5137-2	Ports of Auckland Limited	RPS	Issues	B1 Introduction - Issues of Regional significance	Add new introductory paragraph as follows 'The Regional Policy Statement is therefore required to consider the positive and adverse effects of the use and development of Auckland's natural and physical resources, and to positively enable social, economic and cultural well-being, while appropriately protecting the environment. This requires the positive effects of the use and development of natural and physical resources, which are particularly important to enabling the region's social and economic well-being, to be considered alongside the need to appropriately avoid, remedy or mitigate the adverse effects of such use and development. The Regional Policy Statement is intended to provide the overarching framework for balancing and weighing these elements so that the sustainable management of Auckland's natural and physical resources will be achieved.'	3342	Ngāti Whātua Ōrākei Whai Rawa Limited	Oppose in Part
