane equipment etc.) for signs of mice, rats or any other pest species prior to entering Tāwharanui Open Sanctuary.
- All animals are prohibited at all times. This includes dogs and all pets in any vehicles.
- Alerting the Park Ranger if they see any animal pests,
- Please advise and ensure all persons involved in your group to **keep away from and not touch any traps or bait stations** in the park by keeping to the designated tracks through the sand dunes, plantings and bush areas.
- All rubbish, food, baits etc. attracts animal predator pests.
- Please advise and ensure all persons involved in your activity do not leave any of their rubbish lying around, remove their rubbish from the park, and please help by picking up and removing any rubbish, food, baits they see. Doing this will keep the park clean of rubbish and clear of predators.

- For the Predator Proof fence to keep pests out, please ensure that any predator fence gates you use are always closed behind you.
- Do not climb the predator fence as this could damage it. You need to use the pedestrian predator fence gates to get through the predator fence.
- Joining Tāwharanui Open Sanctuary Society Incorporated (TOSSI) to support the Tāwharanui Open Sanctuary and coming along to their workdays on the first Sunday of every month.

- All visitors must be advised, understand and comply with this information when visiting or using Shakespear Regional Park
- The Auckland Council in partnership with the Shakespear Open Sanctuary Society Incorporated (SOSSI) and the community are working together to keep Shakespear Regional Park an animal and plant pest free environment for resident native species and for the future return of other native animals and plants.
- The park has a pest proof fence within the park boundary to keep pests out. It is an integrated open sanctuary (or mainland island) where public recreation, farming, and conservation of native species are combined.
- Creating an animal and plant pest free environment as a safe haven for native plants and animals.
- Please ensure you observe the following:
  - Must check all vehicles and equipment before entering Shakespear Regional Park to ensure it is free of pests, vermin and hazardous material.
  - Checking all equipment, props, any camping and picnic gear, surfboard bags etc for signs of mice, rats or any other pest species prior to entering Shakespear Open Sanctuary.

- Checking all vehicles hired or company owned (includes all cars, vans, campervans and trucks, trailers, crane equipment etc.) for signs of mice, rats or any other pest species prior to entering Shakespear Open Sanctuary.
- All animals are prohibited at all times from the Open Sanctuary and dog prohibited areas. This includes dogs and all pets in any vehicles.
- No plants, soil, hay/straw are allowed to be brought into the open sanctuary.
- Alerting the Park Ranger if they see any animal pests,
- Please ensure all persons involved in your activity to **keep away from and not touch any traps or bait stations** in the park by keeping to the designated tracks through the sand dunes, plantings and bush areas.
- All rubbish, food, baits etc attracts animal predator pests.
- Please advise and ensure all persons involved in your activity do not leave any of their rubbish lying around, remove their rubbish from the park, and please help
- by picking up and removing any rubbish, food, baits they see. Doing this will keep the park clean of rubbish and clear of predators.
- For the Pest Proof fence to keep pests out, please ensure that any pest proof fence
- gates you use are always closed behind you.
- **Do not climb the pest proof fence** as this could damage it. You need to use the pedestrian pest proof fence gates to get through the fence.
- Joining Shakespear Open Sanctuary Society Incorporated (SOSSI) to support the Shakespear Open Sanctuary and coming along to their workdays.
- More details on Shakespear Open Sanctuary Society Incorporated (SOSS) can be found at: <http://www.sossi.org.nz/> or <http://regionalparks.aucklandcouncil.govt.nz/shakespear>

## **Shakespear Open Sanctuary Information**

- Shakespear Regional Park is an Open Sanctuary.
- All visitors must be advised, understand and comply with this information when visiting or using Shakespear Regional Park
- The Auckland Council in partnership with the Shakespear Open Sanctuary Society Incorporated (SOSSI) and the community are working together to keep Shakespear Regional Park an animal and plant pest free environment for resident native species and for the future return of other native animals and plants.
- The park has a pest proof fence within the park boundary to keep pests out. It is an integrated open sanctuary (or mainland island) where public recreation, farming, and conservation of native species are combined.
- Creating an animal and plant pest free environment as a safe haven for native plants and animals.
- Please ensure you observe the following:
  - Must check all vehicles and equipment before entering Shakespear Regional Park to ensure it is free of pests, vermin and hazardous material.
  - Checking all equipment, props, any camping and picnic gear, surfboard bags etc for signs of mice, rats or any other pest species prior to entering Shakespear Open Sanctuary.
  - Checking all vehicles hired or company owned (includes all cars, vans, campervans and trucks, trailers, crane equipment etc.) for signs of mice, rats or any other pest species prior to entering Shakespear Open Sanctuary.
- All animals are prohibited at all times from the Open Sanctuary and dog prohibited areas. This includes dogs and all pets in any vehicles.
- No plants, soil, hay/straw are allowed to be brought into the open sanctuary.
- Alerting the Park Ranger if they see any animal pests,

- Please ensure all persons involved in your activity to **keep away from and not touch any traps or bait stations** in the park by keeping to the designated tracks through the sand dunes, plantings and bush areas.
- All rubbish, food, baits etc attracts animal predator pests.
- Please advise and ensure all persons involved in your group do not leave any of their rubbish lying around, remove their rubbish from the park, and please help by picking up and removing any rubbish, food, baits they see. Doing this will keep the park clean of rubbish and clear of predators.
- For the Pest Proof fence to keep pests out, please ensure that any pest proof fence **gates you use are always closed behind you.**
- **Do not climb the pest proof fence** as this could damage it. You need to use the pedestrian pest proof fence gates to get through the fence.
